Submarines The Watch Book Rolex

As the war in North Africa escalated, Axis war efforts became increasingly dependent on supply lines across the Mediterranean. To try to cut off these lines of supply the British deployed submarines from the besieged island of Malta with the directive to sink as much merchant convoy tonnage as possible. Italy responded by sending her Torpedo boats to protect and escort Axis convoys. Featuring specially commissioned full-colour artwork and carefully chosen archive photographs, this engaging study assesses the evolving battle between Britain's submarines and Italy's torpedo boats in the struggle for primacy in the Mediterranean at the height of World War II. A collection of whimsical true encounters between famous and infamous individuals describes the unlikely meetings of Marilyn Monroe with Frank Lloyd Wright, Michael Jackson with Nancy Reagan, and Sigmund Freud with Gustav Mahler. Only the author of The Hunt for Red October could capture the reality of life aboard a nuclear submarine. Only a writer of Mr. Clancy's magnitude could obtain security clearance for information, diagrams, and photographs never before available to the public. Now, every civilian can enter this top secret world...the weapons, the procedures, the people themselves...the startling facts behind

the fiction that made Tom Clancy a #1 bestselling author. Informative text and hundreds of photos are a fitting testament to the world-renowned Rolex brand. Respected wristwatch expert and historian Gisbert L. Brunner shares his extensive subject knowledge once more. A must-have for watch collectors, enthusiasts, and anyone wishing to become one. William Kennedy (1814-1890) was an explorer and fur trader. In 1851 he was recommended to Lady Franklin as the commander of her second sponsored expedition in search of her husband, Arctic explorer Sir John Franklin (1786-1847), who had not returned from his 1845 expedition to chart the remaining unexplored section of the Arctic and the Northwest Passage. This volume, first published in 1853, contains Kennedy's account of his 1851 Arctic expedition to rescue Sir John Franklin. Written in the form of a diary, Kennedy describes in detail the hazardous conditions of the Arctic. The crew's experiences including snow blindness, frostbite, scurvy and explorations of land on foot accompanied by Husky dogs are described in detail. Kennedy's use of Inuit survival methods and the type of provisions which were used are also described, providing valuable insights into early nineteenth century methods of Arctic

exploration. Designed to fill an overlooked gap, this book, originally published in 1972, provides a single unified introduction to bibliographical sources of British military history. Moreover it includes guidance in a number of fields in which no similar source is available at all, giving information on how to obtain access to special collections and private archives, and links military history, especially during peacetime, with the development of science and technology. This comprehensive and detailed reference guide to Rolex sports model watches is an indispensable asset to watch collectors and dealers. The only work of its kind, it covers the history of the Submariner, Sea-Dweller, Explorer, GMT-Master, Turn-O-Graph, Milgauss, and Cosmograph watches, from 1952 to 1990. The history of more than 140 vintage models is described in detail, with the watches shown in chronological order. Color photographs illustrate every watch model, with hundreds of diagrams providing clear and useful information about the development of each model. Twenty-two rare Rolex brochures are shown along with numerous catalog photographs and the associated sale prices of sports models sold at Christie's and Sotheby's worldwide from 1997 to 2017. Also included is a current price guide for every model shown in the book. Rolex watches continue to dominate the collecting market, and this authoritative volume, now in its revised and expanded 4th edition, continues to be the essential resource for the Rolex collector, dealer, and auctioneer.

This book evaluates investment opportunities such as life settlements, litigation funding, farmlands, royalties, weather derivatives, collectables and other unique asset classes. It provides an in-depth analysis of the returns, risks, opportunities and portfolio effects for anyone who wants to expand their investment horizons. This book is for individual investors, financial advisors, and academics who desire knowledge about investment products beyond just stocks and bonds or vanilla hedge funds, private equity and real estate investments. It provides a critical link to industry data and original research to support the case for adding exotic alternative investments to traditional portfolios. A comprehensive, data-driven desk reference guide, to the world's favorite vintage watches. A companion to the acclaimed Field Guide, this is an enhanced, revised and extended edition with richer content and more data. 4/5 Stars **** »The information contained in this book is quite useful« Juan C. L 4/5 Stars **** Good reference for those considering a luxury watch: »Good overview of luxury watch manufacturers and significance of each. Reviews some leading models. Covers reasons to invest in a luxury watch... Easily readable« JJPEngr 4/5 Stars **** »Four Stars. Involving.« Aaron »I enjoyed the book and now must rob a bank to afford a Rolex or Patek-Philippe.« John G. »That was an interesting book. I am ready to move up to luxury.« John F A luxury watch is more than \$5,000. So naturally in this topic there is a lot of money involved. This book will

