Trade in screen time for fresh air and family fun with adventures and experiments from the host of HGTV's Room Crashers. Slacklining, edible bugs, tarp surfing, and more! In this awesome follow-up to the hugely popular Handy Dad, extreme sports athlete and TV host Todd Davis gathers

more than thirty projects and activities sure to get kids outside and entertained for hours. With easy-to-follow instructions, helpful photographs, and detailed line illustrations, Handy Dad in the Great Outdoors is packed with all the essentials. From simple campsite know-how to more ambitious building projects (tepee anyone?), plus a few pranks for good measure, this book has something for every family and every place—be it the backcountry or the backyard. Based on the blockbuster movie starring Meryl Streep and Kevin Bacon. To help heal a marriage on the rocks, river-rafting expert Gail, her husband Tom, and their son embark on a white water adventure in Montana. Along the way, they encounter two inexperienced rafters supposedly looking for their friends downriver. Little do they know that the men are escaped convicts whose bid for freedom has a body count. Things take a turn when the young family learns that they are now the captives of two armed killers, and it becomes clear that there is much more at stake than a marriage. Desperate to evade both the police and federal marshals, the men force the family down the river and into the mouth of a deadly class 5 white-water rapid. Careening towards mortal peril, Gail and Tom must bond together to save their family from the brutality of nature and the savageness of man. This high-stakes thriller is both a testament to the power of mother nature and a classic adventure story that is perfect for fans of CJ Box and Craig Johnson. Denis O’Neill, the screenwriter for the movie *The River Wild*, brings the striking beauty of the film into his writing and ratchets up the danger that races forward to a breathtaking conclusion. Packed with doodles and cartoons, here is the diary of Loki as he’s trapped on earth as a petulant eleven-year-old—and even worse, annoying thunder god Thor is there, too. After one prank too many, trickster god Loki has been banished to live as a kid on earth. If he can show moral improvement within one month, he can return to Asgard. If he can’t? Eternity in a pit of angry snakes. Rude! To keep track of Loki’s progress, king Odin (a bossy poo-poo head) gives him this magical diary in which Loki is forced to confess the truth, even when that truth is as ugly as a naked mole rat. To make matters worse, Loki has to put up with an eleven-year-old Thor tagging along and making him look bad. Loki is not even allowed to use his awesome godly powers! As Loki suffers the misery of school lunch, discovers the magic of internet videos, and keeps watch for frost giant spies, will he finally learn to tell good from bad, trust from tricks, and friends from enemies? Louie Stowell’s witty text and hysterical drawings will keep readers in stitches from start to finish. From one of basketball’s foremost experts in the field of analytics, a fascinating

