Jewel Sea Aug 28 2021 The true story of a luxury steamship lost in 1912, and its haunting curse, inspire a tale of fatal desire, theft and greed. Praise for Jewel Sea: 'Kelly conveys the rich history of the colourful pearling trade in north-western Australia with gusto and charm...The myth of the cursed jewel has recurred for centuries in storytelling, but Kelly may be the first to have this beautiful and powerful object speak for itself.' - Sydney Morning Herald 'The narrative is breathtaking and the characters are well drawn. I read this book in just two sittings, which is testament to my unwillingness to put the book down.' - Mrs B's Book Reviews 'a many layered, little gem of Australian historical fiction. I could feel, hear and smell the isolated, underpopulated coastal towns of the early 1900's and the cruise liner Koombana in which it is set.' - DM Cameron, acclaimed author of Beneath the Mother Tree. The whole of the harbour was touched with gold - the tops of the quiet waves, warehouse roofs, the bulging folds of sails at rest, the tips of seagull wings - giving him one sweeping glimpse of beauty just as he was leaving, a vision of things as they ought always to be just as they were not... March, 1912. A sultry Indian summer hangs over the west coast of Australia and aboard the luxury steamship SS Koombana, three tales entwine. Irene Everley longs to leave her first-class fishbowl existence, secretly penning a gossip column as her life spirals out of control into soulless liaisons and alcohol, the long shadow of a tragedy clouding her view. James Sinclair, an investor on his way to Broome is not the man he says he is but can he be trusted? Abraham Davis, a wealthy dealer whose scandalous divorce is being dragged through the press, prepares to take the gamble of his life: to purchase an infamous, stolen pearl along the journey north. Perfectly round, perfectly pink, this pearl comes with a curse and with a warning - destroying all who keep it from returning to the sea.

Profession Dictateur Dec 12 2022 Leur délirante avidité de pouvoir Kim Jong-un, Bachar el-Assad, Poutine, Erdogan, Duterte... Profession ? Dictateur. Dans l'imaginaire populaire, ce mot peut évoquer l'image comique mais inquiétante de Hynkel, le dictateur imaginé par Charlie Chaplin ; mais surtout celle, bien réelle, de personnages qui suscitent fantasmes et effroi par leur personnalité, qui flirte avec la psychose et la violence, leur délirante avidité d'argent et de pouvoir, leur paradoxale longévité... et leur fin souvent sanglante. On compte aujourd'hui 49 dictateurs dans le monde, principalement en Afrique (21) et en Asie (18). Du fou délirant au fin renard jouant des règles de la démocratie, le dictateur est un être protéiforme. Mais on aurait tort de ne voir en lui qu'une caricature du despote assoiffé de pouvoir et de meurtre. Il peut être parfaitement banal, tout en accomplissant le pire. Le XXe siècle nous a montré que même en Europe, dans une civilisation aussi cultivée et avancée que l'Allemagne, les crises politiques, économiques, les haines et les rancœurs de vaincus pouvaient composer une situation capable d'engendrer les pires monstres. Qui sont les dictateurs d'aujourd'hui et quelles relations les pays dits démocratiques peuvent-ils entretenir avec ceux qui pérorent la bouche en cœur à la tribune de l'ONU ? Dans une période de perte de repères politiques, cette galerie de portraits peut aider à mieux comprendre ce qu'est une dictature et à mieux la combattre. D'autant que les masques de la dictature sont souvent rassurants, subtils... et trompeurs.

Kim Jan 01 2022

La piste Kim Aug 20 2023 Une enquête sur Kim Jong-un, le leader suprême nord-coréen sur lequel peu de choses sont connues. De Séoul à Pyongyang, en passant par Berne et Washington, l'auteur a interrogé des diplomates, des transfuges et des espions afin de lever une part du mystère qui plane sur ce dirigeant, ses choix politiques et son mode de gouvernance.

Kimjongilia Aug 16 2020 "Poor kitchen worker is asked to make the ultimate sacrifice for her Party--marry, and inform on, her husband. No one told her he was capriciously cruel and sexually deviant. Peter Chang, ordered to protect the newlywed from her husband, is an angry man haunted by his mother's death and his father's abandonment. No one told him he wasn't expected to survive his newest assignment in the Kim household."--Back cover.

