BURNING WATERS Designated Supreme Commander of the Allied Forces, Matt Reddy must now contend with a new threat; the Dominion—humans whose lust for power matches the Grik. But even though the Grand Alliance recognizes the danger of the Dominion, it must deal with the land-based Grik first, leaving the Imperial navy—and USS Walker—with little assistance. As war rages, more Japanese ships come through the time-space maelstrom that the Americans call The Squall. One

is a "Hell Ship," carrying prisoners of an Imperial Japan that is growing ever more ruthless in the face of looming defeat. Escorting it is a new, state-of-the-art destroyer, whose officers recognize no rules of war. Fighting on two fronts, Reddy is plunged into a firestorm of loyalty, betrayal, and sacrifice. But nothing can prepare him for a devastating new Grik weapon—a weapon that could wipe out all who oppose them..

"Leave it to DJ Molles to change the genre with a breakneck action novel that had me turning the pages while thinking, why the hell didn't I write this!"--Nicholas Sansbury Smith, NYT and USA Today Bestselling Author of the Hell Divers and Extinction Cycle series. In the beginning, the gods destroyed the world. Five hundred years later, things haven't gotten much better for humans. The demigods that were left behind to guard over humanity have been using them as fodder for an endless civil war between themselves, and the humans just go on dutifully slaughtering each other, battle after battle. It's not all bad, though. Perry McGown makes his living off those bloody, stinking battlefields. He works on a crew that reclaims all the spent shell casings. They reload them into new cartridges, and then sell them in towns. It's a good gig, it puts a few gold coins in Perry's pocket, and best of all, no one asks too many questions about his past. Which is ideal, because if anyone found out that he was a deserter from the war, he'd be executed for heresy. Then some

bad blood between crewmembers leads to one man with his brains dashed in, and Perry heading for the hangman's noose. Through a flurry of gunfire and blood, Perry manages a narrow escape, but only with the help of the two people he likes least: A girl named Teran that asks far too many questions about his past; and an ex-legionnaire named Stuber, whose penchant for gleeful violence brings back bad memories for Perry. On the run and pursued by a ruthless demigod, Perry is forced to confront the demons of a past that he thought he'd left behind him--and learn truths about himself and his family that have been buried for decades. But the more Perry learns, the more dangerous his journey becomes. Because the truth about Perry could break the gods.

"Breaking Gods is one of those books I couldn't put down. Molles filled the pages with gritty, intense action that drove the story to a satisfying conclusion and left me eager for more." - Jason Anspach, bestselling author of Galaxy's Edge. Aubrey St. James is in trouble. She's locked in a cell at a government black site. She doesn't know where that site is or how the hell she got there. But she knows that it has something to do with the stranger she rescued from the river. Someone - or something - called Johnny. Saul Tarson knows that the thing he's locked up is dangerous, because it left a trail of six dead cops in its wake, all killed in a way that defies explanation. It is Saul's sworn duty to get to the truth about Johnny before more

people die - a lot more. All Johnny wants is to return home. But he has a mission to fulfill first. And what he does in the next 20 hours will either save mankind - or bring it to its knees. The first volume in D.J. Molles's bestselling series, now in a special edition with the bonus novella *The Remaining: Trust*. In a steel-and-lead encased bunker a Special Forces soldier waits on his final orders. On the surface a bacterium has turned 90% of the population into hyper-aggressive predators. Now Captain Lee Harden must leave the bunker and venture into the wasteland to rekindle a shattered America. This edited collection explores the ways in which our understanding of the past in Dutch history and culture can be rethought to consider not only how it forms part of the present but how it can relate also to the future. Divided into three parts - *The Uses of Myth and History*, *The Past as Illumination of Cultural Context*, and *Historiography in Focus* - this book seeks to demonstrate the importance of the past by investigating the transmission of culture and its transformations. It reflects on the history of historiography and looks critically at the products of the historiographic process, such as Dutch and Afrikaans literary history. The chapters cover a range of disciplines and approaches: some authors offer a broad view of a particular period, such as Jonathan Israel's contribution on myth and history in the ideological politics of the Dutch Golden Age,

