Democratic, apolitical and unique, the archive of thousands of images offers an engrossing and engaging cross-section of society. Over the course of the last two decades, the Dutch photographer worked methodically on his monumental Photo Notes project: First he would select a busy pedestrian area - his favorite spots were often near shopping centers - where he would stay for 30 minutes up to a few hours. He then spent time observing passers-by before recognizing a common type, normally based on a garment, sometimes a behavior: people in band T‐shirts, fur caps or beige trench coats; young couples walking arm in arm; women in suit dresses; men with gelled hair or pushing shopping trolleys. . . He snapped them with a camera hung around his neck, attached to a trigger in his pocket. Back in the studio, the images were laid into grids called Photo Notes. Their simplicity of form and presentation belies their complex anthropological, social and artistic commentary. Dress up your drawings any way you like using this complete all-in-one style guide! This bestselling - and now updated - classic volume remains a comprehensive and definitive view of the fashion industry today. What is fashion? Where does it come from? Why has it come to permeate modern life? In the last half century, questions like these have drawn serious academic reflection, resulting in a new field of research--fashion studies--and generating a rich multidisciplinary discussion. Yet theology's voice has been conspicuously absent in this conversation. The time has finally come for theology to break her silence and join this decades-long conversation. *Fashion Theology* is the first of its kind: a serious and long-overdue account of the dynamic relationship between theology and fashion. Chronicling the epic journey from ancient Christian sources to current developments in fashion studies, cultural theologian Robert Covolo navigates the rich history of Christian thought as well as recent political, social, aesthetic, literary, and performance theory. Far from mere disparity or quick resolution, Covolo demonstrates that fashion and theology inhabit a mutual terrain that has, until recently, scarcely been imagined. Covolo retraces the way theologians have taken up fashion across history, unveiling how Christian thinkers have been fascinated with fashion well before the academy's current focus, and bringing these insights into the conversation with fashion itself: the logic by which fashion operates, how fashion shapes our world, and the way fashion imperceptibly molds our personal lives. Within fashion's realms reside some of life's greatest challenges: the foundations of political power, the basis for social order, the nature of aesthetics, how we inhabit time, and the means by which we tell stories about our lives--challenges, it turns out, that theologians

also explore. Fashion favors the bold; theology demands humility. Holding the two together, Fashion Theology trailblazes an interdisciplinary path informed by a thoughtful engagement with the Christian witness. For those traversing this spectacle of unexpected crossroads and hotly contested terrain, the promise of fashion theology awaits with its myriad unexplored vistas. --Malcolm Barnard, Senior Lecturer in Visual Culture, Loughborough University

New York Fashion Week has served many purposes throughout its long history, but it has always remained at the center of the American fashion world. During World War II, Fashion Week challenged the dominance of French couture; in the 1970s and 1980s, it was a showcase for American sportswear stars who became household names; in the 2000s, it was the stage for celebrity designers using the runway as a vehicle for entertainment; and now, it is the place to see and be seen by contemporary reality TV and social media stars. Now, this illustrious history is told as it's never been told before, in a book packed with designer interviews, backstage ephemera, and exclusive photographs culled from all 75 years of New York Fashion Week. Part historical overview, part scrapbook, and part fashion-industry field guide, *American Runway* will bring to life the people, places, and over-the-top runway productions of New York Fashion Week—and will sate the appetites of die-hard fashion fans and casual fashionistas alike. This exclusive volume presents the best features and radically designed pages of the 1990's most uncompromising document of alternative music, style, and pop culture. Founded in 1992, *Ray Gun* was the only magazine wherein a die-hard culture seeker could find information on alternative music and the street-inspired style that really mattered. Punk rock had torn pop music to shreds and created a hunger for an original lifestyle

beyond mainstream culture, and *Ray Gun* was its graphic chronicler: across its pages blasted a visual feast made up of era-defining artists such as Sonic Youth or Iggy Pop, music-inspired art, and a complete redefinition of sartorial style. The magazine's original art director, David Carson, and his peers who followed, created an entirely new visual culture that shattered the limitations of graphic design. *Ray Gun* was as radical as the lifestyle it reported on, deeply committed to visually representing an alternative culture as a new way of seeing and being in the world. With over 200 full-color photographs, *Ray Gun: The Bible of Music and Style* gathers the most outrageous pages from the magazine that helped to shape the '90s. This epic anthology features exclusive photographs and articles on rock legends such as R.E.M., Henry Rollins, Jane's Addiction, The Pixies, Dinosaur Jr., U2, Marilyn Manson, Smashing Pumpkins, Nine Inch Nails, Mudhoney, Pearl Jam, Bjork, Morrissey, PJ Harvey, Beastie Boys, Soundgarden, Beck and an exclusive interview with David Bowie. For anyone interested in collecting and wearing vintage, or eager to check out classic style for inspiration, this lavishly illustrated sourcebook offers a decade-by-decade showcase of twentieth-century fashion. "Key looks" pages present major trends, from Coco Chanel's *Style Russe* in the 1920s and Christian Dior's 1950s A-line dresses to Emilio Pucci's psychedelic prints and Azzedine Alaïa's "body con" clothing. Fashionistas will love it--and also appreciate the pointers on sourcing and caring for vintage pieces. It's not just about age-appropriate dressing, but it's also about style-appropriate dressing. Today, clothes are ageless. Dressing with style is about having the confidence in your fashion choices." This book is about a very controversial subject. We women don't really like to be told

what we ought to wear. The only reason I dare to write is that there are women who earnestly want to please God in their appearance. They would do what God wants them to do, if only they were sure they knew what he wanted. It is for these honest, open-minded women who want to please God that I write. God does have a standard for your appearance. If you are ready to find out what it is, then I invite you to turn the page. - p. [9].
