First published in 1959, Iona and Peter Opie's *The Lore and Language of Schoolchildren* is a pathbreaking work of scholarship that is also a splendid and enduring work of literature. Going outside the nursery, with its assortment of parent-approved entertainments, to observe and investigate the day-to-day creative intelligence and activities of children, the Opies bring to life the rites and rhymes, jokes and jeers, laws, games, and secret spells of what has been called "the greatest of savage tribes, and the only one which shows no signs of dying out." Captivating stories of the places where human evil has left a nefarious mark, featuring stories from the podcast *Lore*—now a streaming television series—including "Echoes," "Withering Heights," and "Behind Closed Doors" as well as rare material. Sometimes you walk into a room, a building, or even a town, and you feel it. Something seems off—an atmosphere that leaves you oddly unsettled, with a sense of lingering darkness. Join Aaron Mahnke, the host of the popular podcast *Lore*, as he explores some of these dreadful places and the history that haunts them. Mahnke takes us to Colorado and the palatial Stanley Hotel, where wealthy

guests enjoyed views of the Rocky Mountains at the turn of the twentieth century—and where, decades later, a restless author would awaken from a nightmare, inspired to write one of the most revered horror novels of all time. Mahnke also crosses land and sea to visit frightful sites—from New Orleans to Richmond, Virginia, to the brooding, ancient castles of England—each with its own echoes of dark deeds, horrible tragedies, and shocking evil still resounding. Filled with evocative illustrations, this eerie tour of lurid landmarks and doomed destinations is just the ticket to take armchair travelers with a taste for the macabre to places they never thought they'd visit in their wildest, scariest dreams. The World of Lore series includes: MONSTROUS CREATURES • WICKED MORTALS • DREADFUL PLACES Praise for World of Lore: Dreadful Places “Well-written, rooted in deep historical research, and ridiculously entertaining . . . Each chapter brings a creepy story from folklore to life. . . . Hair-raising stuff.”—SyFy Wire “Fans of the Lore podcast won't want to miss this latest volume in the creator's series, a collection of illustrated versions of both rare and well-known stories about 'lurid landmarks and doomed destinations.'”—io9 “Dreadful Places is a delight for Lore fans and newbies alike. In

the book, [Aaron] Mahnke visits places around the world that are steeped in a supernatural legacy.”—Refinery29 Lughnasadh—also known as Lammas—is the beginning of the harvest season, marking the point where the first fruit of the land has ripened. This guide to Lughnasadh shows you how to perform rituals and work magic around the gratitude we feel for plans that have come to fruition and explore themes of fertility, protection, and reflection. Hailed by the New York Times as coming “closer than anyone to writing The Great American Novel,” Lore Segal stuns with this passionate love story of a refugee from Hitler's Europe and a witty, hard-drinking black intellectual For Ilka Weissnix, everything is new. Having recently arrived in the United States, she is determined to escape the immigrant communities of New York and boards a train headed west to discover “the real America.” She finds Carter Bayoux “sitting on a stool in a bar in the desert, across from the railroad.” Older, portly, experienced, and black, Carter is magnetic. To Ilka, he exemplifies the values and cultures