help you to avoid wrong decisions that would cost you huge amounts of money. It will help you to understand how the luxury watch market works. There are a lot of watchmakers and even more watches on the market. It will help you to identify the top brands and watches that not only look nice, but are a good investment into the future. Vintages models are very en vogue for some years now. So if you consider purchasing a luxury watch, there are a lot of things you need to know. Like e.g. What is a luxury watch and what makes it so expensive? What models and brands keep their value over years, which even grow in value? What are the top watch brands of the world? What are the top watch models, the timeless classics available? Should I buy a replica watch? Can a luxury watch be a financial investment like artworks, oldtimers or precious metals? This book will help you with basic knowledge and some personal advice. Tags: Rolex, Omega, Watch, Breitling, Watches, Hublot, Rolex Submariner, Rolex Daytona, Omega Seamaster, Rolex Prices, Swiss Watches, Luxury Watches The only submarine bibliography in print and a valuable resource to historians, students and collectors. Over 6000 resources listed. Does the sheer variety paralyze you? Are you stumped by the acronyms and jargon? Fearful of scammers and just want an honest watch at a fair price? Like you, each watch is unique and matching one to a collection or collector is a special event. Whether it's a first or a last, the match is visceral and life long. There's a lot at stake. The

Vintage Rolex Field Guide is your best shot at buying-well and avoiding pitfalls. It is full of advice and details to help you access facts and specs without gushy superlatives. Spot, identify and assess the best vintage Rolex watches with the right data. Life is short and your time is precious so wear it well. If you're ready to take action, this book is for you. A bold and authoritative maritime history of World War II which takes a fully international perspective and challenges our existing understanding Command of the oceans was crucial to winning World War II. By the start of 1942 Nazi Germany had conquered mainland Europe, and Imperial Japan had overrun Southeast Asia and much of the Pacific. How could Britain and distant America prevail in what had become a "war of continents"? In this definitive account, Evan Mawdsley traces events at sea from the first U-boat operations in 1939 to the surrender of Japan. He argues that the Allied counterattack involved not just decisive sea battles, but a long struggle to control shipping arteries and move armies across the sea. Covering all the major actions in the Atlantic and Pacific oceans, as well as those in the narrow seas, this book interweaves for the first time the endeavors of the maritime forces of the British Empire, the United States, Germany, and Japan, as well as those of France, Italy, and Russia. The third edition of this definitive and popular book, marking the 60th anniversary of the Speedmaster Now includes 17 new Speedmasters and an additional 120 new

illustrations Updated models, serial range, and popularity index make this a must-buy for collectors "Moonwatch Only is certainly one of the best books ever written about a single watch model." - William Massena - Timezone.com "It is an indescribable reference work and a true must-have for every Speedmaster collector." - Forbes "This book sets a new standard. Not only for books on the Omega Speedmaster, but for watch books in general. I've never seen anything like it, and believe me when I tell you that I could fill an impressive sized wall with books on watches. Authors of other books or publishers should take a look at Moonwatch Only as well to see how it should be done." - Robert Jan Broer - FratelloWatches "The OMEGA Speedmaster Professional - the Moonwatch - has done things that no other timepiece has done and it's been worn in places that only a few human beings have been." - Captain Eugene Cernan, 'Last man on the moon' There are very few timepieces in the world that deserve a definitive and comprehensive book such as this one. The OMEGA Speedmaster Professional Moonwatch is one of them. Initially designed for automobile racing teams and engineers, the Omega Speedmaster embarked on a very different trajectory when NASA chose it to accompany astronauts heading for the Moon in 1965. Its involvement in the space adventure has propelled the Moonwatch to the top of the list of celebrated timepieces. After years of research and observation, the authors present a

