The Adventures of Sherlock Holmes Illustrated Feb 01 2021 All of the stories within *The Adventures of Sherlock Holmes* are told in a first-person narrative from the point of view of Dr. Watson, as is the case for all but four of the Sherlock Holmes stories.[7] The Oxford Dictionary of National Biography entry for Doyle suggests that the short stories contained in *The Adventures of Sherlock Holmes* tend to point out social injustices, such as "a king's betrayal of an opera singer, a stepfather's deception of his

ward as a fictitious lover, an aristocratic crook's exploitation of a failing pawnbroker, a beggar's extensive estate in Kent." [1] It suggests that, in contrast, Holmes is portrayed as offering a fresh and fair approach in an unjust world of "official incompetence and aristocratic privilege". [1] The Adventures of Sherlock Holmes contains many of Doyle's favourite Sherlock Holmes stories. In 1927, he submitted a list of what he believed were his twelve best Sherlock Holmes stories to The Strand Magazine. Among those he listed were "The Adventure of the Speckled Band" (as his favourite), "The Red-Headed League" (second), "A Scandal in Bohemia" (fifth) and "The Five Orange Pips" (seventh). [8] The book was banned in the Soviet Union in 1929 because of its alleged "occultism", [9] but the book gained popularity in a black market of similarly banned books, and the restriction was lifted in 1940. Sherlock Holmes, Doctor Watson's Rucksack Aug 27 2020 My name is Arthur Pendrake, which I know sounds very British, but I'm actually an American living at the present time in the small village of Lavenham, a bit north of London. The millennials, if they knew me, would probably call me retro and they'd be right because I have always been enamored of the old days and ways. That would explain why I chose to buy a small cottage on the outskirts of Lavenham, a sleepy little hamlet with numerous lovely gardens and a funny little building that is trying to fall down, but remains propped up by the buildings on either side of it. I'm a freelance journalist who has made a decent, well, actually better than that, living hunting out stories of crime, corruption, sugary human interest, intrigue, and oddities of the past. More specifically, anything that I think some segment of the population might want to read about. More specifically than that, anything that I can convince someone to publish and pay me a few quid for my work. My dream, we all have them, has always been to publish my own magazine. I've tried books, but they take too long. If I invest a year of my life writing one and no one wants to read it, what do I have? Even magazines are a distinct risk, considering the incessant dumbing down of the reading portion of the world's population. A writer can only hope to reach the dwindling numbers who do not want all

knowledge delivered in ten second snatches on some form of electronic media.

Introducing Sherlock Holmes and Dr John Watson Mar 02 2021 Seminar paper from the year 2013 in the subject English Language and Literature Studies - Linguistics, grade: 1,0, Johannes Gutenberg University Mainz (English and Linguistics), course: Reading/Writing London, language: English, abstract: This paper focuses on the genesis of one of the most iconic friendships and juxtaposes the literary birth of Sherlock Holmes and Dr Watson with their televisual re-birth. This paper is

primarily concerned with the evolving friendship between the well-known inhabitants of 221B Baker Street and the question of whether or not it might be regarded as "symbiotic." In addition to an analysis of the homosexual innuendos that occur in *A Study in Pink*, there will be a brief section on the city of London, which is often perceived as a third protagonist. Due to the finite length of this paper, other aspects concerning the crime case, literary adaptation theory/filming politics, the visual aesthetics of *A Study in Pink* and the question of (post)modernity have either only briefly been touched on or been omitted altogether.