of a changing America. In order to understand her new country and her new love, Ilka throws herself into Carter's dizzying world, nurses him through his bouts of depression and his alcoholism, and becomes fascinated by stories of his amorous past. But Carter's ghosts are ever present, and soon Ilka finds herself torn between saving him and saving her own future. With a foreword by Stanley Crouch, *Her First American* is the poignant story of an immigrant experience in a country of endless possibilities and of a rich and breathtaking love that is doomed from the start. Excerpt from *Madam How and Lady Why: Or First Lessons in Earth Lore for Children My dear Boys*, - When I was your age, there were no such children's books as there are now. Those which we had were few and dull, and the pictures in them ugly and mean: while you have your choice of books without number, clear, amusing, and pretty, as well as really instructive, on subjects which were only talked of fifty years ago by a few learned men, and very little understood even by them. So if mere reading of books would make wise men, you ought to grow up much wiser than us old fellows. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. the #1 New York Times best-selling author of *The Darkest Minds* comes a sweepingly ambitious, high-octane tale of power, destiny, love, and redemption. Every seven years, the Agon begins. As punishment for a past rebellion, nine Greek gods are forced to walk the earth as mortals. They are hunted by the descendants of ancient bloodlines, all eager to kill a god and seize their divine power and immortality. Long ago, Lore Perseous fled that brutal world, turning her back on the hunt's promises of eternal glory after her family was murdered by a rival line. For years she's pushed away any thought of revenge against the man—now a god—responsible for their deaths. Yet as the next hunt dawns over New York City, two participants seek her out: Castor, a childhood friend Lore believed to be dead, and Athena, one of the last of the original gods, now gravely wounded. The goddess offers an alliance against their mutual enemy and a way to leave the Agon behind forever. But Lore's decision to rejoin the hunt, binding her fate to Athena's, will come at a deadly cost—and it may not be enough to stop the rise of a new god with the power to bring humanity to its knees. When did General Patton save the famous Lipizzan horses? Why is a horse with two riders the symbol of the Knights Templar? How did the producers of the TV show make Mr. Ed talk? Find out the answers to these intriguing questions and much, much more in this equine extravaganza of horse hints, pony tales, and foal facts. "Laura Sebastian is the next Madeline Miller. . . . a fierce, fresh, lyrical tale that will enthrall until the last page."--Kate Quinn, New York Times bestselling author of The Huntress A Popsugar Best Summer Read of 2021 A Bibliolifestyle Most Anticipated Summer 2021 Sci-fi and Fantasy Book "Magical, haunting, unique--I haven't been so excited about an Arthur book since I read The Once and Future King ."--Tamora Pierce, #1 New York Times bestselling author The Lady of Shalott reclaims her story in this bold feminist reimaging of the Arthurian myth from the New York Times bestselling author of Ash Princess. Everyone knows the legend. Of Arthur, destined to be a king. Of the beautiful Guinevere, who will betray him with his most loyal knight, Lancelot. Of the bitter sorceress, Morgana, who will turn against them all. But Elaine

alone carries the burden of knowing what is to come--for Elaine of Shalott is cursed to see the future. On the mystical isle of Avalon, Elaine runs free and learns of the ancient prophecies surrounding her and her friends--countless possibilities, almost all of them tragic. When their future comes to claim them, Elaine, Guinevere, Lancelot, and Morgana accompany Arthur to take his throne in stifling Camelot, where magic is outlawed, the rules of society chain them, and enemies are everywhere. Yet the most dangerous threats may come from within their own circle. As visions are fulfilled and an inevitable fate closes in, Elaine must decide how far she will go to change destiny--and what she is willing to sacrifice along the way. A fascinating, beautifully illustrated guide to the monsters that are part of our collective psyche, featuring stories from the Lore podcast--now a streaming television series--including "They Made a Tonic," "Passed Notes," and "Unboxed," as well as rare material. They live in shadows--deep in the forest, late in the night, in the dark recesses of our minds. They're spoken of in stories and superstitions, relics of an unenlightened age, old wives' tales, passed down through generations. Yet no matter how wary and jaded we have become, as individuals or as a society, a part of us

remains vulnerable to them: werewolves and wendigos, poltergeists and vampires, angry elves and vengeful spirits. In this beautifully illustrated volume, the host of the hit podcast Lore serves as a guide on a fascinating journey through the history of these terrifying creatures, exploring not only the legends but what they tell us about ourselves. Aaron Mahnke invites us to the desolate Pine Barrens of New Jersey, where the notorious winged, red-eyed Jersey Devil dwells. He delves into harrowing accounts of cannibalism—some officially documented, others the stuff of speculation . . . perhaps. He visits the dimly lit rooms where séances take place, the European villages where gremlins make mischief, even Key West, Florida, home of a haunted doll named Robert. In a world of “emotional vampires” and “zombie malls,” the monsters of folklore have become both a part of our language and a part of our collective psyche. Whether these beasts and bogeymen are real or just a reflection of our primal fears, we know, on some level, that not every mystery has been explained and that the unknown still holds the power to strike fear deep in our hearts and souls. As Aaron Mahnke reminds us, sometimes the truth is even scarier than the lore. The World of Lore series includes:
MONSTROUS CREATURES • WICKED MORTALS •