complete panorama of the Moonwatch in a systematic work that is both technical and attractive, making it the inescapable reference book for this legendary watch. This third edition marking the 60th anniversary of the Speedmaster has been enriched with numerous new features including a 16-page gallery of astronauts and their Speedmaster, QR codes to extend your exploration and a detailed story of a vintage Speedmaster. "I've paged through stacks of books on the history of watches. . . . But I hadn't come across a book that actually moved me until I picked up A Man and His Watch. The volume is filled with heartfelt stories." —T: The New York Times Style Magazine Paul Newman wore his Rolex Daytona every single day for 35 years until his death in 2008. The iconic timepiece, probably the single most sought-after watch in the world, is now in the possession of his daughter Clea, who wears it every day in his memory. Franklin Roosevelt wore an elegant gold Tiffany watch, gifted to him by a friend on his birthday, to the famous Yalta Conference where he shook the hands of Joseph Stalin and Winston Churchill. JFK's Omega worn to his presidential inauguration, Ralph Lauren's watch purchased from Andy Warhol's personal collection, Sir Edmund Hillary's Rolex worn during the first-ever summit of Mt. Everest . . . these and many more compose the stories of the world's most coveted watches captured in A Man and His Watch. Matthew Hranek, a watch collector and NYC men's style fixture, has traveled the world

conducting firsthand interviews and diving into exclusive collections to gather the never-before-told stories of 76 watches, completed with stunning original photography of every single piece. Through these intimate accounts and Hranek's storytelling, the watches become more than just timepieces and status symbols; they represent historical moments, pioneering achievements, heirlooms, family mementos, gifts of affection, and lifelong friendships. The Pre-Owned Rolex Exchange Price Guide is the most thorough, colorful, and up to date price guide available, from the most trusted name on the subject today, Paul Altieri. In the book, Altieri provides real time up to the minute valuations on all Rolex model watches currently in production including some of the more popular vintage styles. The book is well organized by category: Submariner, Daytona, Datejust, President, Vintage, Sea Dweller, GMT, Air King, Explorer, Cellini, and Milgaus. The easy to use guide describes and illustrates each model featured and provides the estimated market value as determined by our experts at Bob's Watches. In the book, the author creates the definitive guide or reference for amateur collectors, dealers, retailers, watch stores, appraisers, and avid Rolex fans. So whether you are looking to buy, sell, or trade in used Rolex watches, browse the extensive price guide to determine the current market value or worth of any given Rolex model. The Watch is the most popular book on vintage and contemporary mechanical watches, appealing to both

beginners and experts. In the decade since it was published, the international audience of watch lovers and watch collectors has grown exponentially. It's time for The Watch, Thoroughly Revised. For this new edition, the original author, Gene Stone, is joined by Stephen Pulvirent of Hodinkee.com. Together, they have thoroughly revamped the book to reflect the current state of the watch world, with the addition of new brands, new models, and more focused and nuanced coverage of the traditional brand leaders, including Rolex, Patek Philippe, Omega, and TAG Heuer. The German Navy, both before the War and throughout the years of fighting, was heavily outnumbered by the navies of Great Britain and the United States; nonetheless, it proved to be serious thorn in the sides of its adversaries. The U-boat war in the North Atlantic threatened the very liberation of Europe, while the major warships posed a constant threat to the Allied shipping lanes. This important reference book is an indispensable guide to the ships, organisation, command and rank structure, and leaders of the Kriegsmarine, and helps explain why it was such a potent force. A detailed text, augmented by photos, maps and diagrams, studies the German Navy from the Treaty of Versailles to the collapse of the U-boat offensive and the demise of the Third Reich. After covering the background organisation and naval bases, the author gives detailed descriptions of all the classes of ship from the battleships to motor torpedo boats and

