Killer Getting Away with Murder **Based on a True Story** **Brief Garland Werewolf** **Patrick Kearney Germaine** The Circus Fire Emmanuel's Dream: The True Story of Emmanuel Ofosu Yeboah

This is the first independent, full-life biography of Lu Xun, the most celebrated Chinese writer of the twentieth century, in any European language. It sets aside all the propaganda that has accrued over the sixty-six years since his death, and presents him as a credible human being, neither aggrandized nor belittled. As Lu Xun's life spanned the transition from Manchu empire to citizens' Republic, it can be

seen as one man's history of China's progress to modernity-- a progress in which he personally played a significant part. The facts of Lu Xun's life are presented objectively, but they do not always speak for themselves. The author has therefore drawn on his lifelong study of modern Chinese literature to offer intelligent interpretations where necessary. Since the subject of this biography was a writer, the author has appended to the chronicle some brief 'sketches' of his work for the benefit of those unacquainted with it. The miraculous account of the man who survived alone and adrift at sea longer than anyone in recorded history. For fourteen months, Alvarenga survived constant shark attacks. He learned to catch fish with his bare hands. He built a fish net from a pair of empty plastic bottles. Taking apart the outboard motor, he fashioned a huge fishhook. Using fish vertebrae as needles, he stitched together his own clothes. Based on dozens of hours of interviews with

Alvarenga and interviews with his colleagues, search and rescue officials, the medical team that saved his life and the remote islanders who nursed him back to health, this is an epic tale of survival. Print run 75,000. A Sunday Times bestseller, Terrified is the first book from well-loved foster carer Angela Hart. It tells the emotionally devastating but ultimately uplifting true story of Vicky, a little girl who arrives on Angela's doorstep unwanted and unloved after suffering years of emotional abuse at the hands of her mother. Desperate never to return home, Vicky is haunted by many demons and waking nightmares. This book tells the moving story of Angela's determination to set Vicky free. 'A no holds barred insight into the reality of looking after someone else's children. A remarkable story from a remarkable woman, it brought back a lot of memories for me.' - Casey Watson, author of A Dark Secret. 'A moving story that testifies to the redemptive power of love. I hope Angela

Hart inspires many others to foster.' - Torey Hayden, author of *Lost Child*. A national bestseller—over 7 million copies sold. "[A] social document of rare importance."—*The New Republic*. Prosecuting attorney in the Manson trial, Vincent Bugliosi held a unique insider's position in one of the most baffling and horrifying cases of the twentieth century: the cold-blooded Tate-LaBianca murders carried out by Charles Manson and four of his followers. What motivated Manson in his seemingly mindless selection of victims, and what was his hold over the young women who obeyed his orders? Here is the gripping story of this famous and haunting crime. Both *Helter Skelter* and Vincent Bugliosi's subsequent *Till Death Us Do Part* won Edgar Allan Poe Awards for best true-crime book of the year. "Bushman's Hole, South Africa, 8 January 2005. Dave Shaw prepares for one of the most daring and ambitious dives ever attempted. His mission: to

recover the remains of a diver who disappeared a decade earlier. Some 900 feet below the surface, he locates the body. Then disaster strikes ..."--

The true tale of a man possessed by an evil spirit reveals how William Ramsey, a quiet family man, was taken over by the spirit of a werewolf that had to be driven out in a dangerous rite of exorcism. Reprint. Experience the riveting, powerful story of the Native American civil rights movement and the resulting struggle for identity told through the high-flying career of West Coast rock 'n' roll pioneers Redbone. You've heard the hit song "Come and Get Your Love" in the movie *Guardians of the Galaxy*, but the story of the band behind it is one of cultural, political, and social importance. Brothers Pat and Lolly Vegas were talented Native American rock musicians that took the 1960s Sunset Strip by storm. They influenced The Doors and jammed with Jimmy Hendrix before he was "Jimi," and the idea of a band made up of all

