In his New York Times bestseller *Steal Like an Artist*, Austin Kleon showed readers how to unlock their creativity by “stealing” from the community of other movers and shakers. Now, in an even more forward-thinking and necessary book, he shows how to take that critical next step on a creative journey—getting known. *Show Your Work!* is about why generosity trumps genius. It’s about getting findable, about using the network instead of wasting time “networking.” It’s not self-promotion, it’s self-discovery—let others into your process, then let them steal from you. Filled with illustrations, quotes, stories, and examples, *Show Your Work!* offers ten transformative rules for being open, generous, brave, productive. In chapters such as *You Don’t Have to Be a Genius*; *Share Something Small Every Day*; and *Stick Around*, Kleon creates a user’s manual for embracing the

communal nature of creativity— what he calls the “ecology of talent.” From broader life lessons about work (you can’t find your voice if you don’t use it) to the etiquette of sharing—and the dangers of oversharing—to the practicalities of Internet life (build a good domain name; give credit when credit is due), it’s an inspiring manifesto for succeeding as any kind of artist or entrepreneur in the digital age. “The time you enjoy wasting is not wasted time.” So said Bertrand Russell, and I agree. Creating blackout poems, the process of choosing words from a page of text and restructuring them into poetry, is a great way to turn those forced idle moments--wasted time--into instances of creativity. After a summer of travel, where delays weren't uncommon, I made a habit of bringing my blackout poetry kit along. Selecting the right words, adding playful illustrations, and coloring became therapeutic and relaxing while waiting in hotel lobbies, train stations, and airports. Instead of watching the clock, I focused on the page in front of me, letting the words, lines, and colors take me away. *Distance Between* is a compilation of blackout poems made possible by all kinds of unexpected opportunities. Avi Steinberg is stumped. After defecting from yeshiva to attend Harvard, he has nothing but a senior thesis on Bugs Bunny to show for himself. While his friends and classmates advance in the world, Steinberg remains stuck at a crossroads, his “romantic” existence as a freelance obituary writer no longer cutting it. Seeking direction (and dental insurance) Steinberg takes a job running the library counter at a Boston prison. He is quickly drawn into the community of outcasts that forms among his bookshelves—an assortment of quirky regulars, including con men, pimps, minor prophets, even ghosts—all searching for the perfect book and a connection to the outside world. Steinberg recounts their daily dramas with heartbreak and humor in this one-of-a-kind memoir—a piercing exploration of prison culture and an entertaining tale of one

young man's earnest attempt to find his place in the world. Kevin has a bad attitude. He's the one who laughs when you trip and fall. In fact, he may have been the one who tripped you in the first place. He has a real knack for rubbing people the wrong way—and he's even figured out a secret way to do it with poems. But what happens when the tables are turned and he is the one getting picked on? *Rhyme Schemer* is a touching and hilarious middle-grade novel in verse about one seventh grader's journey from bully-er to bully-ee, as he learns about friendship, family, and the influence that words can have on people's lives. Includes bonus material! - Book Club Discussion Guide - Reading and Writing Connections Can techniques traditionally thought to be outside the scope of literature, including word processing, databasing, identity ciphering, and intensive programming, inspire the reinvention of writing? The Internet and the digital environment present writers with new challenges and opportunities to reconceive creativity, authorship, and their relationship to language. Confronted with an unprecedented amount of texts and language, writers have the opportunity to move beyond the creation of new texts and manage, parse, appropriate, and reconstruct those that already exist. In addition to explaining his concept of uncreative writing, which is also the name of his popular course at the University of Pennsylvania, Goldsmith reads the work of writers who have taken up this challenge. Examining a wide range of texts and techniques, including the use of Google searches to create poetry, the appropriation of courtroom testimony, and the possibility of robo-poetics, Goldsmith joins this recent work to practices that date back to the early twentieth century. Writers and artists such as Walter Benjamin, Gertrude Stein, James Joyce, and Andy Warhol embodied an ethos in which the construction or conception of a text was just as important as the resultant text itself. By extending this tradition into the digital realm, uncreative writing offers new ways of thinking about identity and the making of meaning. UPDATE: Jan. 2021 Most of the poems in this book are blackout poems. Blackout poetry is a unique form of poetry popularized by the artist Austin Kleon in the book "Newspaper Blackout." Poets black out

