From Tana French, author of the forthcoming novel *The Searcher*, “the most important crime novelist to emerge in the past 10 years” (The Washington Post), the bestseller called “the most stunning of her books” (The New York Times) and a finalist for the Edgar Award. Back in 1985, Frank Mackey was a nineteen-year-old kid with a dream of escaping his family's cramped flat on Faithful Place and running away to London with his girl, Rosie Daly. But on the night they were supposed to leave, Rosie didn't show. Frank took it for granted that she'd dumped him—probably because of his alcoholic father, nutcase mother, and generally dysfunctional family. He never went home again. Neither did Rosie. Then, twenty-two years later, Rosie's suitcase shows up behind a fireplace in a derelict house on Faithful Place, and Frank, now a detective in the Dublin Undercover squad, is going home whether he likes it or not.

From Tana French, author of the forthcoming novel *The Searcher*, a New York Times bestselling novel that “proves anew that [Tana French] is one of the most talented crime writers alive” (The Washington Post). “Required reading for anyone who appreciates tough, unflinching intelligence and ingenious plotting.” —The New York Times Mick “Scorcher” Kennedy is the star of the Dublin Murder Squad. He plays by the books and plays hard, and that's how the biggest case of the year ends up in his hands. On one of the half-abandoned “luxury” developments that litter Ireland, Patrick Spain and his two young children have been murdered. His wife, Jenny, is in intensive care. At first, Scorcher thinks it's going to be an easy solve, but too many small things can't be explained: the half-dozen baby monitors pointed at holes smashed in the Spain's walls, the files erased from the family's computer, the story Jenny told her sister about a shadowy intruder slipping past the house's locks. And this neighborhood—once called Broken Harbor—holds memories for Scorcher and his troubled sister, Dina: childhood memories that Scorcher thought he had tightly under control. A New York Times best-selling author shares his love for woodland animals in a revealing, beautifully illustrated collection of verse for poetry lovers and budding naturalists. The animals in the dark woods are secretive, their inner lives a mystery. The stealthy bobcat, the inquisitive raccoon, and the dignified bear waking up from his winter nap are just a few of the glorious animals featured in this clever collection of poems and woodland scenes. This companion to *In the Sea*, *In the Wild*, and *On the Farm* is the first collaboration between David Elliott and Rob Dunlavy, whose colorful, expressive art pairs with the author's charming poems to create a love letter to the animals of the forest. T. E. Woods delivers a fast-paced thriller—the first in an electrifying new series—peopled with sharp, intriguing characters and more twists and turns than a corkscrew. Never a doubt. She will only step in if it's clear that justice will not be served any other way. Her jobs are completed with skill and precision, and never result in inquiry or police investigation. The Fixer is invisible—and quite deadly. . . . In the office of a clinical psychologist in Olympia, Washington, a beautiful young woman is in terrible emotional pain. She puts up walls, tells lies, and seems to speak in riddles, but the doctor is determined to help her heal, despite the fact that she claims to have hurt many people. As their sessions escalate, the psychologist feels compelled to reach out to the police . . . but it might be too late. In Seattle, a detective gets a call from his son. A dedicated journalist, he wants his father's expertise as he looks into a suspicious death. Together they follow the trail of leads toward a stone-cold hired killer—only to find that death has been closer than either could have imagined. Now, two science professors give us the tools to dismantle misinformation and think clearly in a world of fake news and bad data. “A modern classic . . . a straight-talking survival guide to the mean streets of a dying democracy and a global pandemic.”—Wired Misinformation, disinformation, and fake news abound and it's increasingly difficult to know what's true. Our media environment has become hyperpartisan. Science is conducted by press release. Startup culture elevates bullshit to high art. We are fairly well equipped to spot the sort of old-school bullshit that is based in fancy rhetoric and weasel words, but most of us don't feel qualified to challenge the avalanche of new-school bullshit presented in the language of math, science, or statistics. In *Calling Bullshit*, Professors Carl Bergstrom and Jevin West give us a set of powerful tools to cut through the most intimidating data. You don't need a lot of technical expertise to call out problems with data. Are the numbers or results too good or too dramatic to be true? Is the claim comparing like with like? Is it confirming your personal bias? Drawing on a deep well of expertise in statistics and computational biology, Bergstrom and West exuberantly unpack examples of selection bias and muddled data visualization, distinguish between correlation and causation, and examine the susceptibility of science to modern bullshit. We have always needed people who call bullshit when necessary, whether within a circle of friends, a community of scholars, or the citizenry of a nation. Now that bullshit has evolved, we need to relearn the art of skepticism. The first fall of snow can be fatal... The course of Frank Mackey’s life was set by one defining moment