[The Oxford Book of Latin American Essays](#) Nov 15 2021 An intriguing collection of more than 70 Latin American essays, some never before translated into English, gives us the whole spectrum of concerns that have animated some of the greatest writers of our time--from Andres Bello, Pablo Neruda, and Alfonso Reyes to Gabriel Fuentes, Gabriel Garcia Marquez, and Rosario Ferre--an assembly confident, ingenious, aware.

[New Essays on The Crying of Lot 49](#) Aug 19 2021 The Crying of Lot 49 is widely recognized as a significant contemporary work that frames the desire for meaning and the quest for knowledge within the social and political contexts of the 1960s in America. In the introduction to this collection of original essays on Pynchon's important novel, Patrick O'Donnell discusses the background and critical reception of the novel. Further essays by five experts on contemporary literature examine the novel's "semiotic regime" or the way in which it organizes

signs; the comparison of postmodernist Pynchon and the influential South American writer, Jorge Luis Borges; metaphor in the novel; the novel's narrative strategies; and the novel within the cultural contexts of American Puritanism and the Beat movement. Together, these essays provide an examination of the novel within its literary, historical, and scientific contexts.

Essays on the Most Important Subjects in Religion 2020

B-Side Books May 29 2020 There are the acknowledged classics of world literature: the canonical works assigned in schools, topping every must-read list. . and then there are the B-Sides. These are the books that slipped through the cracks, went unread, missed their rightful appointment with posterity. They came ahead of their times or behind their times or on a whole different schedule than the rest of the universe. What do you do when a book that you love has been overlooked or dismissed by everyone else? In *B-Side Books*, leading writers, critics, and scholars show why their favorite forgotten books deserve a new audience. From dusty westerns and far-out science fiction to obscure Czech novelists and novel precursors, the contributors advocate for the unsung virtues of over a hundred books. They write about unheralded novels, poetry collections, memoirs, and more with understanding, respect, passion, and love. In these thoughtful, often personal essays, contributors—including Stephanie Burt, Caleb Crain, Merve Emre, Ursula K. Le Guin, Carlo Rotella, and Namwali Serpell—read books by writers such as Helen DeWitt, Shirley Jackson, Stanislaw Lem, Dambudzo Marechera, Paule Marshall, and Charles Portis.

The Book of Delights Jan 18 2022 “Ross Gay’s eye lands upon wonder at every turn, bolstering my belief in the countless small miracles that surround us.” —K. Smith, Pulitzer Prize winner and U.S. Poet Laureate The winner of the NBCC Award for Poetry offers up a spirited collection of short lyric essays, written over a tumultuous year, reminding us of the purpose and pleasure of praising, extolling, and celebrating ordinary wonders. Ross Gay’s *The Book of Delights* is a genre-defying book of essays—some as short as a paragraph; some as long as ten pages—that record the small joys that occurred in one year, from birthday to birthday, and that we often overlook in our busy lives. His is a meditation on the delight that takes a clear-eyed view of the complexities, even the terrors, of the world, including living in America as a black man; the ecological and psychic violence of our consumer culture; the loss of those he loves. Among Gay’s funny, poetic, philosophical delights: the way Botan Rice Candy wrappers melt in your mouth; the volunteer crossing guard with a pronounced tremor whom he imagines as a kind of boat-woman escorting pedestrians across the River Styx, a friend’s

unabashed use of air quotes, pickup basketball games, the silent nod of acknowledgment between black people. And more than any other subject, celebrates the beauty of the natural world—his garden, the flowers in the the birds, the bees, the mushrooms, the trees. This is not a book of how-to inspiration, though it could be read that way. Fans of Roxane Gay, Maggie and Kiese Laymon will revel in Gay's voice, and his insights. The Book of De is about our connection to the world, to each other, and the rewards that from a life closely observed. Gay's pieces serve as a powerful and necessary reminder that we can, and should, stake out a space in our lives for delight

That Second Bottle Mar 27 2020 Exploring the work of the Earl of Rochester, these essays discuss interpretations of love and friendship in Rochester's letters, the satiric significance of the famous monkey portrait of the poet, major satires.

