Piano for Kids Mar 25 2022 WHY EVERY PARENT & MUSIC TEACHER SHOULD USE THIS SONGBOOK! Learning to make music provides an excellent path to development in children. Plus it is joyful and fun. But learning has not always been easy. Traditional methods start with abstract symbols and concepts. The author began searching for a simpler, more intuitive way to teach music to his then three-year-old son. In his search, he began combining ideas from the worlds of design, early childhood education, film scoring and even storytelling. Thus, the Musicolor Method(R) was born. For over a decade, it has become a proven way to quickly and gently introduce real music making skills to preschoolers and beyond.

Fun-filled songs, rhythm games and technique activities develop beginning keyboard skills. Three distinguishing features of the Lesson Book A make it unique and effective for the young 5-6 year old beginner. 1. A strong focus on technique embedded in the book through playful technique games, chants, and carefully-composed pieces that gently lead the child into pianistic motions. 2. An outstanding CD for the young student to listen, sing, tap, and play along with at the piano. The orchestrated songs on the CD feature children singing the lyrics, which has great appeal to the 5-6 year old beginner. The CD becomes a ready-made practice partner that guides the student and parent for all the pieces and activities in the books. 3. The fanciful art features five multi-cultural children who are also learning to play. These friends at the piano introduce basic rhythms, white key names, and a variety of white and black-key songs that span classical, folk, and blues. Young students will listen, sing, create, and play more musically with Nancy and Randall Faber's My First Piano Adventure, Lesson Book A. The Lesson Book introduces directional pre-reading, elementary music theory and technique with engaging songs, games, and creative discovery at the keyboard. Young students will enjoy the multi-cultural "friends at the piano" who introduce white-key names, basic rhythms, and a variety of songs which span classical, folk, and blues. Ear-training and eye-training are also part of the curriculum. The Fabers' instructional theory "ACE" - Analysis, Creativity, and Expression, guides the pedagogy of My First Piano Adventure. Analysis leads to understanding, creativity leads to self-discovery, and expression develops personal artistry. The CD for this book offers a unique listening experience with outstanding orchestrations and vocals. Beginners Welcome Dec 30 2019 The acclaimed author of Where the Watermelons Grow is back with a story perfect for fans of Lynda Mullaly Hunt and Ali Benjamin, about finding friendship after a tragic loss. It's been eighty-three days since Annie Lee's daddy died, but she still sees reminders of him everywhere.

His record player mysteriously plays his favorite songs, there's shaving cream in the sink every morning, and the TV keeps flipping to the Duke basketball games he loved. She knows Mama notices it too, but Mama's been working around the clock to make ends meet. To make matters worse, Annie Lee's friends ditched her over the summer. She feels completely alone—until she meets Mitch. Though Mitch is tough and confident on the outside, she may need a friend just as badly as Annie Lee. But after losing so much, Annie Lee is afraid to let anyone get too close. And Mitch isn't the only friend trying to break through Annie Lee's defenses. Ray, an elderly pianist who plays at a local mall, has been giving her piano lessons. His music is pure magic, and Annie Lee hopes it might be the key to healing her broken heart. But when Ray goes missing, searching for him means breaking a promise to Mitch. Faced with once again losing those who mean the most to her, Annie Lee must make a choice: retreat back into her shell, or risk admitting how much she needs Mitch and Ray—even if it means getting hurt all over again. Just like in her debut, *Where the Watermelons Grow*, Cindy Baldwin brings her signature twist of magic to this authentically heartfelt story. A Whitney Award finalist An AML Award finalist