when he was nineteen. The moment his girlfriend, Rosie Daly, failed to turn up for their rendezvous in Faithful Place, failed to run away with him to London as they had planned. Frank never heard from her again. Twenty years on, Frank is still in Dublin, working as an undercover cop. He’s cut all ties with his dysfunctional family. Until his sister calls to say that Rosie’s suitcase has been found. Frank embarks on a journey into his past that demands he reevaluate everything he believes to be true. In *Broken Harbour*, a ghost estate outside Dublin, two children and their father are dead. Scorcher Kennedy is given the case and at first he thinks it’s simple: Pat Spain was a casualty of the recession, so he killed his children, and himself. But there are too many inexplicable details and the evidence is pointing in two directions at once. Scorcher’s finding that the neat compartments of his life are now rapidly breaking down, and the sudden tangle of work and family is putting both at risk. In *Broken Harbour*, a ghost estate outside Dublin - half-built, half-inhabited, half-abandoned - two children and their father are dead. The mother is on her way to intensive care. Scorcher Kennedy is given the case because he is the Murder squad’s star detective. At first he and his rookie partner, Richie, think this is a simple one: Pat Spain was a casualty of the recession, so he killed his children, tried to kill his wife Jenny, and finished off with himself. But there are too many inexplicable details and the evidence is pointing in two directions at once. Scorcher’s personal life is tugging for his attention. Seeing the case on the news has sent his sister Dina off the rails again, and she’s resurrecting something that Scorcher thought he had tightly under control: what happened to their family, one summer at Broken Harbour, back when they were children. The neat compartments of his life are breaking down, and the sudden tangle of work and family is putting both at risk . . . A serial killer terrorizes a small California town in this gripping thriller from #1 New York Times bestselling author Tami Hoag. California, 1985—Four children and young teacher Anne Navarre make a gruesome discovery: a partially buried female body, her eyes and mouth glued shut. A serial killer is at large, and the very bonds that hold their idyllic town together are about to be tested to the breaking point. Tasked with finding the killer, FBI investigator Vince Leone employs a new and controversial FBI technique called “profiling,” which plunges him into the lives of the four children—and the young teacher whose need to uncover the truth is as intense as his own. But as new victims are found and pressure from the media grows, Vince and Anne find themselves circling the same small group of local suspects, unsure if those who suffer most are the victims themselves—or those close to the killer, blissfully unaware that someone very near to them is a murderous psychopath. . . . Daniel Pitt’s investigation into his colleague’s murder leads him through London’s teeming underbelly to the suspicious dealings of one of England’s most influential shipbuilding magnates in a thrilling novel from New York Times bestselling author Anne Perry. “Timely . . . and engaging . . . another terrific mystery.”—Bookreporter

When junior barrister Daniel Pitt is summoned to the scene of a murder in the London district known as Mile End, he knows only that the victim is a senior barrister from the same firm. To Daniel’s relief, it is not his close friend Toby Kitteridge, but the question remains: What was this respected colleague doing in such a rough part of the city? The firm’s head, Marcus fford Croft, may know more than he admits, but fford Croft’s memory is not what it used to be, and his daughter, Miriam—Daniel’s sometime sidekick—isn’t in the country to offer her usual help. And so Daniel and Toby must investigate on their own, lest the police uncover something that may cast a suspicious light on the firm. Their inquiries in Mile End lead them to a local brothel and to an opium den, but also—unexpectedly—to a wealthy shipbuilder crucial to Britain’s effort to build up its fleet, which may soon face the fearsome naval might of Germany. Daniel finds his path blocked by officials at every turn, his investigation so unwelcome that even his father, Special Branch head Thomas Pitt, receives a chilling warning from a powerful source. Suddenly, not just Daniel but his whole family—including his beloved mother, Charlotte—is in danger. Will Daniel’s devotion to justice be the undoing of his entire life, and endanger Britain’s defense at sea? As ever, the fates of family and history are inextricably intertwined in this spellbinder from Anne Perry. When he was twelve years old, Adam Ryan went playing in the woods with his two best friends. He never saw them again. Their bodies were never found, and Adam himself was discovered with his back pressed against an oak tree and his shoes filled with blood. He had no memory of what had happened. Twenty years on, Rob Ryan - the child who came back - is a detective in the Dublin police force. He’s changed his name. No one knows about his past. Then a little girl’s body is found at the site of the old tragedy and Rob is drawn back into the mystery. Knowing that he would be thrown off the case if his past were revealed, Rob takes a fateful decision to keep quiet but hope that he might also solve the twenty-year-old mystery of the woods. The “Fresh Air” book critic investigates the enduring power of *The Great Gatsby* -- “The Great American Novel