Technicians of the Sacred, Third Edition Aug 03 2020 "A wide-ranging anthology of ethnopoetry including origin texts, visionary texts, texts about death, texts about events--collected from Africa, the Americas, Asia, Europe and the Ancient Near East, and Oceania."--Provided by publisher.

Island Landscapes Nov 05 2020 Island Landscapes takes a critical look at the evolution of European islandscapes and seascapes to examine the conditions facing them in the twenty first century. Considering island landscapes as an expression of European culture, this book envisages future trends and presents clearly the need to find a balance between preservation and development to ensure sustainability. Both large and small islands are illustrated in the book including the British Isles, Malta and Cyprus as well as archipelagos in Norway, Italy and Greece. Their unique identities and values reveal the remarkable breadth of cultural heritage possessed by these diverse European islands. An interdisciplinary approach is applied to the history, perception, characterisation and planning of islandscapes and seascape in Europe, to support culturally-oriented strategies for these fragile landscapes.

Sacred Landscapes in Antiquity Apr 03 2023 From generation to generation, people experience their landscapes differently. Humans depend on their natural environment: it shapes their behavior while it is often felt that deities responsible for both natural benefits and natural calamities (such as droughts, famines, floods and landslides) need to be appeased. We presume that, in many societies, lakes, rivers, rocks, mountains, caves and groves were considered sacred. Individual sites and entire landscapes are often associated with divine actions, mythical heroes and etiological myths. Throughout human history, people have also felt the need to monumentalize their sacred landscape. But this is where the similarities end as different societies had very different understandings, beliefs and practices. The aim of this new thematic

appraisal is to scrutinize carefully our evidence and rethink our methodologies in a multi-disciplinary approach. More than 30 papers investigate diverse sacred landscapes from the Iberian peninsula and Britain in the west to China in the east. They discuss how to interpret the intricate web of ciphers and symbols in the landscape and how people might have experienced it. We see the role of performance, ritual, orality, textuality and memory in people's sacred landscapes. A diachronic view allows us to study how landscapes were 'rewritten', adapted and redefined in the course of time to suit new cultural, political and religious understandings, not to mention the impact of urbanism on people's understandings. A key question is how was the landscape manipulated, transformed and monumentalized - especially the colossal investments in monumental architecture we see in certain socio-historic contexts or the creation of an alternative humanmade, seemingly 'non-natural' landscape, with perfectly astronomically aligned buildings that define a cosmological order? Sacred Landscapes therefore aims to analyze the complex links between landscape, 'religiosity' and society, developing a dialectic framework that explores sacred landscapes across the ancient world in a dynamic, holistic, contextual and historical perspective.

A Concordance to the Poems of John Keats May 31 2020 First published in 1981. A Concordance to the Poems of John Keats intended to provide the user with a volume suitable to the varying and increasingly specialised interests of scholarship. This title offers a high degree of inclusiveness that attends to the poems and plays, the emended and authoritative headings, and virtually all of the variant readings considered substantive in the riches of the Keats manuscript materials. This title will be of interest to students of literature.

The Red and White Springs of Avalon Mar 29 2020 All over the British Isles natural springs appear. Many are regarded as holy and are reputed to possess healing properties. Among the most venerated of these healing waters are the Red and White Springs that flow from the base of the famed Glastonbury Tor. In *The Red & White Springs of Avalon* the authors draw on alchemy and other spiritual traditions to explain the hidden powers of these two remarkable springs. They show how these ancient wisdom traditions provide important keys to the initiatory and healing secrets of Avalon. This fascinating exploration of Chalice Well, the Tor and the White Spring has become an essential guide to the mysteries of Glastonbury. Geomancer Nicholas R. Mann B.A. is the author of *Glastonbury Tor, The Isle of Avalon, Energy Secrets of Glastonbury Tor, Druid Magic, The Silver Branch Cards and The Sacred Geometry of Washington DC*. Philippa Glasson D.Phil. is an astrologer and seer who taught in the University of Cambridge for many years. She is the author of influential books and articles on subjects ranging from Renaissance alchemy to postmodern spirituality. Nicholas and Philippa are the joint authors of *The Star Temple of Avalon*.

