Gospel of Truth for Repentance By: Apostle Johnson Wichira (of the Church of God) Apostle Johnson Wachira was inspired by God to write this message to all the God-loving people of the world who love the truth of the Gospel. This Gospel lays bare that truth, the truth of God's word, which all denominations of the world fail to preach in their man-made churches. Read for yourself, understand and repent, and be baptized into the death of Christ to be one of His saints, to live a life in Christ.

Theo-Logic, Vol. 1 Oct 09 2020 Theo-Logic is the third and crowning part of the great trilogy of the masterwork of theologian Hans Urs von Balthasar, following his first two parts, The Glory of the Lord and Theo-Drama. This is the third volume of Theo-Logic. Theo-Logic is a variation of theology, it being about not so much what man says about God, but what God speaks about himself. Balthasar does not address the truth about God until he first reflects on the beauty of God (The Glory of the Lord). Then he follows with his reflections on the great drama of our salvation and the goodness and mercy of the God who saves us (Theo-Drama). Now, in this work, he is ready to reflect on the truth that God reveals about himself, which is not something abstract or theoretical, but rather the concrete and mysterious richness of God's being as a personal and loving God.

The Truth about God Oct 01 2022 Can we prove that God does not exist? Franz Kiekeben, a former lecturer in philosophy at Ohio State University, claims that we can. In this radical new defense of atheism, Kiekeben shows, among other things, that the strongest arguments for God's existence fail; that the Bible offers no evidence in support of theism; that morality does not depend on the existence of a creator; and most important and surprising of all, that no gods can possibly exist.

The Hidden Truth About God Apr 02 2020

Have you gone to religion for answers but ended up more confused? Have you tried to believe in God, but ended up disappointed because he didn't show up as they'd described? There are too many unanswered questions about God, and it makes religion look like a wild goose chase. Religion presents God as a magician, and when God fails to appear as presented and we demand answers, it expects us to accept that God works in mysterious ways, and besides, "How dare you question God?" "The Hidden Truth About God," say, "We are not questioning God, but what was presented to us." This book carefully analyzes and logically weighs theology and reality. It gives a step-by-step breakdown of God's plan for Creation and uses real-life experiences to provide rational answers to unanswered questions about God. And why life is full of pains and suffering when God could snap his fingers and everything becomes perfect, yet he doesn't. Thomas, a computer scientist and teacher of religion together with Grace, a professor of religion and philosophy, reveals life as a program and God as a programmer. They brilliantly decipher codes to find the bridge between the supernatural and the natural, deity and humanity, God and reality, presenting answers to some very interesting questions: What's the truth about heaven? How did sin get into heaven? Why doesn't God take away evil? What happens in the supernatural? Is religion the way to God? What about reincarnation? Why can't a perfect God have a perfect world? Is there God, or does the universe run itself? What's the big deal about Christianity? Why are there so many contradictions in the Bible? Do you value reason? Are you a skeptic, or a critical thinker? Are you a believer in the universe? Are you atheist, theist, or just searching for answers to the countless questions of the universe? This book will provide you with answers using reason and real-life

experiences as it draws resources from Religious books, theology, philosophy, science, and reality. The Law of relativity states that everything is neutral when seen in isolation and only reflects in our reality when we ascribe meaning to it. Therefore, we can give meaning to God and life, or not, but Thomas and Grace's inclusion to this law is that the truth remains true irrespective of relativity. What then is the truth

The Real Truth from God's Bible Jun 28 2022

Bound by Beliefs Aug 31 2022 Since everyone has a "god" that controls them, it is wise to ask who or what that is, how we choose it and how to respond? We must also ask how tradition, the Bible, church, family and other factors affect our beliefs and behaviors. Joseph C. Way wrestles with these and other issues and reaches some uncommon conclusions about God, Jesus, and Us. He affirms God is love. God acts from love and so do we! Other specific emphases include: how presuppositions (beliefs) dictate behavior; the profound significance of the human Jesus; the need to renounce, redefine and restore certain beliefs; why our future depends on what and how we love. The author seriously differs from the apostle Paul on who and what Jesus was. Our "salvation" depends not on the death of Jesus but on living by his two directives gleaned from Hebrew scripture. The author invites everyone to join him in proclaiming and practicing "appropriate love" so that we may reduce human and environmental discord for everyone, regardless of their nationality or religion.

book is about explaining many of the mysteries of the past, the real truth about the past history of planet Earth, the evolution of mankind from primitive humans to the modern ones of today, a brief glimpse into the far distant future of the plans that God has for the new earth of Isaiah 65:1725 that is about to become a reality, and what it means to have ones name written in the book of lifewhat is required so as to have your name written there (see Malachi 3:1618, Matthew 25:3140, and Revelation 21:14) and what it means to not have your name written in this book of life (see Matthew 25:4146 and Revelation 20:1115 and 21:8).

