Songs of the Earth Apr 19 2022 SONGS OF THE EARTH is the most compelling debut fantasy novel since Patrick Rothfuss first hit the shelves four years ago, with the stunning THE NAME OF THE WIND. Combining superb characterisation with an epic story, it is beautifully told and engaging from the very first word. Gair is under a death sentence. He can hear music - music with power - and in the Holy City that means only one thing: he's a witch, and he's going to be burnt at the stake. Even if he could escape, the Church Knights and their witchfinder would be hot on his heels while his burgeoning power threatens to tear him apart from within. There is no hope . . . none, but a secretive order, themselves persecuted almost to destruction.

If Gair can escape, if he can master his own growing, dangerous abilities, if he can find the Guardians of the Veil, then maybe he will be safe. Or maybe he'll discover that his fight has only just begun.

Millionaire by Thirty Jun 09 2021 Most people know that there are 70 million Baby Boomers in America today....but what is less known is that there are approximately 100 million people in America between the ages of 16 and 30. This generation has just entered, or will soon be entering the work force. And they have no idea how to invest, save, or handle their money. Young people today come out of school having had little or no formal education on the basics of money management. Many have large debts from student loans looming over their heads. And many feel confused and powerless when their pricey educations don't translate into high paying jobs. They feel that their \$30,000-\$40,000 salary is too meager to bother with

investing, and they constantly fear that there will be "too much month left at the end of their money." Douglas R. Andrew has shown the parents of this generation a different pathway to financial freedom. Now Doug and his sons, Emron and Aaron - both of whom are in their mid-20s - show the under-30 crowd how they can break from traditional 401k investment plans and instead can find a better way by investing in real estate, budgeting effectively, avoiding unnecessary taxes and using life insurance to create tax-free income. With the principles outlined in *Millionaire by Thirty*, recent graduates will be earning enough interest on their savings to meet their basic living expenses by the time they're 30. And by the time they're 35, their investments will be earning more money than they are, guaranteeing them a happy, wealthy future.