George R. R. Martin's A Game of Thrones 5-Book Boxed Set (Song of Ice and Fire Series) Aug 15 2021 For the first time, all five novels in the epic fantasy series that inspired HBO's *Game of Thrones* are together in one eBook bundle. An immersive entertainment experience unlike any other, *A Song of Ice and Fire* has earned George R. R. Martin—dubbed “the American Tolkien” by *Time* magazine—international acclaim and millions of loyal readers. Now this bundle collects the entire monumental cycle in the most convenient format available: *A GAME OF THRONES A CLASH OF KINGS A STORM OF SWORDS A FEAST FOR CROWS A DANCE WITH DRAGONS* “One of the best series in the history of fantasy.”—*Los Angeles Times* Winter is coming. Such is the stern motto of House Stark, the northernmost of the fiefdoms that owe allegiance to King Robert Baratheon in far-off King's Landing. There Eddard Stark of Winterfell rules in Robert's name. There his family dwells in peace and comfort: his proud wife, Catlyn; his sons Robb, Brandon, and Rickon; his daughters Sansa and Arya; and his bastard son, Jon Snow. Far to the north, behind the towering Wall, lie savage Wildings and worse—unnatural things relegated to myth during the centuries-long summer, but proving all too real and all too deadly in the turning of the season. Yet a more immediate threat lurks to the south, where Jon Arryn, the Hand of the King, has died

under mysterious circumstances. Now Robert is riding north to Winterfell, bringing his queen, the lovely but cold Cersei, his son, the cruel, vainglorious Prince Joffrey, and the queen's brothers Jaime and Tyrion of the powerful and wealthy House Lannister—the first a swordsman without equal, the second a dwarf whose stunted stature belies a brilliant mind. All are heading for Winterfell and a fateful encounter that will change the course of kingdoms. Meanwhile, across the Narrow Sea, Prince Viserys, heir of the fallen House Targaryen, which once ruled all of Westeros, schemes to reclaim the throne with an army of barbarian Dothraki—whose loyalty he will purchase in the only coin left to him: his beautiful yet innocent sister, Daenerys. “Long live George Martin . . . a literary dervish, enthralled by complicated characters and vivid language, and bursting with the wild vision of the very best tale tellers.”—The New York Times

**Warriors and Wilderness in Medieval Britain** Jan 20 2022 Tracing the development of the King Arthur story in the late Middle Ages, this book explores Arthur's depiction as a wilderness figure, the descendant of the northern Romano-British hunter/warrior god. The earliest Arthur was a warrior but in the 11th century Welsh tale Culhwch and Olwen, he is less a warrior and more a leader of a band of rogue heroes. The story of Arthur was popularized by Geoffrey of Monmouth, in his Latin History of the Kings of Britain, and was translated into Middle English in Layamon's Brut and the later alliterative Alliterative Morte Arthure. Both owed much to the epic poem "Beowulf," which draws on the Anglo-Saxon fascination with the wilderness. The most famous Arthurian tale is Sir Gawain and the Green Knight, in which the wilderness and themes from Beowulf play a leading role. Three Arthurian tales set in Inglewood Forest place Arthur and Gawain in a wilderness setting, and link Arthur to medieval Robin Hood tales.

**The Viking Discovery of America** Feb 18 2022 Faced with harsh conditions in their Greenland home, a group of Vikings took the reins of fate into their own hands. With incredible luck, skill and fortitude, they discovered lands filled with a profusion of wood, wild game and fertile land. In the sagas that grew from this discovery, the lands were given names that resonated with hope and promise. Almost 1000 years later, a husband and wife team united their talents. Intrigued by allusions in the ancient sagas to fabled Vinland, they considered the scholarship on Viking culture and technology; they studied maps and they researched intensively the prominent theories on Vinland's location. And finally their efforts bore fruit when a remote Newfoundland peninsula yielded up a soapstone spindle-whorl, a Viking ring pin, and what had to be the overgrown remnants of over a dozen Viking buildings.

**The Sacred Isle** Mar 02 2023 Ancient monuments, legends and folklore interpreted to illuminate the realities of prehistoric Irish belief. The myths and legends of prehistoric Ireland have inspired writers through the ages, down to W.B. Yeats and Seamus Heaney in our own century, but what do we know of the realities of ancient Irish belief? Daithi O hOgain's book approaches the question by studying archaeological remains such as tumuli, stone henges and circular enclosures and analysing the rich materials that have been handed down both in the great cycles of Irish heroic tales and the humble but significant survivals of modern folklore, for instance the traditions associated with wells and springs. Drawing evidence from these varied sources, he arrives at a

balanced picture of a society and its beliefs which have all too often been the subject of conjecture and fancy. CONTENTS Pre-Celtic Cultures . Basic Tenets in the Iron Age . The Druids and their Practices . The Teachings of the Druids . The Society of the Gods . The Rites of Sovereignty . The Triumph of Christianity. DAITHI O HOGAIN was Professor of Folklore at University College Dublin.