Half Truths Youth Study Book Apr 26 2022

They are simple phrases. They sound Christian—like something you might find in the Bible. We've all heard these words. Maybe we've said them. They capture some element of truth, yet they miss the point in important ways. Join Adam Hamilton in this 5-week Bible study to search for the whole truth by comparing common Christian clichés with the wisdom found in Scripture. The clichés include: Everything happens for a reason. God helps those who help themselves. God won't give you more than you can handle. God said it, I believe it, that settles it. Love the sinner, hate the sin. The Youth Study Book helps young people in grades 6-12 understand how to apply God's truth to these simple Christian clichés. Written in an engaging style that will capture the humor and imagination of young people, it can be used as a book study only or in combination with the DVD.

The Bible Feb 22 2022 Every religion claims divine authorship for its "holy book." But when one asks whether the claims to divine authorship are supported by history, archeology and sound scholarship, the answer is usually a resounding "no " But is this the case with the Bible? Is the Bible simply another book mixing history and historical fiction? Is the Bible mythology or Divine revelation? This small booklet brings together the facts of history, archeology, cosmology and logic with sound biblical scholarship to answer these important questions about the Bible. You owe it to yourself to find the answers to these and other questions about the Bible because the truth of God's message will change your life and your destiny. So I invite you to examine the evidence for yourself and settle the matter in your own mind. You can know the truth and the truth will set you free. - Michael G. Windheuser Ph.d.

Strugglebook Nov 09 2020 "Strugglebook: A Logical Search for the Truth of GOD" explores the probability for the existence of God based primarily on the logic derived from science. While it addresses issues applicable to theology, it is not a theological work. There are literally

hundreds of books on this subject, most detailing a standard set of arguments. This book follows that pattern for the first part but then extends itself into a series of coalescing arguments built on the latest science, all of which results in a unique presentation on the subject. Forming a conclusion respecting the reality of God on something as cold as logic is contrary to approaches generally considered acceptable to religious organizations that favor perhaps more ephemeral means based on redemption and faith. Those approaches based on other than logic have proven very successful for many individuals. That notwithstanding, the author is representative of that very large group of people who live in environments replete with corporate missions, budget building and spreadsheets, strength, weakness, opportunity and threat exercises, performance yields, compensation management, management by objective, measuring outcomes, and mini-MBA courses. The resulting objectivity built through vocation, results for many individuals, including the author, in a need to question the rationale behind faith and God. This book is the record of a search for the reality of God consistent with satisfying the needs dictated by the logic often demanded by the modern mind. Do world and personal events result in a questioning of your faith? Do you wonder about a God that could allow 9/11 or the deaths of tens of thousands in a cyclone? Have you watched as someone you love suffers, and as a result, questioned the very existence of God? Have the truths of modern science served to displace your belief in God? Does your working life consumed with spreadsheets, schedules, logical analysis, objectives, investment returns, getting the job done on time, and all the other appendages of working life impose an atmosphere that works against belief in God? Do you feel unsure about sharing your beliefs with others because you may be ridiculed? Have you been exposed to the views of Richard Dawkins through his book *The God Delusion*, or other well known atheists who attempt seemingly with some success to use science to prove God doesn't exist and in so doing, relegate your beliefs as unworthy? These questions and situations imposed themselves on the author of this book, an educator and computer application designer who decided to

take a year out of his life and find the answers. This book chronicles his search for the truth of God. Calling on history and using the very latest scientific knowledge, coupled with related philosophy, and sometimes delivered somewhat irreverently, the book delves into the issues, presenting positive and dissenting views respecting the existence of God and then argues the case from the data presented. The reader shares the full rationale for decisions made.

