Introducing a major new doctrinal work written by Elder

Jeffrey R. Holland who shares his apostolic witness of the central figure of the Book of Mormon—the Lord Jesus Christ. For most of a decade, Elder Holland has read the Book of Mormon repeatedly and thoroughly, focusing on all references to the Savior and his teachings. The result is an intelligent observation and thorough study of the Book of Mormon's contribution to our understanding of Christ. On the illustrated edition: Elder Holland's classic examination of Jesus Christ as the "principal and commanding figure" in the Book of Mormon is now available as an illustrated keepsake. This landmark book explores what the Book of

Mormon reveals about the character, attributes, and mission of our Savior. In his warm and thoughtful style, Elder Holland explains why, more than any other book, the Book of Mormon "has taught me to love the Lord Jesus Christ and to consider the full wonder and grandeur, the eternally resonating power of the atoning sacrifice he made for us." Stunning full-color illustrations by Walter Rane, Robert Barrett, Simon Dewey, Joseph Brickey, and others bring vibrant new life to this beloved volume. Exhibits the destruction of Jerusalem; the certain restoration of Judah and Israel; the present state of Judah and Israel; and an

address of the prophet Isaiah relative to their restoration. *View of the Hebrews* is an 1823 book written by Ethan Smith which argues that native Americans were descended from the Hebrews. Numerous commentators on Mormon doctrine, from LDS Church general authority B. H. Roberts to biographer Fawn M. Brodie, have discussed the possibility that *View of the Hebrews* may have provided source material for the Book of Mormon, which Mormons believe was translated from ancient golden plates by Joseph Smith, Jr. This exquisitely produced volume presents the official LDS edition of the Book of Mormon in an attractive, accessible,

readable version that brings to Latter-day Saints the helpful features that have been part of standard Bible publishing for decades: paragraphs, quotation marks, poetic stanzas, section headings, and superscripted verse numbers. The latest LDS scholarship is reflected in its brief, thoughtfully considered footnotes, although the focus is always on the text itself—its wording, structure, and interconnections—allowing the book’s sacred message to be heard anew. The Maxwell Institute Study Edition, produced by believing scholars, is ideally suited to both new readers of the Book of Mormon and also those who know the book well and have loved its

teachings and testimony of Christ for many years. The *Book of Mormon for Young Readers* presents key scripture stories in a creative and engaging format, designed just for children, to make it easy for them to understand and love the scriptures! Young readers (ages 7-12) can enjoy the scriptures on their own and establish the habit of personal scripture study, which will strengthen their faith and their resolve to live the gospel. Fifty-two exciting chapters are full of features that help make it clear that Jesus is our Savior and that happiness comes from obedience to His teachings. If you have a hard time organizing your notes during

scripture study, this journal will certainly help. Each page of this journal/notebook represents a chapter in the Book of Mormon. Whether you want to take notes at church during Gospel Doctrine Class or at home while you study Come Follow Me, you will be able to add notes to this journal specific to the chapter and verse you are studying. Use this journal to refer to previous notes, time after time, as you continually study the Book of Mormon. In order to keep the journal relatively small in size, we have split the Book of Mormon into two volumes. The first book covers 1 Nephi through Mosiah while the section book covers Alma

through Moroni. We have created this journal in a full notebook size (8.5 by 11.0 inches) because we want to provide you plenty of room to take notes. Any size smaller and we worry you might run out of space on some chapters. Book Details: 57 pages front and back Each page is for a different chapter in the Book of Mormon Each page is split to allow you to reference the verse on the left side of the page and make your notes and comments on the right side of the page Designed on strong sturdy paper to prevent bleed through when writing with pen Dimensions: 8.5 by 11.0 inches Additional blank pages in the back of the book for additional

notes if necessary Be sure to order both editions of the Book of Mormon Study Journal as you study the Book of Mormon in your scripture study this year. Having all your study notes in one place has never been easier. If you are studying Church History and the Doctrine and Covenants sometime soon, be sure to find our Doctrine & Covenants Study Journal on Amazon. We have one volume covering church history that takes you through all 138 sections of the Doctrine and Covenants and the Pearl of Great Price. Pick up the Doctrine & Covenants Study Journals the next time you are studying the History of the Church. From a New York

