Are you:-- seeking to renew a relationship? -- considering a new relationship? -- troubled with establishing a long-term relationship? -- divorced and trying to understand why your marriage failed? -- experiencing problems in love, romance, sex, intimacy or marriage? -- a therapist or counselor who would like to provide an accessible resource for your clients? -- Millions of books on relationships have been printed over the years. Why do we need another? We need The Art of Love: The Craft of Relationship for the same reasons that over four and a half million readers wanted Spencer Johnson's Who Moved My Cheese. Following Johnson's methods of teaching to a broad, modern audience, The Art of Love: The Craft of Relationship presents the profound principles that form a loving relationship in an easily accessible manner. Using a very simple approach, it will help people shift their attitudes and provide them with the skills to create loving, long-lasting partnerships. There are so many titles in print on change because it is an ongoing challenge for most of us. So are relationships. With more than six decades of experience working with couples, we knew we had vital information, lessons, and insights to share, but we insisted that the book be short, engaging, and easy to read. A helpful book does not have to be dense to be packed with wisdom, skills, and ideas that can open the door to a new era of fulfilling relationships. We have brought complex material and common sense into a format that is carefully constructed to achieve results by being communicative and consistent, enjoyable and hopeful. Unlike the textbook appearance of most self-help books that include psychological jargon, case examples and exercises, The Art of Love: The Craft of Relationship uses stories and dialogue to teach profound insights and valuable skills. It sticks to people talking in a way the reader can identify with and understand. It brings hope because the reader who is experiencing stress in a relationship can see that other people, like them, are, too. And, that learning a few basic skills can bring lasting change and renew love. The best news is that our book will be useful to many people because it will give them a new way to look at their relationship and the skills to handle problem after problem in a way that builds love and trust. Our mission is to appeal strongly to those who are considering a relationship, seeking to renew one, or are looking for a way to understand a partner and a process for dealing with problems in love, romance, sex, intimacy and living together. Swashbuckling sailors, dashing dukes, naughty nurses, and sexy stewardesses caught in webs of love, passion, betrayal, and intrigue: these are the raw materials of the romance novel--and the lusty covers that advertise them. In The Look of Love, Jennifer McKnight-Trontz provides a rollicking history of the covers and stories that have captivated millions of readers worldwide. More than 150 of the most sensational covers from this venerable if venal literary form are shown in glorious color, focusing on the period from 1940 to 1970, romance design's most fertile era. The

Look of Love features artwork and excerpts from titles such as *Passion Flower*, *Kept Woman*, *Rendezvous in Lisbon*, and *Jungle Nurse*. Along the way, it brings attention to the pioneers of the romance novel: cover artists such as Barye Phillips and Robert Maguire, who helped define the look of paperback in general, and Harlequin, the grand dame of romance publishers, with more than 100 million novels sold each year. McKnight-Trontz reveals the themes that typify both the story lines and the covers--hospital romance, the rich and raunchy, royalty, tropical paradises, Westerns, "taboo" relationships, pirates and warriors, and love triangles--resulting in this definitive compendium of camp. A book for romance lovers everywhere. Describes the lovepath, the author's process for finding and maintaining true love. Arthur is a young, talented musician playing in the hottest club in Atlanta. His torrid past keeps him tethered to his music and nothing else; until he meets Naomi. Her artistry and authentic spirit loosens the chains wrapped around his heart. But their brewing romance comes at a price. Soul Reason is the rising star of Atlanta's live music scene. While this four-piece band's synergy on stage is undeniable, their individual personalities clash regularly once the microphones are turned off. Arthur's leadership and focus keeps them together on a weekly basis. When the club is shut down for renovations, the owner brings in an award-winning New York mural artist to paint new life into the venue. The band saw her as an obstacle, but she became an