The Controversy of Renaissance Art Mar 24 2022 Sansovino successively dismantled and reconstituted the categories of art-making. Hardly capable of sustaining a program of reform, the experimental art of this period was succeeded by a new era of cultural codification in the second half of the sixteenth century. --

Representing the Life and Legacy of Renée de France Aug 29 2022 This book considers the life and legacy of Renée de France (1510-75), the youngest daughter of King Louis XII and Anne de Bretagne, exploring her cultural, spiritual, and political influence and her evolving roles and actions as fille de France, Duchess of Ferrara, and Dowager Duchess at Montargis. Drawing on a variety of often overlooked sources - poetry, theater, fine arts, landscape architecture, letters, and ambassadorial reports - contributions highlight Renée's wide-ranging influence in sixteenth-century Europe, from the Italian Wars to the French Wars of Religion. These essays consider her cultural patronage and politico-religious advocacy, demonstrating that she expanded upon intellectual and moral values shared with her sister, Claude de France; her cousins, Marguerite de Navarre and Jeanne d'Albret; and her godmother and mother, Anne de France and Anne de Bretagne, thereby solidifying her place in a long line of powerful French royal women.

Renata Di Francia, Duchessa Di Ferrara... Jun 02 2020 This work has been selected by scholars as being culturally important, and is part of the knowledge base of civilization as we know it. This work is in the "public domain in the United States of America, and possibly other nations. Within the United States, you may freely copy and distribute this work, as no entity (individual or corporate) has a copyright on the body of the work. Scholars believe, and we concur, that this work is important enough to be preserved, reproduced, and made generally available to the public. We appreciate your support of the preservation process, and thank you for being an important part of keeping this knowledge alive and relevant.

Isabella d'Este Jan 10 2021 Isabella d'Este, Marchioness of Mantua (1474-1539), is one of the most studied figures of Renaissance Italy, as an epitome of Renaissance court culture and as a woman having an unusually prominent role in the politics of her day. This biography provides a well-rounded account of the full range of her activities and interests from her childhood to her final years as a dowager, and considers Isabella d'Este not as an icon but as a woman of her time and place in the world. It covers all aspects of her life including her relationship with her parents and siblings as well as with her husband and children; her interest in literature and music, painting and antiquities; her political and diplomatic activities; her concern with fashion and jewellery; her relations with other women; and her love of travel. In this book, grounded in an understanding of the context of the Italy of her day, the typical interests and behaviour of women of Isabella d'Este's status within

Renaissance Italy are distinguished from those that were unique to her, such as the elaborate apartments that she created for herself and her extensive surviving correspondence, which provides insights into all aspects of life in the major courts of northern Italy, centres of Renaissance culture. Providing fresh perspectives on one of the most famous figures of Renaissance Italy, Isabella d'Este will be of great interest to undergraduates and graduates of early modern history, gender studies, renaissance studies and art history.

Women and the Making of Poetry in Ariosto's Orlando Furioso May 14 2021 This book examines the representation of women in the Orlando furioso and the making of a poem that both curses and blesses them.

Renaissance Woman Sep 17 2021 A biography of Vittoria Colonna, confidante of Michelangelo, scion of one of the most powerful families of her era, and a pivotal figure in the Italian Renaissance Ramie Targoff's Renaissance Woman tells of the most remarkable woman of the Italian Renaissance: Vittoria Colonna, Marchesa of Pescara. Vittoria has long been celebrated by scholars of Michelangelo as the artist's best friend—the two of them exchanged beautiful letters, poems, and works of art that bear witness to their intimacy—but she also had close ties to Charles V, Pope Clement VII and Pope Paul III, Pietro Bembo, Baldassare Castiglione, Pietro Aretino, Queen Marguerite de Navarre, Reginald Pole, and Isabella d'Este, among others. Vittoria was the scion of an immensely powerful family in Rome during that city's most explosively creative era. Art and literature flourished, but political and religious life were under terrific strain. Personally involved with nearly every major development of this period—through both her marriage and her own talents—Vittoria was not only a critical political actor and negotiator but also the first woman to publish a book of poems in Italy, an event that launched a revolution for Italian women's writing. Vittoria was, in short, at the very heart of what we celebrate when we think about sixteenth-century Italy; through her story the Renaissance comes to life anew.

Authority, Innovation and Early Modern Epistemology Dec 09 2020 Giordano Bruno (1548-1600), who died at the stake, is one of the best-known symbols of anti-establishment thought. The theme of this volume, which is offered as a collection of essays to honour the distinguished Bruno scholar Hilary Gatti, reflects her constant concern for the principles of cultural freedom and independent thinking. Several essays deal with Bruno himself, including an analysis of the Eroi furori, a study of his reception in relation to the group known as the Novatores, and discussions of several important aspects of his stay in England. The authors and texts discussed here are linked by a relentless interest in the question of authority and originality, and they range from literary figures such as Alberti (1404-72), Vasari (1511-74) and the proponents of quantitative verse in sixteenth-century England to controversial philosophers who, like Bruno, were condemned by the Church, such as Tommaso Campanella (1568-1639) and Giulio Cesare Vanini (1585-1619). Taken together, these chapters show how much that was new and revolutionary in early modern culture came from its confrontation with the past. Martin McLaughlin is Agnelli-Serena Professor of Italian at Oxford. Elisabetta Tarantino is a Teaching Fellow in the Department of Italian at the University of Warwick.