while others zoom in on specific genres, texts or historical moments, such as Benjamin Schmidt's study of the doolhof, a word that today means 'labyrinth' but once described a 17th-century educational amusement park. This volume, enlightening and home to multiple paths of enquiry leading in different directions, is an excellent example of what a past-present doolhof might look like. One hundred years before Ender's Game, the aliens arrived on Earth with fire and death. This is the story of the First Formic War. Victor Delgado beat the alien ship to Earth, but just barely. Not soon enough to convince skeptical governments that there was a threat. They didn't believe that until space stations and ships and colonies went up in sudden flame. And when that happened, only Mazer Rackham and the Mobile Operations Police could move fast enough to meet the threat. Fans of Ender's Game will thrill to Orson Scott Card and Aaron Johnston's Earth Afire. THE ENDER UNIVERSE Ender series Ender's Game / Speaker for the Dead / Xenocide / Children of the Mind / Ender in Exile / Children of the Fleet Ender's Shadow series Ender's Shadow / Shadow of the Hegemon / Shadow Puppets / Shadow of the Giant / Shadows in Flight The First Formic War (with Aaron Johnston) Earth Unaware / Earth Afire / Earth Awakens The Second Formic War (with Aaron Johnston) The Swarm / The Hive Ender novellas A War of Gifts / First Meetings At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM)

applied. He has fought the fight, and run the race. But the enemies never stop coming, and the race has no finish line. It has been three months since Captain Lee Harden found the survivors at Camp Ryder. With winter looming, Lee is on the verge of establishing Camp Ryder as a hub of safety and stability in the region. But not everyone agrees with Lee's mission. . . or his methods. Growing tensions between camp leadership are coming to a head, and as Lee struggles amid the dissention and controversy, new revelations about the infected threaten to destroy everything he has worked for. Can anything or anyone stop the evil? Lost. Trapped. Chased by monsters and sent on a crazy mission. Not exactly what Jack Gee had in mind when he used to daydream about the apocalypse. Seven months after the Hemorrhage Virus swept across the world Jack, his wife Dee, friend Boss and the Renegades, a ragtag collection of civilian and military personnel, have been sent on two missions. Jack likes the first. Recon. The second is insane. Re-enter the laboratory they barely escaped from a few months back and retrieve a logbook, a logbook that could provide the cure to end the madness. Through the chaos, old friendships are tested and new alliances are formed, but new and dangerous enemies emerge in the fight for the future of New Zealand. This is the sixth and final novel in the action-packed series following Special Forces Captain Lee Harden and a group of survivors struggling to survive while rebuilding an America

devastated by a bacterium that has turned 90% of the population into a ravenous horde. The merciless tide of infected is flooding south and time is running out to stop them. Bolstered by new allies, Captain Lee Harden continues his struggle to establish a safe haven from which the embers of a shattered society can be rekindled. This is the sixth and final novel in D.J.

Molles's bestselling series: Book 1: The Remaining Book 2: The Remaining: Aftermath Book 3: The Remaining: Refugees Book 4: The Remaining: Fractured Book 5: The Remaining: Allegiance Book 6: The Remaining: Extinction Novella 1: The Remaining: Trust Novella 2: The Remaining: Faith

