Geralt is a witcher, a man whose magic powers, enhanced by long training and a mysterious elixir, have made him a brilliant fighter and a merciless assassin. Yet he is no ordinary murderer: his targets are the multifarious monsters and vile fiends that ravage the land and attack the innocent. He roams the country seeking assignments, but gradually comes to realise that while some of his quarry are unremittingly vile, vicious grotesques, others are the victims of sin, evil or simple naivety. One reviewer said: 'This book is a sheer delight. It is beautifully written, full of vitality and endlessly inventive: its format, with half a dozen episodes and intervening rest periods for both the hero and the reader, allows for a huge range of characters, scenarios and action. It's thought-provoking without being in the least dogmatic, witty without descending to farce and packed with sword fights without being derivative. The dialogue sparkles; characters morph almost imperceptibly from semi-cliche to completely original; nothing is as it first seems. Sapkowski succeeds in seamlessly welding familiar ideas, unique settings and delicious twists of originality: his Beauty

wants to rip the throat out of a sensitive Beast; his Snow White seeks vengeance on all and sundry, his elves are embittered and vindictive. It's easily one of the best things I've read in ages.' bull; Setting information, faction descriptions, and history breakdowns. bull; Detailed memory block walkthroughs describing traffic, security, controlling factions, view points and side-quests. bull; Tips for completing all 44 of the Xbox 360 Achievements. bull; Locations of all flags, targets, and templar locations for all areas of the game. bull; Advice on the utilization of certain maneuvers to aid in moving through the crowd and swooping in for the kill. Based on the hit games by CD Projekt Red! Geralt is summoned by an old acquaintance to help solve a mystery involving his daughter. Upon arriving to investigate the situation, however, Geralt is surprised to find Dandelion, and the duo unexpectedly find themselves transported to regions beyond. After arriving in a dangerous and enigmatic location by mistake, they are forced to hide their identities while faced with an impossible task. Geralt works side by side with a local woman to defeat the dark forces plaguing the land but soon discovers that the situation at hand, in which he believes to be helping with, only leads to more trouble for the witcher and results in all signs pointing towards him as the prime suspect. Featuring the debut of creative team Aleksandra Motyka and Marianna Strychowska, and created in close collaboration with the studio behind the games! Collects issues #1-#4 of the Dark Horse Comics series The Witcher: Of Flesh and Flame. Before buying, please note that this is not an official The Witcher: Monster Slayer Game Guide. This is a collection of Tips, Tricks and Hints that we found in the game. The Witcher: Monster Slayer is a mobile augmented reality game based on the Witcher universe, just like Pokemon GO. Players take on the role of one of the witchers and set off to exterminate the monsters that have invaded the Continent. To do this, players must look for monsters in locations and fight them using their smartphone. In battles, various conditions are taken into account - for example, the time of day or the weather, and after them you can collect trophies and complete tasks that provide a certain reward. The events of the game unfold long before the time of Geralt of Rivia - so the most famous witcher is not in the game.
