William Shakespeare Aug 17 2021 This is a bold and original reinterpretation of almost all of Shakespeare's major plays, in the light of the Marxist, feminist and semiotic ideas of our own time. Through a set of tenaciously detailed readings, the book illuminates a number of persistent problems or conflicts in Shakespearean drama - in particular a contradiction between words and things, body and language, which is also explored in terms of law, sexuality and Nature. Language and desire, Terry Eagleton argues, are seen by Shakespeare as a kind of 'surplus' over and above the body, stable and social roles and a fixed human nature. But the attitude of the plays to such a 'surplus' is profoundly ambivalent; if they admire it as the very source of human creativity, they also fear its anarchic, transgressive force. Underlying such ambiguities, the book convincingly shows, is a deeper ideological struggle, between feudal traditionalism on the one hand, and the emergence of new forms of bourgeois individualism on the other. This book reveals how, in the light of our own contemporary theories of language, sexuality and society, we can understand the issues present in Shakespeare's drama which previously have remained obscure.

Sometimes all you need is a pinch of magic... Eva Evergreen is determined to earn the rank of Novice Witch before her thirteenth birthday. If she doesn't, she'll lose her magic forever. For most young witches and wizards, it's a simple enough test: One: Help your town, do good all around. Two: Live there for one moon, don't leave too soon. Three: Fly home by broomstick, the easiest of tricks. The only problem? Eva only has a pinch of magic. She summons heads of cabbage instead of flowers and gets a sunburn instead of calling down rain. And to add insult to injury, whenever she overuses her magic, she falls asleep. When she lands in the tranquil coastal town of Auteri, the residents expect a powerful witch, not a semi-magical girl. So Eva comes up with a plan: set up a magical repair shop to aid Auteri and prove she's worthy. She may have more blood than magic, but her "semi-magical fixes" repair the lives of the townspeople in ways they never could have imagined. Only, Eva's bit of magic may not be enough when the biggest magical storm in history threatens the town she's grown to love. Eva must conjure up all of the magic, bravery, and cleverness she can muster for Auteri and her dreams of becoming a witch will wash away with the storm.