minesweepers. The officers and sailors are covered along with their uniforms and awards and insignia. Biographies of notable personalities and a chronology of the main naval events are included, as well as appendices and a select bibliography. Based on the author's 1979 title The German Navy in World War Two, this is a classic work of reference for a new generation of readers. The name Rolex is recognized around the world. As an icon of beauty, quality, accuracy, style, and taste. While there are other fine manufacturers of timepieces, none has reached this pinnacle of public respect and acclaim. The watches produced by Rolex over the last 90 years are celebrated in this lavishly illustrated classic, now in an expanded second edition. Dowling and Hess, both acknowledged Rolex authorities, have captured the watches' beauty in color photography and present the most thorough and extensive history written of the company. Information for collectors and newly revised market values of the watches make this a truly useful volume, one that will be cherished by watch lovers around the world. From the Palmer Raids to the McCarthy era, to ABSCAM and Waco, the FBI has been enmeshed in controversy since its creation. It is also deeply woven into the fabric of our national identity and popular culture. The subject of countless movies, books, and television shows, we are fascinated by its mystique and drama. But how did the bureau that began with a modest 34 investigators in 1908 become the powerful

force that it is today, employing over 12,000 agents across the country? Submarines had a vital, if often unheralded, role in the superpower navies during the Cold War. Their crews carried out intelligence-collection operations, sought out and stood ready to destroy opposing submarines, and, from the early 1960s, threatened missile attacks on their adversary's homeland, providing in many respects the most survivable nuclear deterrent of the Cold War. For both East and West, the modern submarine originated in German U-boat designs obtained at the end of World War II. Although enjoying a similar technology base, by the 1990s the superpowers had created submarine fleets of radically different designs and capabilities. Written in collaboration with the former Soviet submarine design bureaus, Norman Polmar and K. J. Moore authoritatively demonstrate in this landmark study how differing submarine missions, antisubmarine priorities, levels of technical competence, and approaches to submarine design organizations and management caused the divergence. Finding a vintage Rolex is easy. Finding one that's worth its price... that's the challenge. Fakes are getting harder to spot, and a poor restoration could end up costing you more than its price in repairs. That's a painful mistake you could avoid with the right information. Written by a seasoned collector, this guide will teach you the complex nuances of vintage Rolex watches, saving you from financial catastrophe and turning you into a savvy collector. 1,483

references are covered in extraordinary detail, from antique and vintage dress watches to contemporary professional watches. Bezel sizes, dial markings, case engraving, hands, movements and much more, all documented so you know exactly what you're paying for. The guide will lead you from potential pitfall to glorious barn-find, with all the treacherous twists and turns along the way. There are plenty of pictures to inspire, inform and enlighten you as you learn to zero-in on your dream watch. The world of vintage Rolex watches is complex and nuanced, making it especially daunting for the first-time buyer. But armed with the facts, you will make informed choices that put you back in the driver's seat. Attention! Learn more about your military now! Does a corporal have to salute a lieutenant or is it the other way around? What are forward-deployed units? Is an "armored cow" a type of tank or something soldiers eat? Are Polaris missiles dropped from the air or launched from a submarine? If someone calls you a "Cat 4" should you be honored or offended? Do you feel lost when it comes to all things military? Sure, you hear things on the news and maybe you know someone who is in the military, but you probably have a hard time fully grasping the acronyms, equipment, and protocol they discuss. That's where A Civilian's Guide to the U.S. Military can help. Author Barbara Schading decodes all things military for you. She discusses each branch—Army, Navy, Marines, Air Force, and the Coast Guard—in

simple terms you can understand. You'll get the background information, an easy-to-read chart showing rank and insignia, and an explanation of the organization of each branch. In addition, the book has extensive glossaries that cover terms, acronyms, slang, and equipment. You'll find an entire chapter that covers special operations forces like the Green Berets, Force Recon, Army Rangers, and more. You'll learn about their specific training, missions, and history. The book also covers other important aspects of the military like: • flag and saluting etiquette • military funerals • the Tombs of the Unknown • the American Legion, USO, Veterans of Foreign Wars, and other groups • military law • military academies • medals and decorations • official military music • an explanation of the Geneva Convention • and a list of resources to help you find more information So the next time you read the paper or talk with a new recruit, you don't have to feel lost. Become a knowledgeable civilian with the help of A Civilian's Guide to the U.S. Military. Submariners are a tight knit group of men bound together by training and experience, and with a language all their own. That language is perhaps a little vulgar, but never intentionally demeaning, and a little irreverent but still worldly. This work is an attempt to preserve and explain some of these curious guys who so proudly wear a shiny metal pin that looks like a strange pair of fish on their left breast. This process of accumulating this new language begins in Boot Camp, and is

