Hochon's Arrow Mar 08 2021 "The paradox of the lie that might as well be true," writes Paul Strohm, "must interest anyone who seeks to understand texts in history or the historical influence of texts." In these seven essays, all recent and most published here for the first time, the author examines historical and literary texts from fourteenth-century England. He not only demonstrates the fictionality of narrative and documentary sources, but also argues that these fictions are themselves fully historical. Together the essays institute a dialogue between texts and events that restores historical documents and literary works to their larger environments. Strohm begins by inspecting legal records that accuse Hochon of Liverpool in 1384 of threatening to shoot an arrow at a political adversary urinating against a wall, and shows how the text embodies and interconnects language, social space, and historical interpretation itself. Throughout his analyses, which cover such topics as Chaucer's verses on the accession of Henry IV, Froissart's account of Queen Philippa interceding for the burghers of Calais, and Thomas Usk's accusations against John Northampton, Strohm alerts us to the distortions of textuality itself while challenging our notions of "invented" and "true." Bonaventure Arrow didn't make a peep when he was born, and the doctor nearly took him for dead. But he was listening, placing sound inside quiet and gaining his bearings. By the time he turns five, he can hear flowers grow, a thousand shades of blue, and the miniature tempests that rage inside raindrops. He also hears the voice of his dead father, William Arrow, mysteriously murdered by a man known only as the Wanderer. Exploring family relics, he opens doors to the past and finds the key to a web of secrets that both hold his family together, and threaten to tear them apart. Michael Murphy Memorial Poetry Prize 2021 Arrow is a debut volume extraordinary in ambition, range and achievement. At its centre is 'Dear, beloved', a more-than-elegy for her younger sister who died suddenly: in the two years she took to write the poem, much else came into play: 'it was my hope to write the mood of elegy rather than an elegy proper,' following the example of the great elegists including Milton, to whose *Paradise Lost* she listened during the period of composition, also hearing the strains of Brigit Pegeen Kelly's *Song*, of Alice Oswald and Marie Howe. The poem becomes a kind of kingdom, 'one that is at once evil, or blighted, and beautiful, not to mention everything in between'. As well as elegy, Chakraborty composes invocations, verse essays, and the strange extended miracle of the title poem, in which ancient and modern history, memory and the lived moment, are held in a directed balance. It celebrates the natural forces of the world and the rapt experience of balance, form and - love. She declares a marked admiration for poems that 'will write into being a world that already in some way exists'. This is what her poems achieve.

in West Virginia to Silicon Valley, from a Brooklyn art studio to a high-speed train racing across the Italian countryside, The Red Arrow wades into the shadowy depths of the human psyche only to emerge, as if speeding through a mile-long tunnel, into a world that is so bright and wondrous, it almost feels completely new.

The Arrow-maker Mar 20 2022 The greatest difficulty to be met in the writing of an Indian play is the extensive misinformation about Indians. Any real aboriginal of my acquaintance resembles his prototype in the public mind about as much as he does the high-nosed, wooden sign of a tobacco store, the fact being that, among the fifty-eight linguistic groups of American aboriginals, customs, traits, and beliefs differ as greatly as among Slavs and Sicilians. Their very speech appears not to be derived from any common stock. All that they really have of likeness is an average condition of primitiveness: they have traveled just so far toward an understanding of the world they live in, and no farther. It is this general limitation of knowledge which makes, in spite of the multiplication of tribal customs, a common attitude of mind which alone affords a basis of interpretation.

Arrow to the Sun Apr 28 2020 With vibrant colors and bold geometric forms, Gerald McDermott brilliantly captures the stylized look of Pueblo Indian art in this Caldecott Award-winning retelling of an ancient legend. A young boy searches for his father, but before he can claim his heritage he must first prove his worthiness by passing through the four ceremonial chambers: the kiva of lions, the kiva of snakes, the kiva of bees, and the kiva of lightning. Striking in its simplicity and grace, *Arrow to the Sun* vividly evokes the Native American reverence for the source of all life—the Solar Fire. Winner of the Caldecott

Green Arrow Vol. 3: The Trial of Oliver Queen Jun 22 2022 Oliver Queen, the Green Arrow, is a vigilante. He patrols the empty spaces where the law cannot or will not be enforced, and metes out what he considers to be justice. Most of the time his judgment is sound. But not always. All it takes is one mistake, one moment of inattention, and innocent lives can be destroyed. And while the Emerald Archer has always known this, the intrusion of two unknown vigilantes into his home turf of Seattle proves to be a stark reminder of the truly brutal nature of

life in the underworld. But it will be his own flawed actions that ultimately reveal how fragile the Green Arrow's world really is—and how easily it can all come crashing down. Acclaimed creators Mike Grell, Ed Hannigan, Dan Jurgens and Dick Giordano delve into the self-proclaimed hero's heart with *GREEN ARROW: THE TRIAL OF OLIVER QUEEN*, collects issues #13–20 of the classic series.

Apollo's Arrow Sep 01 2020 A piercing and scientifically grounded look at the emergence of the coronavirus pandemic and how it will change the way we live—"excellent and timely." (The New Yorker) Apollo's Arrow offers a riveting account of the impact of the coronavirus pandemic as it swept through American society in 2020, and of how the recovery will unfold in the coming years. Drawing on momentous (yet dimly remembered) historical epidemics, contemporary analyses, and cutting-edge research from a range of scientific disciplines, bestselling author, physician, sociologist, and public health expert Nicholas A. Christakis explores what it means to live in a time of plague—an experience that is paradoxically uncommon to the vast majority of humans who are alive, yet deeply fundamental to our species. Unleashing new divisions in our society as well as opportunities for cooperation, this 21st-century pandemic has upended our lives in ways that will test, but not vanquish, our already frayed collective culture. Featuring new, provocative arguments and vivid examples ranging across medicine, history, sociology, epidemiology, data science, and genetics, Apollo's

Arrow envisions what happens when the great force of a deadly germ meets the enduring reality of our evolved social nature.

Social Choice and Individual Values Oct 03 2020
2012 Reprint of 1951 Edition. Exact facsimile of the original edition, not reproduced with Optical Recognition Software. Kenneth Arrow's monograph "Social Choice and Individual Values" and a theorem within it created modern social choice theory, a rigorous melding of social ethics and voting theory with an economic flavor. The work culminated in what Arrow called the "General Possibility Theorem," better known thereafter as Arrow's (impossibility) theorem. The theorem states that, absent restrictions on either individual preferences or neutrality of the constitution to feasible alternatives, there exists no social choice rule that satisfies a set of plausible requirements. The result generalizes the voting paradox, which shows that majority voting may fail to yield a stable outcome.

Swift Arrow Aug 25 2022 Colored leaves, red, yellow, and brown, fluttered past George as he rode behind Woonsak in the long string of Indians and ponies. They were riding north and moving quickly. So many Indians moved along the path that George, who rode near the front of the line, could not see the end when he turned around to look. The farther they went, the more unhappy George became. For with every step, Neko (his faithful pony) took him farther and farther from his home and from Ma and

Pa. Even the fluttering leaves seemed like little hands waving good-bye all the day long. So begins chapter seven of this beloved classic by Josephine Cunnington Edwards. George, a young pioneer boy is captured by Indians and raised as the son of a mighty chief. He spends his time learning the ways of these native Americans, and yearning for the day that he might find a way to return to his loving family.
