Main-travelled Roads Jun 12 2021 Main-Travelled Roads contains eleven stories in this expanded and revised 1922 edition of an undisputed American classic. "Under the Lion's Paw" shows an honest, hard-working farmer victimized by a greedy landlord. Equally powerful is the semi-autobiographical "Up the Coolly," concerning a successful son who returns from the East to find his mother and brother trapped on a poor farm, defeated in spite of their best efforts. "Mrs. Ripley's Trip" is a tender story of an elderly couple settled in their frugal country ways, with the wife determined to realize her dream of revisiting childhood scenes. Although Garland paints no pretty pictures, he offers exhilarating moments in the lives of these farm people and never ignores the strength of individual will. William Dean Howells's introduction to the 1922 edition has been retained.

He is best known for his fiction involving hard-working Midwestern farmers. Hannibal Hamlin Garland was born on a farm near West Salem, Wisconsin, on September 14, 1860, the second of four children of Richard Garland of Maine and Charlotte Isabelle McClintock. The boy was named after Hannibal Hamlin, the candidate for vice-president under Abraham Lincoln. He lived on various Midwestern farms throughout his young life, but settled

in Boston, Massachusetts, in 1884 to pursue a career in writing. He read diligently in the Boston Public Library. There he became enamored with the ideas of Henry George, and his Single Tax Movement. George's ideas came to influence a number of his works, such as *Main-Travelled Roads* (1891), *Prairie Folks* (1892), and his novel *Jason Edwards* (1892). *Main-Travelled Roads* was his first major success. It was a collection of short stories inspired by his days on the farm. He serialized a biography of Ulysses S. Grant in McClure's Magazine before publishing it as a book in 1898. The same year, Garland traveled to the Yukon to witness the Klondike Gold Rush, which inspired *The Trail of the Gold Seekers* (1899). The Significant Hamlin Garland Nov 05 2020 'The Significant Hamlin Garland' collects the best of Donald Pizer's essays dealing with Garland's early work and activities in an effort to re-establish the importance of this formative stage in his career. The

essays in the first part of the book are devoted to Garland's radical economic and artistic beliefs and activities, while those in the second half concentrate on his most permanent work of the period: 'Main-Travelled Roads', his novel 'Rose of Dutcher's Coolly', and his autobiography 'A Son of the Middle Border'.

Rose of Dutcher's Coolly Oct 29 2022 Widely regarded as the best of Hamlin Garland's novels, *Rose of Dutcher's Coolly* tells the story of a country girl of precocious ability who is raised by her widower father on a small Wisconsin farm. She wants to be a poet and eventually attends the university, where her talent is encouraged. A carefully crafted defense of the New Woman, the first generation of women to achieve economic and social independence, *Rose of Dutcher's Coolly* deals with issues that are still with us—the nature of femininity, the problem of reconciling career and family, the meaning of "love," and the need for equal opportunity. Above all, it records a nineteenth-century man's vision of a world that still eludes us, one in which men and women are equal partners. This edition reprints the text of the 1895 printing and includes an introduction that places the novel in the historical context of the early feminist movement. Hamlin Garland (1860-1940) is best known for his collection of short stories *Main-Travelled Roads*, available in a Bison Books edition, and for his autobiography, *A Son of the Middle Border*. Keith Newlin is a professor of English at the University of North Carolina at Wilmington. He is the author of *Hamlin Garland: A Bibliography*, with a Checklist of Unpublished Letters and the coeditor of *Selected Letters of Hamlin Garland* (Nebraska 1998).

The Book of the American Indian Apr 03 2023 "In these and other stories written from 1890-1905, Hamlin Garland sought to capture his vision of the spirit of the Native American Indian in transition. Based on ten years of visits to reservations in the American West, these stories are of interest for readers today in part because they illustrate a sincere and well-intentioned white reformer coming to understand a culture radically at odds with his own - and discovering in the process that his own culture is less "advanced" than he had supposed." "This edition reprints the text and illustrations from the 1923 printing as well as two of Garland's essays indicting the treatment of Indians. An introduction places the stories in the historical context of Garland's life and times."--BOOK JACKET.

Selected Letters of Hamlin Garland Apr 22 2022 Hamlin Garland, a Pulitzer Prize-winner and author of more than forty books, was a central figure in American literary life for half a century. He was intimately involved with many of the major literary, social, and artistic movements in American culture, and his extensive correspondence with the intellectual leaders of American culture was almost unparalleled in scope. This volume brings together a rich, representative sample of Garland's letters. They are addressed to an impressive roster of individuals: Samuel Clemens, William Dean Howells, Walt Whitman, Zona Gale, Theodore Roosevelt, Van Wyck Brooks, Howard Mumford Jones, Brander Matthews, Stephen Crane, George Washington Cable, and many others. The letters touch on an equally broad range of

subjects, from the U.S. government's reprehensible treatment of Native Americans to environmental issues to the major literary figures and controversies of Garland's day. Frank, opinionated, and wide-ranging, Garland's letters provide a valuable and entertaining portrait of American cultural and intellectual life in the years between 1890 and 1940.

Hamlin Garland, Prairie Radical Sep 15 2021 As a self-proclaimed native "son of the middle border" states of Wisconsin, Nebraska, Iowa, Minnesota, and South Dakota, Hamlin Garland wrote short stories, novels, and essays about the harsh realities of farm life. At a time when rural romanticism was in literary vogue, he described conditions for midwestern farmers as they really were and promoted a wide variety of reforms to improve their lives, including women's rights legislation and single-tax reform. The volume reprints much of Garland's radical fiction and

nonfiction from between 1887 and 1894, including four of his most outspoken stories depicting farm conditions of the time. Fueled by moral outrage and a cry for justice shaped by his own family's hardships in Wisconsin, Iowa, and South Dakota, the radical writing of his early career is filled with compassion and fury.
