**Aho-Girl: A Clueless Girl** Jan 21 2020 Stupid Is As Stupid Does -- Summer break has arrived, and with it come expanded opportunities for Yoshiko to practice self-expression. Of course, for someone as unburdened of intellect as she is, that self-expression tends to be rather lacking in sophistication. Okay, fine—it's profoundly stupid. Her friend Akkun might be able to handle her, but will he be able to deal with Ryuichi the delinquent's

pathetic attempts at friendship? And what about Yoshiko's mother's increasingly manipulative attempts at setting Akkun up with her daughter? Oh, well. Surely a trip to the beach will sort everything out...

Kings Dominion Sep 28 2020 Kings Dominion officially opened in 1975 on a 400-acre site between Richmond, Virginia, and Washington, DC. Modeled on sister park Kings Island in Ohio, it debuted with several iconic attractions, including the Eiffel Tower, Rebel Yell, and Lion Country Safari. Over the decades, ownership has changed several times, yet the park continues to grow and remain popular, even "starring" in the 1977 film Rollercoaster. Now celebrating its 40th anniversary, it has evolved into one of North America's premier regional theme parks and is currently home to an impressive assortment of attractions and live entertainment. The park also boasts a formidable arsenal of roller coasters (14), including four of the wooden variety, three LIM-launched coasters, and the 30-story-tall Intimidator (I-305) giga coaster.

**Haunted Green Bay** Jun 06 2021 Titletown, USA turns into Ghost Town, USA with

chilling tales of weird Wisconsin. Green Bay has always been a city with a fierce sense of tradition complemented by a friendly atmosphere. The Craft of Scientific Presentations Dec 12 2021 This timely and hugely practical work provides a score of examples from contemporary and historical scientific presentations to show clearly what makes an oral presentation effective. It considers presentations made to persuade an audience to adopt some course of action (such as funding a proposal) as well as presentations made to communicate information, and it considers these from four perspectives: speech, structure, visual aids, and delivery. It also discusses computer-based projections and slide shows as well as overhead projections. In particular, it looks at ways of organizing graphics and text in projected images and of using layout and design to present the information efficiently and effectively.

*Sea Wife* Apr 16 2022 A New York Times Notable Book of the Year "Brilliantly breathes life not only into the perils of living at sea, but also into the hidden dangers of domesticity, parenthood, and marriage. What a smart, swift, and thrilling novel."

—Lauren Groff, author of *Florida* Juliet is failing to juggle motherhood and her stalled-out dissertation on confessional poetry when her husband, Michael, informs her that he wants to leave his job and buy a sailboat. With their two kids—Sybil, age seven, and George, age two—Juliet and Michael set off for Panama, where their forty-four foot sailboat awaits them. The initial result is transformative; the marriage is given a gust of energy, Juliet emerges from her depression, and the children quickly embrace the joys of being at sea. The vast horizons and isolated islands offer Juliet and Michael reprieve – until they are tested by the unforeseen. A transporting novel about marriage, family and love in a time of unprecedented turmoil, *Sea Wife* is unforgettable in its power and

astonishingly perceptive in its portrayal of optimism, disillusionment, and survival.
