*5 3 linear equations in one
variable with applications* Feb
05 2023 web jun 5 2023 linear
equations and applications
solving any equation is like
discovering the answer to a
puzzle the purpose of solving
an equation is to find the value
or values of the variable that
makes the equation a true
statement any value of the
variable that makes the
equation true is called a
solution to the equation it is

the answer to the puzzle
**the oxford linear algebra for
scientists andre lukas** Oct 21