It began in First Activation, when military veterans Harry and Jack arrived at a silent JFK airport and a New York City full of madmen driven to kill one another. In Second Activation, the two brothers escape from Monroe, Michigan, and head for New York to face down Genesis Alliance, a despotic organization that is implementing the chaos to create a new order. Caught in a race against time, confronted with a local team intent on revenge and expecting the imminent arrival of a larger reinforcement, Harry and Jack must avoid existing dangers, gain allies, and stop the Alliance from launching its next Activation. With the fate of the remaining population at stake, Harry and Jack know that stopping the Activation means going to war once again... Second Activation is the sequel in the high-octane and thrilling post-apocalyptic Activation series. In

the Pacific, as USS Walker is repaired and updated after a previous battle and Matt Reddy is healing from his wounds, planning begins for a bold raid on the very heart of the Grik Empire. But time is running out for the Alliance army in Indiaa, and the Allied forces in the west must gather in an unprecedented land, air, and sea campaign to destroy the mighty Grik battle fleet and break through to their relief. All other plans go on hold when the attempt proves more difficult—and more heartbreakingly costly—than anyone imagined. Meanwhile, the struggle continues on other fronts near and far: in the jungles of Borno in distant southern Africa and in the Americas, where the Allies are finally learning the terrible truth about the twisted Dominion. The Alliance is on the offensive everywhere, but their enemies have a few surprises, including new weaponry and new tactics...and a stunning geographic advantage that Reddy never suspected. Until now. The skies explode in this thrilling alternate history novel in Taylor Anderson's New York Times bestselling Destroyermen series. After the terrible battle between the men of the destroyer USS Walker and their Lemurian allies against the savage Grik, Lieutenant Commander Matthew Reddy is shocked by the arrival of a strange ship captained by Commodore Jenks of the New Britain Imperial Navy—an island-nation populated by the descendants of British East Indiamen swept through the rift centuries before. With the

Walker undergoing much-needed repairs, Reddy knows the Grik have only been fended off, not defeated, and he will need all hands on deck to fight them off when they next attack--but Jenks' loyalties seem uncertain. As tension between the Allies and the Imperials mount, Reddy will come to realize that his suspicions are not misplaced--and that a greater danger than the Grik is about to be revealed...

"Essays" by David Hume. Published by Good Press. Good Press publishes a wide range of titles that encompasses every genre. From well-known classics & literary fiction and non-fiction to forgotten—or yet undiscovered gems—of world literature, we issue the books that need to be read. Each Good Press edition has been meticulously edited and formatted to boost readability for all e-readers and devices. Our goal is to produce eBooks that are user-friendly and accessible to everyone in a high-quality digital format.

Cade Grayson, ex Delta Force operator narrowly escaped Portland, Oregon ahead of the massive exodus. He eventually ended up leading a group of survivors through the western high desert, losing five of them violently along the way. After battling zombies and humans across the west, and still unsure of the well being or whereabouts of his family, Cade soldiers on alone, eastbound, locked and loaded. Soldier On is Book Two in the Surviving the Zombie Apocalypse series, picking up on day four where "Trudge: Surviving the Zombie Apocalypse" left off. Day one began the same as any other

Saturday in Portland, Oregon. After months of rain people were out and about enjoying the sights and sounds of summer. Cade Grayson dropped his wife Brook and daughter Raven off at Portland International Airport. They were bound for Myrtle Beach, South Carolina to visit Brook's parents. On that eye opening first day, Cade's introduction to the new world was hard to wrap his mind around. He was forced, in self defense, to kill his infected neighbors Ted and Lisa. Pioneer Courthouse Square, nestled in the center of downtown Portland, was but one of the many flashpoints of a viral outbreak in the United States. By evening all of the hospitals in and around Portland were ravaged and teeming with ravenous walking dead. There was no triage, no way to cure them and by evening, for those unfortunate enough to be in a major metropolitan area, no way to escape them. Day two saw Washington D.C. fall to the reanimated hordes in search of human flesh. After declaring martial law and calling back all of the soldiers, airmen and marines from overseas, President Bernard Odero was never heard from again. Former Speaker of the House and now President by succession Valerie Clay is saddled with the seemingly insurmountable task of leading the country back from the brink of what may prove to be mankind's Extinction Level Event. Her first order of business is to set up a safe haven in Colorado Springs as the new Capitol of the United States. Delta Force commander Mike Desantos embarks on a