Times bestselling and Hugo award-winning author comes a modern masterwork of science fiction, introducing a captain, his crew, and a detective as they unravel a horrifying solar system wide conspiracy that begins with a single missing girl. Now a Prime Original series. Humanity has colonized the solar system—Mars, the Moon, the Asteroid Belt and beyond—but the stars are still out of our reach. Jim Holden is XO of an ice miner making runs from the rings of Saturn to the mining stations of the Belt. When he and his crew stumble upon a derelict ship, the Scopuli, they find themselves in possession of a secret they never wanted. A secret that

someone is willing to kill for—and kill on a scale unfathomable to Jim and his crew. War is brewing in the system unless he can find out who left the ship and why. Detective Miller is looking for a girl. One girl in a system of billions, but her parents have money and money talks. When the trail leads him to the Scopuli and rebel sympathizer Holden, he realizes that this girl may be the key to everything. Holden and Miller must thread the needle between the Earth government, the Outer Planet revolutionaries, and secretive corporations—and the odds are against them. But out in the Belt, the rules are different,

and one small ship can change the fate of the universe. "Interplanetary adventure the way it ought to be written." —George R. R. Martin
The Expanse Leviathan Wakes Caliban's War Abaddon's Gate Cibola Burn Nemesis Games Babylon's Ashes Persepolis Rising Tiamat's Wrath Leviathan Falls Memory's Legion The Expanse Short Fiction Drive The Butcher of Anderson Station Gods of Risk The Churn The Vital Abyss Strange Dogs Auberon The Sins of Our Fathers The First Presidency and the Quorum of the Twelve Apostles have established the Teachings of Presidents of the Church series to help you draw closer to your

Heavenly Father and deepen your understanding of the restored gospel of Jesus Christ. As the Church adds volumes to this series, you will build a collection of gospel reference books for your home. The volumes in this series are designed to be used for personal study and for Sunday instruction. They can also help you prepare other lessons or talks and answer questions about Church doctrine. This book features the teachings of President Ezra Taft Benson, who served as President of The Church of Jesus Christ of Latter-day Saints from November 10, 1985, to May 30, 1994. This 1840 Book of Mormon was carefully revised

by Joseph Smith Jr., and is the last edition he worked on. It is the Third Edition and was published in Nauvoo, Illinois. It was published without an Index or Preface, but does contain the testimony of the Three and Eight Witnesses. Each chapter in the Book of Mormon is examined individually, with remarks and reflections containing the thoughts of the author as well as opinions, teachings, and remarks taken from scholars, church leaders and historians. The author has always been an avid reader and considers the Book of Mormon to be the most valuable book he has ever read. He urges everyone to become part of the ongoing scholarship into the

Book of Mormon because he is certain that it was translated by the gift and power of God, and that continuously read and studied it will bring us closer to our Savior, Jesus Christ. Dr. Emily Christensen joined the Church of Jesus Christ of Latter-day Saints in 2009. She brings to her study of the Book of Mormon a unique perspective, as a Jungian therapist, as theological scholar, and as a student of Hebrew. Here, Dr. Christensen shares the fruits of that study, offering fresh insight into scriptural characters, language, and doctrine, while always building upon a firm testimony of the atonement of Jesus Christ. PLAIN &

PRECIOUS, VOLUME ONE: 1 NEPHI covers the first 22 chapters of the Book of Mormon, an account of a prophet and his family led by God out of Jerusalem in 600 B.C., and their journey to a promised land on the American continent. Dr. Christensen is also the author of the memoir KEEPING KYRIE. In so doing, they shed new light on both the private and public dimensions of western culture. This second edition includes a substantial new preface relating the book to changing views of life after death in the new century."--BOOK JACKET. Mark Twain once derided the Book of Mormon as "chloroform in print." Long and complicated,