Juan de Valdés and the Italian Reformation Mar 04 2023 Juan de Valdés played a pivotal role in the febrile atmosphere of sixteenth-century Italian religious debate. Fleeing his native Spain after the publication in 1529 of a book condemned by the Spanish Inquisition, he settled in Rome as a political agent of the emperor Charles V and then in Naples, where he was at the centre of a remarkable circle of literary and spiritual men and women involved in the religious crisis of those years, including Peter Martyr Vermigli, Marcantonio Flaminio, Bernardino Ochino and Giulia Gonzaga. Although his death in 1541 marked the end of this group, Valdés' writings were to have a decisive role in the following two decades, when they were sponsored and diffused by important cardinals such as Reginald Pole and Giovanni Morone, both papal legates to the Council of Trent. The most famous book of the Italian Reformation, the *Beneficio di Cristo*, translated in many European languages, was based on Valdés' thought, and the Roman Inquisition was very soon convinced that he had 'infected the whole of Italy'. In this book Massimo Firpo traces the origins of Valdés' religious experience in Erasmian Spain and in the movement of the *alumbrados*, and underlines the large influence of his teachings after his death all over Italy and beyond. In so doing he reveals the originality of the Italian Reformation and its influence in the radicalism of many religious exiles in Switzerland and Eastern Europe, with their anti-Trinitarians and finally Socinian outcomes. Based upon two extended essays originally published in Italian, this book provides a full up-dated and revised English translation that outlines a new perspective of the Italian religious history in the years of the Council of Trent, from the Sack of Rome to the triumph of the Roman Inquisition, reconstructing and rethinking it not only as a failed expansion of the Protestant Reformation, but as having its own peculiar originality. As such it will be welcomed by all scholars wishin

Prophecy and People in Renaissance Italy Mar 12 2021 In the midst of the religious ferment, foreign invasions, and internal political strife that beset Italy before the full effects of the Counter-Reformation, the powerful and humble alike turned to popular prophecy for guidance and solace. Ottavia Niccoli examines here the forms of these prophecies--including interpretations of natural disasters, abnormal births, floods, and planetary conjunctions--and gives examples of how they were transmitted from the lower classes to the elite through street singers, apocalyptic preachers, astrologers, and printers. By tracing the ongoing revision of the prophecies, Niccoli reveals them as an indication of how various levels of society viewed events of the time, as a form of propaganda for such causes as anti-Lutheranism, and as a reflection of the interaction between "high" and "low" culture. Based on popular leaflets, diaries, civic chronicles, and iconographic sources, this book explores the expression of a culture in which nature, religion, and politics formed a unified system with a uniform code of interpretation. It connects the decline of prophecy in Italy with the end of the Italian wars and the beginning of the Counter-Reformation, when popular preaching was banned and charismatic religion discouraged.

The King of Court Poets Jun 14 2021

Vittoria Colonna and the Spiritual Poetics of the Italian Reformation Apr 12 2021 Vittoria Colonna was one of the best known and most highly celebrated female poets of the Italian Renaissance. Her work went through many editions during her lifetime, and she was widely considered by her contemporaries to be highly skilled in the art of constructing tightly controlled and beautifully modulated Petrarchan sonnets. In addition to her literary contacts, Colonna was also deeply involved with groups of reformers in Italy before the Council of Trent, an involvement which

was to have a profound effect on her literary production. In this study, Abigail Brundin examines the manner in which Colonna's poetry came to fulfil, in a groundbreaking and unprecedented way, a reformed spiritual imperative, disseminating an evangelical message to a wide audience reading vernacular literature, and providing a model of spiritual verse which was to be adopted by later poets across the peninsula. She shows how, through careful management of an appropriate literary persona, Colonna's poetry was able to harness the power of print culture to extend its appeal to a much broader audience. In so doing this book manages to provide the vital link between the two central facets of Vittoria Colonna's production: her poetic evangelism, and her careful construction of a gendered identity within the literary culture of her age. The first full length study of Vittoria Colonna in English for a century, this book will be essential reading for scholars interested in issues of gender, literature, religious reform or the dynamics of cultural transmission in sixteenth-century Italy. It also provides an excellent background and contextualisation to anyone wishing to read Colonna's writings or to know more about her role as a mediator between the worlds of courtly Petrarchism and religious reform.