**The Ninefold Way of Avalon** Dec 27 2019 Follow the Mythic Map into Modern Practice The path of the Avalonian priestess is as unique as those who walk it; learn how to apply the nine energies of this path in service to the Goddess, the community, and the self in pursuit of inner wholeness and connection to Avalon within. Jhenah Telyndru explores Avalon's legacy through history and lore: examining Arthurian legends; myths from Wales, Brittany, and Ireland; and the accounts of Celtic priestesses recorded by Roman historians. Presented in two parts, this book first delves into the rich historical and cultural information that forms the Avalonian Stream of Tradition, especially the Ninefold Sisterhoods found in Celtic lands and beyond. Then, you will be introduced to nine modern priestess pathways inspired by ancient ways: Lorekeeper, Lawspeaker, Emissary, Artisan, Hearttender, Guardian, Seer, Healer, and Ritualist. You'll use specialized workings to connect with Avalon's energetic currents, reclaim your sovereignty, learn to be in priestess service as a bridge between the worlds, and find your way home to Avalon within.

**The Devil in Iron Annotated** Apr 10 2021 The Devil in Iron is one of the original stories by Robert E. Howard about Conan the Cimmerian, first published in Weird Tales in August 1934. Howard earned \$115 for the publication of this story. The plot concerns the resurrection of a mythical demon due to the theft of a sacred dagger, and an unrelated trap that lures Conan to the island fortress roamed by the demon. Due to its plot loopholes and borrowed elements from Iron Shadows in the Moon, some Howard scholars claim this story is the weakest of the early Conan tales

**Sacred Islands and Continents in the Classics** Nov 29 2022 Ambitious scholiasts, men of a small sub-race born but yesterday, and one of the latest issues of the Aryan stock, took upon themselves to overturn the religious thought of the world, and succeeded. For nearly two thousand years they impressed thinking Humanity with the belief in the existence of Satan. Plato merged the history of Atlantis, which covered several million years, into one event which he located on one small island about the size of Ireland, whereas the priests spoke of Atlantis as a continent vast as all Asia and Libya put together. The statements of Herodotus that the Atlantes who were vegetarians, whose sleep was never disturbed by dreams, and who cursed the sun because his excessive heat scorched and tormented them, are all based on moral and psychic facts and not on physiological disturbance. Atlas is the old continents of Lemuria and Atlantis, combined and personified in one symbol. He supports the sacred islands and continents on his shoulders. The poets attribute to Atlas a superior wisdom and a thorough acquaintance with the depths of the ocean because both Lemuria and Atlantis bore races instructed by divine masters; and both were transferred to the bottom of the seas, where they now slumber until their next reappearance above the waters. The feet of Atlas tread the earth while his shoulders support the celestial vault, an allusion to the gigantic peaks of the Lemurian and Atlantean continents. Proud Atlas, having sunk one third of its size into the waters, its two parts remained as a heirloom of Atlantis. Atlas and the Teneriffe Peak, now two of the dwarfed relics of the lost continents, were thrice as lofty during the day of Lemuria and twice as high in that of Atlantis. Alchemy had its birth-place in Atlantis during the Fourth Race, and had only its renaissance in Egypt. So secret was the knowledge of the last islands of Atlantis, on account of the superhuman powers possessed by its inhabitants (the last direct descendants of Divine Kings) that to divulge its whereabouts and existence was punished by death. To the uninitiated profane the dead letter was religion, and interpretation a sacrilege. Dead letter could neither edify nor uplift him. But to initiated philosopher Hesiod's Theogony is as historical as any history can be. Poseidon-Neptune, the grandson of Ouranos, is the Hindu Idaspati, and identical with Narayana, the mover in (not on) the waters. Ouranos was the first astronomical teacher of men because he is one of the seven Dhyani-Chohans overseeing that second race. Ouranos gave birth to the Saturnian Titans of the Third Race, and it is they who mutilated him. For when creation by divine will was superseded by physical procreation, they needed Ouranos no more. Poseidon-Neptune and Nereus, who fathered the Nereids, are one: the former is the ruler or spirit of Atlantis

