Before beginning his training as a Seeing Eye dog, Shakespeare, a labrador retriever who understands human speech, is placed for his first year of life with a foster child who has never learned to love. When third-grader Billy Burger gets into a fight with the Randy, the school bully, he is suspended, and his parents, while sympathetic, assign him to volunteer for the Shake-a-paw Animal Shelter, which is not so bad, except for the dog poop--and proves to have unexpected benefits when the Randy corners him in an alley. When a young girl suffering her own tragedy finds an injured dog, she can't resist helping him. Both having braved the worst the world has to throw at them, they form an unbreakable bond. They picture their future as an endless stream of adventures filled with love, laughter, and good times. But life has one last cruel trick to play... Please Take Me for a Walk is a celebration of dogs and kids and community. The book stars a very persuasive pup pleading with his best friend—the reader!—to take him for a walk. He recounts all the fun things they can see and do: chase squirrels in the yard, greet neighbors on their block, visit the shopkeepers downtown, swing by the schoolyard, and then run and play in the park. The dog run at the park is filled with all kinds of amazing purebreds and mutts, and our puppy wants them all to see "my best friend and me." Susan Gal uses this story of a dog's best walk ever to catalog all the favorite places in a child's world. She starts in the house and the yard, then widens her scope to the block, the neighborhood, downtown, and the park. And she captures the magical way the people of a community can be brought together through their pets. The dog's enthusiastic voice and eagerness to go out walking will resonate with any dog owner. And Susan Gal's artwork is so enticing and adorable it will have even confirmed cat lovers heading for the pound! Happy walking, everyone! Long before canine YouTube stars, Missouri laid claim to the Smartest Dog in the World: Jim the Wonder Dog, a Great Depression Era hunting dog that many believed was either a genius or possessed of clairvoyant skills. Evidence existed for both claims: Jim predicted seven Kentucky Derby winners and the winners of the 1936 World Series and presidential race, but the setter could

also take direction in foreign languages (Italian, French, German, Spanish), shorthand, and Morse Code and recognized both colors and musical instruments. This is the true story of the dog that became known as Missouri's Wonder Dog. When a young girl suffering her own tragedy finds an injured dog, she can't resist helping him. Both having braved the worst the world has to throw at them, they form an unbreakable bond. They picture their future as an endless stream of adventures filled with love, laughter, and good times. But life has one last cruel trick to play... The book tells the story of a pup found in a sports field and then adopted to become part of a family of three dogs. It is Leo himself that tells the story of how he developed and the problems he came up against in his pack. In telling his story, Leo explains how bad behavior and habits are easily learned and how he did not always understand why they were not accepted. The story then takes on a new turn as Leo then recounts how he came to be included in the pack of a world-famous dog trainer and behaviorist known as the Dog Whisperer. From that moment onward, his life changed and his behavior began to be more acceptable. He also found his true vocation in life running, jumping, and playing ball. A game that he excelled and made him a star of posters and photographs all over the world. Leo explains throughout in simple terms how poor behavior is developed in dogs and gives his thoughts on how good behavior can be encouraged and taught in a way that dogs understand. Leo tells his story from his viewpoint to help dog owners and potential owners, and especially children/young people, how dogs think and learn. Help Jack and Meg solve the case of the lost pup! "Ludo is now an elderly gentleman, and we would do almost anything to ensure his continued happiness. We schedule our days around his needs—his mealtimes, his walks, the delivery of his life-saving medication (he has epilepsy, poor love). We spend a bizarrely large amount of our disposable income on him, and he never sends a card of thanks. When he's not with us for a few days, the house feels extraordinarily empty. I feel so fortunate to

know him." Ludo is a dog—Simon Garfield's beloved black Labrador retriever, one of millions of canines who have become integral parts of our lives. But how did the dog become top dog? How did these faithful animals come to assist us not only in hunting, but in bomb disposal and cancer detection—and ultimately become our closest companions? Dog's Best Friend examines how this bond developed over the centuries, and how it has transformed countless lives, both human and canine. Garfield begins with the earliest visual representations—dogs depicted in ancient rock art—and ends at the laboratory that first sequenced the canine genome. Along the way, we meet the legendary Corgis of Buckingham Palace, the dogs of the Soviet space program, the world's first labradoodle, and a border collie that can identify more than a thousand different plush toys. Garfield reveals the secrets of the world's best dog trainers, takes us inside the wild world of dog breeding and dog shows, and unearths the deep psychological roots of the human-dog link. And Ludo pops his snout in from time to time as well. A celebration of this deep interspecies connection, delivered with Simon Garfield's inimitable wit, Dog's Best Friend offers delights and insights for anyone who has ever loved a dog. NATIONAL BESTSELLER • From the author of The River: In this "end-of-the-world novel more like a rapturous beginning" (San Francisco Chronicle), Hig somehow survived the flu pandemic that killed everyone he knows. His gripping story is "an ode to friendship between two men...the strong bond between a human and a dog, and a reminder of what is worth living for" (Minneapolis Star-Tribune). Hig's wife is gone, his friends are dead, and he lives in the hangar of a small abandoned airport with his dog, Jasper, and a mercurial, gun-toting misanthrope named Bangley. But when a random transmission beams through the radio of his 1956 Cessna, the voice ignites a hope deep inside him that a better life exists outside their tightly controlled perimeter. Risking everything, he flies past his point of no return and follows its static-broken trail, only to find something that is both better and worse than anything he could ever hope for. The age-old question of "what will I be when I grow up" gets a hilarious twist in this stylish and clever story. A pup and his father contemplate his grand future while looking at other Great Dogs in their family. Will he be a marathon runner like Uncle Tibor, the fastest dog in the family? Will he be an astronaut like Aunt Yuki, who reached for the stars? Or maybe a teacher like Uncle Scooter, respected by all? No matter what, says his father, he will be a GREAT dog! Davide Cali's tongue-in-check writing and Miguel Tanco's unique and funny illustrations bring these great dogs to life and will have readers giggling from start to finish. With gatefolds that show the real story behind the characters and a surprise twist at the end, Great Dog is a winner for kids and parents alike!