Native Americans soon followed. Determined to control their creative vision and maintain their cultural identity, they eventually signed a deal with Epic Records in 1969. But as the American Indian Movement gained momentum the band took a stand, choosing pride in their ancestry over continued commercial reward. Created in cooperation of the Vegas family, authors Christian Staebler and Sonia Paoloni with artist Thibault Balahy take painstaking steps to ensure the historical accuracy of this important and often overlooked story of America's past. Part biography and part research journalism, Redbone tells a vivid story about this neglected chapter of American history. The classic New York Times bestselling story of heroism and sacrifice--by the author of *Flags of Our Fathers*, *The Imperial Cruise*, and *The China Mirage*. This acclaimed bestseller brilliantly illuminates a hidden piece of World War II history as it tells the harrowing true story of nine American

airmen shot down in the Pacific. One of them, George H. W. Bush, was miraculously rescued. What happened to the other eight remained a secret for almost 60 years. After the war, the American and Japanese governments conspired to cover up the shocking truth, and not even the families of the airmen were informed of what happened to their sons. Their fate remained a mystery--until now. *FLYBOYS* is a tale of courage and daring, of war and death, of men and hope. It will make you proud and it will break your heart. America's #1 true-crime writer fulfills a murder victim's desperate plea with this shattering New York Times bestseller. "If anything ever happens to me...find Ann Rule and ask her to write my story." In perhaps the first true-crime book written at the victim's request, Ann Rule untangles a web of lies and brutality that culminated in the murder of Sheila Blackthorne Bellush—a woman Rule never met, but whose shocking story she now chronicles with compassion,

exacting detail, and unvarnished candor. Although happily ensconced in a loving second marriage, and a new family of quadruplets, Sheila never truly escaped the vicious enslavement of her ex-husband, multi-millionaire Allen Blackthorne, a handsome charmer— and a violent, controlling sociopath who subjected Sheila to unthinkable abuse in their marriage, and terrorized her for a decade after their divorce. When Sheila was slain in her home, in the presence of her four toddlers, authorities raced to link the crime to Blackthorne, the man who vowed to monitor Sheila's every move in his obsessive quest for power and revenge. The co-host of the popular NPR podcast Planet Money provides a well-researched, entertaining, somewhat irreverent look at how money is a made-up thing that has evolved over time to suit humanity's changing needs. Money only works because we all agree to believe in it. In *Money*, Jacob Goldstein shows how money is a useful

fiction that has shaped societies for thousands of years, from the rise of coins in ancient Greece to the first stock market in Amsterdam to the emergence of shadow banking in the 21st century. At the heart of the story are the fringe thinkers and world leaders who reimagined money. Kublai Khan, the Mongol emperor, created paper money backed by nothing, centuries before it appeared in the west. John Law, a professional gambler and convicted murderer, brought modern money to France (and destroyed the country's economy). The cypherpunks, a group of radical libertarian computer programmers, paved the way for bitcoin. One thing they all realized: what counts as money (and what doesn't) is the result of choices we make, and those choices have a profound effect on who gets more stuff and who gets less, who gets to take risks when times are good, and who gets screwed when things go bad. Lively, accessible, and full of interesting details (like

the 43-pound copper coins that 17th-century Swedes carried strapped to their backs), Money is the story of the choices that gave us money as we know it today. NEW YORK TIMES BESTSELLER • NOW A MAJOR MOTION PICTURE • “A taut page-turner with all the hallmarks of a good historical thriller.”—Orlando Sentinel

The gripping true story of the duel to end all duels in medieval France as a resolute knight defends his wife’s honor against the man she accuses of a heinous crime In the midst of the devastating Hundred Years’ War between France and England, Jean de Carrouges, a Norman knight fresh from combat in Scotland, returns home to yet another deadly threat. His wife, Marguerite, has accused squire Jacques Le Gris of rape. A deadlocked court decrees a trial by combat between the two men that will also leave Marguerite’s fate in the balance. For if her husband loses the duel, she will be put to death as a false accuser. While enemy troops pillage the land, and rebellion and plague

threaten the lives of all, Carrouges and Le Gris meet in full armor on a walled field in Paris. What follows is the final duel ever authorized by the Parlement of Paris, a fierce fight with lance, sword, and dagger before a massive crowd that includes the teenage King Charles VI, during which both combatants are wounded—but only one fatally. Based on extensive research in Normandy and Paris, *The Last Duel* brings to life a colorful, turbulent age and three unforgettable characters caught in a fatal triangle of crime, scandal, and revenge. *The Last Duel* is at once a moving human drama, a captivating true crime story, and an engrossing work of historical intrigue with themes that echo powerfully centuries later. Dear Reader- This is called the "back cover copy," and you are no doubt familiar with its purpose. It describes what the book is about, so you can decide if you want to read it. Here's the problem, though: I can't even describe this book, and I wrote the damn thing.(1)

