this book is the same as that
which mothers and
grandmothers have been using
for ages to induce kids in the
family to sip more soup (or
some other nutritious drink).
The children are told that some
cherries (their favourite
noodles or cherries) are
hidden somewhere in the bowl,
and that serves as an incentive
for drinking the soup. In joint
families, by the time the
children are old enough to
know the trick played by their

grandma, there is usually another group of kids ready to fall for it! They excite the kids, but the real nutrition lies not in the noodles but in the soup. The problems given in this book are like those noodles/cherries while solving all these problems are nutritious soup. Now it is your choice to drink the nutritious soups or not!!!.