A sumptuous, contemporary anthology of 50 of the world's most storied and popular flowers, each of its entries offers insight to the meaning

associated with the flower, and is a fascinating mix of folklore, classic mythology, literature, botanical information and popular culture. Here is the story of Tulipmania; how the pansy got its "face," and why the most particular pollination process of a certain orchid has made the vanilla bean a very dear commodity. You'll also discover how Christian Dior's passion for lily of the valley inspired his classic perfume Diorissimo and its extraordinary bottle; why Oscar Wilde had a penchant for wearing green carnations in his lapel; and how Greeks and Romans believed snapdragons could ward off witchcraft, so they planted them at entryways to their homes. With more than a dozen two-page paintings evoking the romance of noteworthy Victorian gardens and symbolic bouquets, a cross-referenced index of flowers and meanings, and suggestions for further reading, this book is a must for lovers of floriology and Victoriana. Kingdoms fall and are yet born again. History fades and is forgotten. Knowledge is burned and the memory of it is lost, And then who writes

history as it was written? But those in whose mind there is opinion and prejudices. Then when there is deadly motive, who can be the preventer of it? Those who have survived? They are slaves. However, it is possible that ones thought to be righteous, but not so righteous may have the power to go back to see the truth to rewrite the truth as it rightfully happened. However, how can you mend something that no longer exists? how can you see something that has been lost in Time Lore? For when one timeline appears the first is displaced and can never be regained. Though what was lost can be restored, But with a different ending. Tempestuous and unpredictable are the workings of time. Terrible, frightening, and unending is its works As though it were malicious in nature, but in truth is just a force like other forces untamable, unstoppable, unreasonable, dispassionate, Impartial. And with each new civilized age, they believe they are the first because there is no remembrance of those Extinct. There is no one to recall. So much time has passed that not even their bones can be found. I am time, and I can tell you. Many have come before you, of the Earth. And those beyond your universe seek your lives. All their efforts are bent on it. They wait for the convergence and for you to forget. I,

however, have planted a seed of knowledge that will fester in the Order in the hopes that life can continue. Time Lore installment one follows the story of two young people from different worlds who have been thrust together by simple circumstances. As they encounter hardship, love, and mystery they uncover a truth hidden deep within a forgotten civilization. The Order found Cypress and she found Talon. The Order thought they knew nearly all of the truth about the Antients but they were wrong. They only knew the beginning of the truth, only what Time had told them. Soon they would be tested as they hadn't been before, and not by the War looming off in the not so distant future, but a War they did not see coming, lurking in the present. Gaven Tucker delivers a fascinating Scientific explanation for power and a more realistic portrayal of the Fantasy genre while not betraying its more fundamental traits such as Worldbuilding and fantastic creatures. A pleasure to read. A heavy-on-Mystery plot in the fantasy portrait with a believable scientific explanation weaved into an integral part of this time-traveling world other than Magic or Mutation with the same texture and emotion of a fantastic Adventure. Gaven delves deep into the psychological effects of being a person whose circumstances heavily dictate