Basically, it's like this: fed up with the Byzantine quest of trying to publish a novel, I decide instead to cut to the chase and write a memoir about trying to publish a book—this book, to be precise. Of course, now you're saying to yourself, "That is stupid," which is fair. But then you'll read it, and you'll say, "Damn, that was actually pretty good." Because obviously it's about much more than just publishing a book. It's about life and love and friendship; politics, pop culture, and basketball; sex, drugs, and mild, inoffensive, slow-tempo Christian rock.(2) It's about the pitfalls of narrating your life as it unfolds, freaking out when an agent actually (spoiler alert!) takes an interest in this bizarre experiment, and the surreal shock you undergo when a publisher actually buys it(3) and you suddenly realize that every secret drunk, drug, and sex story you've related will now be required reading for your parents, aunts, ex-girlfriends, and thousands of strangers who-you were kind of

hoping-would never find out that you once accidentally shut your penis in a dresser drawer.(4) And finally, but most importantly, it's about those tumultuous early years of adulthood—the years when hope and fear and rage broil together and the promise of youth still holds the capacity to inspire awe. This is a story of those struggles—to find your true voice in your work and in your life. And the best part? You pretty much know it has a happy ending.(5)p? 1 What's beside it on the shelf? Something with a sexy vampire? If you're looking for sexy, I do full-frontal nudity in Chapter 11. 3 And then later makes you write your own back cover copy even though you clearly do not know what you're doing. 4 Although I'll dodge a bullet there because I totally left that story out of the book. 5 Except for what happens to the puppy at the fertilizer plant. I admit, that part is kind of a downer. NEW YORK TIMES BESTSELLER • “Driving, wild and hilarious” (The Washington Post), here is

the incredible “memoir” of the legendary actor, gambler, raconteur, and Saturday Night Live veteran. When Norm Macdonald, one of the greatest stand-up comics of all time, was approached to write a celebrity memoir, he flatly refused, calling the genre “one step below instruction manuals.” Norm then promptly took a two-year hiatus from stand-up comedy to live on a farm in northern Canada. When he emerged he had under his arm a manuscript, a genre-smashing book about comedy, tragedy, love, loss, war, and redemption. When asked if this was the celebrity memoir, Norm replied, “Call it anything you damn like.” The improbable but true story of a man accused of murdering his entire family and the journalist he impersonated while on the run In 2001, Mike Finkel was on top of the world: young, talented, and recently promoted to a plum job at the New York Times Magazine. Then he made an irremediable slip: Under extraordinary pressure to keep producing

blockbuster stories, he fabricated parts of an article. Caught and excommunicated from the Times, he retreated to his home in Montana, swearing off any contact with the media. When the phone rang, though, he couldn’t resist. At the other end was a reporter from the San Francisco Chronicle, whom Finkel congratulated on being the first in what was sure to be a long and bloodthirsty line of media watchdogs. The reporter was puzzled. In Waldport, Oregon, Christian Longo had killed his young wife and three children and dumped their bodies into the bay. With a stolen credit card, he fled south, making his way to Cancun, where he lived for several weeks under an assumed identity: Michael Finkel, journalist for the New York Times. True Story is the tale of a bizarre and convoluted collision between fact and fiction, and a meditation on the slippery nature of truth. When Finkel contacts Longo in jail, the two men begin a close and complex relationship. Over the course of a year, they exchange

long letters and weekly phone calls, playing out a cat-and-mouse game in which it's never quite clear if the pursuer is Finkel or Longo—or both. Finkel's dogged pursuit of the true story pays off only at the end, in the gripping trial scenes in which Longo, after a lifetime of deception, finally tells the whole truth. Or so he says. The firsthand account of the hunt for al-Qaeda terrorist Anwar al-Awlaki—and the drone squadron that found him. In September 2011, with Saddam Hussein and Osama bin Laden both dead, the United States pinpointed American-born terrorist Anwar al-Awlaki as priority target number one. In order to eliminate the threat, Air Force Lt. Col. T. Mark McCurley and his squadron were called upon to turn their RPAs' main function as tracking and surveillance devices into strategic weapons. Much was resting on the mission—al-Awlaki was the face of al-Qaeda propaganda, and his loss would have serious repercussions in AQ's

recruitment efforts. The Air Force had only a limited amount of time and firepower—it was up to McCurley and his Predators to neutralize the threat before al-Awlaki disappeared underground forever. Remotely piloted aircraft (RPA), commonly referred to as drones, have become the new face of modern warfare, and Lt. Col. McCurley provides an insider look at the evolution of the RPA program. No book has ever told the story of the drones and the pilots who fly them. Until now. With an unprecedented bird's-eye view, Lt. Col. McCurley details the start of their sixty-day surveillance of al-Awlaki up through the day the drones were ordered to take the shot, when the war on terror experienced a critical success. Newbery Medal-winner Kelly Barnhill's debut novel is an eerie tale of magic, friendship, and sacrifice. Enter a world where magic bubbles just below the surface. . . . When Jack is sent to Hazelwood, Iowa, to live with his strange

