Based on new research, the authors reveal five practices for connecting strategy and execution used by highly successful enterprises such as IKEA, Natura, Danaher, Haier, and Lego. These companies: • Commit to what they do best instead of chasing multiple opportunities • Build their own unique winning capabilities instead of copying others • Put their culture to work instead of struggling to change it • Invest where it matters instead of going lean across the board • Shape the future instead of reacting to it Packed with tools you can use for building these five practices into your organization and supported by in-depth profiles of companies that are known for making their strategy work, this is your guide for reconnecting strategy to execution. By the end of the year, you

will have entered the Old Testament through 365 new doorways, looked with fresh eyes at old verses, and traced a web of connections all over the Scriptures that you've never spotted before. Each of these 365 devotions is crafted so as to lift that veil ever so slightly, to touch skin to skin, as it were, with the original language. You do not need to know anything about Hebrew to profit from these meditations. They are not written to teach you the language of Abraham, Moses, and Isaiah, but to give you a taste of their insights, to expose you to their eloquence, to laugh with them at their winking wordplays, to un-English their idioms, and-most importantly-to trace their trajectories all the way into the preaching of the Messiah and the writings of his evangelists and apostles. God has promised us miracles. Are you willing to do what it takes to see them through? The #1 New York Times bestseller. Over 4 million copies sold!

Jay Shetty, social media superstar and host of the #1 podcast **On Purpose**, distills the timeless wisdom he learned as a monk into practical steps anyone can take every day to live a less anxious, more meaningful life. When you think like a monk, you'll understand: -How to overcome negativity -How to stop overthinking -Why comparison kills love -How to use your fear -Why you can't find happiness by looking for it -How to learn from everyone you meet -Why you are not your thoughts -How to find your purpose -Why kindness is crucial to success -And much more... Shetty grew up in a family where you could become one of three things--a doctor, a lawyer, or a failure. His family was convinced he had chosen option three: instead of attending his college graduation ceremony, he headed to India to become a monk, to meditate every day for four to eight hours, and devote his life to helping others. After three years, one of his teachers told him that he would have more impact on the world if he left the monk's path to share his experience and wisdom with others. Heavily in debt, and with no recognizable skills on his r sum , he moved back home in north London with his parents. Shetty reconnected with old school friends--many working for some of the world's largest corporations--who were experiencing tremendous stress, pressure, and unhappiness, and they invited Shetty to coach them on well-being, purpose, and mindfulness. Since then, Shetty has become one of the world's most popular influencers. In 2017, he was named in the **Forbes** magazine 30-under-30 for being a game-changer in the world of media. In 2018, he had the #1 video on Facebook with over 360 million views. His social media following totals over 38 million, he has produced over 400 viral videos which have amassed more than 8 billion views, and his podcast, **On Purpose**, is consistently ranked the world's #1 Health and Wellness podcast. In this inspiring, empowering book, Shetty draws on his time as a monk to show us how we can clear the roadblocks to our potential and power. Combining ancient wisdom and his own rich experiences in the ashram, **Think Like a Monk** reveals how to overcome negative thoughts and habits, and access the calm and purpose that lie within all of us. He transforms abstract lessons into advice and exercises we can all apply to reduce stress, improve relationships, and give the gifts we find in ourselves to the world. Shetty proves that everyone can--and should--think like a monk. **Swindoll** offers amazingly fresh insights about how to live with inexplicable joy in spite of the daily grind.