words on a newspaper page, while leaving some unmarked. The remaining words create a poem. See: YouTube: How To Make A Newspaper Blackout Poem This, by far, is the most insightful way of recording the major events of the Trump presidency. Scott Free. Share in Dickinson's admiration of language, nature, and life and death, with *The Selected Poems of Emily Dickinson*. You don't need to be a genius, you just need to be yourself. That's the message from Austin Kleon, a young writer and artist who knows that creativity is everywhere, creativity is for everyone. A manifesto for the digital age, *Steal Like an Artist* is a guide whose positive message, graphic look and illustrations, exercises, and examples will put readers directly in touch with their artistic side. When Mr. Kleon was asked to address college students in upstate New York, he shaped his speech around the ten things he wished someone had told him when he was starting out. The talk went viral, and its author dug deeper into his own ideas to create *Steal Like an Artist*, the book. The result is inspiring, hip, original, practical, and entertaining. And filled with new truths about creativity: Nothing is original, so embrace influence, collect ideas, and remix and re-imagine to discover your own path. Follow your interests wherever they take you. Stay smart, stay out of debt, and risk being boring—the creative you will need to make room to be wild and daring in your imagination. An artist's unique voice is their calling card. It's what makes each of their works vital and particular. But developing such singular artistry requires effort and persistence. Bestselling author, artist, and illustrator Lisa Congdon brings her expertise to this guide to the process of artistic self-discovery. Featuring advice from Congdon herself and interviews with a roster of established artists, illustrators, and creatives, this one-of-a-kind book will show readers how to identify and nurture their own visual identity, navigate the influence of artists they admire, push through fear and insecurity, and appreciate the value of their personal journey. When peace like a river is closer to crashing against rocks in the current, when our souls are filled with joy but also doubt and disappointment, when God is a bulwark never failing yet we are a sinking ship, we yearn for forgiveness. This blackout

poetry collection reads between the lines of an old text, drawing out hope, bitterness, and relief. Navigate through these complex realities and enjoy the ride. In this delightfully witty, provocative book, literature professor and psychoanalyst Pierre Bayard argues that not having read a book need not be an impediment to having an interesting conversation about it. (In fact, he says, in certain situations reading the book is the worst thing you could do.) Using examples from such writers as Graham Greene, Oscar Wilde, Montaigne, and Umberto Eco, he describes the varieties of "non-reading"-from books that you've never heard of to books that you've read and forgotten-and offers advice on how to turn a sticky social situation into an occasion for creative brilliance. Practical, funny, and thought-provoking, *How to Talk About Books You Haven't Read*-which became a favorite of readers everywhere in the hardcover edition-is in the end a love letter to books, offering a whole new perspective on how we read and absorb them. *The Mess That We Made* explores the environmental impact of trash and plastic on the ocean and marine life, and it inspires kids to do their part to combat pollution. Simple, rhythmic wording builds to a crescendo ("This is the mess that we made. These are the fish that swim in the mess that we made.") and the vibrant digital artwork captures the disaster that is the Great Pacific Garbage Patch. Children can imagine themselves as one of the four multi-ethnic occupants of the little boat surrounded by swirling plastic in the middle of the ocean, witnessing the cycle of destruction and the harm it causes to plants, animals, and humans. The first half of the book portrays the growing magnitude of the issue, and the second half rallies children and adults to make the necessary changes to save our oceans. Facts about the Great Pacific Garbage Patch, ocean pollution, and how kids can help are included in the back matter. Marjorie Perloff here explores this intriguing development in contemporary poetry: the embrace of "unoriginal" writing. Paradoxically, she argues, such citational and often constraint-based poetry is more accessible and, in a sense, "personal" than was the hermetic poetry of the 1980's and 90's. -- "1. The book treats a new topic: monetary history of seven small states across the 20th century; 2. It