which path he/she may take, and how loss can consume a righteous person. However, also, that all is not lost to such a path, and that there will always be someone who comes along who can help you. "Madam How and Lady Why or, First Lessons in Earth Lore for Children" is a book of science presented in the form of exciting stories to make reading and understanding easier for readers of a young age. For example, to describe the cycle of minerals running in nature, the book describes how a mineral is pushed up from the depth of the Earth with love, gets absorbed by a plant, which in turn gets eaten by a bird which dies and falls into the ocean to be buried under the sand and become a mineral again. Excerpt from Madam How and Lady Why: Or First Lessons in Earth Lore for Children Oh - Robert had been to Broom Heath, and round by Camp Mount, and home through the meadows. But it was very dull. He hardly saw a single person. He had much rather have gone by the turnpike-road. Presently in comes Master William, the other pupil, dressed, I suppose, as wretched boys used to be dressed forty years ago, in a frill collar, and skeleton monkey -jacket, and tight trousers buttoned over it, and hardly coming down to his ancles; and low shoes, which always came off in sticky ground; and terribly dirty and wet he is: but he never (he says)

had such a pleasant walk in his life; and he has brought home his handkerchief (for boys had no pockets in those days much bigger than key-holes) full of curiosities. As a boy, the author dreamed of wonderful municipal playgrounds, of organizations giving the boys opportunity to camp in the open, of zoological and botanical gardens planned and adapted to the understanding of youth. His busy life as a civil engineer, surveyor, and work in the open gave him no opportunity to develop his dreams, but at the end of a five year tour of the United States and Canada, made over fifty years ago, he drifted into New York City and was shocked beyond expression by the almost total lack of breathing spaces for our boys, in the greatest of American cities. True, it then had Central Park; but fifty years ago Central Park was out among the goats, only to be reached by a long and tiresome horse car journey. This lamentable state of affairs caused the writer so much real pain and concern that he then and there inaugurated a personal crusade for the benefit of the boys, a crusade with the avowed object of winning for them the peoples' interest in the big outdoors. The most difficult part of his task was to convince the men of the swivel chairs that boys' leisure should be spent in the

open; that the blue sky is the only proper roof for a normal boy's playground; also that the open spaces are the places where God intended young people to live, work and play. No great crusade, no great movement of any kind is one man's work, nevertheless, every successful movement must have one enthusiast in the front rank, one who knows the trail and comprehensively envisions the objective—*Objectum quod complexum*. Others may and will join him, and occasionally spurt ahead of the leader, like the hare in the fable, but the enthusiast keeps right on just the same. Pray do not understand by this that the writer claims that he alone is responsible for this bloodless revolution. No, no, his propaganda work did however win for him the moral support of the editorial staff of *St. Nicholas*, *Youth's Companion* and *Harpers*. Later he was openly backed and encouraged by such distinguished sportsmen as President Roosevelt, his chief forester Governor Pinchot, and his Chief of Staff Major General Bell. While the stalwart men of the Camp Fire Club of America worked hand and glove with him, all similar organizations failed not in voicing their approval. Furthermore he was always helped by his loyal friends of the daily press. Many famous writers lent their influence, all working consciously or

unconsciously to help the great cause of boyhood. This work has been selected by scholars as being culturally important, and is part of the knowledge base of civilization as we know it. We appreciate your support of the preservation process, and thank you for being an important part of keeping this knowledge alive and relevant. Many of the popular, often prophetic, phrases that we use on a day-to-day basis have their roots in traditional folklore. For example: 'One swallow doesn't

make a summer'; 'March comes in like a lion and goes out like a lamb'; 'One for sorrow, two for joy'. Such common idioms are familiar to most people, but their history and origins are far from well known. However, in *One for Sorrow* readers will discover that there is a wealth of fascinating stories and history behind them. This charming book is filled with sayings, legends and proverbs derived from the oral history of the countryside and unveils how they came about, what they mean, and how they came to be such a big part of the language we use today. Written with a light touch and expert knowledge, it will entertain and inform in equal measure - perfect for anyone with an interest in the rich and varied heritage of the English language. *Reproduction of the original.* Celebrate the season of returning sunlight and the bursting forth of the birds, bees, and trees Ostara—also known as the Spring Equinox—is a time of renewal, a time to plant seeds as the earth once again comes to life.