opportunity for love in disguise for the young bandleader. But Arthur's hesitation, mixed with Naomi's intrigue, only amplified the tension between he and his bandmates. Arthur's struggle with a past relationship proved to be almost too much for the new couple to endure. A surprise twist elevates their love affair to a matter of life or death. Will love truly conquer all the drama that surrounds them? This edition of the first part of Ovid's witty, and unjustifiably infamous, love poem reproduces E.J. Kenney's authoritative text with the first detailed commentary in English, and includes an introduction dealing with the poem's style and history. A vibrantly illustrated chain of entanglements (romantic and otherwise) between some of our best-loved writers and artists of the twentieth century--fascinating, scandalous, and surprising. Poet Robert Lowell died of a heart attack, clutching a portrait of his lover, Caroline Blackwood, painted by her ex-husband, Lucian Freud. Lowell was on his way to see his own ex-wife, Elizabeth Hardwick, who was a longtime friend of Mary McCarthy. McCarthy left the father of her child to marry Edmund Wilson, who had encouraged her writing, and had also brought critical attention to the fiction of Anaïs Nin . . . whom he later bedded. And so it goes, the long chain of love, affections, and artistic influences among writers, musicians, and artists that weaves its way through the *The Art of the Affair*--from Frida Kahlo to Colette to Hemingway to Dali; from Coco Chanel to Stravinsky to Miles Davis to Orson Welles. Scrupulously researched but playfully prurient, cleverly designed and colorfully illustrated, it's the perfect gift for your literary lover--and the perfect read for any good-natured gossip-monger. Vermeer and the *Art of Love* is about the emotions evoked in those elegant interiors in which a young woman may be writing a letter to her absent beloved or playing a virginal in the presence of an admirer. But it is also about the love we sense in the painter's attentiveness to every detail within those rooms, which lends even the most mundane of objects the quality of something extraordinary. In this engaging and beautifully illustrated book, Georgievska-Shine uncovers the ways in which Vermeer challenges the dichotomies between 'good' and 'bad' love, the sensual and the spiritual, placing him within the context of his contemporaries to give the reader a fascinating insight into his unique understanding and interpretation of the subject. This is a full-scale commentary devoted to the third book of Ovid's *Ars Amatoria*. It includes an Introduction, a revision of E. J. Kenney's Oxford text of the book, and detailed line-by-line and section-by-section commentary on the language and ideas of the text. Combining traditional philological scholarship with some of the concerns of more recent critics, both Introduction and commentary place particular emphasis on: the language of the text; the relationship of the book to the didactic, 'erotodidactic' and elegiac traditions; Ovid's usurpation of the *lena's* traditional role of erotic instructor of women; the poet's handling of the controversial subjects of cosmetics and personal adornment; and the literary and political significances of Ovid's unexpected emphasis in the text of *Ars III* on restraint and 'moderation'. The book will be of interest to all postgraduates and scholars working on Augustan poetry. China, 1930s. Julian Bell, son of the Bloomsbury set's Vanessa, is newly arrived in Peking. In search of fresh experiences, he encounters the beautiful, intelligent and deeply erotic Lin Cheng. Though Lin is wife to a university professor, their passionate assignations blossom into an affair. Schooled in the ancient Taoist arts of love, Lin instructs

Julian in the ways of the East. But if society won't tolerate this union between Occidental and Oriental can their love possibly survive? Based on a true story this is a tragic tale of romance, betrayal and sexual desire set against a backdrop of conflict and war. In this volume, Rebekah Compton offers the first survey of Venus in the art, culture, and governance of Florence from 1300 to 1600. Organized chronologically, each of the six chapters investigates one of the goddess's alluring attributes – her golden splendor, rosy-hued complexion, enchanting fashions, green gardens, erotic anatomy, and gifts from the sea. By examining these attributes in the context of the visual arts, Compton uncovers an array of materials and techniques employed by artists, patrons, rulers, and lovers to manifest Venusian virtues. Her book explores technical art history in the context of love's protean iconography, showing how different discourses and disciplines