The Demo Docs System of instruction replicates the classroom experience by providing more "I get it" moments outside of class. We've talked to tons of POA instructors and our editors have even taken the accounting course (numerous times!) to figure out the following issue in this course that is consistent: & Students understand (or "get it")

right after you do a problem in class, but as soon as they leave class, with each passing hour, their ability to do the problems again and complete their homework diminishes to the point of them either having to come to office hours to get help, or they just quit and get behind in the course.& On top of this, you can end up getting behind in the course as well, in order to keep everyone on track.& The Demo Docs system helps to recreate the "I get it" moments outside of class-keeping both you and the students on track.

Horngren: Cost Accounting leads the market because of its strong emphasis on decision making, extensive real-world examples provided in a modular, flexible format and is supported by a large quantity and range of assignment material. This text focuses on how cost accounting helps managers make better decisions by using financial and nonfinancial information better. An essential and intuitive treatment of financial accounting with an international perspective The use of International Financial Reporting Standards is growing rapidly, both outside of the United States and within, especially as IFRS incorporates more US GAAP rules. In the newly updated fifth edition of Financial Accounting with International Financial Reporting Standards, a team of accomplished financial practitioners and educators delivers the newest version of their highly anticipated text. This important work offers practical end-of-chapter exercises and practice problems complete with foreign currency examples, as well as an emphasis on non-US companies and examples. It is perfect for accounting students seeking exposure to internationally utilized accounting standards. No prior accounting or business knowledge is needed to successfully complete this book. The book pays very careful attention to making accounting information

interesting and relevant to the reader. A number of infographics, worked-out examples, charts, and illustrations visually reinforce material.