before the beginning of its submersion; the latter, after. Poseidon is the titanic strength of the living race; Nereus, its spirit reincarnated in the subsequent Fifth or Aryan Race. Poseidon is of the earth earthy, strong and self-asserting, sensual, jealous, and vindictive, because he symbolises the spirit of the Atlantean Race that lives above the surface of the seas and which is composed of giants, the children of Eurymedon, the race that fathered Polyphemus and the one-eyed Cyclopes. The key to the mysteries of the Christian as well as of the Grecian Theogonies and Sciences, is the Secret Doctrine of the prehistoric nations. The standing army of Atlantis is given as upwards of a million men; its navy as 1,200 ships plus 240,000 men. Such statements are quite inapplicable to Poseidonis, a small island state of about the size of Ireland!

Ethnologically, the seven daughters of Atlas or Atlantides are the seven sub-races, as they are credited with having married gods and having become mothers of famous heroes, the founders of many nations and cities. Astronomically, the Atlantides have become the seven Pleiades. Esoterically, the two are connected with the destinies of nations, as shaped by past events according to Karmic law. The Secret Doctrine shows that the founders of the Root-Races have all been connected with the Polar Star. The Aryan race was born and developed in the far north, however, after the sinking of Atlantis its tribes emigrated south into Asia. Hence Prometheus is son of Asia, and Deukalion, his son, the Greek Noah. Cyclopes, the beloved priests of Apollo, were the last three sub-races of the northern race, the Lemurians. The single eye stands for the all-penetrating spiritual eye, which atrophied when their pastoral life evolved into the sensual culture of the Atlanteans, only to be replaced by the outward-looking eyes of lust and greed. Odysseus-Ulysses belongs to the cycle of the heroes of the Atlantean Fourth Race. His adventure with the pastoral giants is an allegory of the gradual passage from the Cyclopean civilization of stone and colossal buildings to the sophisticated culture and physical proclivities of the Atlanteans. That other allegory, which makes Apollo kill the Cyclops to avenge the death of his son Asklepios (by Zeus with a lightning bolt fashioned by Cyclopes) refers to the Hyperborean Arimasian Cyclopes, the last race endowed with the Wisdom-eye. In his occult aspect, Apollo is patron of Number Seven. Cosmically and astronomically, he is the Sun personified. Psychically and spiritually, his significance is far more important. The Greeks naturalised the gods they "borrowed" and made Hellenes of them, and the moderns helped them. To make a difference between Lemuria and Atlantis, the ancient writers referred to the latter as the northern or Hyperborean Atlantis, and to the former as the Southern one. Geologically, Leto-Latona is the Hyperborean Continent and its Race. The quarrel of Latona with Niobe, the Atlantean race, allegorizes the history of the two continents. Latona-Lemuria is transformed into Niobe-Atlantis, over which her son Apollo, or the Sun, reigns with an iron rod, truly, since Herodotus makes the Atlantes curse his too great heat. The Lemuro-Atlantean, is the first physical race, though the third and the fourth in number. The Lemurians, as also the early Atlanteans, were divided into two opposing fraternities, the Sons of Darkness, and the Sons of Light. There were terrible battles between the two. The island of Delos, the Asteria of the Greek mythology, was never in Greece, a country which, in its day, was not yet in existence, not even in its molecular form. Diodorus Siculus and Pliny place Delos in the Northern seas. One calls it royal; the other, the royal island of gods. Because the divine dynasties of the kings of Atlantis proceeded from that place. Occult records and linguistic evidence indicate that gods, religious beliefs, and myths have all come from the north, which was also the cradle of physical man. The Hyperboreans, the Cimmerians, the Arimaspoi, and the Scythians were descendants of the last Atlantean sub-races. But they were neither known to, nor communicating with, the Greeks. The Pelasgians, a remnant of an Atlantean sub-race, were certainly one of the root-races of future Greece. Noah's Deluge is astronomical and allegorical but not mythical. However, the allegory about the antediluvian giants and their achievements in sorcery is no myth. Poseidon is not only the personation of the spirit and race of Atlantis, but also of the vices of the Nephilim giants of Genesis. The bestiality of the Satyrs was real, not allegorical. Esoteric records show these hairy Satyrs to be the last descendants of those Lemuro-Atlantean races, which begot children on female animals, of species now long extinct. They paid a very heavy price for their unnatural union. The whole globe is convulsed periodically; and has been so convulsed, since the appearance of the First Race, four times. Yet, though the whole face of the earth was transformed thereby each time, the conformation of the Arctic and Antarctic poles has but little altered. Continents perish in turn by fire and water: either through earthquakes and volcanic eruptions, or by sinking and the great displacement of

