Praise for *The Big New Yorker Book of Cats* “The Book of Cats comes a year after *The Big New Yorker Book of Dogs*—a publishing slight that, though it stings, I’ll forgive, as the latest anthology was worth the wait. . . . Two standout articles feature real-life obsessives of ages past who reveal today’s Caturday devotees—with their GIFs and Tumblrs and hastily aggregated listicles—for what they truly are: amateurs. . . . Eat your heart out, *Cute Overload*.”—*The New York Times Book Review* “A beautiful hardcover.”—Jenny McCarthy, *People* “This irresistible anthology of articles, poems, essays, fiction, cartoons, and covers pulled from the *New Yorker* is a veritable treasure trove for cat lovers. Just dive right in; with stories from the likes of John Updike, Maeve Brennan, Roald Dahl, and Haruki Murakami interwoven with hilariously wry cartoons, one can’t help but be enthralled. A must-have.”—*Modern Cat* “A shiny, well-fed tome . . . The anthology embodies the cat’s defining characteristic: its cluster of opposites rolled together into a giant hairball of cultural attitudes—something perhaps, at once uncomfortably and assuringly reflective of our own chronically conflicted selves.”—*Brain Pickings* “This gorgeous book has earned a permanent spot on my coffee table. It is an absolute joy to read and browse through, and I know it will bring me hours and hours of pleasure for years to come. And it makes a purr-fect gift for the special cat lovers in your life.”—*The Conscious Cat* “[A] sumptuous volume.”—*The Dallas Morning News* Top feline behavior expert (and author of Penguin’s bestselling *Think Like a Cat* and *Cat vs. Cat*) answers the 150 questions most often asked by puzzled cat owners. Even those of us who have lived with and loved our cats for decades are constantly stymied by their seemingly inexplicable acts, or have questions about why they do

what they do and where they do it, and how we can get them to not do it. Here, in one complete authoritative guide, those elusive mysteries are solved. Why does my cat lick my hair? Why does the cat only want attention when I'm on the phone? How can I introduce my cat to my new dog? How can I get my cat to like my new husband?? No one knows cats like Pam Johnson Bennett, whose pioneering thirty-year career as a cat behavior consultant has changed the way cat owners and experts alike view cats. Her books are bibles, but her fans and owners still flood her website and social media platforms with questions on topics that perplex them. Catwise combines the questions that come up most often with answers to help you solve your cat's behavior problems (or head them off before they start), or simply improve the relationship you have with your cat. 'A purrfect gift for a loved one with a special affinity for the feline' 'An absolute must for any cat lover' 'Curiosity is more than a desire to discover. It's a lifestyle, and a purrilege. It's hours of observing a fly on the wall. It's entering the sock drawer just before it closes. It's sniffing the lampshade one more time . . .' Such is the wisdom of Curious Zelda: social media star, agony aunt, yoga teacher, cat. In *The Adventures of a Curious Cat* she gives insight into her view of the world and dispenses unparalleled wisdom. Zelda explains, in her unique voice, how to handle humans, how to communicate with furniture and most importantly how to live a life curiously. It's the ultimate self-help guide for any cat, or indeed, their human. America's favorite cat behavior expert, author of *Catwise* and *Cat vs. Cat*, offers the most complete resource for cat owners of all stripes, now fully updated. "The queen of cat behavior" - Steve Dale, author of *My Pet World* Think it's impossible to train a cat? Think again! By learning how to think like a cat, you'll be amazed at just how easy it is. Whether you are a veteran cat lover, a brand-new owner of a sweet kitten, or the frustrated companion of a feline whose driving

you crazy, Pam Johnson-Bennett will help you understand what makes your cat tick (as well as scratch and purr). Topics range from where to get a cat to securing a vet; from basic health care treating more serious problems; choosing an irresistible scratching post and avoiding litterbox problems. A comprehensive guide to cat care and training, she helps you understand the instincts that guide feline behavior. Using behavior modification and play therapy techniques, she shares successful methods that will help you and your cat build a great relationship. "Meet Rally and Minnie-May -- The Gunsmith Cats -- two of the most fun-loving, well-armed, bounty-hunting women in Chicago! Whether they're chasing bail jumpers or fending off the mob, you can bet on a healthy supply of guns, bombs, car chases, and more guns! The pair run afoul of Bonnie and Clyde, a couple of hired guns working mob jobs in the Windy City. With their business interests running on opposite sides of the law, it's no surprise that the net result is gunfire and mayhem!"--Page 4 of cover