new perspective on how to watch and think about the game. At its core, the goal of any basketball team is relatively simple: take and make good shots while preventing the opponent from doing the same. But what is a "good" shot? Are all good shots created equally? And how might one identify players who are more or less likely to make and prevent those shots in the first place? The concept of basketball "analytics," for lack of a better term, has been lauded, derided, and misunderstood. The incorporation of more data into NBA decision-making has been credited—or blamed—for everything from the death of the traditional center to the proliferation of three-point shooting to the alleged abandonment of the area of the court known as the midrange. What is beyond doubt is that understanding its methods has never been more important to watching and appreciating the NBA. In *The Midrange Theory*, Seth Partnow, NBA analyst for *The Athletic* and former Director of Basketball Research for the Milwaukee Bucks, explains how numbers have affected the modern NBA game, and how those numbers seek not to "solve" the game of basketball but instead urge us toward thinking about it in new ways. The relative value of Russell Westbrook's triple-doubles Why some players succeed in the playoffs while others don't How NBA teams think about constructing their rosters through the draft and free agency The difficulty in measuring defensive achievement The fallacy of the "quick two" From shot selection to evaluating prospects to considering aesthetics and ethics while analyzing the box scores, Partnow deftly explores where the NBA is now, how it got here, and where it might be going next. A musical treat for the ear and eye, this antic tale of a worm on a mission doubles as a cozy bedtime book. One summer day, as Little Worm heads out to play, he discovers he has a song stuck in his head. "What's that you're singing?" Owl asks, but Little Worm can't say. He wriggles past, determined to learn who filled his head with "Shimmy shimmy, no-sashay." Owl flaps along with a song of his own, and before long Chipmunk, Bunny, and Fox fall in line, each contributing an ear worm to the joyful cacophony. Amid all the singing and dancing, Little Worm forgets his musical mystery until later when—surprise!—Papa Worm tucks him in. Hip, vintage-inspired illustrations and whimsical typesetting meet movement, sound play, and comic, cumulative delights in a picture book that will charm media-savvy children and their parents alike. Anya, embarrassed by her Russian immigrant family and self-conscious about her body, has given up on fitting in at school, but when she falls down a well and makes friends with the ghost there, she thinks she's found just what she needs--or has she? The wildly popular web comic SOPPY--with more than half a million notes on Tumblr--is the illustrated love story of author Philippa Rice and her real-life boyfriend. True love isn't always about the big romantic gestures. Sometimes it's about sympathizing with someone whose tea has gone cold or reading together and sharing a quilt. When two people move in together, it soon becomes apparent that the little things mean an awful lot. The throwaway moments in life become meaningful when you spend them in the company of someone you love. SOPPY is Philippa Rice's collection of comics and illustrations based on real-life moments with her boyfriend. From grocery shopping to silly arguments and snuggling in front of the television, SOPPY captures the universal experience of sharing a life together, and celebrates the beauty of finding romance all around us. Three Kingdoms is a blackly entertaining and unsettling detective story cum parable about the devil in us all, international human trafficking and the changing state of Europe. As the severed human head of an Estonian woman is found in a river in Hammersmith, two British detectives set off in search of her origins in Europe and how she came to be found dead. Accompanied by a mephistophelian German detective acting as their guide, they gradually sink deeper and deeper into the world of

prostitution and international human trafficking. Fighting to cross international borders and language barriers, they enter a nightmarish world that will change one of them forever. Three Kingdoms tells the stories of trafficked women, the gangs and the police forces across Europe that attempt to control them. This dark new thriller by Simon Stephens, set across three countries, explores an international business where the goods are not products, but people. Questioning and undermining not just tenets about the nature of Europe with its old and new borders, Three Kingdoms also explodes moral certainties. With good and evil presented not as polarised forces but as disturbingly shifting, overlapping and contradictory, the play provocatively unbalances convictions of truth, ethical codes, violence and justice. This edition also includes a preface with contributions from playwright Simon Stephens, German director Sebastian Nuebling and Estonian dramaturg Eero Epner, discussing this uniquely collaborative and tri-lingual project. The first books in a brand new early reading programme for young Noddy fans. Find the right sticker to match the picture to make learning to read fun! Prince Sebastian hides from his parents his secret life of dressing up in women's clothes as the hottest fashion icon in Paris, the fabulous Lady Crystallia, while his friend Frances the dressmaker strives to keep her friend's secret. When her cherished Ma Millie falls ill, a timid housecat ventures into the wild to seek help in this adventure about love, loss, and finding the truest version of ourselves. A warm, cozy lap. The toasty smell of baking bread. Tasty food served in a bright-blue bowl. These make Haven's life as an indoor pet heaven. All thanks to her beloved human and rescuer, Ma Millie. But when Ma Millie becomes too sick to care for her, the cat's cozy life is turned upside down, and Haven decides she must seek out another human for help. Anything for Ma Millie! Her vow pulls her out of her safe nest into the shadowy forest and down unfamiliar and dangerous roads. When her first plan fails, Haven meets a wilderness-savvy fox who volunteers as an ally, and their perilous journey together brings some victories. But Haven finds herself pitted against creatures far wilder than she ever could be, testing her strength and spirit to their limits. Will her loyalty to Ma Millie--and her newfound confidence in herself--be enough to help Haven see the quest through to its conclusion? Can she stand up against the fierce predator that is tracking her every move? “10-Minute Toughness is a solid mental training program. In fact I feel it is the best of its kind. . . . [It's] what the title says: ten minutes a day that connects your talents and abilities to the outcome you're seeking. As a retired NFL player looking forward, I can see