The Truth of God: Saviours' Day Edition Sep 07 2020 The God of the monotheistic ('one God') religions - Judaism, Christianity and Islam - is usually perceived in one of two ways: (1) as a formless spirit or (2) as a white man (see for example the image from the Biblioteca Apostolica Vaticana which graces the front-jacket of Bernhard Lang's recent book, *The Hebrew God: Portrait of an Ancient Deity*: the image is of God the creator as a white-bearded, purple-robed, white male). But these conceptions of God, Dr. Wesley Muhammad demonstrates, are not rooted in the primary texts-Bible and Qu'ran-but instead stem from ideas and sensitivities of a later period and a foreign cultural-intellectual orientation (Hellenism or Greek philosophy). In contrast, the God of the Semitic monotheistic tradition, that tradition from which sprung the Bible and Qur'an, is neither formless nor white: he is a man-immortal, supremely holy, and possessing a black body. This is the same black God that we encounter in the religious literature throughout the ancient Near East. The black body of God was the focus of the ancient mysteries, for example in New Kingdom Egypt and Vedic India, and was at the center of the esoteric tradition of the Temple in Jerusalem. One of the priests of this Temple and custodians of the secret of this Black God was the priest responsible for the editing of the Torah (the so-called Five Books of Moses or Pentateuch of the Old Testament) The Truth of God is a History-of-Religions study based on a critical examination of the primary texts of scripture (Bible, Qur'an, Sunnah) in Hebrew, Greek and Arabic, as well as the critical

scholarship in the secondary literature: English, German and French. This multi-lingual literacy has enabled Dr. Wesley Muhammad to answer the question, 'Who is God?' from the scriptural perspective with a depth not heretofore seen in writing. Dr. Wesley Muhammad has also drawn extensively from the religious texts, in translation, of the ancient Near East and India. With these primary and secondary sources he has been able to demonstrate that: (1) According to a widespread ancient Near and Far Eastern tradition, as evidenced in Egyptian, Sumerian/Babylonian, and Indic sources, God the creator was a black god, with a black body. The answers to such questions as: how did this body develop, of what substance was this body made, and why was this body black, were the focus of the mysteries in these nations. (2) The Creator God of Ancient Israel was this same Black God, and those responsible for forming the Hebrew Bible (Old Testament) were devotees of this Black God. (3) The Black God of ancient Near Eastern and Semitic monotheistic traditions was a self-created black man-god, whose physical (though not spiritual) beginnings were from an atom hidden in a primordial darkness. The Hebrew of Genesis I specifies that this was a triple-darkness in which this atom was hidden and from which Elohim (God) emerged. (4) According to the Hebrew Bible and Arabic Qur'an the original black man, in his original state, was God on earth. (5) The Bible and the Qur'an/Sunnah, when allowed to speak their own languages (Hebrew, Greek and Arabic) affirm that God is a transcendent man, not a transcendent, formless spirit. (6) The God of Prophet Muhammad (PBUH) and the Qur'an is this same Black God of the ancient Near East and ancient Israel. The claim of modern Muslim theologians that God has no form and could never be a man is based on later theological developments away from the Qur'an and Sunnah, developments inspired by the introduction of Greek philosophic ideas into Islam.

Reason, Truth and God Mar 14 2021

She Reads Truth Jul 06 2020 She wants faith, hope, and love. She wants help and healing. She wants to hear and be heard, to see and be seen. She wants things set right. She wants to know what is true—not partly true, or sometimes true, or almost true. She wants to see Truth itself, face-to-face. But here, now, these things are all cloudy. Hope is tinged with hurt. Faith is shaded by doubt. Lesser, broken things masquerade as love. How does she find something permanent when the world around her is always changing, when not even she can stay the same? And if she finds it, how does she hold on? *She Reads Truth* tells the stories of two women who discovered, through very different lives and circumstances, that only God and His Word remain unchanged as the world around them shifted and slipped away. Infused with biblical application and Scripture, this book is not just about two characters in two stories, but about one Hero

and one Story. Every image points to the bigger picture—that God and His Word are true. Not because of anything we do, but because of who He is. Not once, not occasionally, but right now and all the time. Sometimes it takes everything moving to notice the thing that doesn't move. Sometimes it takes telling two very different stories to notice how the Truth was exactly the same in both of them. For anyone searching for a solid foundation to cling to, *She Reads Truth* is a rich and honest Bible-filled journey to finally find permanent in a world that's passing away.

A Call To Truth: My Search May 16 2021 Have you ever questioned the teachings of the church? Do they make sense to you? When there are teachings you don't understand, have you ever been told, "Just take it on faith, brother?" I have! This was not acceptable to me. If God wants us to know him and his son, Jesus Christ, and the Word of God is his communication to us, then we as individuals should be able to study his Word and understand it. However, I believe that we are in the unfortunate time for the church in which the prophecy of the Apostle Paul has come to its fulfillment: For the time will come when men will not put up with sound doctrine. Instead, to suit their own desires, they will gather around them a great number of teachers to say what their itching ears want to hear. They will turn their ears away from the truth and turn aside to myths. (2 Timothy 4:3-4)

This book presents many of the questions I had in my quest for truth. It addresses some of the most egregious doctrines that lead people away from understanding God's plan and how they are to fit into it. In order to effectively seek God, you must ask questions. Why? Mainly because it is just as easy to believe a lie as it is the truth. Remember John 4:23-24: Yet a time is coming and has now come when the true worshipers will worship the Father in spirit and truth, for they are the kind of worshipers the Father seeks. God is spirit, and his worshipers must worship in spirit and in truth.

