Philosophers of science frequently bemoan (or cheer) the fact that today, with the supposed collapse of logical empiricism, there are now ;;10 grand systems. However, although this mayor may not be true, and if true mayor may not be a cause for delight, no one should conclude that the philosophy of science has ground to a halt, its problems exhausted and its practioners dispirited. In fact, in this post Kuhnian age the subject has never been more alive, as we work with enthusiasm on special topics, historical and conceptual. And no topic has grown and thrived quite like the philosophy of biology, which now has many students in the field producing high-quality articles and monographs. The success of this subject is due above all to the work and influence of one man: David Hull. In his own writings and in the support he has given to others, he has shown true leadership, in the best Platonic sense. It is now twenty years since Hull fnt gave his seminal paper 'What the philosophy of biology is not', and to mark that point and to show our respect, gratitude and affection to its author, a number of us who owe much to Hull decided to produce a volume of essays on and around themes to which Hull has spoken. 2019 High Plains Book Award Winner for the Creative Nonfiction and Indigenous Writer categories In Bitterroot Susan Devan Harness traces her journey to understand the complexities and struggles of being an American Indian child adopted by a white couple and living in the rural American West. When Harness was fifteen years old, she questioned her adoptive father about her “real” parents. He replied that they had died in a car accident not long after she was born—except they hadn’t, as Harness would learn in a conversation with a social worker a few years later. Harness’s search for answers revolved around her need to ascertain why she was the target of racist remarks and why she seemed always to be on the outside looking in. New questions followed her through college and into her twenties when she started her own family. Meeting her biological family in her early thirties generated even more questions. In her forties Harness decided to get serious about finding answers when, conducting oral histories, she talked with other transracial adoptees. In her fifties she realized that the concept of “home” she had attributed to the reservation existed only in her imagination. Making sense of her family, the American Indian history of assimilation, and the very real—but culturally constructed—concept of race helped Harness answer the often puzzling questions of stereotypes, a sense of nonbelonging, the meaning of family, and the importance of forgiveness and self-acceptance. In the process Bitterrootalso provides a deep and rich context in which to experience life. With Beatty and Samuelson's exciting fourth edition of LEGAL ENVIRONMENT, today's students are given personal experience in applying legal concepts to real-life issues using practical exercises found throughout the text. From the very first chapter, the authors' superb writing fascinates, drawing students into the concepts of business law within the context of vivid examples and memorable scenarios. No other text is as effective at equipping future business leaders with the knowledge and tools to anticipate the challenges that await them. LEGAL ENVIRONMENT, Fourth Edition teaches students why business law matters not only to their careers but also to their daily lives. Willa and her clan are the last of the Faeran, an ancient race of forest people who have lived in the Great Smoky Mountains for as long as the trees have grown there. But as crews of newly arrived humans start cutting down great swaths of the forest she loves, she is helpless to stop them. How can she fight the destroyers of the forest and their powerful machines? When Willa discovers a mysterious dark hollow filled with strange and beautiful creatures, she comes to realize that it contains a terrifying force that seems to be hunting humans. Is unleashing these dangerous spirits the key to stopping the loggers? Willa must find a way to save the people and animals she loves and take a stand against a consuming darkness that threatens to destroy her world. Filled with a compelling mixture of history, mystery, and magic, Robert Beatty's books are loved by readers from 8 to 108. Grow your middle grade fantasy collection with these best-selling fan favorites: Serafina and the Black Cloak by Robert Beatty Willa of the Wood by Robert Beatty If We Were Giants by Dave Matthews and Clete Barrett Smith The Percy Jackson and the Olympians series by Rick Riordan The Fowl Twins by Eoin Colfer Discover the business law book you'll actually enjoy reading. Despite every attempt to be brave, fear has defined Olivia Stanford's life: with each new foster home, when her adopted parents died leaving her all alone again, trusting and marrying her husband, Frank, and coping with his football injuries and career loss. Without faith, fear only grows in the face of adversity. When Frank becomes abusive, Olivia enters a terror-filled life in her upscale Southern California home. Common sense demands she dig deep for the courage to confront him--to demand change. Fear and confusion push back. And just as courage finally blooms within her comes the terrifying diagnosis: breast cancer. Some say courage is found at the intersection of faith and grit.