added to with every change of duty station the sailor undergoes. It is heard aboard the boats and, unknowingly, by family members who can't understand terms like head, deck, and overhead, and who think SOS is a distress signal. A comprehensive reference guide to Rolex sports model watches, including the Submariner, Explorer, GMT-Master, Turn-O-Graph, Milgauss, and Cosmograph watches, from 1952 to 1990. More than 140 vintage models are described in detail, with the watches shown in chronological order. Color photographs illustrate every watch model, with hundreds of diagrams providing clear and useful information. Also included is a current price guide for every model shown in the book. This major new reference work provides an authoritative and wide-ranging guide to archive sources now becoming available for British political history since 1945. With a user-friendly layout, the book presents a comprehensive range of 1,500 personal papers from leading statesmen, backbench politicians, writers, campaigners, diplomats and generals which cover the key aspects of British history since the end of the Second World War. Compiled by an experienced archivist, this comprehensive, easy-to-use and authoritative guide is an invaluable resource for researchers of modern British history. This comprehensive and detailed reference guide to Rolex sports model watches is an indispensable asset to watch collectors and dealers. The only work of its kind, it covers the history of the Submariner,

Sea-Dweller, Explorer, GMT-Master, Turn-O-Graph, Milgauss, and Cosmograph watches, from 1952 to 1990. The history of more than a hundred and forty vintage models is described in detail, with the watches shown in chronological order. Color photographs illustrate every watch model, with hundreds of diagrams providing clear and useful information about the development of each model. Twenty-two rare Rolex brochures from private collections are shown along with numerous catalog photographs and the associated sale prices of sports models sold at Christie's and Sotheby's worldwide from 1997 to 2007. Also included is a current price guide for every model shown in the book. Rolex watches continue to dominate the collecting market and this authoritative volume, now in its revised and expanded third edition, is an essential and timely addition to the library of the Rolex collector and dealer. Bob's Watches price guide is the most thorough, colorful, and up to date price guide available, from the most trusted name on the subject today, Paul Altieri. In the book, Altieri provides real time up to the minute valuations on all Rolex model watches currently in production including some of the more popular vintage styles. The book is well organized by category: Submariner, Daytona, Datejust, President, Vintage, Sea Dweller, GMT, Air King, Explorer, Cellini, and Milgauss. The easy to use guide describes and illustrates each model featured and provides the estimated market value as determined by our experts at

Bob's Watches. In the book, the author creates the definitive guide or reference for amateur collectors, dealers, retailers, watch stores, appraisers, and avid Rolex fans. So whether you are looking to buy, sell, or trade in used Rolex watches, browse the extensive price guide to determine the current market value or worth of any given Rolex model. PRESENTATION: LEARN EVERYTHING ABOUT MODERN AND VINTAGE ROLEX DAYTONA ROLEX DAYTONA STORY describes every single Daytona reference, from its origin until today providing all the essential details for collectors, enthusiasts and dealers. All references are presented with the dates of the beginning and of the end of production; each model is illustrated with all those characteristics that determine the value and the rarity of the watch. All the illustrations in this volume are exactly what collectors have always dreamt of: large, beautiful and depicting every little detail of all the watches. Are you a watch collector and want to know every little detail about Rolex Daytona? Have you only recently approached the world of Rolex watches and are you looking for reliable answers to your doubts? Are you a watch dealer and want to know exactly what you buy or sell? Do you want to know the real value of your Daytona watches? Do you want to know the real value of your Daytona chronographs? For all this and much more, this book is perfect for you Attached are the updated estimates of all published watches. TOPICS The important dates of the Daytona,