new mission with his small team of Tier-One operators. They must rescue critical personnel from the Center for Disease Control in Atlanta, Georgia and retrieve any useful information they have gleaned concerning the Omega virus. Cade Grayson, ex Delta Force operator narrowly escaped Portland, Oregon ahead of the massive exodus. He eventually ended up leading a group of survivors through the western high desert, losing five of them violently along the way. After battling zombies and humans across the west, and still unsure of the well being or whereabouts of his family, Cade linked up with retiree Harry Conrad and Vietnam-era aviator Duncan Winters in Draper, Utah at Camp Williams, garrison for the 19th Special Forces Group. While suffering a night of fitful sleep trying to block out the moans of the living dead, Cade made the decision to leave the base and soldier on alone, resuming his cross country search for his loved ones. Can Valerie Clay bring the United States back from the brink and find a way to deal with the millions of undead? Will Cade Grayson survive long enough to find his wife and daughter... still alive? Can Mike Desantos complete his mission to the CDC and return to Colorado Springs in time to attend the birth of his first boy? Or will the insatiable dead succeed in breaking the indomitable spirit of mankind...? To Captain Lee Harden, the mission to rescue his countrymen and rebuild the nation seems like a distant memory. Wounded and weaponless, he has stumbled upon a group of

survivors who may be his last hope. But a tragedy in the group causes a deep rift and forces him into action. And in the chaos of a world overrun by infected, Lee is pursued by a new threat: someone who will stop at nothing to keep him from his sworn duty. This is the second novel D.J. Molles's bestselling series: Book 1: The Remaining Book 2: The Remaining: Aftermath Book 3: The Remaining: Refugees Book 4: The Remaining: Fractured Novella 1: The Remaining: Trust Novella 2: The Remaining: Faith London is in turmoil following riots and the Trafalgar Square Massacre. A doctor in a big East End hospital, already hard hit by government cutbacks and increasing social unrest, starts to get reports of something having happened at All Hallows church . . . Then, the first of the injured, including policemen and soldiers, start to be brought in, but the nurses and doctors on the day shift still can't make sense of what the victims are talking about. Soon their resources begin to be overwhelmed. Some of the injured begin to 'change' and soon the hospital, like so many other buildings throughout the city, is on lockdown. But as things grow increasingly chaotic outside, for those trapped within the old hospital building, both staff and patients, things quickly become infinitely worse as the dead return to life and stalk the corridors in search of flesh. Dan Molles' stunning Remaining saga continues in the second novella in the series set in a world ravaged by a virus that has

turned 90% of the population into ravenous animals. The world is slipping into chaos. A mysterious plague has come stateside, and Clyde Bealey suddenly finds himself with nothing but a suitcase full of worthless things and a desperate sense that he must prove himself to his pregnant wife. As he tries to lead his family to safety through a world filled with madmen, he will learn that the cost of his pride might be more than he can bear. Book 1: The Remaining Book 2: The Remaining: Aftermath Book 3: The Remaining: Refugees Book 4: The Remaining: Fractured Novella 1: The Remaining: Trust Novella 2: The Remaining: Faith An American release of an award-winning debut novel from Israel finds epilogist Ben Mendelssohn committing suicide after the death of his beloved wife and encountering a curious material afterlife where he reconnects with long-departed family members but cannot find his wife. Keep your head down. Do what you're told. It's easier that way. Walter Lawrence Baucom is used to the troops that patrol Agrarian District 89. He grew up with the sight of Chinese and Russian soldiers, right alongside the American ones. They are the Coalition. "The Three Brothers," they call themselves. They claim that they are there to help. And he thinks that if he doesn't rock the boat, then they will never have a reason to break in his door and disappear him, like they did to his brother. But when a Chinese captain is kidnapped by resistance members, Walter is suddenly thrust into a fight he never wanted. A

fight where there are many sides, but very few allies. As things in District 89 quickly spiral out of control and the borders are closed by Coalition troops, Walter will have to make a decision: What is he willing to fight for? His life? His freedom? His family? "Readers who enjoyed The Strain Trilogy, by Guillermo Del Toro and Chuck Hogan, will find plenty to satisfy them here."—San Francisco Book Review

When the end came, it came quickly. No one knew where or exactly when the Omega Virus started, but soon it was everywhere. And when the ones spreading it can't die, no one stands a chance of surviving.