as many applications for the toughness Jason Selk's program brought out of me in the business world as there were on the football field.” --Jeff Wilkins, Former NFL Pro Bowl Kicker “The mental side of the game is extremely important. 10-Minute Toughness helps the players develop the mental toughness needed for success; it really makes a difference.” --Walt Jocketty, General Manager of the 2006 World Champion St. Louis Cardinals “Jason Selk has spent a tremendous amount of time and energy developing effective mental-training programs and coaches workshops. He is truly committed to helping individuals and teams to perform at their very best, when it really counts.” --Peter Vidmar, Olympic Gold Medalist Mental training is a must for high performance both on the field and off. But simply hoping for mental toughness isn't going to build any mind muscles. You need a proven routine of daily exercises to get you where you want to go. 10-Minute Toughness is your personal coach for boosting brainpower and achieving a competitive edge in whatever game you play. With quickness and ease, you'll learn how to master your own mind and psych out your opponents using personalized techniques from one of America's most successful sport psychology consultants. Like no other program available, the 10-Minute Toughness (10-MT) routine gets you ready for the competition in just ten minutes a day.

Leila Wayward is a little witch who excels at everything she does. She's the fastest flier, the most cunning conjuror, and the most superb shape-shifter. She has won trophies for potions, herbology, and alchemy--and now she dreams of winning the Magnificent Witchy Cake-off! As the youngest in a long line of masters of the Dark Arts of Patisserie, Leila wants her entry to be perfect. But even with the most bewitching of recipes, she realizes a terrible truth: she's a disaster in the kitchen. Luckily, Leila has three magical sisters who are happy to share their culinary secrets with her. What's more, Leila discovers that baking with them is fun! Win or lose, she has already tasted the sweetest thing of all: acceptance--with a pinch of nightshade and a bit of mandrake. ‘Siya's rise from humble beginnings to lifting that World Cup trophy is the stuff of fairytales.’

MARCUS RASHFORD ‘Siya Kolisi is a warrior on the field and an inspiration off it. This book is an extraordinary reminder of what can be achieved with inner belief and an indefatigable spirit.’

JAY SHETTY Proceedings of the Japan-US seminar on Two-Phase Flow Dynamics held in Japan, 1988. transfer. Four pages of color plates. No index. Annotation c. by Book News, Inc., Portland, Or. From the creator of the mega-popular Dinosaur vs. series comes a hilariously deadpan look at new parenthood--from a baby's point of view. I am not sleepy. I am not sleepy because I am a baby. Mommy is sleepy. Mommy is sleepy because I am a baby. With humor and sympathy, Bob Shea looks at the chaos of life with a baby as amiably narrated by the new arrival. Repeating the mantra (and blithe explanation) "because I am a baby," the tiny narrator leads us through scenes of exhaustion, grumpiness, squishy diapers, spilled milk, cowering kittens, and chubby overfed pups (oopsie!). Playing against the simple, matter-of-fact text are freewheeling illustrations of mess and mayhem, in which the grown-ups' exaggerated body language is sure to send older children into fits of giggles. With its endearing, unabashedly self-pleased star, *I Am a Baby* will find a place at showers, in nurseries, on parents' shelves, and in the hands of appreciative big siblings, as it celebrates the changes a little one brings, at once challenging and full of love. From the illustrator of the web comic *Strong Female Protagonist* comes a debut middle-grade graphic novel about family, identity, courage -- and magic. In thirteen-year-old Aster's family, all the girls are raised to be witches, while boys grow up to be shapeshifters. Anyone who dares cross those lines is exiled. Unfortunately for Aster, he still hasn't shifted . . . and he's still fascinated by witchery, no matter how forbidden it might be. When a mysterious danger threatens the other boys, Aster knows he can help -- as a witch. It will take the encouragement of a new friend, the non-magical and non-conforming Charlie, to convince Aster to try practicing his skills. And it will require even more courage to save his family . . . and be truly himself. He Woos. He Stalks. He Kills. He's their secret admirer, wooing them with phone calls, love letters and special gifts. From a distance, he admires them. Desires them. Despises them. And when he gets close enough, he kills them all! **Named One of the New York Post's Best New Books to Read ** *FIRE IN THE STRAW* is the witty and deeply felt memoir of Nick Lyons, a man with an intrepid desire to reinvent himself—which he does, over and over. Nick Lyons shape shifts from reluctant student and graduate of the Wharton School, to English Professor, to husband of a fiercely committed painter, to ghost writer, to famous fly fisherman and award-winning author, to father and then grandfather, to Executive Editor at a large book publishing company, and finally to founder and publisher of his own successful independent press.. Written with the same warm and earthy voice that has enthralled tens of thousands of fly-fishing readers, Nick weaves the disparate chapters of his