the chronological production table, the “Paul Newman” dials, the Daytona dial makers, the Greek letter “sigma”, the customized dials, the faded dials, the calibers used and their differences, the aftermarket dials, the push-buttons, the bezels, the winding crowns, the “underline” dials, the “Tropical Dials”, the bracelets, the gold hallmarks, the enamel dials, regular 6 and inverted 6, the updated estimates of all published watches. All models are accompanied by the descriptions of all those characteristics that determine the value and the rarity of the watch, such as: Bezels - Bracelets - Buttons - Calibers - Case back - Cases - Dials - Dials with changing color - Diameter - Hallmarks - Hands - Indexes - Inverted 6 - Lugs - Movements - Papers - References with their period of production - Sigma - Spare parts - Winding Crown. 'A gorgeously indulgent new coffee-table heavyweight.' - Esquire magazine 'An ode, a love letter, and a paean to family tradition while also being a celebration of the longevity of the Rolex brand, this tome is encyclopedic and monumental in its scope.' - New York Journal of Books For more than a century, Rolex has stood apart as the most legendary brand of watch in the world. Ever the record setter--the Daytona, belonging to actor Paul Newman, was auctioned by Phillips in New York in October 2017 for \$17.8 million--it comes as no surprise that Rolex is the most collected watch label in the world. Published to celebrate The Vintage Watch Company's 25th anniversary in 2020, the

book contains a unique pictorial collection of vintage Rolex watches that have passed through the shop during the past 25 years. From early Rolex pocket watches to the world's first wristwatches, elegant in their simplicity yet revolutionary in their impact, to the very first Submariners, iconic Daytonas, and jewel-encrusted Crown collections, the mesmerizing archive of vintage timepieces charts the extraordinary rise of an extraordinary brand. Complete reference to all types of pay allowances, bonuses, and specialty pays available to officer and enlisted personnel in all branches. This book contains some 600 entries on a range of topics from ancient Chinese warfare to late 20th-century intervention operations. Designed for a wide variety of users, it encompasses general reviews of aspects of military organization and science, as well as specific wars and conflicts. The book examines naval and air warfare, as well as significant individuals, including commanders, theorists, and war leaders. Each entry includes a listing of additional publications on the topic, accompanied by an article discussing these publications with reference to their particular emphases, strengths, and limitations. PRESENTATION: THE ULTIMATE BOOK ABOUT ROLEX Rolex Encyclopedia is the most complete and updated guide on vintage and modern Rolex watches and it includes every Rolex produced from 1905 until today. A travel through time which you won't be able to interrupt! There is a big story behind every

important brand: a story made of great ideas, great adventures, enterprises and innovations that have changed the world that we knew. This is the case of Rolex. Many things have already been said about its story, but the love and passion of Guido Mondani Editore have no limits and this is why the Rolex Encyclopedia wants to reach the soul of the story of this important brand, which has changed the world of watchmaking forever. No one before has ever written so much about the great enterprises of Rolex: a story of outstanding pioneers, of courageous and far-sighted persons, of state-of-the-art watches, which almost represent the Holy Grail for watch collectors. A story told in three big books that in their kind are definitely another unique mission. TOPICS Ask yourself a question, any question What is the origin of the name Rolex? Where does the nickname “Bubble Back” come from? How many pieces of the Rolex Split-Seconds model were produced? When was the Submariner model created to commemorate the Panama Channel? How many Marks exist for the Submariner and Sea-Dweller models? How many Daytona watch models were produced? How many hours does it take to produce a Cerachrom bezel? You will find all the answers in here. Furthermore, these books also provides the estimates of every Rolex, basing on the conditions, and the updated price of all watches in production. MODELS Air-King, Bart Simpson, Bicchierini dial, Bubble Back, Buckley dial, Comex,