San Francisco, California. Father Xavier Church has spent his life ministering to unfortunate souls, but he has never witnessed horror like this. After he forsakes his vows in the most heartrending of ways, he watches helplessly as a zombie nun takes a bite out of a fellow priest's face..

University of California, Berkeley. Skye Dennison is moving into her college dorm for the first time, simultaneously excited to be leaving the nest and terrified to be on her own. When her mother and father are eaten alive in front of her, she realizes the terror has just begun...

Alameda, California. Angie West made millions off her family's reality gun show on the History Channel. But after she is cornered by the swarming undead, her knowledge of heavy artillery is called into play like never before..

Within weeks, the world is overrun by the walking dead. Only the quick and the smart, the strong and the

determined, will survive—for now. EXPANDED BY THE AUTHOR USA Today bestseller Nicholas Sansbury Smith's first book in his thrilling post-apocalyptic series about one man's mission to save the world. Master Sergeant Reed Beckham has led his Delta Force Team, codenamed Ghost, through every kind of hell imaginable and never lost a man. When a top secret Medical Corps research facility goes dark, Team Ghost is called in to face their deadliest enemy yet—a variant strain of Ebola that turns men into monsters. After barely escaping with his life, Beckham returns to Fort Bragg in the midst of a new type of war. As cities fall, Team Ghost is ordered to keep CDC virologist Dr. Kate Lovato alive long enough to find a cure. What she uncovers will change everything. Total extinction is just on the horizon, but will the cure be worse than the virus? Extinction is just on the horizon... Start reading the book that D. J. Molles said "delivers unrelenting unmerciful action" before it's too late! The Extinction Cycle: Book 1: Extinction Horizon Book 2: Extinction Edge Book 3: Extinction Age Book 4: Extinction Evolution Book 5: Extinction End Book 6: Extinction Aftermath Book 7: Extinction War From USA Today bestselling author Nicholas Sansbury Smith comes another harrowing story of survival in a post-apocalyptic world. The end of the world is just the beginning of the hunt... Estes Park Police Chief Marcus Colton and tracker Sam 'Raven' Spears have never liked one another, but when a young girl goes missing in

Rocky Mountain National Park, Colton hires Spears to help find her. Their search ends after a night of devastating horror. When word reaches Estes that the nation has been hit by a coordinated electromagnetic pulse attack, Colton and Spears are forced to work together again. But they quickly realize they aren't just tracking a killer--they are tracking a madman. As the United States descends into chaos, the hunters become the hunted. Halfway across the country, Senator Charlize Montgomery awakes to find the nation's capital has gone dark. Forced to set off on foot, she treks across a city that has woken to a new world, and as the night progresses, she learns the EMP attack was just the beginning... The U.S.S Nimitz survivors have made a floating fortress to survive the onslaught of the walking dead. But as their safe haven is besieged by vicious marauders and terrifying Hobgoblins, they come up against the most deadly obstacle they've faced yet, one they have no chance of defeating - the cruel whims of nature itself. A wonderfully terrifying cross between The Walking Dead and Pirates of the Caribbean, Crossbones is bound to thrill horror fans. D..J. Molles' stunning Remaining saga continues in this first novella in the series set in a world ravaged by a bacterium that has turned 90% of the population into ravenous animals. While Captain Lee Harden struggles to fulfill his part in Project Hometown his trusted friend and ally Major Abe Darabie works to hold up his end of the mission. But