Essays on the Anatomy and Philosophy of Experience Dec 20 2022

Essays in Positive Economics Sep 01 2020 This paper is concerned primarily with certain methodological problems that arise in constructing the "distinct positive science" that John Neville Keynes called for, in particular, the problem how to decide whether a suggested hypothesis or theory should be tentatively accepted as part of the "body of systematized knowledge concerning what is."

Why I Burned My Book and Other Essays on Democracy Feb 18 2023 'Personal inclination made me a historian. Personal encounter with public policy made me an activist.'

The Oxford Book of Essays May 02 2023 The essay is one of the richest of literary forms. Its most obvious characteristics are freedom, informality, and the personal touch--though it can also find room for poetry, satire, fantasy, and sustained argument. All these qualities, and many others, are on display in The Oxford Book of Essays. The most wide-ranging collection of its kind to appear for many years includes 140 essays by 120 writers: classics, curiosities, meditations, diverse old favorites, recent examples that deserve to be better known. A particularly welcome feature is the amount of space allotted to American essayists, from Benjamin Franklin to John Updike and beyond. This is an anthology that opens with wise words about the nature of truth, and closes with a consideration of the novels of Judith Krantz. Some of the other topics discussed in its pages are pleasure, Gandhi, Beau Brummell, wasps, party-going, gangsters, plumbers, Beethoven, potato crisps, the importance of being the right size, and the dome of Westminster Abbey. It contains some of the most eloquent writing in English and some of the most entertaining.

The Wisdom of Many Aug 25 2022 A collection of 20 studies of proverbs first published in 1981 by Garland. Among the general topics are structure, oral transmission, and practical reasoning. Proverbs examined in detail include African, Yiddish, Shakespeare's, Chinese, Irish, and those used in advertising. Includes an addenda to the bibliography. No index. Paper edition (unseen), \$ Annotation copyright by Book News, Inc., Portland, OR

Resonance Oct 03 2020 Through forty-three personal essays, *Resonance: ESSAYS ON THE CRAFT AND LIFE OF WRITING* brings together insights from writers and publishers across Canada on the practices that fuel their work, and invites readers to join the conversation through a series of engaging writing prompts. Essays collected here include strategies for pre-writing, writing and revision, as well as thoughts on the writing life and the world of writing. *Resonance* is for any writer of fiction, non-fiction or poetry who has ever wanted a helping hand, a chat, or a word of encouragement along the lonely road from blank page to published work. *Resonance* seeks to build community and extend the practice of creativity to writers everywhere. Literary Nonfiction. Essays.

New Essays on The Catcher in the Rye Dec 05 2020

Avril; Being Essays on the Poetry of the French Renaissance Apr 28 2020

Beyond Vision Oct 15 2021 *Beyond Vision* is the first English-language collection of essays on art by Pavel Florensky (1882–1937), Russian philosopher, priest, linguist, scientist, mathematician – and art historian. In addition to seven essays by Florensky, the book includes a biographical introduction and an examination of Florensky's contribution as an art historian by Nicoletta Misler. *Beyond Vision* reveals Florensky's fundamental attitudes to the vital questions of construction, composition, chronology, function and destination in the fields of painting, sculpture and design. His reputation as a theologian and philosopher is already established in the English-speaking world, but this first collection in English of his art essays (translated by Wendy Salmond) will be a revelation to those in the field. Pavel Florensky was a true polymath: trained in mathematics and philosophy at Moscow University, he rejected a scholarship in advanced mathematics in order to study theology at the Moscow Theological Academy. He was also an expert linguist, scientist and art historian. A victim of the Soviet government's animosity towards religion, he was condemned to a Siberian labor camp in 1933 where he continued his work under increasingly difficult circumstances. He was executed in 1937.

The Transhumanist Reader Mar 20 2022 The first authoritative and comprehensive survey of the origins and current state of transhumanist thought

The rapid pace of emerging technologies is playing an increasingly important role in overcoming fundamental human limitations. Featuring core writings by some of the most influential thinkers in the speculative possibilities of the posthuman condition, essays on key philosophical arguments for and against human enhancement, explore the inevitability of life extension, and consider possible solutions to the growing impact of social and ethical implications and concerns. Edited by the internationally acclaimed founders of the philosophy and social movement of transhumanism, *Transhumanist Reader* is an indispensable guide to our current state of knowledge of the quest to expand the frontiers of human nature.