life: from the moment his widowed mother drops him off at a grim boarding school at the age of five, where he spends three lonely and confusing years; to his love of basketball and pride playing for Penn; to the tumultuous period, in the army and after, when he found and was transformed by literature; to his marriage to Mari, his great love and anchor of his life. Suddenly, with a PhD in hand and four children, Nick embarks on a complex and thrilling ride, juggling family, fishing, teaching, writing, and publishing, the wolf always at his door. Against all odds, The Lyons Press survives, his children prosper, his wife's art flourishes, and his books and articles make him a household name. Fire in the Straw is a love story, a confessional, and a beautiful big-hearted memoir. Over 100 contributions in applications, code validation, combustion, computational and mathematical methods, forced convection, heat exchangers, natural convection, phase change, solidification and melting, porous media, turbulence, two phase flow, and unsteady flow. The goal of this symposium was to provide a forum for the exposure and exchange of ideas, methods and results in computational heat transfer. Dr. Belisa Vranich's ground-breaking second book teaches the science, techniques, and benefits of breathing correctly and efficiently for warriors in all walks of life. People are less in touch with their bodies—and especially their breathing—than ever before. Ironically, athletes and others who pride themselves on taking care of their bodies actually put themselves at greater risk. Why? Because they're asking their body to take on next-level demands, but failing at life's most essential skill: efficient breathing. Proper breathing is the world's most powerful biohack. Learning it will help you feel better, avoid injury, and perform at your very best (including in bed!). Champion gladiators, master martial artists, even spearfishers all had one thing in common: efficient breathing to achieve flawless execution. An elite few still understand: Navy SEALs who need to make the perfect shot, super-elite weightlifters who truly understand how to harness and channel their energy, free-divers who can spend seemingly impossible amounts of time underwater, and high-profile execs who keep calm before multi-billion-dollar presentations. You can learn their secrets. From the corporate athlete to the tactical ninja, Breathing for Warriors is a practical, science-forward book that focuses on everything related to breathing and performance—from muscles and workouts to an impenetrable inner game. Take your copy and start recovering right now! A graphic novel memoir depicting the author's teenage experiences at summer camp where she fell in love with an older girl. "This sweet, spellbinding story will appeal to fans of magic and romance." — School Library Journal (starred review) A story of love and demons, family and witchcraft. Nova Huang knows more about magic than your average teen witch. She works at her grandmothers' bookshop, where she helps them loan out spell books and investigate any supernatural occurrences in their New England town. One fateful night, she follows reports of a white wolf into the woods, and she comes across the unexpected: her childhood crush, Tam Lang, battling a horse demon in the woods. As a werewolf, Tam has been wandering from place to place for years, unable to call any townhome. Pursued by dark forces eager to claim the magic of wolves and out of options, Tam turns to Nova for help. Their latent feelings are rekindled against the backdrop of witchcraft, untested magic, occult rituals, and family ties both new and old in this enchanting tale of self-discovery. Investigating the latest crime scene of a celebrity thief who has been staging lucrative heists and donating the spoils to charity, rookie deputy Charlie Hood is forced to make

an ethics-testing decision when the thief is targeted by a professional killer. Reprint. In a run-down house in North Philadelphia live two orphan brothers: the reclusive, sensitive Philip, sealed off in a world of StarKist tuna and Errol Flynn movies; and Treat, a violent pickpocket and thief. Into this ferocious and funny world enters Harold, a mysterious, wealthy, middle-aged man who is kidnapped by Treat, but who soon turns the tables on the two brothers, changing forever the delicate power balance of their relationship. Both hilarious and heartbreaking, Orphans is a story of the universal love of a father for his son, and a son's need to live his own life.