caught between his responsibility to the mission and the ambitions of a new president Abe must decide where his duty lies and whom he can trust in a country turned upside down. Book 1: The Remaining Book 2: The Remaining: Aftermath Book 3: The Remaining: Refugees Book 4: The Remaining: Fractured Novella 1: The Remaining: Trust Novella 2: The Remaining: Faith This is the fifth, never-before-published, novel in the action-packed series following Special Forces Captain Lee Harden. Lee and a group of survivors struggle to survive while rebuilding an America devastated by a bacterium - one that has turned 90% of the population into a ravenous horde. Through an overwhelming storm of pain and adversity Captain Lee Harden has fought and survived. But his mission continues. Recovering from his wounds, mental and physical, he must rally his companions at Camp Ryder and push back against the still swarming hordes of the infected that threaten to extinguish an already devastated society. Book 1: The Remaining Book 2: The Remaining: Aftermath Book 3: The Remaining: Refugees Book 4: The Remaining: Fractured Book 5: The Remaining: Allegiance Book 6: The Remaining: Extinction Novella 1: The Remaining: Trust Novella 2: The Remaining: Faith Imagine a near future city, say London, where medical science has advanced beyond our own and a single dose pill has been developed that, taken when pregnant, eradicates many common genetic defects from an unborn child. Hope Morrison, mother of a hyperactive four year old,

is expecting her second child. She refuses to take The Fix, as the pill is known. This divides her family and friends and puts her and her husband in danger of imprisonment or worse. Is her decision a private matter of individual choice, or is it tantamount to willful neglect of her unborn child? . . .THE BLOOD OF PATRIOTS AND TYRANTS. The country has become a war zone, and with a Coalition troop surge imminent, the resistance is on the ropes. Walter is in the city of Durham, fighting to survive. He has no idea that his wife, Carolyn, is only miles away, desperately trying to find him. She has information on a special target--a last ditch mission that could turn the tide for the resistance. And Walter may just have access to the only team of fighters capable of pulling it off. But Carolyn is not the only one trying to find Walter. A ruthless federal agent named Goring is obsessed with destroying the Baucom family. He has already murdered Walter's father, and he aims to capture Walter by any means necessary. And he has the means. Because he has Walter's brother. The United Eastern States has fallen. Lee Harden and a band of survivors have escaped President Briggs's invasion force. Their only options are to attack Briggs while his forces are delayed on the east coast...or admit that they've been beaten, and go into hiding. For Lee Harden, the decision seems obvious. But as disparate forces, factions, and loyalties begin to converge under the pressure cooker of all-out

civil war, Lee is forced to confront not only insurmountable odds, but also the darkest parts of himself that he has left buried in the years since this all began. They took everything—killed his wife, enslaved his daughter, destroyed his life. Now he's a man with nothing left to lose ... and that's what makes him so dangerous. Ten years after the collapse, Huxley had built a good life again. He had a loving wife, a farm with fields of golden barley, and a daughter with a strange and wonderful gift. Then the slavers came. Working out in the fields during the attack, Huxley returns too late. His daughter has been taken and his wife is bleeding out, her last whispered words about a man with a scorpion tattoo on his neck. Where do the slavers go? Huxley has no idea. He only knows that they headed east and so will he, setting out on foot across the desert of the Wastelands. Eighteen months into his journey, he has no hope of ever seeing his daughter alive. Dying of thirst in the open desert, he doesn't even expect to see another day. Then a man appears out of the desert and offers Huxley water from his canteen, an unheard of kindness in these savage times. Jay is an odd man, full of violence and guided by his hatred of the slavers, but he helps Huxley survive. And he gives Huxley a new purpose: nothing can bring back the dead, but we can chase down the slavers and make them bleed. Together, Huxley and Jay carve a path of destruction across the remains of a once-great land. The slavers are