Essays on the Nature and Uses of the Various Evidences of Revelation and Religion
06 2021

Cultures of Print Apr 20 2022 An examination of the interchange between popular and learned cultures, and the practices of reading and writing. The essays explore Hall's belief that the better the production and consumption of books is understood, the closer readers can come to a social history of culture.

Looking at the Overlooked Jun 10 2021 In this, the only up-to-date critical work on still life painting in any language, Norman Bryson analyzes the origins, history, and logic of still life, one of the most enduring forms of Western painting. The first essay is devoted to Roman wall-painting while in the second the author surveys a major segment in the history of still life, from seventeenth-century Spanish still life to Cubism. The third essay tackles the controversial field of seventeenth-century Dutch still life. Bryson concludes in the final essay that the persisting tendency to downgrade the genre of still life is profoundly rooted in the historical oppression of women. In *Looking at the Overlooked*, Norman Bryson is at his most brilliant. These superbly written essays will stimulate us to look at the entire tradition of still life with new and critical eyes.

Seventy-nine Short Essays on Design Feb 04 2021 *Seventy-nine Short Essays on Design* brings together the best of designer Michael Bierut's critical writing—serious or humorous, flattering or biting, but always on the mark. He is widely considered the finest observer on design writing today. Covering topics as diverse as Twyla Tharp and ITC Garamond, Bierut's intelligent and accessible texts pull design culture into crisp focus. He touches on classics, like Massimo Vignelli and the cover of *The Catcher in the Rye*, as well as newcomers, like the cover of *McSweeney's Quarterly Concern* and color-coded terrorism alert levels. Along the way Nabakov's *Pale Fire*; Eero Saarinen; the paper clip; Celebration, Florida; the planet Saturn; the ClearRx pill bottle; and paper architecture all fall under his pen. His experience as a design practitioner informs his writing and gives it truth.

Seventy-nine Short Essays on Design, designers and nondesigners alike can read and revel in his insights.

Cognitive Technology Feb 25 2020 Rapidly growing cognitive technologies (such as word processors, web browsers, cell phones, and personal data assistants) assist learning, memory, and problem solving, and contribute to every part of modern life, from interviewing crime witnesses to learning a foreign language to calling a mother. This collection of essays on cognitive technology examines the interaction between the human mind and the tools people create to enhance it, studying which technologies assist cognition the most and what features are most effective. It considers the point at which the technological enhancement of human ability begins to restrict that very ability, such as the risk of some cognitive technologies impairing cognition or creating disadvantages for individuals or groups. This collection of 11 essays discusses the most recent psychological research in cognitive technology, showcasing the paradigms and theories that have driven the development of new cognitive technologies. It explores the impact of technology on cognitive psychology, the classroom, and social interaction and group problem solving. Topics covered include the distracting characteristics of new technologies (such as the effects of cell phone use on driving ability and of distracting advertisements on problem solving), the study of mass media through associative memories for media experiences, the media's role in advancing gender and racial prejudices, and the misuse of cognitive technology through identity theft and cyberterrorism. Each essay concludes with a bibliography.

Reading Book Apr 08 2021 This collection of original essays explores the relationship between publishing and literature in America. "Right at the leading edge of scholarship on the history of the book". -- William Gilmore-Lehner

25 Women Jan 24 2020 Newsweek calls him "exhilarating and deeply engaging." Time Out New York calls him "smart, provocative, and a great writer." Critic Lisa Schjeldahl, meanwhile, simply calls him "My hero." There's no one in the art world quite like Dave Hickey—and a new book of his writing is an event. 25 Women will not disappoint. The book collects Hickey's best and most important writing about female artists from the past twenty years. But this is far more than a compilation: Hickey has revised each essay, bringing them up to date and drawing out common themes. Written in Hickey's trademark style—accessible, witty, and powerfully illuminating—25 Women analyzes the work of Joan Mitchell, Bridget Riley, Fiona Rae, Lynda Benglis, Karen Carson, and many others. Hickey discusses their work as work, bringing politics and gender into the discussion only where it seems warranted by the art itself. The resulting book is not only a deep en

with some of the most influential and innovative contemporary artists, but reflection on the life and role of the critic: the decisions, judgments, political ethics that critics negotiate throughout their careers in the art world. Always engaging, often controversial, and never dull, Dave Hickey is a writer who gets people excited—and talking—about art. 25 Women will thrill his many fans, and make him plenty of new ones.