aunt and uncle, he expects a summer of boredom. Little does he know that the people of Hazelwood have been waiting for him for quite a long time. When he arrives, he begins to make actual friends for the first time in his life—but the town bully beats him up and the richest man in town begins to plot Jack's imminent, and hopefully painful, demise. It's up to Jack to figure out why suddenly everyone cares so much about him. Back home he was practically... invisible. The Mostly True Story of Jack is a stunning debut novel about things broken, things put back together, and finding a place to belong. "There's a dry wit and playfulness to Barnhill's writing that recalls Lemony Snicket and Blue Balliett...a delightfully unusual gem." --Los Angeles Times Emmanuel Ofose Yeboah's inspiring true story—which was turned into a film, Emmanuel's Gift, narrated by Oprah Winfrey—is nothing short of remarkable. Born in Ghana, West Africa, with one deformed leg, he was dismissed by most people—but

not by his mother, who taught him to reach for his dreams. As a boy, Emmanuel hopped to school more than two miles each way, learned to play soccer, left home at age thirteen to provide for his family, and, eventually, became a cyclist. He rode an astonishing four hundred miles across Ghana in 2001, spreading his powerful message: disability is not inability. Today, Emmanuel continues to work on behalf of the disabled. Thompson's lyrical prose and Qualls's bold collage illustrations offer a powerful celebration of triumphing over adversity. Includes an author's note with more information about Emmanuel's charity. First, he learned to eat. Then he learned to come when called. Then to wear a cape and ride a bike. Next he mastered hide-and-seek. Then he learned to talk. Not bad for a crow. Jet went on to master the wicked art of summoning the neighbor dog (Kroker! Come, Kroker, come!), only to rebuke him in his master's voice (Bad dog! Go

home, Kroker!). Then one day he came to church. This is the true story of one fabulous bird with a 30-word vocabulary whose raucous antics delighted all who knew him--well, except for the neighbor who raised pigeons. Now you can enjoy this natural wonder through the eyes of Rhoda and her sister, Marion, Jet's owner. But watch out, or he might caw and croak his way right into your heart. The acclaimed author of *Emily*, *Alone* and *Henry*, Himself brings all his narrative gifts to bear on this gripping account of tragedy and heroism—the great Hartford circus fire of 1944. It was a midsummer afternoon, halfway through a Ringling Brothers Barnum and Bailey Circus performance, when the big top caught fire. The tent had been waterproofed with a mixture of paraffin and gasoline; in seconds it was burning out of control. More than 8,000 people were trapped inside, and the ensuing disaster would eventually take 167 lives. Steward O'Nan brings all his narrative gifts to bear on this

gripping account of the great Hartford circus fire of 1944. Drawing on interviews with hundreds of survivors, O'Nan skillfully re-creates the horrific events and illuminates the psychological oddities of human behavior under stress: the mad scramble for the exits; the perilous effort to maneuver animals out of danger; the hero who tossed dozens of children to safety before being trampled to death. Brilliantly constructed and exceptionally moving, *The Circus Fire* is history at its most compelling. This new edition of the L.A. noir classic is released just in time to accompany the Brian De Palma film. "A "mind-blowing, page-turning, unputdownable" novel (Elif Batuman) about the fifteen-year fallout from a poisonous high school rumor, exploring how stories from the past can come to define who we are. A gifted and reclusive ghostwriter, Alice Lovett makes a living helping other people tell their stories. But she is haunted by the one story she cannot tell: the story of, as

she puts it, "the things that happened while I was asleep." Back in 1999, Nick Brothers and his high school lacrosse team return for their senior year in a well-to-do Baltimore suburb as the reigning state champs. The afterglow of their big win is bound to last until graduation; not even the pressure of college applications can get in the way of their fun. But when a private school girl attempts suicide in the wake of one of the team's "legendary" parties, and a rumor begins to circulate that two of Nick's teammates sexually assaulted her, it seems like it might ruin everything--until the team circles the wagons, casts doubt on the story, and the town moves on. But not everyone does. Fifteen years later, four people--Alice, Nick, a documentary filmmaker, and a wealthy entrepreneur--remain haunted by the roles they played, the things they still don't understand, and how the story has shaped their lives. In sections told from different points of view, each more propulsive than the last, the

