Historical Dictionary of the Coptic Church Mar 25 2020 "The Coptic Church is based on the teaching of Saint Mark, who brought Christianity to Egypt during the first century. Copts, members of the Coptic Church, comprise the largest Christian community in the Middle East. The Coptic Church is more than nineteen centuries old and has produced thousands of texts and biblical and theological studies. Today, there are more than one million members of the Coptic Church, but the majority lives abroad in North America and Australia. Most left Egypt primarily because of economic and political discrimination." "Historical Dictionary of the Coptic Church, through its chronology; introductory essay; bibliography; and more than 400 cross-referenced dictionary entries on important people, organizations, structures, theological practices of the church, literature and liturgy, and monasteries and churches, details the history of this fascinating institution and its followers."--BOOK JACKET.

The Nature and Mission of the Church Jan 22 2020 What is the church, and what is it for? For all the remarkable advances in understanding and cooperation among the churches, such questions remain at the heart of the ecumenical movement today. And they are central to the work of Faith and Order, as perhaps the most inclusive and diverse church-based theological forum in the world. Building on the churches' and other reactions to earlier ecumenical work -- this Faith and Order study document is a substantial, new text offered for discussion and response. Reflecting what the churches can say together about the nature of the church; identifying

honestly the issues which still divide the churches; offering a framework for the churches in their common confession, life and witness -- this book will be an important resource for all who care about the nature and mission of the church today.

The Life in Christ Apr 18 2022 "The Life in Christ by Nicholas Cabasilas is a remarkable product of Byzantium's last great flowering of theology. At a time when secular humanism was increasingly asserting man's complete autonomy, Cabasilas proclaimed that man's true life lies not in himself, but in Christ. For him, man's redemption in Jesus Christ is not just a matter of history, which can be elucidated simply by scholarly endeavor. It is a saving event in which man is called to participate here and now, in body and spirit as well as intellect, through the sacramental life of the Church." "The present translation makes this devotional classic available for the first time in English, while the extensive introduction by Boris Bobrinsky assesses its place within the history of eastern spirituality."--BOOK JACKET.Title Summary field provided by Blackwell North America, Inc. On the Historical Development of the Liturgy Jan 04 2021 In 1921, Anton Baumstark delivered two lectures on the development of the Roman Rite to a gathering at the Abbey of Maria Laach. Abbot Ildefons Herwegen offered to publish those lectures, but Baumstark decided to write a book on the topic instead, which was published two years later as *On the Historical Development of the Liturgy*. It would be another sixteen years before he produced *Comparative Liturgy*, for which he is better known. Together the two books lay out Baumstark's liturgical methodology. *Comparative Liturgy* presents his method; *On the Historical Development of the Liturgy* offers his model. For nearly a century *On the Historical Development of the Liturgy* has been valued by specialists in the field of liturgical studies, both for its description of comparative liturgy and for the portrayal of patterns Baumstark discerns in liturgical development. Also significant are the hypotheses Baumstark proposes and the evidence he brings to bear on problems in liturgical history. In this annotated edition, Fritz West provides the first English translation of this work by Anton Baumstark. Trained in classical and oriental philology, Anton Baumstark (1872--1948) was prodigious as a scholar studying the literature, art, and liturgy of the whole church--Oriental, Eastern, and Western. Comparative liturgy, his method for studying the historical development of the liturgy as an organism, has had a lasting influence, notably on the liturgical study of the Christian East.

Christians and Christianity in the Holy Land Jul 30 2020 This volume fills a major desideratum in historical scholarship on the religious history of the Holy Land. It presents a synthesis of our knowledge of the history of Christianity and the various churches that coexisted there from the beginnings of Christianity to the fall of the Crusader Kingdoms. It also offers analytical studies of major topics and problems. While the first part is organized chronologically, the second follows a thematic plan, dealing with the major themes pertaining to the topic, from various points of view and covering several disciplinary fields: History, Theology, Archaeology, and Art History. The volume represents the outcome of an international project initiated by Yad Izhak Ben-Zvi of Jerusalem, and the contributors are leading experts in their fields.

Cultural Minds Feb 02 2021 This special issue proposes an alternative to traditional individualistic approaches to the development of mind, that might generally be called sociocultural approaches and focus on the institutional, cultural, and historical specificity of mental functioning rather than on universals. All socioculturalists agree that (a) interaction with other people and artifacts plays an important role in learning and in the development of mind, and (b) what occurs in the micro-environment in which individual learning is observed is affected by larger contexts, both at community and global levels. This publication offers some theoretical and empirical discussion about the constitution of culture in mind. Developmentalists belonging to the mainstream will profit from this special issue as well as those who have found sociocultural approaches interesting but who are yet to embody their inspiration into research enterprise.

The A to Z of the Coptic Church Dec 23 2019 During the first century, Saint Mark brought Christianity to Egypt and in so doing, formed the basis for the Coptic Orthodox Church. Today, Copts, members of the Coptic Church, comprise the largest Christian Community in the Middle East. The Coptic Church is more than 19 centuries old and has produced thousands of texts and biblical and theological studies. During the last half of the 20th century, however, economic and political discrimination has forced between 400,000 and one million Copts to emigrate from Egypt, with the majority settling in North America and Australia. The A to Z of the Coptic Church details the history of one of the oldest Christian churches. This is done through a chronology, an introductory essay, a bibliography, and more than 400 cross-referenced dictionary entries on important people, organizations, and structures; the theology and practices of the church; its literature and liturgy; and monasteries and churches.