The Rise of the Image Apr 03 2020 The Rise of the Image reveals how illustrations have come to play a primary part in books on art and architecture. Italian Renaissance art is the main focus for this anthology of essays which analyses episodes in the history of illustration from the sixteenth to the twentieth century. The authors raise new issues about the imagery in books on the visual arts, including Leonardo da Vinci, Giorgio Vasari, Sebastiano Serlio, Andrea Palladio, Girolamo Tetti and Andrea Pozzo. The concluding essays evaluate the roles of reproduction media, including photography, in Victorian and twentieth-century art books. Throughout, images in books are considered as vehicles for ideas rather than transparent, passive visual forms, dependent on their accompanying texts. The Rise of the Image enriches our understanding of the role of prints in books. Essays on the pursuit of truth, on the progress of knowledge, by the author. Essays on the formation and publication of Sept 13 2021

Figuring the Word Jun 22 2022 introduction by Charles Bernstein. Essays by Johanna Drucker.

Essays on the Life and Work of Charlotte Mason Aug 01 2020

Into The Looking-Glass Wood May 22 2022 By the award-winning author of A History of Reading "For me, words on a page give the world coherence--Words tell us what we, as a society, believe the world to be--I believe there is an ethical reading--a commitment that is both political and private in the act of turning pages. And I believe that sometimes, beyond the author's intentions and beyond the reader's hopes, a book can make us better and wiser." Through personal stories and literary reflections, in a style rich in humour and gentle erudition, Mary leads us, the readers, to reflect upon the pleasures and responsibilities of reading and the links that exist between the world we live in, and the words we live amongst. Into the Looking-Glass Wood is a voyage into the subversive heart of words - a voyage fired by the author's humanity and extraordinary breadth of vision.

Law Books in Action Jun 24 2022 'Law Books in Action: Essays on the Anglo-American Legal Treatise' explores the history of the legal treatise in the common law world. Rather than looking at treatises as shortcuts from 'law in books

in action', the essays in this collection ask what treatises can tell us about troubled legal professionals at a given time, what motivated them to write them, what they did, and what they hoped to achieve. This book, then, is the first study of a legal treatise as a 'law book in action', an active text produced by individuals with their own ideas about what they wanted the law to be, not a mere stepping-stone to other forms of legal writing, but a multifaceted genre of legal literature in its own right, practical and fanciful, dogmatic and ornamental in turn. This book will be of interest to legal scholars, lawyers and judges, as well as to anyone else with a scholarly interest in law in general, and legal history in particular.

Essays on the Rome Statute of the International Criminal Court Dec 17 2021
Essays on the Book of Enoch and Other Early Jewish Texts and Traditions Dec 30 2023 This volume brings together twenty-one essays by Michael Knibb on the Book of Enoch and on other Early Jewish texts and traditions, which were originally published in a wide range of journals, Festschriften, conference proceedings and thematic collections. A number of the essays are concerned with the issue of the complex textual history and literary genesis of 1 Enoch, but the majority are concerned with the interpretation of specific texts or with themes such as messianism. The essays illustrate some of the dominant concerns of Michael Knibb's work, particularly the importance of the idea of exile; the way in which older texts regarded as authoritative were reinterpreted in later writings; and the connections between the apocalyptic writings and the sapiential literature.

What Is a Game? May 10 2021 What is a videogame? What makes a videogame "good"? If a game is supposed to be fun, can it be fun without a good story? If another is supposed to be an accurate simulation, does it still need to be entertaining? With the ever-expanding explosion of new videogames and new developments in the gaming world, questions about videogame criticism are becoming more complex. The differing definitions that players and critics use to decide what a game is and what makes a game successful, often lead to different ideas of how games succeed or fail. This collection of new essays puts on the spotlight the variety and ambiguity of videogames. Each essay is a work of game criticism that takes a different approach to defining the game and analyzing it. Through close analysis and critical methods, these essays discuss whether a game is defined by its rules, its narrative, its technology, or by the activity of playing it, and the tensions between these definitions. With essays on Overwatch, Dark Souls 3, Far Cry 4, Farmville and more, this collection attempts to show the complex changes, challenges and advances to game criticism in the era of videogames.

