The purpose of this book is to tell my spiritual journey and show how a metaphysical awareness gave me what may be considered superhuman strength. Powered by mystical transcendence, I have broken over 30 world records and performed amazing demonstrations of endurance and feats of strength. By focusing mainly on Platonic metaphysical ideas, I have been able to put myself in a proper mindset to alleviate fear, fatigue, pain, and doubt. Through a transcendental meditation connecting my soul (the energy that animates the body) to the demiurge or logos of the first principle(the energy that animates the universe) I have experienced feelings of euphoria and limitless power. I also discuss how my study of and attachment to Plato's cosmology has influenced my life for the better. The mysteries surrounding Lois and Clark are just starting to unfold!