Also included are some "making of Riding Bean" comics and sketches and notes from the early days. See the beginnings of Sonoda's awesome Gunsmith Cats series! The long-awaited return of Gunsmith Cats continues with its second exciting volume! Daily, Rally and Minnie run a weapons shop in Chicago... but they have a side business as bounty hunters! Delightfully quirky and utterly charming, this motley crew of black cats will win over anyone with a dry sense of humor. "So fun and sweet." —Paul

Unravels the mysteries of cat behaviour for the general reader and specialist alike. Authoritative and entertaining, *Starting from Scratch* is the next best thing to a house call from the world's top feline behaviorist. 'Louis Wain invented a cat style, a cat society, a whole cat world'. Broadcast in 1925 by H.G. Wells, these words characteristically foretold the future of the Wain cat which has, once more, become the century's most recognisable image in cat art. During their heyday, in the time before the First World War, Louis Wain's cats, dressed as humans, portrayed that stylish Edwardian world having fun: at restaurants and tea parties, going to the Race and the Seaside, celebrating at Christmas and Birthdays, and disporting themselves with exuberant games of tennis, bowls, cricket and football. This is a titillating world of cats at play, uninhibited and slightly dangerous, with most group activities likely to turn into mishap, mayhem and catastrophe. This is Wain's world, funny, edgy and animated: a whole cat world. The first comprehensive exhibition of Wain's work was held at the Victoria and Albert Museum in London in 1972 and, since then, Louis Wain has steadily become more fashionable, and collected worldwide. This biography contains 300 plates of richness and variety, all of which are reproduced faithfully from the original artwork. This book is jointly published by Chris Beetles Ltd and Canongate Books. With 77,000 copies in print, *The Cat Behavior Answer Book* has been helping cat lovers understand and become better caretakers of their feline companions for 15 years. The fully revised 2nd edition features a larger format with a fresh design and the most up-to-date scientific evidence and insights into why cats do what they do and how to encourage healthy, positive habits. *Cats are Not Peas*, narrated with inimitable grace and wit, takes us through the great discoveries in genetics, from Mendel's studies of inheritance in peas through the discovery of the chromosome and

the role of DNA - all from the little-known viewpoint of the pivotal and unheralded role played by cats as experimental subjects in this epic drama. "...the book was difficult to put down...Coherent, witty, and full of historical anecdotes any intelligent reader should be able to accompany Gould on her quest." -NEW SCIENTIST "A delightful and painless introduction to genetics and its colorful history..." -WINSLOW R. BRIGGS, CARNEGIE INSTITUTE OF WASHINGTON

From Michael Ondaatje: an electrifying new novel, by turns thrilling and deeply moving -- one of his most vividly rendered and compelling works of fiction to date. In the early 1950s, an eleven-year-old boy boards a huge liner bound for England. At mealtimes, he is placed at the lowly "Cat's Table" with an eccentric and unforgettable group of grownups and two other boys. As the ship makes its way across the Indian Ocean, through the Suez Canal, into the Mediterranean, the boys find themselves

