Sewing for Fashion Designers Sep 29 2022 This comprehensive guide explores the fundamental sewing methods fashion designers need and teaches professional garment construction. Chapter One introduces sewing tools and machinery (including industrial machines). It discusses how to work with patterns and explains cutting-out methods. Chapter Two is devoted to different fabrics and how they work, focusing on the construction of a garment, including fastenings and trimmings, and the use of materials to support structured pieces, such as corsets. Hand-sewing techniques and basic seams are explored in Chapter Three. Techniques are demonstrated with step-by-step photographic guides combined with technical drawings. A guide to making garment details and decorations, such as pockets, waistlines, and necklines, is found in Chapter Four. Chapter Five addresses fabric-specific techniques, for everything from lace to neoprene. The best technical approaches to use for patternmaking and construction are discussed for each fabric. Catwalk images demonstrate how these kinds of techniques are employed by designers.

Sew Eco Mar 31 2020 Sustainable materials projects have come a long way from scratchy hemp skirts and brown patchwork aprons and Sew Eco is a unique how-to

book which guides a whole new generation of savvy crafters in making beautiful wardrobe and home furnishing creations from unusual eco-friendly recycled or vintage fabrics. The book features a series of stylish projects with a focus on both how to source and use sustainable fabrics and teaches readers many different aspects of sewing. Projects include amazing transformations such as making cushions, skirts, scarves, shawls and handbags from recycled shirts, old sweaters, vintage buttons, vintage lace, peace silk, organic fabrics and other materials, using leather appliqué and even "upcycling" an old suede skirt or hat into something truly creative and utterly fantastic.

How to Sew with Leather and Suede Feb 03 2023 Genuine leather is one of the oldest and most luxurious of all natural materials. Leather is the hide or skin of an animal, bird or reptile after it has been tanned or treated by a chemical process to preserve it. Hides come from larger animals such as cattle, buffalo or elephant, and skins are from smaller animals, birds and reptiles. Leather is suitable for all seasons, for men, women, and children, and almost any pattern may be made out of leather. Sewing leather and suede does not require a special sewing machine if using lightweight skins, but it does require the use of special sewing techniques. This book was written to provide a starting place and guide for the beginner, as well as to provide some helpful tips for the more advanced sewer. Learn everything you need to know about sewing with leather and suede in this book, plus you'll receive free patterns and designs to get you started
