Traditional Magic Spells for Protection and Healing Jun 14 2021 An in-depth collection of ancient spells and magic practices drawn from rare and newly discovered texts • Presents more than 600 magical prescriptions for healing and protection from both pagan and Christian sources • Examines the practice of diagnosing illness through magic and explores ancient beliefs about curses and other evil spells and about devils, demons, and ghosts • Includes spells from the heavily guarded gypsy tradition of magic and healing, drawn from newly discovered materials Since the beginning of history, people have sought remedies for the many ills that have beset them, from illnesses afflicting the body to threats posed by evil and hostile individuals. In many folk healing and pagan traditions, it was believed that one must gain the assistance of the guardian spirit of a healing plant or substance through prayers or offerings before its chemical properties would be effective. The Church decried these spells and practices as pagan superstition but did not seek to exterminate these beliefs, instead transferring the responsibility for their healing powers to the apostles and saints. Drawing on his extensive knowledge of ancient texts, Claude Lecouteux presents more than 600 magical prescriptions from both pagan and Christian sources from the last 2,000 years, covering everything from abscesses and shingles to curses and healing animals. He examines the practice of diagnosing illness through magic and looks at the origins of disease according to the evolving beliefs

of magic practitioners over the centuries. He explores ancient beliefs about curses and about devils, demons, and ghosts and provides an in-depth look at protection magic, including protection of health, animals, and cultivated land, protection against curses, witchcraft, bad weather, and beasts, protection of a home, and protection while traveling. He includes spells from the heavily guarded gypsy tradition of magic and healing, drawn from newly discovered materials collected by two Romanian ethnologists who lived and traveled with gypsies in Transylvania in the mid-19th century. The author also reproduces rare texts on magic healing from the 14th and 15th centuries. Revealing the vitality of these practices in the remoter areas of Eastern Europe, Lecouteux shows how the influence of this pagan worldview is still detectable in the work of modern folk healers in France and Scandinavia. He also shows how the condemnation of unorthodox methods of healing has not vanished from the contemporary world: the medieval legislation against healing by wizards and bonesetters is echoed in modern health codes that challenge the authority of naturopaths and faith healers.

Ghost Ranch Oct 19 2021 For more than a century, Ghost Ranch has attracted people of enormous energy and creativity to the high desert of northern New Mexico. Occupying twenty-two thousand acres of the Piedra Lumbre basin, this fabled place was the love of artist Georgia O'Keeffe's life, and her depictions of the landscape catapulted Ghost Ranch to international recognition. Building on the history of the Abiquiu region that she told in *Valley of Shining Stone*, Ghost Ranch historian Lesley Poling-Kempes now unfolds the story of this celebrated retreat. She traces its transformation from *el Rancho de los Brujos*, a hideout for legendary outlaws, to a renowned cultural mecca and one of the Southwest's premier conference centers. First a dude ranch, Ghost Ranch became a magical sanctuary where the veil between heaven and earth seemed almost transparent. Focusing on those who visited from the 1920s and '30s until the 1990s, Poling-Kempes tells how O'Keeffe and others—from Boston Brahmin Carol Bishop Stanley to paleontologist Edwin H. Colbert, Los Alamos physicists to movie stars—created a unique community that evolved into the institution that is Ghost Ranch today. For this book, Poling-Kempes has drawn on information not available when *Valley of Shining Stone* was written. The biography of Juan de Dios Gallegos has been enhanced and

definitively corrected. The Robert Wood Johnson (of Johnson & Johnson) years at Ghost Ranch are recounted with reminiscences from family members. And the memories of David McAlpin Jr. shed light on how the Princeton circle that included the Packs, the Johnson brothers, the Rockefellers, and the McAlpins ended up as summer neighbors on the high desert of New Mexico. After Arthur Pack's gift of the ranch to the Presbyterian Church in 1955, Ghost Ranch became a spiritual home for thousands of people still awestruck by the landscape that O'Keeffe so lovingly committed to canvas; yet the care taken to protect Ghost Ranch's land and character has preserved its sense of intimacy. By relating its remarkable story, Poling-Kempes invites all visitors to better appreciate its place as an honored wilderness—and to help safeguard its future.