written in the language of the King James version of the Bible, it boggles the minds of many. Yet it is unquestionably one of the most influential books ever written. With over 140 million copies in print, it is a central text of one of the largest and fastest-growing faiths in the world. And, Grant Hardy shows, it's far from the coma-inducing doorstep caricatured by Twain. In Understanding the Book of Mormon, Hardy offers the first comprehensive analysis of the work's narrative structure in its 180 year history. Unlike virtually all other recent world scriptures, the Book of Mormon presents itself as an integrated narrative rather than a series

of doctrinal expositions, moral injunctions, or devotional hymns. Hardy takes readers through its characters, events, and ideas, as he explores the story and its messages. He identifies the book's literary techniques, such as characterization, embedded documents, allusions, and parallel narratives. Whether Joseph Smith is regarded as author or translator, it's noteworthy that he never speaks in his own voice; rather, he mediates nearly everything through the narrators Nephi, Mormon, and Moroni. Hardy shows how each has a distinctive voice, and all are woven into an integral whole. As with any scripture, the

contending views of the Book of Mormon can seem irreconcilable. For believers, it is an actual historical document, transmitted from ancient America. For nonbelievers, it is the work of a nineteenth-century farmer from upstate New York. Hardy transcends this intractable conflict by offering a literary approach, one appropriate to both history and fiction. Regardless of whether readers are interested in American history, literature, comparative religion, or even salvation, he writes, the book can best be read if we examine the text on its own terms. Religion 121-122 This manual is a resource to help seminary teachers prepare

lessons from the scriptures. It provides 160 lessons that contain teaching suggestions, doctrines and principles, and scripture mastery helps. In addition, there are 32 lessons for teacher of home-study classes that correspond to The Book of Mormon Study Guide for Home-Study Seminary Students. Available for the first time fifty years after the author's death, Studies of the Book of Mormon presents this respected church leader's investigation into Mormonism's founding scripture. Reflecting his talent for combining history and theology, B. H. Roberts considered the evident parallels between the Book of Mormon and Ethan Smith's

View of the Hebrews, a book that predated the Mormon scripture by seven years. If the Book of Mormon is not historical, but rather a reflection of the misconceptions current in Joseph Smith's day regarding Indian origins, then its theological claims are suspect as well, Roberts asserted. In this and other research, it was Roberts's proclivity to go wherever the evidence took him, in this case anticipating and defending against potential future problems. Yet the manuscript was so poorly received by fellow church leaders that it was left to Roberts alone to decide whether he had overlooked

some important piece of the puzzle or whether the Mormon scripture's claims were, in fact, illegitimate. Clearly for most of his colleagues, institutional priorities overshadowed epistemological integrity. But Roberts's pathbreaking work has been judged by the editor to be methodologically sound—still relevant today. It shows the work of a keen mind, and illustrates why Roberts was one of the most influential Mormon thinkers of his day. The manuscript is accompanied by a preface and introduction, a history of the documents' provenances, a biographical essay, correspondence to and from Roberts relating to the manuscript, a bibliography, and

an afterword—all of which put the information into perspective. This book is ideal for personal or family study! Study your Book of Mormon and record one lesson you learn in every chapter! That is 239 lessons you will end up recording! In this full-color book there is a square for every chapter. Record a favorite phrase, write a powerful lesson that stood out to you, make a Mormon Ad... there is no right or wrong way! Also included are the following: 1- A reading chart you can fill in as you finish each chapter 2- Page titles for every page in the Book of Mormon! Write these titles at the top of each page in your scripture and then at a glance

you know what is happening on that page! For example, on page 138 you would write "King Benjamin's sermon: serve others". 3- Tips for the Isaiah chapters in 2 Nephi to help you understand these powerful teachings. 4- Illustrations of Jacob 5 (The Allegory of the Olive Tree), Omni 1 (the explanation of the different groups of people), and Mosiah 7-8 (when the timeline can start to get confusing). This four volume work, which was originally created as a university course, is a whole new approach to an advanced study of the Book of Mormon. In a sense, it is a private tutoring course. If the reader will concentrate on one verse

