ACCA Paper P6 Advanced Taxation FA2008 Practice and Revision Kit Apr 01 2020 The Association of Chartered Certified Accountants (ACCA) is the global body for professional accountants. With over 100 years of providing world-class accounting and finance qualifications, the ACCA has significantly raised its international profile in recent years and now supports a BSc (Hons) in Applied Accounting and an MBA. BPP Learning Media is an ACCA Official Publisher. Paper P6, Advanced Taxation, requires you to extend the core tax knowledge that you learnt for Paper F6. As well as widening your knowledge of the core taxes, you will need to study inheritance tax, stamp taxes and trusts for the first time. In this paper you will also be expected to comment on ethical issues. In Paper P6 all of the questions set will be scenario type questions as opposed to the purely computational questions that you met at Paper F6. The emphasis of the questions will be on the interpretation of a given situation. You may need to propose alternative strategies and compare and contrast the results. Marks will be specifically awarded in the examination for the demonstration of effective communication skills. You will also need to demonstrate that you are aware that there may be non-tax matters that should be taken into account. The important point about this paper is that you need to develop your application skills. The best way to do this is to practise as many exam standard questions as possible. BPP Learning Media's P6 FA2008 Practice and Revision kit allows you to do just this. The Practice and Revision kit is new and has been specifically written for this paper. Most of our questions are exam standard, although some are preparation questions which ease you into the topic you are studying. Questions are grouped into topic areas so that you can easily identify those that cover particular areas. Our detailed solutions often provide top tips, advice on how to approach the question or advice on gaining easy marks. There is also a reference so that you know where the topics concerned are covered in the study text. BPP Learning Media is the publisher of choice for many ACCA students and tuition providers worldwide. Join them and plug into a world of expertise in ACCA exams.

The Art of Keeping Secrets Apr 06 2023 Some Secrets Weren't Meant to Be Kept... They started out as the “misfit moms”—the trio of less-than-conventional parents at their sons' tiny private school. They've shared everything. Or so they thought. Now, on a once-in-a-lifetime trip to New York City, they'll sightsee, they'll shop, they'll catch a few Broadway shows. They'll tell all... After seventeen years as a single parent, Neve will reveal a past sin that could destroy her relationship with her son. Emma will uncover the roots of her exhaustion and divulge the inappropriate feelings she has

for her boss. And Flick—who knows a little about crafting a flawless exterior—will share the shocking truth that lies beneath the veneer of her perfect marriage. When the tight hold they’ve each kept on their secrets for years begins to slip, they must face the truth. Even if the truth will forever alter the course of their friendship and their lives.

The Northeast Question Oct 08 2020 This book explores the idea, psychology and political geography of Northeast India as forged by two interrelated but autonomous meta-narratives. First, the politics of conflict inherent in, and therefore predetermined by physical geography, and second, the larger geopolitics that was unfolding during the colonial period. Unravelling the history behind the turmoil engulfing Northeast India, the study contends that certain geographies — most pertinently fertile river valleys and surrounding mountains which feed the rivers — are integral to nature and any effort to disrupt this cohesion will result in conflict. It comprehensively traces the geopolitics of the region since colonial era — in particular the Great Game; the politics that went into the making of the McMahon Line, the Radcliffe Line and the Pemberton Line; the region's relations with its international neighbours (China, Bhutan, Myanmar, Bangladesh and Nepal); as well as the issue of many formerly non-state-bearing populations awakening to the reality of the modern state. Lucid and analytical, this book will be of great interest to scholars and researchers of Northeast India, modern Indian history, international relations, defence and strategic studies, and political science.
