Management, Information and Educational Engineering Sep 28 2021 This book contains selected Computer, Management, Information and Educational Engineering related papers from the 2014 International Conference on Management, Information and Educational Engineering (MIEE 2014) which was held in Xiamen, China on November 22-23, 2014. The conference aimed to provide a platform for researchers, engineers and academic

EIL, ELF, Global English Jun 25 2021 How can you teach the English language to global English speakers? Can English be taught as an international language? Is it worth teaching? Isn't it more proper and profitable to learn a standard variety of English? How realistic and useful is the identification of an EIL/ELF variety? Can an EIL/ELF standard be identified? These are some of the questions the present volume has addressed with the contribution of some of the most qualified scholars in the field of English linguistics. The book is divided into four sections. The first part deals with the definition of English as an international language and English as a lingua franca. Section two takes six different teaching issues into consideration. The third section examines some learning issues and the last part of the volume debates the relationship between teacher and student in an English as a lingua franca environment.

English Linguistic Imperialism from Below Jan 01 2022 Imperialism may be over, but the political, economic and cultural subjugation of social life through English has only intensified. This book demonstrates how English has been newly constituted as a dominant language in post-market reform India through the fervent aspirations of non-elites and the zealous reforms of English Language Teaching experts. The most recent spread of English in India has been through low-fee private schools, which are perceived as dubious yet efficient. The book is an ethnography of mothering at one such low-fee private school and its neighboring state-funded school. It demonstrates that political economic transitions, experienced as radical social mobility, fuelled intense desire for English schooling. Rather than English schooling leading to social mobility, new experiences of mobility necessitated English schooling. At the same time, experts have responded to the unanticipated spread of English by transforming it from a second language to a first language, and earlier hierarchies have been produced anew as access to English democratized.

Paradigm Shifts in 21st Century Teaching and Learning Sep 16 2020 One of the most important transformations in the world today is the adaptation to education and teaching methods that must be made to enhance the learning experience for Millennial and Generation Z students. The system in which the student is passive and the teacher is active is no longer the most effective form of education. Additionally, with the increased availability to information, knowledge transfer is no longer done solely by the teacher. Educators need to become moderators in order to promote effective teaching practices. **Paradigm Shifts in 21st Century Teaching and Learning** is an essential scholarly publication that examines new approaches to learning and their application in the teaching-learning process. Featuring a wide range of topics such as game-based learning, curriculum design, and sustainability, this book is ideal for teachers, curriculum developers, instructional designers, researchers, education professionals, administrators, academicians, educational policymakers, and students.

The Body Politics of Glocal Social Work May 05 2022 This book shapes a situated body politics to re-think, re-write, and de-colonise social work as a post-anthropocentric discipline headed towards glocalisation, where human and non-human embodiments and agencies are entangled in glocal environmental worlds. It critically and creatively examines how social work can be theorised, practised, and written in renewed ways through dialogical and transdisciplinary practices. This book is composed of eight essayistic spaces, envisioning social work through embodied, glocal, and earthly entanglements. By drawing on research-based knowledge, autobiographical notes, stories, poetry, photographs, and an art exhibition in social work education, these essays provide readers with analysis and strategies that are useful for research, education, and practice as well as life-long learning. The book constitutes key literature for researchers, educators, practitioners, and activists in social work, sociology, architecture, art and creative writing, feminist and postcolonial studies, human geography, and post-anthropocentric philosophy. It offers the readers sustainable ways to re-think and re-write social work towards a glocal- and post-anthropocentric more-than-human worldview.

The Prodigal Tongue Nov 30 2021 CHOSEN BY THE ECONOMIST AS A BEST BOOK OF THE YEAR
An American linguist teaching in England explores the sibling rivalry between British and American English "English accents are the sexiest." "Americans have ruined the English language." Such claims about the English language are often repeated but rarely examined. Professor Lynne Murphy is on the linguistic front line. In *The Prodigal Tongue* she explores the fiction and reality of the special relationship between British and American English. By examining the causes and symptoms of American Verbal Inferiority Complex and its flipside, British Verbal Superiority Complex, Murphy unravels the prejudices, stereotypes and insecurities that shape our attitudes to our own language. With great humo(u)r and new insights, Lynne Murphy looks at the social, political and linguistic forces that have driven American and British English in different directions: how Americans got from centre to center, why British accents are growing away from American ones, and what different things we mean when we say estate, frown, or middle class. Is anyone winning this war of the words? Will Yanks and Brits ever really understand each other?