at a time, drain the essential message from it, read any background material provided in the book by W. Cleon Skousen, and then apply the verse to his or her own life, they will be richly blessed. By this means, the reader will have a chance to absorb the message far more deeply and make the Book of Mormon a vital part of daily living. These books are easy to read and have proven highly popular with seminary students and those preparing for missions. They are also used as a family home evening course of study. Volume Four covers 3 Nephi 8 to Moroni 10. Regarded as sacred scripture by millions, the Book of Mormon -- first

published in 1830 -- is one of the most significant documents in American religious history. This new reader-friendly version reformats the complete, unchanged 1920 text in the manner of modern translations of the Bible, with paragraphs, quotations marks, poetic forms, topical headings, multichapter headings, indention of quoted documents, italicized reworkings of biblical prophecies, and minimized verse numbers. It also features a hypothetical map based on internal references, an essay on Book of Mormon poetry, a full glossary of names, genealogical charts, a basic bibliography of Mormon and non-Mormon scholarship, a

chronology of the translation, eyewitness accounts of the gold plates, and information regarding the lost 116 pages and significant changes in the text. The Book of Mormon claims to be the product of three historical interactions: the writings of the original ancient American authors, the editing of the fourth-century prophet Mormon, and the translation of Joseph Smith. The editorial aids and footnotes in this edition integrate all three perspectives and provide readers with a clear guide through this complicated text. New readers will find the story accessible and intelligible; Mormons will gain fresh insights from familiar verses

seen in a broader narrative context. This is the first time the Book of Mormon has been published with quotation marks, select variant readings, and the testimonies of women involved in the translation process. It is also the first return to a paragraphed format since versification was added in 1879. Although one of the fastest growing religious movements in the world, the Church of Jesus Christ of Latter-day Saints remains a mystery in terms of its core beliefs and theological structure. This timely book provides an important introduction to the basic history, doctrines and practices of The LDS--the "Mormon"

Church. Emphasizing sacred texts and prophecies as well as the crucial Temple rituals of endowments, marriage and baptism, it is written by a non-believer, who describes Mormonism in ways that non-Mormons can understand. Over 300 rhymes based on The Book of Mormon to use as a companion for family scripture study and captivating reading to learn and love The Book of Mormon. A formatted version of the Book of Mormon organized by events emphasizing narrators, speakers, locations, dates and quoted passages This collection gathers together the essential writings of the contemporary Mormon feminist movement--

from its historic beginnings in the 1970s to its vibrant present, offering the best Mormon feminist thought and writing. The selections in this book -many gathered from out-of-print anthologies, magazines, and other ephemera--walk the reader through the history of Mormon feminism, from the second-wave feminism of the 1970s to contemporary debates over the ordination of women. Collecting essays, speeches, poems, and prose, Mormon Feminism presents the diverse voices of Mormon women as they challenge assumptions and stereotypes, push for progress and change in the contemporary LDS Church, and

band together with other feminists of faith hoping to build a better world. Pentateuch Illuminated introduces the second book in our Trilogy, A New American Scripture-How and Why the Real Illuminati(TM) Created the Book of Mormon. We hope this preview will enhance the reader's ability to understand the intent of the second book of our Trilogy. With over 140 million copies in print, and serving as the principal proselytizing tool of one of the world's fastest growing faiths, the Book of Mormon is undoubtedly one of the most influential religious texts produced in the western world. Written by Terryl Givens, a

leading authority on Mormonism, this compact volume offers the only concise, accessible introduction to this extraordinary work. Givens examines the Book of Mormon first and foremost in terms of the claims that its narrators make for its historical genesis, its purpose as a sacred text, and its meaning for an audience which shifts over the course of the history it unfolds. The author traces five governing themes in particular--revelation, Christ, Zion, scripture, and covenant--and analyzes the Book's central doctrines and teachings. Some of these resonate with familiar nineteenth-century religious preoccupations; others consist

of radical and unexpected takes on topics from the fall of Man to Christ's mortal ministries and the meaning of atonement. Givens also provides samples of a cast of characters that number in the hundreds, and analyzes representative passages from a work that encompasses tragedy, poetry, sermons, visions, family histories and military chronicles. Finally, this introduction surveys the contested origins and production of a work held by millions to be scripture, and reviews the scholarly debates that address questions of the record's historicity. Here then is an accessible guide to what is, by any measure, an

