Philadelphia Gentlemen Aug 19 2021 This proper Philadelphia story starts with the city's golden age at the close of the eighteenth century. It is a classic study of an American business aristocracy of colonial stock with Protestant affiliations as well as an analysis of how fabulously wealthy nineteenth-century family founders in Boston, New York, and Philadelphia, supported various exclusive institutions that in the course of the twentieth century produced a national upper-class way of life. But as that way of life became an end of itself, instead of an effort to consolidate power and control, the upper-class outlived its function; this, argues Baltzell, is precisely what took place in the Philadelphia class system. Philadelphia Gentlemen emphasizes that class is largely a matter of family, whereas an elite is largely a matter of individual achievement. The emphasis in Philadelphia on old classes, in contrast to the emphasis in New York and Boston on individual achievement and elite striving, helps to explain the dramatically different outcomes of ruling class domination in major centers of the Eastern Establishment. In emphasizing class membership or family prestige, the dynamics of industrial and urban life passed by rather than through Philadelphia. As a result in the race for urban preeminence, Philadelphia lost precious time and eventually lost the struggle for ruling preeminence as such. When the book initially appeared, it was hailed by The New

York Times as “a very, very important book.” Writing in the pages of the *American Sociological Review*, Seymour Martin Lipset noted that “Philadelphia Gentlemen says important things about class and power in America, and says them in ways that will interest and fascinate both sociologists and laymen.” And in the *American Historical Review*, Baltzell’s book was identified simply as “a gold mine of information.” In short, for sociologists, historians, and those concerned with issues of culture and the economy, this is indeed a classic of modern social science.

The Protestant Establishment Revisited Jun 28 2022 In the latter half of the twentieth century, The American upper class has become less like an aristocracy governing and guiding the nation and more like a caste, a privileged and closed body whose contribution to national leadership has steadily declined. This loss of power and authority has been the focus of the work of E. Digby Baltzell, whose 1964 work, *The Protestant Establishment*, analyzed the fate and function of a predominantly Anglo-Saxon and Protestant upper class in an ethnically and religiously heterogeneous democracy. After 27 years, Baltzell's theory of the structure and function of the establishment remains unique in the literature of class stratification and authority. Baltzell views an open and authoritative establishment as a necessary and desirable part of the process of securing responsible leaders in a democratic society. Such an establishment is the product of upper-class institutions that are open to talented individuals of varying ethnic and social backgrounds. The values of upper-

class tradition include an aristocratic ethos emphasizing the duty to lead, as opposed to the snobbish ethos of caste that emphasizes only the right to privilege. Baltzell regards this as a protector of freedom in modern democratic societies, guaranteeing rules of fair play in contests of power and opinion. As Baltzell points out, historically, the alternatives to rule by establishments have been, rule by functionaries and demagogues, neither of which has proven satisfactory in protecting freedoms. As against Marxists, who see hegemony as a social evil, Baltzell, following Tocqueville, sees it as necessary to the well-being of society. Hegemonic establishments give coherence to the social spheres of greatest contest. They do not eliminate conflict, but prevent it from ripping society apart. Baltzell's work provides uncommon insight into the relationship of social class and personal power in contemporary America. This book will be of inte

Philadelphia Gentlemen Jan 24 2022 This proper Philadelphia story starts with the city's golden age at the close of the eighteenth century. It is a classic study of an American business aristocracy of colonial stock with Protestant affiliations as well as an analysis of how fabulously wealthy nineteenth-century family founders in Boston, New York, and Philadelphia, supported various exclusive institutions that in the course of the twentieth century produced a national upper-class way of life. But as that way of life became an end of itself, instead of an effort to consolidate power and control, the upper-class outlived its function; this, argues Baltzell, is precisely what took place in the Philadelphia class system. **Philadelphia Gentlemen** emphasizes that class is largely a matter of family, whereas an elite is largely a matter of individual achievement. The emphasis in Philadelphia on old classes, in contrast to the emphasis in New York and Boston on individual achievement and elite