we all think we’ve read, but really haven’t.” Conceived nearly a century ago by a man who died believing himself a failure, it’s now a revered classic and a rite of passage in the reading lives of millions. But how well do we really know *The Great Gatsby*? As Maureen Corrigan, *Gatsby* lover extraordinaire, points out, while Fitzgerald’s masterpiece may be one of the most popular novels in America, many of us first read it when we were too young to fully comprehend its power. Offering a fresh perspective on what makes *Gatsby* great—and utterly unusual—*So We Read On* takes us into archives, high school classrooms, and even out onto the Long Island Sound to explore the novel’s hidden depths, a journey whose revelations include *Gatsby*’s surprising debt to hard-boiled crime fiction, its rocky path to recognition as a “classic,” and its profound commentaries on the national themes of race, class, and gender. With rigor, wit, and infectious enthusiasm, Corrigan inspires us to re-experience the greatness of *Gatsby* and cuts to the heart of why we are, as a culture, “borne back ceaselessly” into its thrall. Along the way, she spins a new and fascinating story of her own. Dreaming of love and success in rapidly changing Shanghai, four individuals—a starry-eyed waitress, a wealthy developer’s son, a pop artist, and a poetry-loving activist—confront unexpected realities in regional challenges. Hurling from present day New York to Victorian London, *The Sherlockian* weaves the history of Sherlock Holmes and Sir Arthur Conan Doyle into an inspired and entertaining double mystery that proves to be anything but “elementary.” In December 1893, Sherlock Holmes-adoring Londoners eagerly opened their Strand magazines, anticipating the detective’s next adventure, only to find the unthinkable: his creator, Arthur Conan Doyle, had killed their hero off. London spiraled into mourning—crowds sported black armbands in grief—and railed against Conan Doyle as his assassin. Then in 1901, just as abruptly as Conan Doyle had “murdered” Holmes in “The Final Problem,” he resurrected him. Though the writer kept detailed diaries of his days and work, Conan Doyle never explained this sudden change of heart. After his death, one of his journals from the interim period was discovered to be missing, and in the decades since, has never been found. . . . Or has it? When literary researcher Harold White is inducted into the preeminent Sherlock Holmes enthusiast society, *The Baker Street Irregulars*, he never imagines he’s about to be thrust onto the hunt for the holy grail of Holmes-ophiles: the missing diary. But when the world’s leading Doylean scholar is found murdered in his hotel room, it is Harold—using wisdom and methods gleaned from countless detective stories—who takes up the search, both for the diary and for the killer. Two sociologists infiltrate a cult that pulls them into madness in this “barbed and richly entertaining” novel from a Pulitzer Prize-winning author (*The Wall Street Journal*). Once the nation’s most popular sociologist, Tom McMann searches for a research subject that will invigorate his career. Unlike any study he’s seen before, he targets the Truth Seekers, an up-and-coming cult that seeks flying saucers, utopian planets, and new spiritual plains. An irresistible mixture of New Age cranks and sci-fi nerds, they are ruled over by Verena, a beautiful young telepath who believes she has a hotline to another world. The Seekers are isolated, committed, and eccentric, but most importantly, they’re hiring. Assisted by his wide-eyed young colleague, Roger Zimmern, McMann infiltrates the Truth Seekers, hoping to see how the zealots respond if questioned by someone within their midst. But when Verena’s babblings start to make a little too much

sense, the researchers must choose between losing their minds and buying one-way tickets to outer space. From the National Book Award–shortlisted author of *Foreign Affairs*, *The War Between the Tates*, and *The Last Resort*, this is a richly funny novel that will dazzle and entertain. This ebook features an illustrated biography of Alison Lurie including rare images from the author’s collection. *Pride and Prejudice* meets *Matched* in this stunning dystopian debut. "An intriguing dystopian world with a clever premise." Robison Wells, *New York Times* bestselling author “When emerging from its cocoon, a butterfly needs the struggle to push the fluid from its body into its wings. So essentially, without the struggle, it never flies.” From the *USA Today* bestselling author of *The Beach House* comes a story about family bonds, second chances, and finding out who we really are. *Butterfly Sisters* is the perfect escape for fans of Susan Wiggs, RaeAnne Thayne, and Susan Mallery. Best Book of 2020 *New York Times* | *NPR* | *New York Post* "This hushed suspense tale about thwarted dreams of escape may be her best one yet . . . Its own kind of masterpiece." --Maureen Corrigan, *The Washington Post* "A new Tana French is always cause for celebration . . . Read it once for the plot; read it again for the beauty and subtlety of French’s writing." --Sarah Lyall, *The New York Times* Cal Hooper thought a fixer-upper in a bucolic Irish village would be the perfect escape. After twenty-five years in the Chicago police force and a bruising divorce, he just wants to build a new life in a pretty spot with a good pub where nothing much happens. But when a local kid whose brother has gone missing arm-twists him into investigating, Cal uncovers layers of darkness beneath his picturesque retreat, and starts to realize