indispensable key to understanding Mormonism. But it is also an introduction to a compelling and complex text that is too often overshadowed by the controversies that surround it. About the Series: Combining authority with wit, accessibility, and style, Very Short Introductions offer an introduction to some of life's most interesting topics. Written by experts for the newcomer, they demonstrate the finest contemporary thinking about the central problems and issues in hundreds of key topics, from philosophy to Freud, quantum theory to Islam. For readers of the Book of Mormon, King Benjamin's speech is a treasure trove of inspiration, wisdom,

eloquence, and spiritual insight. King Benjamin's Speech: "That Ye May Learn Wisdom" is the most substantial collection of studies ever to focus exclusively on this landmark address. The contributors examine this speech in the multifaceted contexts in which it was delivered: as a classic speech of a departing leader near the time of his death, as the focus of an annual festival season mandated anciently under the law of Moses, as part of a covenant renewal ceremony delivered within the sacred precinct of the Nephite temple in Zarahemla, and as preparation for the coronation of a new king. Historical and

linguistic tools and information are employed in these essays to help the reader to better grasp the speech's historical setting, its doctrinal implications, its literary qualities, its influence then and now, and its overall brilliance. Allegory about a sea gull who seeks to attain perfect flight. Copyright © Libri GmbH. All rights reserved. The First Presidency and the Quorum of the Twelve Apostles have established the Teachings of Presidents of the Church series to help you draw closer to your Heavenly Father and deepen your understanding of the restored gospel of Jesus Christ. As the Church adds volumes to this series, you will build a collection of gospel

reference books for your home. These books are designed to be used for personal study and as resources for teaching. They can also help you prepare family home evening lessons, prepare other lessons or talks, and answer questions about Church doctrine. This book features the teachings of President Gordon B. Hinckley, who served as President of The Church of Jesus Christ of Latter-day Saints from March 12, 1995, to January 27, 2008. Of Isaiah' prophetic writings, the resurrected Lord taught, "Search these things diligently; for great are the words of Isaiah" (3 Nephi 32:1). Yet no chapters in the Book of Mormon are more difficult to

understand than the Isaiah passages quoted by Nephi, Jacob, Abinadi, and Christ himself. The 17 essays in Isaiah in the Book of Mormon take a variety of approaches in seeking to help readers make the most of Isaiah's teachings. The contributing scholars draw on the Book of Mormon prophets as knowledgeable guides, examining how and why those ancient writers used and interpreted Isaiah's prophetic teachings. They explain Nephi's keys for understanding the great prophet, use historical and linguistic information to clarify his meanings, examine recurring themes, and reflect on the influence of these texts

on ancient and modern saints. This 1830, 1st Edition Book of Mormon is unique in that it contains an original Index; a Cross Reference to current LDS versification; modern day photos of significant Book of Mormon historical sites; and early revelations pertaining to The Book of Mormon. How is this book unique? Font adjustments & biography included Unabridged (100% Original content) Illustrated About The Wentworth Letter by Joseph Smith The "Wentworth letter" was a letter written in 1842 by Latter Day Saint movement founder Joseph Smith to "Long" John Wentworth, editor and proprietor of the Chicago

Democrat. It outlined the history of the Latter Day Saint movement up to that time, and included Mormonism's Articles of Faith. The letter was written in response to Wentworth's inquiry on behalf of one of his friends, George Barstow, who was writing a history of New Hampshire. The letter was first published on March 1, 1842 in the Times and Seasons in Nauvoo, Illinois. The third novel in the bestselling Alex Cross series

'No one gets this big without amazing natural storytelling talent - which is what Jim has, in spades. The Alex Cross series proves it.'

LEE CHILD, international

bestselling author of the Jack Reacher series

Washington DC is under siege and Detective Alex Cross has work to do. A controversial Senator is found murdered in his bed and a young girl is savagely killed. Alex Cross is under pressure from both sides and faced with an impossible choice. Alex must do the impossible but the people of Washington aren't safe, and the clock is ticking before the killer sets their sights on their ultimate target. Can he catch the killer behind these nefarious crimes in time?