Thirty-Three Places I'll Visit After I Die Feb 19 2021 During his life, the author has subscribed to and lived the adage "what can be conceived and believed can be achieved." This book outlines the writer's life, his achievements, his failures and his adventures. Have you ever thought of wanting to or wondering what would be required to: 1. Become an officer in the U. S. Army and survive a war 2. Form, own and build a multimillion-dollar stock brokerage firm, with a salary, once prosperous, of \$100,000 per month, then lose it all 3. At the age of forty-six, run two marathons, ride a bicycle coast to coast in thirty days, climb the Grand Teton and Devils Tower, run rim to rim of the Grand Canyon, swim Alcatraz to San Francisco then complete the Ironman Triathlon in Kona, Hawaii, doing it all in eight months 4. Be a partner in an investment banking firm 5. Climb high mountains on three continents 6. Live in a village in Italy of fewer than one hundred people, where

no one speaks a word of English, for two to three months a year 7. Live for months in a home on a beach in Mexico Live vicariously through the narrative or use the descriptive tales as a primer to do it yourself. Henry David Thoreau is credited with the quote, “Most men lead lives of quiet desperation and die with their song still inside them.” Quite the opposite, the author’s philosophy of life is “just do it.”

Special Moments and Verses from the Life of Someone Called Kim Sep 16 2020

La piste Kim. Voyage au coeur de la Corée du Nord Jul 19 2023 À trente-quatre ans, Kim Jong-un défie Donald Trump et Xi Jinping en brandissant l'arme nucléaire. Sept ans après son accession au trône, l'héritier de la seule dynastie communiste de la planète reste une énigme sur laquelle butent les services de renseignement du monde entier. À la tête d'une armée de 1,2 million de soldats, la quatrième du monde, Kim Jong-un menace l'Amérique, dont 28 500 GI's sont postés au sud de la péninsule, et bouscule l'équilibre géostratégique de la région. Comment le pays du matin calme a-t-il pu enfanter une telle dictature autocratique ? Comment un État peut-il encore, sur notre planète interconnectée du XXIe siècle, échapper aux regards des plus puissants ? Quel est le rôle des femmes dans l'organisation du pouvoir ? Quels sont les liens de la Corée du Nord avec la Chine et le Japon ? Comment la propagande nord-coréenne a-t-elle recyclé à son profit des doctrines aussi bigarrées que le christianisme, le nationalisme ethnique ou le néoconfucianisme ? De Pyongyang à Washington, en passant par Pékin, Tokyo, Osaka, Guam et Séoul, Sébastien Falletti a enquêté auprès de transfuges, experts, espions, diplomates et de personnalités proches du leader actuel pour percer la psychologie de l'homme le plus mystérieux de notre époque. Ce livre est une enquête palpitante sur les traces du dernier prince rouge, une saga historique digne des Rois maudits et de Netflix.

My Time Between Places Apr 23 2021

La traversée de Pyongyang Aug 08 2022 C'est l'histoire d'un homme qui court. Sa semelle frappe le bitume. Sa respiration emplît les avenues entièrement vides. Parfois il traverse un rond-point comme un anneau gigantesque. Mais sur le côté, aucun public, engageant ou rieur, aucune

banderole, rien. Des haut-parleurs sont fixés partout, et des hommes en gris observent, à chaque carrefour, ce coureur et, loin devant, celui qui le précède. Bienvenu dans cette capitale célèbre et silencieuse, aux façades tristement ripolinées, où se mêlent douleur et néant. A Pyongyang plus qu'ailleurs, le marathon est une épreuve. Marc Nexon s'y est préparé, il a dissimulé son métier véritable, et le voici lancé. Que pense le démocrate qui traverse au pas de course la ville la plus fermée du monde, en short et baskets fabriquées en Chine, de l'autre côté de la frontière ? Croit-il à l'échange par le sport, lui qui a couvert l'ancien bloc de l'Est ? Rencontre-t-il un pays différent, entre statues immenses et plaines désertées ? Ou cette course est-elle un acte un peu fou, un engagement décalé ? D'une avenue où se rangent les camions de l'armée à l'étage interdit de l'hôtel, d'une pause très surveillée en bord de route à un sourire d'enfant, Marc Nexon raconte, évoque, respire. Ici un vêtement, là un signe. Ici un slogan, là une impasse misérable. Partout la peur. Cette traversée métaphysique, magistralement écrite, est aussi un des rares récits sur ce pays interdit.