Arabella Boxer's Book of English Food Mar 23 2021 A Book of English Food is an elegant compendium of brilliant recipes adapted from the cookery books of the 1920s and 1930s by Arabella Boxer, with beautiful new illustrations by Cressida Bell. Arabella Boxer's Book of English Food describes the delicious dishes - and the social conditions in which they were prepared, cooked and eaten - in the short span between the two World Wars when English cooking suddenly blossomed. The food in these wonderful recipes comes from the great country houses, where little had changed since Victorian times, the large houses in London and the South, where fashionable hostesses vied with each other to entertain the most distinguished guests at their tables, and less grand establishments, like those in Bloomsbury where the painters and writers of the day contrived to lead cultured and civilised lives on little money. Containing 200 recipes, drawn from cookery books, magazines of the period, family sources or from talking to survivors who still remember those days, A Book of English Food is a fascinating glimpse into another world, and a celebration of English cooking at its finest. 'That rare thing, a cookery book with an argument: viz, that English cookery was once both good and independent of the cuisines of her neighbours . . . a rollicking good read' Observer 'I still find the calm elegance of her writing an inspiration' Nigel Slater 'A treasury of social gossip . . . immensely enjoyable and useful' Spectator 'A captivating exploration and celebration of the flowering of English cooking in the 1920s and 30s' Financial Times 'I recommend it, not only for its excellent food but also for the superb introductions and details of social history in the great houses with their shimmering hostesses' Evening Standard Arabella Boxer was born in 1934 and educated in the UK, Paris and Rome. She has written for the Sunday Times magazine and the Telegraph magazine and was Food Writer for Vogue from 1966 to 1968 and 1975 to 1991. She was awarded the Glenfiddich Cookery Writer of the Year Award in 1975 and 1978, a Glenfiddich Special Award in 1992 and won the 1991 André Simon Award and the 1992 Michael Smith Macallan Award for fine writing about British food. Arabella Boxer is the author of a number of cookery books, including First Slice Your Cookbook, Arabella Boxer's Garden Cookbook, Mediterranean Cookbook, The Sunday Times Complete Cookbook and A Visual Feast (with Tessa Traeger). A founding member of the Guild of Food Writers, she lives in London.

The Evolution Of British Isles Cuisine Aug 20 2023 Well-known traditional British dishes include full

breakfast, fish and chips, the Christmas dinner, the Sunday roast, steak, and kidney pie, shepherd's pie, and bangers and mash. People in Britain, however, eat a wide variety of foods based on the cuisines of Europe, India, and other parts of the world. But the history tells a different story of British Isles cuisine. British food has had a poor reputation for generations, it's heavy, tasteless, and uninspired, or at least so we are led to believe. Over the past thirty years or so British chefs have come into their own and now food in England's best hotels and restaurants rivals that of any place in the world. History is less kind to the English table. For those that don't know; England is the island while the British Isles is the group of islands, mainly England and Ireland but with over 6000 smaller islands, the United Kingdom at one time covered the globe. With modern communications and transportation, the idiosyncrasies of local cuisine are beginning to disappear to the detriment of us all. It is not just cuisines that are disappearing; it is little bits of history. During and after WWII travel and foreign exchanges were severely curtailed in England so that there was renewed reliance on local foods. Do you want to know more about British Isles Cuisine? Then read this book now.

The Global Classroom May 25 2021 Behind the Scenes of a Revolution in Education In 2013, Cindy Mi, a high school dropout turned English teacher, founded VIPKid with an innovative vision for education: facilitating personalized, one-on-one sessions with students and tutors from around the world. Six years later, her brainchild boasts a multibillion valuation and connects approximately 100,000 teachers and over 700,000 students worldwide. This is the story of a revolution in education. The Global Classroom takes readers inside the startup's history, educational innovation, and unprecedented success. With a foreword from Mi, the book takes a deep dive into a new educational model and investigates how the company's platform has diversified to serve the needs of students from countries across the globe. Readers will hear from VIPKid's executives, teachers, students, and parents as they discuss the company's values, its tangible success, and its impact on their lives. The Global Classroom is an inside look at the model for education in the 21st century and beyond.

TESOL Guide for Critical Praxis in Teaching, Inquiry, and Advocacy* Aug 28 2021** The field of TESOL encompasses English teachers who teach English as an additional language in English-dominant countries and those teachers who teach English as a foreign language in countries where a language other than English is the official language. This range of educators teaches English to children, adolescents, and adults in primary, secondary, post-secondary, popular education, and language academies or tutoring centers. The diversity of learners and contexts within the TESOL field presents a unique opportunity for educators to address varied educational and societal needs. This opportunity calls for TESOL educators who can support the whole learner in a range of contexts for the greater social good. There is an urgent need for readily reproducible and step-by-step research-based practices and current standards in TESOL that bridge the gap between critical scholarship and equitable teaching practices. This book would serve as a critical addition to current literature in TESOL. ***TESOL Guide for Critical Praxis in Teaching, Inquiry, and Advocacy is an essential reference that provides practical and equitable step-by-step guides for TESOL educators through the current best practices and methods for effective and equity-minded teaching, critical inquiry, and transformative advocacy. This book is of particular value as it bridges theories to practices with a critical look at racial and social justice in English language teaching, which will lead to the integration of social justice-focused practice across the new curriculum. Covering topics such as integrated language instruction, equity and inclusivity, critical consciousness, and online learning, this text is essential for in-service and pre-service TESOL educators, education students, researchers, administrators, teacher educators, and academicians.

Jamie Oliver's Great Britain Sep 09 2022 Having grown up in his parents' gastropub, Jamie Oliver has always had a special place in his heart for British cooking. And in recent years there's been an exciting

revolution in the British food world in general. English chefs, producers, and artisans are retracing old recipes, rediscovering quality ingredients, and focusing on simplicity and quality. Jamie celebrates the best of the old and new (including classic British immigrant food) in his first cookbook focused on England. Here are over 130 great, easy-to-prepare recipes, ranging from salads—Heavenly Salmon and Epic Roast Chicken; to puddings—Rhubarb and Rice Pudding and Citrus Cheesecake Pots; to Sunday lunch—Guinness Lamb Shanks and Roast Quail Skewers; and, of course, the crumbliest scones. America has already fallen for the new British gastropub cooking, with popular restaurants by chefs such as April Bloomfield of The Spotted Pig and the John Dory. Now Jamie shows how to make the same delicious food at home. This is definitely not your grandmother’s mushy peas!