God's Absolute Love Truth Nov 02 2022 In the Bible we read in Isaiah 55:8-9 that God's

thoughts and ways are higher than our thoughts and ways, as higher as the heavens are higher than the earth higher! So, why wouldn't we want to know what they are? And even though the Bible, inspired by God, was written by different men at different times in history, it is consistent. In fact, we see things repeated throughout it that can teach us something about God. For instance, when we see 'fingers' in the Bible, we can find a message about judgment. In this book, we follow things that are repeated in the Bible to learn about God. God's word is amazing like that! And God's Word is the absolute love truth!

The Way to Follow the Way Mar 02 2020

When Jesus wasn't ministering to people, He was teaching the disciples how to do what He did. "The Way to Follow the Way" is a step by step instruction manual in learning to follow Jesus who is the Way, using the same methods He used to teach His disciples. • Why do people struggle with their old sinful nature? • What actually changes when you're born again? • How do you receive everything you need for life and godliness? • What were the final instructions of Jesus? These questions and many more will be answered with clear, concise and detailed information. It begins with why we believe in the God of creation, quickly explains the knowledge explosion Daniel prophesied would happen in the last days, then proceeds to the first steps a Christian takes and continues all the way through with how to make more disciples the same way Jesus did. After Jesus ascended back to Heaven and the disciples started to spread the Gospel, they went about praising God and enjoying the goodwill of all the people. And each day the Lord added to their fellowship those who were being saved. Wouldn't you like to have the ability to positively influence the people where you live? www.omega-ministries.com

The Unchanging Truth of God? Crucial Philosophical Issues for Theology Jun 16 2021

It has long been a cornerstone of Catholic belief that Christians can be intelligent and creative thinkers—inquisitive seekers after truth—as well as men and women of ardent faith. Catholics are entirely committed, then, to the claim that human rationality and religious faith are complementary realities since they are

equally gifts of God. But understanding precisely how faith and reason cohere has not always been a smooth path. At times, theology has allowed philosophy to become the leading (and baleful) partner in the faith-reason relationship, thereby lapsing into rationalism or relativism. At other times, theology has been tempted by fideism, with philosophy now regarded as little more than a pernicious intruder corrupting Christian faith, life and thought. The essays in this volume display how Catholicism understands the proper confluence between philosophy and theology, between human rationality and Christian faith, between the natural order and supernatural grace. To illustrate these points, the book draws on a long line of Christian thinkers: Origen, Augustine, Anselm, Aquinas and, in our own day, *Fides et Ratio* of John Paul II and the Regensburg Address of Benedict XVI. How is theology always a "Jewgreek" enterprise—to borrow a term from Jacques Derrida—always a combination of the biblical (Hebraic) and philosophical (Hellenic) traditions? Why is one particular element of philosophy, metaphysics, essential for the intelligibility and clarity of Catholic theology? Why is this so much the case that John Paul II could state emphatically: "a philosophy which shuns metaphysics would be radically unsuited to the task of mediation in the understanding of Revelation"? But theology cannot simply be about dialogue with philosophers of yesteryear. Theology must constantly incorporate fresh thinking and remain in lively conversation with an extensive variety of contemporary perspectives. This book displays how reciprocity and absorption has been characteristic of theology's past and must represent its future as well.

Hear and Fear May 08 2023 The purpose of this book is to help you understand that hear and fear is a Principle of the Kingdom of God. The Gospel of the Kingdom of God that Jesus Christ preached was all about repentance. This book also contains very rich scriptural references that confirm that, the Word of God is the name of God. Revelation 19:12-13 says, "His eyes [were] as a flame of fire, and on his head [were] many crowns; and he had a name written, that no man knew, but he himself. And he [was] clothed with a vesture dipped in blood: and his name is called