Chronographs, Cosmograph, Dato-compax, Daytona, Deep Sea, Double Red, Exclamation mark, Explorer I, Explorer II, Explorer dial, Feet First, Glidelock, Glossy dial, GMT-Master, Ghost dial, Green, Hulk, James Bond, Lumi dial, Meter First, Milgauss, Military, Moon Phases, Oman dial, Oyster Date, Oyster DateJust, Oyster DateJust II, Oyster Day-Date, Oyster Day-Date II, Oyster No Date, Panerai, Patent Pending, Patrizzi Dial, Personalized dials (Astrua, Bucherer, Cartier, Cuervos y Sobrinos, Panama Canal, Polipetto, Ronchi, Serpico y Laino, Tiffany, Verga, Versace), Prince, Quartz, Rehaut, Sea-Dweller, Sky-Dweller, Spider dial, Sub-aqua, Submariner, Texano, Triplesix, Tropical dial, Turn- O-Graph, Underline, Yacht Master. Each pair of units is supported by the Teachers Guide. The Teachers Guide fully supports the programme giving all the guidance you need to help you pupils work through the two pupil books. In the Teachers Guide there are suggestions for homework and independent study. PRESENTATION: HOW TO KNOW EVERYTHING ABOUT THE ROLEX GMT-MASTER The GMT-Master was created to meet the needs of Pan American Airways to supply its pilots with a wristwatch able to indicate the time back home and the time in their arrival destination simultaneously. It was necessary to give the pilots a "technical" wristwatch, which indicated simultaneously the two different times. It is from this point that the request arose from Pan Am to Rolex, to create a new watch for modern age aviators: a watch

with two time zones. The name GMT-Master was chosen... Are you a watch collector and you need information about the Rolex GMT-Master? Are you a watch dealer and you want to know exactly what you are buying and selling? Do you want to know the real value of your GMT-Master? For all this and much much more, this book is perfect for you. You will also know the current value of every GMT-Master. TOPICS With high quality images, technical details and updated prices, this book shows and describes every GMT-Master and GMT-Master II reference. For each watch this guide explains every characteristic: crystal, bakelite bezel, anodized aluminium bezel, Cerachrom bezel, bracelet, case back, winding crown, case number with production year, dial, movement, hands, etc. Furthermore, the book shows: "Albino", bachelite, "Batman", bracelets, calibers, "circular" indexes, "circular edged" indexes, "Cornino" crown guards, "standard" crown guards, GMT hand with small arrow, Green Dial, Oysterlock, sunken holes, vintage advertisements, Underline, box, papers, the "Ice" model, "Chuck Yeager", "Tiffany & Co.", "Mission Everest", dials with Arab coats of arms, ... Attached are the updated estimates of every modern and vintage Rolex GMT-Master. COLLECTING ROLEX SUBMARINER: PRESENTATION OF SUBMARINER, SEA-DWELLER AND DEEPSEA Collecting Rolex Submariner is an updated and complete book about Rolex Submariner, Sea-Dweller and DeepSea. The strong importance of these

models in the international market has given life to this important book, a true worldwide best-seller. During the years, these models have achieved an impressive collectable and economical value. Thanks to well documented and meticulous research, the authors have managed to create a real "Bible" of modern and vintage models. Are you a watch collector and want to know every minimum detail about these models? Have you recently approached the world of Rolex watches and are looking for assured answers to your doubts? Are you a watch dealer and want to know exactly what you are buying or selling? Do you want to know the real value of your watches? For all this and much much more, this book is perfect for you. TOPICS With over 800 highest quality photographs, this book describes in a highly detailed way: Submariner James Bond (ref. 6204, 6205, 6200, 6538, 6538 A, 6536, 6536/1, 5508, 5510) Submariner No Date (ref. 5512, 5513, 5514, 5517, 14060, 14060 M, 114060) Submariner Date (ref. 1680, 1680/8, 16800, 168000, 16803, 16808, 16610, 16610LV, 16613, 16618, 116610, 116610LV, 116613, 116618, 116619) Sea-Dweller (ref. 1665, 16660, 16600, 116660) All the possible variants are illustrated and described for all these references, as for example: 5 Marks of the "green bezel", ref. 16610LV, Customized dials, 6 Marks of the ref.1680, Comex, 4 Marks of the ref. 1665 "double red", 4 Marks of the ref. 1665, Faded, rare replacement dials, limited editions, bracelets and much more. The book

also provides the updated estimates of all published watches. Many fine details are illustrated for each watch: the case number, the bracelet and its references, the winding crown, the case back, the dial, the caliber with its respective year of production and the various references.