Essays on the Trinity Dec 25 2019 This volume gathers together twelve essays

the doctrine of the Trinity. It includes the work of systematic theologians, theologians, and biblical scholars who address a range of issues concerning Christian doctrine of God. Contributors include Jeremy Begbie, Julie Canlis, Douglas Campbell, William Hasker, and Christoph Schwobel. The volume also includes a new essay written by the late Robert W. Jenson shortly before his death.

Inside the World of Harry Potter **Feb 16 2022** Many scholars recognize the importance of Harry Potter as a vehicle for discussions about society—from race relations and gender studies to economic, political, religious and educational applications of the texts. This interdisciplinary collection of new essays brings to the forefront a critique of modern Western society, using Harry's world as a mirror to our own. Covering issues surrounding parenting and family relations, social class, life and death, the link between identity and morality and even the risks of time travel, this collection provides many jumping-off points for scholars and nonscholars alike to spark discussions about both Harry's world and our own.

Visions of Mars **Oct 27 2022** Seventeen wide-ranging essays explore the evolution of scientific understanding of Mars, and the relationship between that understanding and the role of Mars in literature, the arts and popular culture. Essays in the first section examine different approaches to Mars by scientists and writers such as Jules Verne and J.H. Rosny. Section Two covers the uses of Mars in early Bolshevik literature by Wells, Brackett, Burroughs, Bradbury, Heinlein, Dick and Robinson, among others. The third section looks at Mars as a cultural mirror in science fiction. Essays include prominent writers (e.g., Kim Stanley Robinson), scientists and literary critics from many nations.

Essays on the Essay Film **Nov 27 2022** The essay—with its emphasis on the provisional and explorative rather than on definitive statements—has evolved from its literary beginnings and is now found in all mediums, including film. Today the essay film is, arguably, one of the most widely acclaimed and critically discussed forms of filmmaking around the world, with practitioners such as Chris Marker, Hito Steyerl, Errol Morris, Trinh T. Minh-ha, and Rithy Panh. Characteristics of the essay film include the blending of fact and fiction, the mixing of art- and documentary-film styles, the foregrounding of subjective points of view, a concentration on public life, a tension between acoustic and visual discourse, and a dialogic encounter with audiences. This anthology of fundamental statements about the essay film offers a range of crucial historical and philosophical perspectives. It provides early critical articulations of the essay film as it evolved through the 1950s and 1960s, key contemporary scholarly essays, and a selection of writings by essay filmmakers. It features texts on the foundations of the essay film by

such as Hans Richter and André Bazin; contemporary positions by, among others, Phillip Lopate and Michael Renov; and original essays by filmmakers themselves including Laura Mulvey and Isaac Julien.

American Apocrypha Apr 01 2023 In the preceding pages, I have tried to show how a historical-critical view of the Book of Mormon illuminates some of its most interesting problems. Many questions remain, and many problems have yet to be discovered and analyzed. I myself have questions about the Book of Mormon's origins that I cannot yet answer. However, that fact does not diminish the force of my conclusion that the Book of Mormon is a modern text."

Essays on Life Itself Sep 25 2022 Compiling twenty articles on the nature of life and on the objective of the natural sciences, this remarkable book complements Robert Rosen's groundbreaking *Life Itself* -- a work that influenced a wide range of philosophers, biologists, linguists, and social scientists. In *Essays on Life Itself*, Rosen takes to task the central objective of the natural sciences, calling into question the attempt to create objectivity in a subjective world and forcing us to reconsider where science can lead us in the years to come.

Ethics Jul 12 2021 Alain Badiou, one of the most powerful voices in contemporary French philosophy, shows how our prevailing ethical principles serve ultimately to reinforce an ideology of the status quo and fail to provide a framework for an effective understanding of the concept of evil.