shows the crucial importance of economic ideas and monetary theories in policy making; 3. It has a long-term perspective: 100 years of European monetary history; 4. The results are relevant for the understanding of the current/recent financial and economic crisis"-- *Unlock your creativity. An inspiring guide to creativity in the digital age, Steal Like an Artist* presents ten transformative principles that will help readers discover their artistic side and build a more creative life. Nothing is original, so embrace influence, school yourself through the work of others, remix and reimagine to discover your own path. Follow interests wherever they take you - what feels like a hobby may turn into you life's work. Forget the old cliché about writing what you know: instead, write the book you want to read, make the movie you want to watch. And finally, stay smart, stay out of debt, and risk being boring in the everyday world so that you have the space to be wild and daring in your imagination and your work.. NAMED A TOP 10 BOOK OF 2018 BY NPR and THE WASHINGTON POST WINNER OF THE LOS ANGELES TIMES BOOK PRIZE IN CURRENT INTEREST FINALIST FOR THE NATIONAL BOOK CRITICS CIRCLE NONFICTION AWARD The instant New York Times bestseller, "A must-read for anyone who thinks 'build a wall' is the answer to anything." -- *Esquire* For Francisco Cantú, the border is in the blood: his mother, a park ranger and daughter of a Mexican immigrant, raised him in the scrublands of the Southwest. Driven to understand the hard realities of the landscape he loves, Cantú joins the Border Patrol. He and his partners learn to track other humans under blistering sun and through frigid nights. They haul in the dead and deliver to detention those they find alive. Plagued by a growing awareness of his complicity in a dehumanizing enterprise, he abandons the Patrol for civilian life. But when an immigrant friend travels to Mexico to visit his dying mother and does not return, Cantú discovers that the border has migrated with him, and now he must know the full extent of the violence it wreaks, on both sides of the line. Poetry. Literary Nonfiction. Over the last three years, Atlanta-based artist John Carroll has been on a journey of sharing a piece of blackout poetry with his social media followers every day. *HIDDEN MESSAGES OF HOPE* is a

The gripping story of a dramatic eighteenth-century voyage of discovery from Naomi J. Williams In her wildly inventive debut novel, Naomi J. Williams reimagines the historical La Pérouse expedition, a voyage of exploration that left Brest in 1785 with two frigates, two hundred men, and overblown Enlightenment ideals and expectations, in a brave attempt to circumnavigate the globe for science and the glory of France. Deeply grounded in historical fact but refracted through a powerful imagination, Landfalls follows the exploits and heartbreaks not only of the men on the ships but also of the people affected by the voyage—natives and other Europeans the explorers encountered, loved ones left waiting at home, and those who survived and remembered the expedition later. Each chapter is told from a different point of view and is set in a different part of the world—ranging from London to Tenerife, Alaska to remote South Pacific islands and Siberia, and eventually back to France. The result is a beautifully written and absorbing tale of the high seas, scientific exploration, human tragedy, and the world on the cusp of the modern era. By turns elegiac, profound, and comic, Landfalls reinvents the maritime adventure novel for the

twenty-first century. The world knows her as a porn star. . . but it's her way with words that will touch you again and again. Explains how cars work, answers questions about repair problems, and tells how to prolong the life of a car. A finalist for the National Book Critics Circle Award, this memoir of one woman's later in life career change is "a smart, funny and compelling case for going after your heart's desires, no matter your age" (*Essence*). Following her retirement from Princeton University, celebrated historian Dr. Nell Irvin Painter surprised everyone in her life by returning to school—in her sixties—to earn a BFA and MFA in painting. In *Old in Art School*, she travels from her beloved Newark to the prestigious Rhode Island School of Design; finds meaning in the artists she loves, even as she comes to understand how they may be undervalued; and struggles with the unstable balance between the pursuit of art and the inevitable, sometimes painful demands of a life fully lived. How are women and artists seen and judged by their age, looks, and race? What does it mean when someone says, "You will never be an artist"? Who defines what an artist is and all that goes with such an identity, and how are these ideas tied to our shared conceptions of beauty, value, and difference?