striving, helps to explain the dramatically different outcomes of ruling class domination in major centers of the Eastern Establishment. In emphasizing class membership or family prestige, the dynamics of industrial and urban life passed by rather than through Philadelphia. As a result in the race for urban preeminence, Philadelphia lost precious time and eventually lost the struggle for ruling preeminence as such. The Encyclopedia of the New York Stage, 1940-1950 Sep 07 2020 The most reliable source for data on productions of the New York stage, both Broadway and Off Broadway, is now complete from 1920 through 1950 with the publication of this third volume devoted to the 1940s. The volumes for 1920-1930 and 1930-1940 have been called invaluable, indispensable, essential, and other superlatives by reviewers, widely utilized by theatre scholars and researchers, consulted by companies producing revivals, and quoted by Playbill magazine in answering readers' queries. The continuing series represents a remarkable achievement for theatre historian Samuel Leiter, who singlehandedly has set out to provide such detailed coverage of New York theatre in the twentieth century. Like its

predecessor volumes, *The Encyclopedia of the New York Stage, 1940-1950* provides a description of every legitimate production--play, musical, revue, or revival; English-language or foreign-language, domestic or import--staged in the New York professional theatre and reviewed by the press during the decade: in this case, nearly 1150 productions. Each listing begins with genre designation and subject categorization and proceeds to writing and production credits, theatre, opening dates, and run. The narrative text that follows, provides, along with plot summary, a lively account of background, anecdotal commentary from biographies and autobiographies, and critical responses to play and production with reference to and quotes from reviews. Ten appendixes offer listings of plays chronologically and in categories as well as play sources, awards, information on theatres, institutional theatres, foreign companies, reviewers, and various statistics. A selected bibliography and indexes of proper names and titles complete the work. The volume introduction is itself a history of New York theatre in the period of World War II and its aftermath. It deals with the hazardous business of theatre, both commercial and nonprofit, with the critical establishment of the day, with the increasing professionalism of Off Broadway, with ethnic theatre and visiting companies, and provides a fascinating overview of production highlights. Although the 1940s is not regarded as a landmark era in American theatre, it did see first productions of such classics as Tennessee Williams's *A Streetcar Named Desire*, Arthur Miller's *Death of a Salesman*, and Rodgers and Hammerstein's breakthrough musical *Oklahoma!* This volume and the predecessor volumes of this encyclopedia series are indispensable reference tools.

Biographical Books, 1876-1949 May 28 2022 "This book is a companion volume to *Biographical books, 1950-1980*,

completing a comprehensive one hundred and five year bibliography of biographical and autobiographical works published or distributed in the United States"--Preface.

Privilege, Power, and Place Jul 18 2021 In the first analytical study of where the American upper-class lives and vacations, Stephen R. Higley explores the ways in which upper-class residential places are created and maintained. Drawing on the Social Register as a main source of data, Higley examines the intersection of class, status, and geography, and demonstrates the ways in which physical proximity solidifies upper-class consciousness.

A Lady Luck Sunday Comics Treasury: Volume 1 Feb 22 2022

To the world she was spoiled debutante Brenda Banks - but Brenda was bored with the normal life, so she donned her stylish dress, cape and heels, and became LADY LUCK - that ever-in-fashion crimefighter and hero. Before she appeared in Smash Comics, before she had her own title - LADY LUCK appeared in the very first regular weekly Sunday Comics section alongside Will Eisner's The Spirit and Mr. Mystic. Her historic run in the Sunday comics began in 1940 - and we have a great selection of her stories from this epic series from 1940-1944.

NOTE: There is some slight overlap between the later stories of this volume and her early stories in Smash Comics, but only a handful. GWANDANALAND COMICS We specialize in character collections - many for the first time in print; we also publish individual issues from the past as well as complete comic title series'. We take your requests and create special collections never gathered together before! At Gwandanaland Comics we take the extra time to give you the best quality possible!
