Società romana di storia patria Nuova enciclopedia italiana *Gregoranum: Vol. 56, No. 4 I Segreti di Itaca* Bilychnis rivista di studi religiosi, edita dalla Facoltà della Scuola teologica battista di Roma

Il romanzo affronta il grave e drammatico

problema della "Terra dei fuochi", non in chiave giornalistica o mediatica, ma attraverso un racconto che colpisca non soltanto la mente, ma soprattutto il cuore e la coscienza, facendo perno sulle "emozioni" che l'autore stesso ha provato conoscendo la tragica e silenziosa morte che colpisce le persone residenti nel triangolo della morte. Al centro del romanzo ci sono soprattutto i bambini di quell'ormai nota zona, deturpata da rifiuti velenosi e cancerogeni, sotterrati o bruciati da persone senza scrupoli. Sono proprio questi angeli guerrieri i protagonisti dell'opera, che coinvolgeranno altri bambini, sacerdoti, scienziati e persino malavitosi nella risoluzione del letale problema. Il romanzo, unendo realtà e fantasia, con un linguaggio scorrevole e una storia che sfocia nel thriller, tenta di coinvolgere il lettore e di offrirgli la classica "catarsi".

Includes the Society's Atti. This is the first academic biography of the scientist and politician Jacob Moleschott (1822-1893). Based on a vast range of primary sources in German, Italian, Dutch, French, and Latin, it not only sheds new light on the history of materialism in the natural sciences, but also shows the deep entanglement of science, politics, and popularization in 19th-century Europe. Applying new methods from cultural history and

the history of science, Laura Meneghello focuses on processes of knowledge circulation, transnational mobility, and the role of translation in 19th-century science. In English and Italian, with special t.p. in Italian: *Perche l'Italia e entrata nell grande guerra ... Un racconto a piú voci, denso e poetico. Due giovani donne vivono in epoche storiche differenti ma si incontrano in un viaggio che le accomuna, alla ricerca di verit , emancipazione e giustizia.*

Sconcertante narrazione della vita nei Territori Occupati della Palestina. The eighteenth century was a crucial era in modern Iranian history, but up to now it has been little studied outside Iran. In *Crisis, Collapse, Militarism and Civil War*, Michael Axworthy has gathered leading experts on this period from around the world to provide a multifaceted account of this fascinating, dramatic, and turbulent era. The volume covers economics, intellectual history, military developments, politics, and the visual arts. In the 1720s, after the collapse of Safavid rule in 1722, it seemed that Iran might disappear altogether, partitioned between her neighbors. Within a few years the country surged back to make a bid for regional dominance under Nader Shah, but lapsed again into civil war after his untimely death in

1747. The civil wars lasted almost until the end of the century, albeit with an interlude of relative calm and good governance under Karim Khan Zand, who ruled from the mid-1750s until his death in 1779. In 1796, after more civil wars, Agha Mohammad Shah had himself crowned as the first monarch of the Qajar dynasty, which lasted until 1925. This formative period is vital for understanding modern and contemporary Iran, and it is a fascinating drama of events and personalities in its own right. It was a period of crisis and turmoil, but also a period of possibility and creativity in ways that have for the most part been forgotten. Until now, scholarship on the significance of the eighteenth century in Iran has been scant and often obscure. This volume will not only change that, but it will also reshape our understanding of the history of one of the most important and influential states in the Middle East. On 1 August 1935, only a few months before Mussolini launched the colonial enterprise in Ethiopia, Shakespeare's *Julius Caesar* was produced at the Maxentius Basilica in Rome. The performance was organised by The National Workers' Recreational Club (O.N.D.) and the script was submitted for censorship. However, the procedure followed a different course from the usual one as the commissioner was also

part of the Fascist political system. This parallel edition presents for the first time the integral script of the censored text of Shakespeare's Julius Caesar, in Raffaello Piccoli's 1925 Italian translation, and explores the implications of this peculiar type of censorship at the moment when, through Shakespeare, censoring became one and the same with political propaganda.