layers of mystery are gradually peeled back as we barrel toward the truth of what really happened that night . . . and what came after. At once a compulsive page-turner and a thought-provoking exploration of issues both timely and timeless, *True Story* marks the debut of a phenomenal new voice in fiction."-- Revised and updated with new information, this Jane Adams award winner is an in-depth examination of the Emmett Till murder case, a catalyst of the Civil Rights Movement. The kidnapping and violent murder of fourteen-year-old Emmett Till in 1955 was and is a uniquely American tragedy. Till, a black teenager from Chicago, was visiting family in a small town in Mississippi, when he allegedly whistled at a white woman. Three days later, his brutally beaten body was found floating in the Tallahatchie River. In clear, vivid detail Chris Crowe investigates the before-and-aftermath of Till's murder, as well as the dramatic trial and speedy acquittal of his white murderers, situating both in

the context of the nascent Civil Rights Movement. Newly reissued with a new chapter of additional material--including recently uncovered details about Till's accuser's testimony--this book grants eye-opening insight to the legacy of Emmett Till. Patrick Wayne Kearney had a grudge. The American serial killer had been small and scrawny as a kid, and his classmates bullied him mercilessly. As a result, Kearney took his rage out on young men who either made the mistake of hitching a ride with him or catching his eye at a gay bar or bathhouse. In the process, he became one of the most prolific serial killers in California history. This serial killer biography goes behind the scenes, exploring the background that led to Kearney's horrific acts as well as the swath of death that the man who would become known as the Trash Bag Killer would carve across California. In the world of true crime murder, Kearney was a monster who preyed upon unsuspected boys and young men, and after they

were dead, he used their bodies for sexual satisfaction before dismembering them and bagging them neatly up in industrial-size garbage bags. With the innocent looks of an accountant, Kearney seemed like a normal guy, if you didn't hear the gunshots - or happen to look out your window while the serial killer was taking out the trash. In the 1970s, this serial killer had California on edge. Today, Kearney's true crime story will have you on the edge of your seat, wondering how one man could so easily conjure up the devil and bring him so dreadfully to life. "Captivating and heartwarming...Animal lovers will howl with joy." —Red Tricycle This beautiful picture book follows the journey of a young gray wolf who garnered nationwide attention when he became the first wild wolf in California in almost a century. Using facts recorded by Fish & Wildlife scientists, author Emma Bland Smith imagines the wolf's experiences in close detail as he makes an epic 2,000-mile trek over three

years time. The wolf's story is interwoven with the perspective of a young girl who follows his trek through the media. As she learns more about wolves and their relationships with humans, she becomes determined to find a way to keep him safe by making him a wolf that is too famous to harm. "A young girl follows the wolf's journey and, along the way, learns about issues around the re-introduction of wolves. It's an opportunity to engage young readers beyond the story."

Named a Best Nonfiction Book of 2022 by Esquire A sociological study of reality TV that explores its rise as a culture-dominating medium—and what the genre reveals about our attitudes toward race, gender, class, and sexuality What do we see when we watch reality television? In True Story: What Reality TV Says About Us, the sociologist and TV-lover Danielle J. Lindemann takes a long, hard look in the "funhouse mirror" of this genre. From the first episodes of The Real World to countless rose ceremonies to the White House, reality TV has not just remade our entertainment and cultural landscape (which it undeniably has). Reality TV, Lindemann argues, uniquely reflects our

everyday experiences and social topography back to us. Applying scholarly research—including studies of inequality, culture, and deviance—to specific shows, Lindemann layers sharp insights with social theory, humor, pop cultural references, and anecdotes from her own life to show us who we really are. By taking reality TV seriously, True Story argues, we can better understand key institutions (like families, schools, and prisons) and broad social constructs (such as gender, race, class, and sexuality). From The Bachelor to Real Housewives to COPS and more (so much more!), reality programming unveils the major circuits of power that organize our lives—and the extent to which our own realities are, in fact, socially constructed. Whether we're watching conniving Survivor contestants or three-year-old beauty queens, these "guilty pleasures" underscore how conservative our society remains, and how steadfastly we cling to our notions about

