month, that is, every 5 weeks. Yes, we know that the months have four weeks, but there are some who have a few more days, so we wanted to include one more week so you do not have days left without organizing. At the beginning of this Monthly Weekly Journal Update, we have also included one for you to have your most important contacts, with your name, address, mobile, WhatsApp and its main social networks. This Monthly and Weekly Planner Journal is the most important tool you will have to take absolute control of your days. So if it is important for you, it can be important for your loved ones and friends. Do not forget to bring other units so you can give to your most important beings. Now it only remains to look for your pencils in all the colors so that you customize your interior pages to your liking. We hope to have you back here telling us about your experience.