A groundbreaking look at marriage, one of the most basic and universal of all human institutions, which reveals the emotional, physical, economic, and sexual benefits that marriage brings to individuals and society as a whole. The Case for Marriage is a critically important intervention in the national debate about the future of family. Based on the authoritative research of family sociologist Linda J. Waite, journalist Maggie Gallagher, and a number of other scholars, this book's findings dramatically contradict the anti-marriage myths that have become the common sense of most Americans. Today a broad consensus holds that marriage is a bad deal for women, that divorce is better for children when parents are unhappy, and that marriage is essentially a private choice, not a public institution. Waite and Gallagher flatly contradict these assumptions, arguing instead that by a broad range of indices, marriage is actually better for you than being single or divorced—physically, materially, and spiritually. They contend that married people live longer, have better health, earn more money, accumulate more wealth, feel more fulfillment in their lives, enjoy more satisfying sexual relationships, and have happier and more successful children than those who remain single, cohabit, or get divorced. The Case for Marriage combines clearheaded analysis, penetrating cultural criticism, and practical advice for strengthening the institution of marriage, and provides clear, essential guidelines for reestablishing marriage as the foundation for a healthy and happy society. "A compelling defense of a sacred union. The Case for Marriage is well written and well argued, empirically rigorous and learned, practical and commonsensical." -- William J. Bennett, author of The Book of Virtues "Makes the absolutely critical point that marriage has been misrepresented and misunderstood." -- The Wall Street Journal www.broadwaybooks.com WebTutor is a content-rich, web-based learning aid that reinforces and clarifies complex concepts. Online quizzes offer automatic grading and feedback for students to reinforce learning. Business Law for a New Century was written to convey the author's passion for an exciting and profoundly important discipline. *Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version. Winner of the Man Booker Prize Winner of the National Book Critics Circle Award in Fiction Winner of the John Dos Passos Prize for Literature New York Times Bestseller Los Angeles Times Bestseller Named One of the 10 Best Books of the Year by The New York Times Book Review Named a Best Book of the Year by Newsweek, The Denver Post, BuzzFeed, Kirkus Reviews, and Publishers Weekly Named a "Must-Read" by Flavorwire and New York Magazine's "Vulture" Blog A biting satire about a young man's isolated upbringing and the race trial that sends him to the Supreme Court, Paul Beatty's *The Sellout* showcases a comic genius at the top of his game. It challenges the sacred tenets of the United States Constitution, urban life, the civil rights movement, the father-son relationship, and the holy grail of racial equality—the black Chinese restaurant. Born in the "agrarian ghetto" of Dickens—on the southern outskirts of Los Angeles—the narrator of *The Sellout* resigns himself to the fate of lower-middle-class Californians: "I'd die in the same bedroom I'd grown up in, looking up at the cracks in the stucco ceiling that've been there since '68 quake." Raised by a single father, a controversial sociologist, he spent his childhood as the subject in racially charged psychological studies. He is led to believe that his father's pioneering work will result in a memoir that will solve his family's financial woes. But when his father is killed in a police shoot-out, he realizes there never was a memoir. All that's left is the bill for a drive-thru funeral. Fueled by this deceit and the general disrepair of his hometown, the narrator sets out to right another wrong: Dickens has literally been removed from the map to save California from further embarrassment. Enlisting the help of the town's most famous resident—the last surviving Little Rascal, Hominy Jenkins—he initiates the most outrageous action conceivable: reinstating slavery and segregating the local high school, which lands him in the Supreme Court. One of these is the sensibility—unmistakably modern, a variant of sophistication but hardly identical with it—that goes by the cult name of “Camp.” So begins Susan Sontag’s seminal essay “Notes on ‘Camp.’” Originally published in 1964 and included in her landmark debut essay collection *Against Interpretation*, Sontag’s notes set out to define something that even the most well-informed could describe only as “I know it when I see it.” At once grounded in a sweeping history (Louis XIV was pure Camp) and entirely provisional, Camp delights in low and high culture alike. Tiffany lamps, the androgynous beauty of Greta Garbo, King Kong (1933), and Mozart all embody the Camp sensibility for Sontag—an almost ineffable blend of artifice, extravagance, playfulness, and a deadly seriousness. At the time Sontag published her essay, Camp, as a subversion of sexual norms, had also become a private code of signification for queer communities. In nearly every genre and form—from visual art, décor, and fashion to writing, music, and film—Camp continues to be redefined today, as seen in the 2019 Met Gala that took

Sontag's essay as the basis for its theme. "Style is everything," Sontag tells us, and as *Time* magazine points out, "Notes on 'Camp'" launched a new way of thinking," paving the way for a whole new style of cultural criticism, and describing what is, in many ways, the defining sensibility of our culture today. *BUSINESS LAW AND THE LEGAL ENVIRONMENT*, 6E uses vivid examples and memorable scenarios to lead students through the full breadth of business law. Focusing on hands-on application and using a conversational writing style, this handy textbook equips students for business challenges from the first page. Plus, by showing students through practice how legal concepts apply to their future careers, *BUSINESS LAW AND THE LEGAL ENVIRONMENT*, 6E draws students into the material, helping them study more effectively and diligently. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version. No other text conveys such a passion for this exciting and profoundly important discipline. This comprehensive text meets all AACSB curriculum standards. A focus on human conflict makes the book sparkle. Innovative, chapter-opening vignettes; fascinating cases; and business applications create student interest, while cases are excerpted, or in the language of the court. The result is a legal environment text that is authoritative and accurate, yet a pleasure to read. No other text conveys such a passion for this exciting and profoundly important discipline.