who or what counts as legitimate or “real.” At once an entertaining chronicle of reality TV obsession and a pioneering work of sociology, *True Story* holds up a mirror to our society: the reflection may not always be pretty—but we can’t look away. *The True Story of a Mouse Who Never Asked for It* is a visually striking, deeply feminist, contemporary retelling of a Spanish folk tale, rediscovered and brought to new life by author Ana Cristina Herreros and illustrator Violeta Lopiz. In Herreros and Lopiz’s version—which sharply diverges from the most mainstream and popularized telling of the story—a mouse is approached by many suitors, rejecting all but one: a cat, whose gentle meow assures her that he won’t bring her harm. But one must remember that a kitten always grows up to be a cat...and thusly, will devour the mouse. This book provides an overview of the grand narrative of the Bible, showing how God’s action in the world gives meaning to our lives and

provides us with a foundation for our actions. The authors’ bestselling textbook, *The Drama of Scripture*, presented this message for a student audience. It was then abridged and published at a more popular level as *The True Story of the Whole World*. This revised edition has been further updated and streamlined throughout for church readers and small groups. It includes contemporary reflection sections and discussion questions for individual or group use in each chapter. The first new book from beloved therapist and writer Torey Hayden in almost fifteen years—an inspiring, uplifting tale of a troubled child and the remarkable woman who made a difference. In a forgotten corner of Wales, a young girl languishes in a home for troubled children. Abandoned by her parents because of her violent streak, Jessie—at the age of ten—is at risk of becoming just another lost soul in the foster system. Precocious and bold, Jessie is

convinced she is possessed by the devil and utterly unprepared for the arrival of therapist Torey Hayden. Armed with patience, compassion, and unconditional love, Hayden begins working with Jessie once a week. But when Jessie makes a stunning accusation against one of Hayden's colleagues - a man Hayden implicitly trusts - Hayden's work doubles: now she must not only get to the root of Jessie's troubles, but also find out if what the girl alleges is true. A moving, compelling, and inspiring account, *Lost Child* is a powerful testament once again of Torey Hayden's extraordinary ability to reach children who many have given up on—and a reminder of how patience and love can ultimately prevail. 'A wonderful literary *trompe l'oeil*: a book about friendship, writing and the boundary between reality and fantasy ... Dark, smart, strange, compelling' Harriet Lane, bestselling author of *Her Overwhelmed* by the huge success of her latest novel, exhausted and suffering from a

crippling inability to write, Delphine meets L. L. embodies everything Delphine admires; sophisticated and unusually intuitive, she slowly but deliberately carves herself a niche in the writer's life. However, as she makes herself indispensable to Delphine, the intensity of this unexpected friendship manifests itself in increasingly sinister ways. And as their lives become further entwined, L. begins to threaten Delphine's identity and her safety. Documents the heroic wartime achievements of a World War I mascot who was adopted by a soldier as an orphaned pup and who gained military honors and a display in the Smithsonian Institution for his brave service behind enemy lines. This book is about the six-player game in Oklahoma, because it was the only basketball for girls at that time. This is a story about girls' basketball and its climb to respectability with other sports that were being played - before the transition to five-on-five. This is the story of the special situation of a man who wanted

to coach boys but who was forced to coach a girls team. He finds the girls to be real competitors and students of the game. He loves it, and he never wants to coach a boys' athletic team again. This book became the basis for the 2006 movie, "Believe in Me," starring Jeffrey Donovan, Samantha Mathis and Bruce Dern. A foal is born at midnight, on the homestead side of the river. Coal black. Star ablaze. Moonlight in her eyes. On October 31, 1917, the 4th and 12th Regiments of the Australian Light Horse took part in one of the last great cavalry charges in history. Among the first to leap the enemy trenches was Lieutenant Guy Haydon riding his beloved mare, Midnight. This is their story. A powerful retelling of the famous fairy tale is set in Nazi-occupied Poland as two children are left by their father and stepmother to find safety in a dense forest. An horrific true story of extreme bullying and childhood sexual abuse. Kate Skylark has previously co-authored two books about child

abuse. But now, it's time for Kate (real name Siobhan) to tell her own story. Ugly Child, is a moving and shocking account of Siobhan's own childhood bullying and sexual abuse. Siobhan's life at school is a nightmare of constant verbal and physical attacks. As the abuse escalates, Siobhan begins to fear for her life and she must take drastic action to escape the torment. The story builds to a crescendo and one final, shocking act of sexual violence changes the lives of all concerned for ever. This is a story of extreme bullying, sexual abuse and heartbreak. But ultimately it is also one of forgiveness and redemption, as Siobhan learns to lay to rest the ghosts of her past. For every book sold, a donation will be made to the NSPCC.