Bringing to bear incisive insights from two careers, Painter weaves a frank, funny, and often surprising tale of her move from academia to art in this "glorious achievement—bighearted and critical, insightful and entertaining. This book is a cup of courage for everyone who wants to change their lives" (Tayari Jones, author of *An American Marriage*). Second edition of the popular book of prompts for writing poetry. A vital, engaging, and hugely enjoyable guide to poetry, from ancient times to the present, by one of our greatest champions of literature *The Times* and *Sunday Times*, Best Books of 2020 “[A] fizzing, exhilarating book.”—Sebastian Faulks, *Sunday Times* What is poetry? If music is sound organized in a particular way, poetry is a way of organizing language. It is language made special so that it will be remembered and valued. It does not always work—over the centuries countless thousands of poems have been forgotten. But this *Little History* is about some that have not. John Carey tells the stories behind the world’s greatest poems, from the oldest surviving one written nearly four thousand years ago to those being written today. Carey looks at poets whose works shape our views of the world, such as Dante, Chaucer, Shakespeare, Whitman, and Yeats. He also looks at more recent poets, like Derek Walcott, Marianne Moore, and Maya Angelou, who have started to question what makes a poem “great” in the first place. For readers both young and old, this little history shines a light for readers on the richness of the world’s poems—and the elusive quality that makes them all the more enticing. In 1966 the artist Tom Phillips discovered *A Human Document* (1892), an obscure Victorian romance by W.H. Mallock, and set himself the task of altering every page, by painting, collage or cut-up techniques, to create an entirely new version. Some of Mallock's original text remains in tact and through the illustrated pages the character of Bill Toge, Phillips's anti-hero, and his romantic plight emerges. First published in 1973, *A Humument* - as Phillips titled his altered book - quickly established itself as a cult classic. Since then, the artist has been working towards a complete revision of his original, adding new pages in successive editions. That process is now finished. This 50th anniversary edition presents, for the first time, an entirely new and complete version of *A Humument*. This edition includes a revised Introduction by the artist, reflecting on the last 50 years' work on this project, and 92

new illustrated pages. A Special Limited edition is also available: this presents a copy of the 50th anniversary edition in a clamshell box with a limited-edition print, signed by the artist. Two essays contextualising Bern Porter's work accompany his 1972 poetry collection. The best writers say their work seems to come from a source beyond the thinking mind. But how do we access that source? “We must first look inside ourselves and be willing to touch that raw emotional core at the heart of a deeper creativity,” writes Albert Flynn DeSilver. In *Writing as a Path to Awakening*, this renowned poet, writer, and teacher shows you how to use meditation to cultivate true depth in your own writing—so your words reveal layers of profound insight that inspire and move your readers. Constructed as a year-long exploration with a new focus for each month and season, *Writing as a Path to Awakening* includes:

- How to approach writing and reading with a greater level of presence and immersion
- Engaging curiosity, playfulness, and spontaneity to keep your regular practice fresh
- Meditating with poetry to deeply embody the power of language
- How you can spark your imagination by connecting to the groundless source of creation
- The meditative approach to storytelling—how not being trapped in your story liberates your capacity to create
- Editing, rewriting, and the path of spiritual transformation

“Writing and meditation practice are a powerful pair, a dynamic duo,” Albert Flynn DeSilver teaches. “Together they nourish and push, trigger and define, inform and inspire, enable, and energize. To engage in both practices fully is to activate a more complete, creative, and spiritual self.” With a mixture of engaging storytelling and practical exercises, *Writing as a Path to Awakening* invites you on a yearlong journey of growth and discovery—to enhance your writing through the practice of meditation while using the creative process to accelerate your spiritual evolution. Edgar Allan Poe was one of the most original writers in the history of American letters, a genius who was tragically misunderstood in his lifetime. He was a seminal figure in the development of science fiction and the detective story, and exerted a great influence on Dostoyevsky, Arthur Conan Doyle, Jules Verne, and Charles Baudelaire, who championed him

long before Poe was appreciated in his own country. Baudelaire's enthusiasm brought Poe a wide audience in Europe, and his writing came to have enormous importance for modern French literature. This edition includes his most well-known works--"The Raven," "The Pit and the Pendulum," "Annabel Lee," "The Fall of the House of Usher," "The Murders in the Rue Morgue"--as well as less-familiar stories, poems, and essays. Conventional product development focuses on the solution. Empathy is a mindset that focuses on people, helping you to understand their thinking patterns and perspectives.