the Word of God." This book also helps us to understand that "God is a Spirit," therefore we should "worship him in spirit and in truth." As a believer, refuse to be a destitute of the truth because before God there is no excuse. This book also helps us to understand that we cannot replace the Gospel of the Kingdom of God (repentance) with the Gospel of Prosperity. It does not work! "But seek ye first the kingdom of God, and his righteousness; and all these things shall be added unto you." No time to waste. Repent! This book is also written for all those who are changing the truth of God into a lie because whether you like it or not, the truth of God is the truth of God. "We cannot do anything against the truth but for the truth." All we can do for the truth is to believe it! Beloved brethren, there is nothing new under the sun; whatever you are going through in your life, be it sickness, disease, poverty, generational curses, or bondage, all is vanity of vanities. It is only the mercies of God that are new every morning. This book is for those who are willing to understand that we should "fear God, and keep his commandments: for this is the whole duty of man" because "God shall bring every work into judgment, with every secret thing, whether it be good, or whether it be evil." Let the Church (you and me) be the true Church of God ruled by holiness and righteousness, not by dollar power.

Contending for our all Jan 12 2021 Every Christian needs dependable role models to whom one can look for teaching and example. Many of the greatest role models have departed from this life, but their legacy lives on. Believers of this day and age can learn much about a godly life from saints of the past. Athanasius, John Owen, and J. Gresham Machen are three such saints. Each stood for the truth of God's Word in the face of opposition-all out of a deep love for Christ and a desire for people to know God as he truly is. Popularity was not a concern, and they took no joy in controversy for argument's sake. However, these men were willing to suffer for the sake of guarding the sanctity of the gospel. Many threats, years of exile, deaths of loved ones, opposition from friends and authorities, sickness and pain-none of these setbacks could keep these three from maintaining their efforts for the furthering of Christ's Kingdom or quench

their zeal for Christ himself. John Piper's *Contending for Our All* gives us biographies of Athanasius, John Owen, and J. Gresham Machen-bishop, pastor, and seminary founder. In the life of each one, personal holiness was emphasized publicly and privately despite suffering. They were true soldiers for the sake of the cross, and each man offers life lessons for Christians today *The Truth about God* Mar 26 2022 Do you struggle with heartache from the death of a loved one or a major life adversity? Do you blame God for allowing such a painful thing to happen? Delores J. Porter has answers for you in her hope-filled new book, *The Truth About God*. With great attention to detail, she examines what God Himself says about His character--in His Word--and shows why He isn't behind the sorrows and tragedies of our lives. She corrects misunderstandings in our traditional theology, challenging the belief that every event of this world is God's will and purpose. *The Truth About God* will inspire you to seek God for the comfort He wants to give you. You'll gain new hope that, instead of heartache, He has healing for you in body, soul, and spirit.

The Naked Truth about Small Group Ministry Aug 07 2020 Tired of reading books by pastors of large churches who could put a stick in the mud and it would grow a fruit-bearing tree in a week? Pulling no punches, Neighbour diagnoses the problems surrounding small group and cell group ministry in America today, offering practical suggestions that work.

A Testimony to the Truth of God, as Held by the People Called Quakers Jan 04 2023

Living Fearless Jan 24 2022 Jamie Winship spent nearly 30 years living and working in conflict zones, and during that time he has learned an important truth: all human conflict originates from fear, and fear originates from a false view of God, ourselves, and others. Until we exchange what's false for what's real, we will never experience being fully alive, fully human, and fully free. Unpacking the power of knowing our true identity in Christ, Winship takes us on a journey of telling ourselves the truth, changing our mindsets, and experiencing actual life transformation that leads to radical courage in the face of all that life throws at us. With humor, clarity, and real-life practicality, *Living Fearless* is your invitation to listen closely to what God is trying to say to you about himself, about the person he created you to be--and also about all those other people he created and loves. If you want to discover the incredible difference abiding in Christ will make in your life and faith, get ready to do "a new thing" with God.

Embracing Truth in Times of Adversity Dec 11 2020 We are all connected to the Spirit of God by nature, and therefore we can never be separated from God or our good. In times of adversity, however, many of us get distracted, relying on outer sources, missing the mark, and delaying our good. But God can turn a negative situation into a blessing. The way out of any dilemma is simply to embrace truth and surrender to the will of God. Using examples found in the Bible as well as her personal experiences, Unity minister Marjorie Daun Timberlake-Linton shows you how to fully submit your life to God. With clear, concise language, Timberlake-Linton discusses how inner transformation and individual awareness of truth can help us to become one with our Creator. She uses the basic truth principles of the Unity faith often referred to as practical Christianity and the teachings of Jesus Christ to help you release anxiety; step out in faith; take responsibility; overcome challenges; believe and achieve. This inspiring self-help guide speaks a universal language and opens the door to enlightenment. Learn how to trust God with all your heart, mind, and soul, and discover a happier, more fulfilling life!