that even small towns shelter dangerous secrets. "One of the greatest crime novelists writing today" (*Vox*) weaves a masterful, atmospheric tale of suspense, asking how to tell right from wrong in a world where neither is simple, and what we stake on that decision. "[An] intricate and unsettling new novel . . . *Death in Her Hands* is not a murder mystery, nor is it really a story about self-deception or the perils of escapism. Rather, it’s a haunting meditation on the nature and meaning of art." -Kevin Power, *The New Yorker* From one of our most ceaselessly provocative literary talents, a novel of haunting metaphysical suspense about an elderly widow whose life is upturned when she finds an ominous note on a walk in the woods. While on her daily walk with her dog in a secluded woods, a woman comes across a note, handwritten and carefully pinned to the ground by stones. "Her name was Magda. Nobody will ever know who killed her. It wasn’t me. Here is her dead body." But there is no dead body. Our narrator is deeply shaken; she has no idea what to make of this. She is new to this area, alone after the death of her husband, and she knows no one. Becoming obsessed with solving this mystery, our narrator imagines who Magda was and how she met her fate. With very little to go on, she invents a list of murder suspects and possible motives for the crime. Oddly, her suppositions begin to find correspondences in the real world, and with mounting excitement and dread, the fog of mystery starts to fade into menacing certainty. As her investigation widens, strange dissonances accrue, perhaps associated with the darkness in her own past; we must face the prospect that there is either an innocent explanation for all this or a much more sinister one. A triumphant blend of horror, suspense, and pitch-black comedy, *Death in Her Hands* asks us to consider how the stories we tell ourselves both reflect the truth and keep us blind to it. Once again, we are in the hands of a narrator whose unreliability is well earned, and the stakes have never been higher. A man, a woman, a child, and an unforgettable dog combine forces in this gripping and surprising psychological thriller, the most stunning novel yet from Scott Spencer—named one of *Publishers Weekly*’s Top Ten Books of 2010. Can we ever get away with murder? Are there secrets that cannot remain hidden no matter how deeply we try to bury them? And do the things we hide control our destinies even more than the things we choose to reveal? Paul Phillips has been on his own since he was a teenager, leading a life of freedom and independence, beholden to no one and nothing. But Paul is a man of deep convictions, and the compromises we all make to get along in the world elude him. On his way home after a particularly trying day, Paul discovers a man beating a dog, and in a few fateful moments is plunged into a world of violence and onto a tumultuous journey of self-knowledge, guilt, and redemption. Some lines should never be crossed. Police corruption, an investigation that ends in tragedy, and the mystery of a little girl’s silence—three unconnected events that will prove to be linked by one small town. While Detective Cormac Reilly faces enemies at work and trouble in his personal life, Garda Peter Fisher is relocated out of Galway with the threat of prosecution hanging over his head. But even that is not as terrible as having to work for his overbearing father, the local copper for the pretty seaside town of Roundstone. For some, like Anna and her young daughter, Tilly, Roundstone is a refuge from trauma. But even this village on the edge of the sea isn’t far enough to escape from the shadows of evil men. “With its singular characters, eerie subject matter, and socko style” (*The New York Times*), this gripping thriller from the internationally bestselling author John Connolly follows Private Investigator Charlie Parker as he is hired to track down the identity of a dead woman—who apparently died in childbirth—and her missing child. In the beautiful Maine woods, a partly preserved body is discovered. Investigators realize that the young woman gave birth shortly before her death. But there is no sign of a baby. Private detective Charlie Parker is hired by a lawyer to shadow the police investigation and find the infant but Parker is not the only one searching. Someone else is following the trail left by the woman, someone with an interest in much more than a missing child...someone prepared to leave bodies in his wake. And in a house by the woods, a toy telephone begins to ring and a young boy is about to receive a call from a dead woman. With breathless pacing and shivery twists and turns, “this is Connolly’s masterpiece” (*Publishers Weekly*, starred review). “[An] irresistible invitation to share the lives of people who believe in enduring values.”—*Detroit Free Press* It began with Benny Hogan and Eve Malone, growing up, inseparable, in the village of Knockglen. Detective Stephen Moran has been waiting for his chance to join Dublin's Murder Squad when sixteen-year-old Holly Mackey arrives in his office with a photo of the boy with the caption: "I KNOW WHO KILLED HIM." Stephen joins with Detective Antoinette Conway to reopen the case—beneath the watchful eye of Holly's father, fellow detective Frank Mackey. With the clues leading back to Holly's close-knit group of friends, to their rival clique, and to the tangle of relationships that bound them all to the murdered boy, the private underworld of teenage girls turns out to be more mysterious and more dangerous than the detectives imagined.