can interact in the creation and reception of art. Venus and the Arts of Love offers new insights on sight, seduction, and desire, as well as concepts of gender, sexuality, and viewership from both male and female perspectives in the early modern era. There was nothing chaste or sublimated about many aspects of medieval love which moved through the various stages of looking, talking, touching, kissing, and sexual possession. All the elements of medieval romance are revealed in this magnificently illustrated volume. This is a treatise on what makes art, told in graphic novel form. What is "Art"? It's widely accepted that art serves an important function in society. But the concept falls under such an absurdly large umbrella and can manifest in so many different ways. Art can be self indulgent, goofy, serious, altruistic, evil, or expressive, or any number of other things. But how can it truly make lasting, positive change? In *Why Art?*, acclaimed graphic novelist Eleanor Davis (*How To Be Happy*) unpacks some of these concepts in ways both critical and positive, in an attempt to illuminate the highest possible potential an artwork might hope to achieve. A work of art unto itself, Davis leavens her exploration with a sense of humor and a thirst for challenging preconceptions of art worth of Magritte, instantly drawing the reader in as a willing accomplice in her quest. Explore the many facets of our most valued emotion. Cardiologist and professor Armin Zadeh revisits psychologist Erich Fromm's *The Art of Loving*, a book that has fascinated him for decades. *The Forgotten Art of Love* examines love in its complex entirety — through the lenses of biology, philosophy, history, religion, sociology, and economics — to fill in critical voids in Fromm's classic work and to provide a contemporary understanding of love. This unique and wide-ranging book looks at love's crucial role in every aspect of human existence, exploring what love has to do with sex, spirituality, society, and the meaning of life; different kinds of love (for our children, for our neighbors); and whether love is a matter of luck or an art that can be mastered. Dr. Zadeh provides a fascinating, empowering guide to enhancing relationships and happiness — concluding with a provocative vision for firmly anchoring love in our society. *Based On The Greatest Systems Of The Arts And Sciences Of Love By The Most Eminent Love Savants Of India.* Don Miguel Ruiz illuminates the fear-based beliefs and assumptions that undermine love and lead to suffering and drama in our relationships. He shows us how to heal our emotional wounds, recover the freedom and joy that are our birthright, and restore the spirit of playfulness that is vital to loving relationships. Ovid was a major Roman poet during the reign of Augustus. Ovid, along with Horace and Virgil, helped form Latin literature as the world came to know it. The action centers around the teaching of basic relationship skills between men and women. Cambridge University professor Reynold Nicholson once remarked that the 13th-century Persian poet Rumi is the "greatest mystical poet of any age." In Rumi's vision, love is the very matrix of existence; love is what moves life. His poetry

expresses the deepest and the most inclusive layers of love, and thus connects us to an immense source of joy, compassion, creativity, and mystery. This book is a new anthology and an original translation of Rumi's poetry. It is divided into three parts. Part I contains two essays, one on Rumi's life ("A Messenger from the Sun") and the other on his poetic vision and thought ("The Path of Love in the Ocean of Life"), which together help the reader better situate his poetry. Part II presents 144+1 quatrains (Rubaiyat) of Rumi categorized into 12 thematic chapters: On the Pain and Joy of Longing; The Search; Who Am I?; The Beloved's Face; Die to Yourself; The Art of Living; Night Secrets; Water of Life; Fire of Love; Unity and Union; Peaceful Mind; and Rumi on His Life, Poetry and Death. These poems have been selected and translated from the authentic Persian editions of Rumi's Divan-e Shams. For readers interested in the cadence and rhythm of the poems in the original language the Persian reading (in English script) is also given under each translated poem. Part III is a selection of 12 wisdom stories from Rumi's own life (taken from a 14th-century biographical work on Rumi). A glossary of symbolic terms in Rumi's poetry, and references to the original sources of the translated poems are also given at the end of the book. This anthology brings fresh insight into the work and mind of a master poet who mapped the path of spiritual quest and union, and painted in words the art of loving.