brutal, but they have no idea what's coming for them. Huxley has found something to live for again: blood and vengeance. In his most powerful work yet, New York Times bestselling author D. J. Molles delivers a carefully woven novel of violence and redemption, bringing to life a devastating portrait of a man pushed to the edge of his own humanity. NEW YORK TIMES BEST SELLING MILITARY ADVENTURE SERIES. A new addition to the Kildar military adventure series created by John Ringo. Sequel to Ghost, Kildar, Choosers of the Slain and Unto the Breach. After saving America from Middle Eastern terrorists, even Mike Harmon and the Keldara could use a vacation. Of course, the Kildar's idea of a vacation includes taking down pirates in the Singapore Straits. But when he finds computer chips designed to run nuclear reactors in the pirate booty, Harmon has a new mission thrust upon him\_discover how bottom-feeding thieves got their hands on top-secret technology. The chips are headed for newly democratic Myanmar, a country vital to American interests in the region. Now Harmon finds himself in a desperate race to learn who stole the chips and why. From glittering Hong Kong to the slums of Thailand to the swamps of Myanmar, Harmon and his Keldara team follow a trail of death and deceit across the glittering underbelly of Southeast Asia. And as the path winds through dark jungle and slave labor camps to the heart of newborn democracy, Harmon must devise a way to prevent the nasty overthrow of a nation's capital

by totalitarian tyrants. But if there's one thing Mike and the Keldara specialize in, it's doing what it takes to give freedom a chance. At the publisher's request, this title is sold without DRM (Digital Rights Management). [Ringo's SF is] peopled with three-dimensional characters and spiced with personal drama as well as tactical finesse.  $\frac{3}{4}$ Library Journal . . . explosive. . . . Fans of strong military SF will appreciate Ringo's lively narrative and flavorful characters.  $\frac{3}{4}$ Publishers Weekly \_The interstellar skullduggery is thick, and the final action sequence . . . is practically impossible not to read in one sitting. . . . exceedingly impressive. . . . executed with skill, verve, and wit.  $\frac{3}{4}$ Booklist \_Ringo provides a textbook example of how a novel in the military SF subgenre should be written. . . . Crackerjack storytelling.  $\frac{3}{4}$ Starlog A Pound of Flesh, Book 4 in the Surviving the Zombie Apocalypse series, picks up the day after "In Harm's Way: Surviving the Zombie Apocalypse" left off. Outbreak - Day 1 Like a fragile house of cards in a hurricane, Presidents, Premiers, entire governments and their ruling bodies disappeared instantly. Some had ensconced themselves in deep underground bunkers or remained holed up in fortified strongholds, but history would tell that most had been swallowed up by the dead - never to be heard from again. WARNING - SPOILERS AHEAD Outbreak - Day 9 Reeling from a surprise attack, and with two fires burning out of control, Schriever AFB goes on

high alert. Former CDC Scientist Sylvester Fuentes, the apparent target, is killed along with his assistant Jessica Hanson, Brook's brother Carl and a handful of others. Destroyed in the conflagration was the Omega antiserum Fuentes had been working to perfect, and just hours prior had tested successfully on one of the newly infected. Meanwhile, returning prematurely from a mission to set off two nukes in the path of an advancing horde of living dead numbering several hundred thousand strong, and with his Delta Force commander Mike Desantos infected and dying from the Omega virus, Cade Grayson was forced to do something no friend should have to. Then, shortly after taking Desantos's life, and while still cradling the hard charging operator's corpse, the low rumble of the two nuclear detonations signaling the mission's likely success rolled over Schriever. Immediately, Delta Force Captain Cade Grayson begins to formulate a plan that will send him hurtling on a collision course with the parties responsible for the terrorist attack. Six hundred miles away in Eden, Utah, Duncan Winters, Vietnam-era aviator, hopes to recuperate and ride out the apocalypse in his survivalist/ Domsday prepper brother Logan's compound. In Jackson Hole, Wyoming, the New American capitol and fiefdom of Robert Christian, well-connected billionaire and self-appointed President, Daymon Bush, former BLM firefighter, bides his time with one burning desire: to find his girlfriend Heidi even if it ultimately kills