immersed in the worlds and stories of the adults around them. At night they spy on a shackled prisoner -- his crime and fate a galvanizing mystery that will haunt them forever. Looking back from deep within adulthood, and gradually moving back and forth from the decks and holds of the ship to the years that follow the narrator unfolds a spellbinding and layered tale about the magical, often forbidden discoveries of childhood and the burdens of earned understanding, about a life-long journey that began unexpectedly with a sea voyage. A literary master's story about the aggravations and great joys of cats, from "a most sophisticated novelist, with a gusting humor and a hushed tenderness of detail" (Julian Barnes) In the autumn of 1965, flush with the unexpected success of his first published books, the Czech author Bohumil Hrabal bought a cottage in Kersko, about an hour's drive east of Prague. From then until his death in 1997, he divided his time between Prague and Kersko, where he wrote and tended to a community of feral cats. Over the years, his relationship to cats grew deeper and more complex, becoming a measure of the pressures, both private and public, that impinged on his life as a writer. Despite the tender love he feels for the cats, especially his favorites who share his bed, there are moments of intense violence—as he controls the feline population explosion explosively. *All My Cats*, written in 1983 after a serious car accident, is best seen as a confessional memoir, the chronicle of an author who becomes overwhelmed by his cats and his life, and is driven to the brink of madness by the dilemmas his indulgent love for the animals have created. In the end, *All My Cats* becomes a book about Hrabal's relationship to nature, about the unlikely sources of redemption that come to him unbidden, like a gift from the cosmos—and about love. A musical based on Old Possum's book of practical cats by T.S. Eliot. Whether looking for health care tips or where to find the best breed to buy, readers will love this

updated and revised edition of *The Everything Cat Book, 2nd Edition*. This popular classic is as easy-to-read and accessible as ever-and packed full of practical, professional advice! A staple in the pets category, *The Everything Cat Book, 2nd Edition* is a comprehensive guide for anyone just getting started with a new cat or simply looking to learn more about their favorite pet! *The Character Acting Cats* is a collection of twenty-four feline characters engaged in various activities, such as driving a car, playing video games and gazing through a telescope. All the illustrations are original drawings created by the author and are accompanied by captions featuring the character's names. The humor of these captions is based on word play such as puns and alliteration. This book may be appropriate to cat lovers (ailurophiles). *Guns, girls, hot cars, girls, crazy action and more girls!* *Gunsmith Cats* is so jam-packed with action, it's bursting at the seams, and now the seams are bigger! Continuing Dark Horse's run of fanatastic omnibus editions, the third volume of *Gunsmith Cats Revised Edition* continues the frantic adventures of our favorite young, female bounty hunters. This time, the volumes formerly known as "Bean Bandit" and "Kidnapped" comprise this 450+ page book. This delightful little book pays homage to the cat through artfully curated Japanese poetry and prints. No one captures the graces and idiosyncrasies of cats quite like the painters, printmakers, and haiku masters of Japan. From the Edo to the Showa period, many artists turned their gaze toward an unlikely subject: their small feline companions. Closely observed portraits in words ad ink elevate the everyday adventures of cats: taking a nap on a Buddha statue's lap, daintily eating a rice ball, courting the neighbor's cat. This curated collection of poems, prints, and paintings will leave you inspired to cultivate the sereni

and wonder embodied by these creators—and by the cats themselves. Presented as a sweet, jacketed paperback with thoughtful design touches, this volume includes each poem in both English and Japanese. **THE ORIGINAL CAT LOVERS:** Centuries before the emergence of cat memes and cat cafes, Japanese artists and writers perfected the practice of feline reverence. Cats played pivotal roles in folklore; they were the protectors of scriptures and symbols of good luck and wealth. They also proved to be a wonderful source of creative inspiration. This little compendium showcases Japan's rich cultural heritage. **UNIQUE GIFT:** Surprise your cat-loving friends and family with this unusual twist on the cat-themed gift. **PERFECT FOR POETRY LOVERS:** Whether they came to poetry through the works of Instagram poets, or have been reading the classics for decades, any lover of verse will enjoy this thoughtfully curated collection. The writers featured include Bashō, Chiyo-ni, Issa, Shiki, and more—all icons of the haiku form. **ENCHANTING ART:** Hokusai, Hiroshige, Yoshitoshi, and more: These artists masterfully captured the personalities of cats and their humans. These images, with their delicate lines and soothing colors, have endured through time to bring us quiet joy. Perfect for: • Cat lovers • Poets and poetry readers • Artists and art lovers • Anyone who appreciates Japan's arts and culture