waters. The three "imprisoned" polar giants, Briareus, Kottos, and Gyges, are three polar lands which have changed form several times, at each new cataclysm or disappearance of one continent to make room for another. When lesser gods and titans rebelled against Zeus, he hurled Lemuria amid thunder and lightning to the bottom of the seas, so as to make room for Atlantis, which was to be submerged and perish in its turn. The geological upheaval and deluge of Thessaly was a repetition on a small scale of the great cataclysm; and remaining impressed on the memory of the Greeks, was merged by them into, and confused with, the general fate of Atlantis. All continents are formed from North to South. And the tallest men are those in Northern countries, while the smallest are Southern Asiatics. Thus also the giants of Atlantis, as well as the Titans of Hesiod, are all Northerners.

**Sacred Land** Nov 17 2021 SACRED LAND will enable you to discover the hidden secrets and meaning of the landscape around you, town or country, modern or old, wherever you live in Britain. There has been a dramatic growth in interest in our own history, buildings, landscape, sacred places, beliefs and culture over the last few years and this book will equip you with the tools to unlock the meaning, stories and history that are literally embedded in our landscape. It takes us from street names to churches; from hill forts to burial mounds; from the way a road bends to the shapes of fields in order to understand better the land that lies beneath our feet. In the literal shape of our countryside can be detected the eddies of time, politics, belief, warfare, passion and the durability of the human existence. SACRED LAND is a fascinating, accessible read and the perfect reference guide to have in your home or in your car. It will be of interest to everyone who loves history, sacred places and sacred history, and those who like to explore their ancestry and roots.

**Celtic Myth and Arthurian Romance** Apr 30 2020

**The Celtic Encyclopedia** Oct 29 2022 The book concentrates on the cultures that arose in Europe after the dispersal of the Aryan-speaking people from their homeland north of the Black Sea during BC 4th millenium. Relying on mythology, history and archeology the author has traced the development and movements of the "Q-Celt" and "P-Celt" speaking peoples of Europe and Asia Minor. The time span covers from BC 3rd millenium to the Roman occupation of Celtic Europe. The emphasis is on the Bronze and Iron Ages. The result is a comprehensive overview of the people we have come to call the Celts. The work uses a clear language style and is organized as an encyclopedia for easy reference. Over 50 sub-cultures, 260 tribes and 1000 characters (dieties, heroes, warriors, etc.) are listed alphabetically, with separate chapters describing religious practices, customs, social structure, etc. as well as relevant museum collections and sites of interest. Complete 5 volume set, ISBN 1581128894, US \$129.95 Vol 1, ISBN 1581128908, US \$25.95 Vol II, ISBN 1581128916, US \$25.95 Vol III, ISBN 1581128924, US \$25.95 Vol IV, ISBN 1581128932, US \$25.95 Vol V, ISBN 1581128940, US \$25.95

**The Devil in Iron** Jan 08 2021 "The Devil in Iron" is one of the original stories by Robert E. Howard about Conan the Cimmerian, first published in *Weird Tales* in August 1934. Howard earned \$115 for the publication of this story. The plot concerns the resurrection of a mythical demon due to the theft of a sacred dagger, and an unrelated trap that lures Conan to the island fortress roamed by the demon. Due to its plot loopholes and borrowed elements from "Iron Shadows in the Moon", some Howard scholars claim this story is the weakest of the early Conan tales.

**The Devil in Iron** Oct 05 2020 The plot concerns the resurrection of a mythical demon due to the theft of a sacred dagger, and an unrelated trap that lures Conan to the island fortress roamed by the demon. Due to its plot loopholes and borrowed elements from "Iron Shadows in the Moon," some Howard scholars claim this story is the weakest of the early Conan tales. In "The Devil in Iron," an ancient demon, Khosatral Khel, is awakened on the remote island of Xapur due to the meddling of a greedy fisherman. Upon reawakening, Khel resurrects the ancient fortress which once dominated the island, including its cyclopean walls, gigantic pythons, and long-dead citizens.

**The Devil in Iron** Dec 31 2022 "The Devil in Iron" by Robert E. Howard. Published by Good Press. Good Press publishes a wide range of titles that encompasses every genre.