him. Will Cade successfully lobby President Clay and embark on a new mission in order to extract a pound of flesh for Carl and Mike Desantos? Will Brook Grayson and her eleven-year-old daughter Raven continue to temper themselves against the new dangers inside and outside the wire at Schriever? Will Daymon accomplish his goal and survive Jackson Hole? Can the much older Duncan find a way to fit in with his younger brother Logan's prepper friends? Will newly promoted General Ronnie Gaines fit in with the late Commander's fractured Delta team? Can the human race find a way to survive the legions of migrating zombies? This is the destiny of those who stand for others. Their honor will be bought in blood and pain. The Camp Ryder Hub is broken. Lee is nowhere to be found, and his allies are scattered across the state, each of them learning that their missions will not be as easy as they thought. Inside the walls of Camp Ryder, a silent war is brewing, between those few that still support Lee's vision of rebuilding, and the majority that support Jerry's desire for isolation. But this war will not remain silent for long. And in this savage world, everyone will have to make a choice. To keep their morals. Or keep their lives. This is the fourth novel in D.J. Molles's bestselling series: Book 1: The Remaining Book 2: The Remaining: Aftermath Book 3: The Remaining: Refugees Book 4: The Remaining: Fractured Novella 1: The Remaining: Trust Novella 2: The Remaining: Faith Nine years after escaping

the violence in Cameroon, Vanessa Michael Munroe, the daughter of American missionaries, agrees to help Houston oilman Richard Burbank find his adopted daughter, who vanished four years ago while visiting west central Africa. This is the fifth, never-before-published, novel in the action-packed series following Special Forces Captain Lee Harden and a group of survivors struggling to survive while rebuilding an America devastated by a bacterium that has turned 90% of the population into a ravenous horde. Through an overwhelming storm of pain and adversity Captain Lee Harden has fought and survived. But his mission continues. Recovering from his wounds, mental and physical, he must rally his companions at Camp Ryder and push back against the still swarming hordes of the infected that threaten to extinguish an already devastated society. Book 1: The Remaining Book 2: The Remaining: Aftermath Book 3: The Remaining: Refugees Book 4: The Remaining: Fractured Book 5: The Remaining: Allegiance Book 6: The Remaining: Extinction Novella 1: The Remaining: Trust Novella 2: The Remaining: Faith The government said the Variants were dying off... That the beasts would be extinct in a matter of years... That the Allied States had returned to prosperity and freedom ... The government was dead wrong. Deep under the cities, the Variants weren't just hiding, they were breeding. While the human survivors of the Extinction Cycle built outposts and brought back industries, the monsters were building something

of their own. Working with human collaborators, they constructed a vast underground organic network to control this new army and launch a blitzkrieg assault across the Allied States. After tunneling under the walls, the beasts managed to overwhelm even the most fortified outposts. Many of them fell within days, forcing the military to abandon bases and retreat. But not everyone is on the run. Team Ghost hunts a monster behind enemy lines that could change the tide of war. On the USS George Johnson, Doctor Kate Lovato and her team of scientists seek to understand and tap into the Variant network while oil tycoon S.M. Fischer and his engineers come up with a plan to help buy time for the remaining outposts. And, at Outpost Portland, Captain Reed Beckham and Master Sergeant Parker Horn investigate a frightening conspiracy involving the human collaborators. As the Variant armies surge across the Allied States, those working to stop them realize even desperate measures may not be enough to prevent the total annihilation of their country. "At various times, homosexuality has been considered the noblest of loves, a horrible sin, a psychological condition or grounds for torture and execution. David F. Greenberg's careful, encyclopedic and important new book argues that homosexuality is only deviant because society has constructed, or defined, it as deviant. The book takes us over vast terrains of example and detail in the history of homosexuality."—Nicholas B. Dirks, New
