Can murder strike in the same place twice? Anne Kimbro's step-mother is found with garden shears in her back on the exact spot where Anne's real mother had been shot twenty years earlier. John Leland, Anne's finacé, is found at the crime scene with his hand in a blood-soaked bandage. To make matters worse, it's revealed that it was John's father who had committed the earlier murder of Anne's mother. A coincidence like this calls for the skill of defense attorney Perry Mason, whom Anne engages to save her sweetheart. But Perry, frustrated by John's erratic behavior, begins to wonder if John is telling the truth. As he tries to make sense out of a gnarled family tree, Mason confronts blackmail, infidelity and skeletons in the closet. Someone has **STOLEN** a delicious chocolate cake! Bear sets off to find the culprit, questioning characters and compiling clues from A to Z. Among the suspects: a gingerbread man (G) with a bite out of his head, a kite (K) that may be above the law, and an octopus (O) with grabby tentacles. But -- hold on -- are those crumbs on Bear's page? Is that frosting on his face? Looks like our narrator is a little unreliable! And it appears our culprit might be the one that Bear wants readers to suspect the least of all. . . . Author Eoin McLaughlin's sly, cheeky humor takes the alphabet book to inventive new heights, while best-selling illustrator Marc Boutavant's smart and striking graphic-style art matches the irreverent tone. Young ABC learners and older fans of funny stories will laugh out loud at Bear's uproarious "investigation" and his anything-but-usual suspects. **A Most Anticipated Novel by PopSugar \* Crime Reads \* Goodreads \* A true crime blogger gets more than she bargained for while interviewing the woman acquitted of two cold case slayings in this chilling new novel from the New York Times bestselling author of The Sun Down Motel. In 1977, Claire Lake, Oregon, was shaken by the Lady Killer Murders: Two men, seemingly randomly, were murdered with the same gun, with strange notes left behind. Beth Greer was the perfect suspect—a rich, eccentric twenty-three-year-old woman, seen fleeing one of the crimes. But she was acquitted, and she retreated to the isolation of her mansion. Oregon, 2017. Shea Collins is a receptionist, but by night, she runs a true crime website, the Book of Cold Cases—a passion fueled by the attempted abduction she**

escaped as a child. When she meets Beth by chance, Shea asks her for an interview. To Shea's surprise, Beth says yes. They meet regularly at Beth's mansion, though Shea is never comfortable there. Items move when she's not looking, and she could swear she's seen a girl outside the window. The allure of learning the truth about the case from the smart, charming Beth is too much to resist, but even as they grow closer, Shea senses something isn't right. Is she making friends with a manipulative murderer, or are there other dangers lurking in the darkness of the Greer house? When notorious playboy Arthur Cushing is murdered, Belle Adrian suspects that her daughter, Carlotta, is the killer, and Carlotta suspects her mother of the crime. Original. After a thieving woman is accused of murder, it's up to Perry Mason to prove her innocent. Sleuthing attorney Perry Mason can't resist a good mystery, so when he sees an older woman being accused of shoplifting during a department store outing with his assistant, Della Street, he doesn't hesitate to intervene. Armed with an assumption of innocence and the legal acumen to silence her accuser, Mason leaps to the woman's defense—until her niece appears, acknowledging her aunt's guilt, and pays for the stolen items. Soon thereafter, Aunt Sarah is accused of stealing a valuable set of diamonds, and her niece, Virginia, enlists Mason's aid. The man who left the jewels in Sarah's care insists that she didn't take them, but when he turns up dead, she's left with nobody to vouch for her. Nobody, that is, but Perry Mason—expert in the art of defending the innocent. The thirteenth novel in the bestselling Perry Mason series, *The Case of the Shoplifter's Shoe* is an exemplary episode for the character, featuring the complex plots, snappy dialogue, and break-neck pacing that make the novels perennial favorites of mystery fans everywhere. Includes discussion guide questions for use in book clubs. "What we

have here is a bad case of stripes. One of the worst I've ever seen!" Camilla Cream loves lima beans, but she never eats them. Why? Because the other kids in her school don't like them. And Camilla Cream is very, very worried about what other people think of her. In fact, she's so worried that she's about to break out in...a bad case of stripes! "Married Eva Griffin has been caught with a prominent congressman, and is ready to pay the editor of a sleazy tabloid hush money to protect the politician. But first Perry Mason tracks down the publisher of the blackmailing tabloid and discovers a shocking secret which eventually leads to Mason being accused of murder"--Amazon.com. Who was that masked woman? That's the question plaguing the perpetually inquiring mind of Perry Mason. No one loves a good mystery more than Mason--but being asked to represent a client who's concealing her identity, not to mention the particulars of her case, has given even the legendary legal eagle a case of ruffled feathers. The Seven Writing Mysteries that Really Matter Most people think that good grammar leads to good writing. But the truth is that while good writing may be technically correct, it's also strong, concise, and specific. This guide identifies the seven writing weaknesses that editors everywhere must fix again and again; in fact, almost all of an editor's corrections on any piece of writing will come from the material covered in this book's lessons. In an engaging solve-the-mystery format, you'll solve these cases: • The Tantalizing Tale of Passive Voice • The Peculiar Puzzle of the Vague -ing Word • The Confusing Caper Concerning the Super-Long Sentence You don't have to wade through hundreds of pages of dry grammar references to improve your writing. Rather than memorize the picky details that very few people care about, learn what really leads to good writing in this easy-to-use and friendly book. A runaway witness leads a lawyer into a whodunit:

“The only dull pages in this book are the blank ones” (The New York Times). Defense lawyer Perry Mason is surprised to receive two checks from a stranger named Lola Allred. And when he speaks with Lola’s husband, he discovers the woman has run off with her daughter’s boyfriend—who happens to be an important witness in a lawsuit. Soon Mason’s caught up in a complicated case involving not only a missing witness but forgery and murder as well . . . This mystery is part of Edgar Award–winning author Erle Stanley Gardner’s classic, long-running Perry Mason series, which has sold three hundred million copies and serves as the inspiration for the HBO show starring Matthew Rhys and Tatiana Maslany. **DON’T MISS THE NEW HBO ORIGINAL SERIES PERRY MASON, BASED ON CHARACTERS FROM ERLE STANLEY GARDNER’S NOVELS, STARRING EMMY AWARD WINNER MATTHEW RHYS.** Selma Arlington is engaged to a wealthy widower. His heirs don’t want him to tie the knot. Perry Mason is asked by Selma to prove she is neither a gold digger nor a murderer of her first husband, but incriminating evidence comes to light. Introducing Israel Armstrong, one of literature’s most unlikely detectives in the first of a series of novels from the author of the critically acclaimed Ring Road. Perry Mason's keen eye for the ladies gets him an earful of intriguing information from pretty women applying for a very odd job. Seems a mysterious Mr Hines is advertising for a young brunette, and he's very specific about what he wants ... right down to her exact measurements. The looker who lands the gig gets to live in a posh apartment, wear fine clothes and collect a generous salary. Struggling model Eva Martell is thrilled when she gets the job, but her Aunt Adelle doesn't like the scenario one bit, and asks Mason to punch a few holes in Hines's story and see what leaks out. But when someone punches a hole in Hines -

with a bullet - the masquerade becomes foul play with a murderer lurking in the wings. "Perry Mason wasn't quite sure who his client was. He didn't even know whether she was alive or dead! Equally mystified, Paul Drake couldn't decide whether he was trailing suspects in his usual expert fashion--or leading the killer to the next victim! As for Della Street: she was far from convinced by the desperate telephone voice with the cryptic message: 'I'm sending you an envelope stuffed with money. You've got to help me, Mr.Mason...' " -- When teen idol Starr Silveira comes to Westview to film an episode of her hit TV show, Super Starr, the entire town is abuzz. But when kids start receiving mysterious letters from "Starr" asking them to hand over their valuable show memorabilia, Milo and Jazz suspect one thing: a super scam! Super Sleuthing Skills: Venn Diagrams, Observe, Think Logically, Draw Conclusions) Social workers produced thousands of case files about the poor during the interwar years. Analyzing almost two thousand such case files and traveling from Boston, Minneapolis, and Portland to London and Melbourne, Miss Cutler and the Case of the Resurrected Horse is a pioneering comparative study that examines how these stories of poverty were narrated and reshaped by ethnic diversity, economic crisis, and war. Probing the similarities and differences in the ways Americans, Australians, and Britons understood and responded to poverty, Mark Peel draws a picture of social work that is based in the sometimes fraught encounters between the poor and their interpreters. He uses dramatization to bring these encounters to life—joining Miss Cutler and that resurrected horse are Miss Lindstrom and the fried potatoes and Mr. O’Neil and the seductive client—and to give these people a voice. Adding new dimensions to the study of charity and social work, this book is essential to understanding and tackling poverty in the twenty-first

century. First published: Gulf Publishing Company, 1991. Based on some of literature's horror and science fiction classics, this is the story of a remarkable group of women who come together to solve the mystery of a series of gruesome murders--and the bigger mystery of their own origins. Mary Jekyll, alone and penniless following her parents' death, is curious about the secrets of her father's mysterious past. One clue in particular hints that Edward Hyde, her father's former friend and a murderer, may be nearby, and there is a reward for information leading to his capture...a reward that would solve all of her immediate financial woes. But her hunt leads her to Hyde's daughter, Diana, a feral child left to be raised by nuns. With the assistance of Sherlock Holmes and Dr. Watson, Mary continues her search for the elusive Hyde, and soon befriends more women, all of whom have been created through terrifying experimentation: Beatrice Rappaccini, Catherin Moreau, and Justine Frankenstein. When their investigations lead them to the discovery of a secret society of immoral and power-crazed scientists, the horrors of their past return. Now it is up to the monsters to finally triumph over the monstrous. History, mystery, and science collide in a new series for middle-grade readers, perfect for fans of *The Mysterious Benedict Society* and *Lemony Snicket!* Jordan Stratford imagines an alternate 1826, where Ada Lovelace (the world's first computer programmer) and Mary Shelley (author of *Frankenstein*) meet as girls and form a secret detective agency! Lady Ada Byron, age eleven, is a genius. Isolated, awkward and a bit rude—but a genius. Mary Godwin, age fourteen, is a romantic. Adventurous, astute, and kind, Mary is to become Ada's first true friend. And together, the girls conspire to form the Wollstonecraft Detective Agency—a secret constabulary for the apprehension of clever criminals. Their first case involves a stolen heirloom, a false confession,

and an array of fishy suspects. But it's no match for the deductive powers and bold hearts of Ada and Mary. Mystery fans will love this tween girl riff on Sherlock Holmes and John Watson. History buffs will be delighted to see all the real figures who play a role in this story and appreciate the extensive backmatter that helps separate truth from fiction. Parents and educators hoping to promote the STEM fields for girls will be thrilled to have a series where two girls use math, science, and creative analytical thinking to solve crimes. But most especially--emerging readers will love this series filled with humor, action, intrigue and wonderful artwork from Kelly Murphy.
