Completely updated and expanded with over 50 new entries and 300 new photos, The Disneyland Encyclopedia spans the entire history of the park, from its founding more than 50 years ago to the present day. This fascinating book features detailed explorations of 600 Disneyland topics, including lands, attractions, restaurants, stores, events, and significant people. Each of the main encyclopedia entries illuminates the history of a Disneyland landmark, revealing the initial planning strategies for the park's iconic attractions and detailing how they evolved over the decades. Enriching this unique A-to-Z chronicle are profiles of the personalities who imagined and engineered the kingdom known as "The Happiest Place on Earth." Discover unbuilt concepts, including Liberty Street, Rock Candy Mountain, and Chinatown, and delight in fascinating trivia about long-lost Disneyland features, from the real rifles in the shooting gallery that was once located on Main Street to the jet-packed Rocket Man who flew above Tomorrowland. The new "Mouscellany" feature adds fun facts, hidden secrets, and odd trivia to the third edition. Overflowing with meticulously researched details and written in a spirited, accessible style, The Disneyland Encyclopedia is a comprehensive and entertaining exploration of the most-influential, most-renovated, and most-loved theme park in the world! "The Unofficial Harry Potter Encyclopedia: Harry Potter A-Z" studies each character in Harry's world from his two best friends, Ron Weasley and Hermione Granger, to Lord Voldemort to Professor Dumbledore. This book is an independent and unauthorized publication not endorsed by J.K. Rowling, her publishers, copyright, or trademark holders. In addition to the Solo game play mode (which pits each gamer up against up to 99 others in a real-time battle), the Duos mode allows gamers to team up with one friend in a quest to defeat all other gamers during a match. Meanwhile, the Squads mode allows teams of four players to enter into a match and work together as they battle against up to 96 other gamers. The Duos and Squads game play modes are permanent features built into the game, and they've proven to be extremely popular, since Fortnite: Battle Royale is, for the most part, cross-platform compatible. Thus, someone experiencing the game on a PS4 can team up with a PC user, for example, to play against a random section of other gamers, in real-time. An Encyclopedia of Strategies for Fortniter's: Duos and Squads Strategies will be the first book in this unofficial strategy guide series to offer in-depth coverage of Fortnite: Battle Royale's team-oriented game play modes. Thus, this unofficial strategy

guide will be chock full of proven strategies and game play tips designed to help teams achieve victory in the Fortnite: Battle Royale matches they participate in. This expanded (approximately 176-page) guide will include a comprehensive overview of the Fortnite: Battle Royale game, with a special focus on the game's team-oriented game play modes. The full-color book will appeal to readers age 8 and up, regardless of which gaming platform they're using. Throughout each match, gamers must: Focus on survival Avoid the deadly storm Explore the island Gather resources Build structures and fortresses Find, collect, and utilize weapons and ammunition Acquire and use loot items Engage in combat against enemy soldiers with the goal of becoming the last person alive at the end of the match When experiencing any of the team-oriented game play modes, cooperative gameplay (teamwork) and communication with team members become vital. An Encyclopedia of Duos and Squads Strategies will soon be an indispensable resource for gamers experiencing the Duos or Squads game play modes (or any of the other team-oriented game play modes added to Fortnite: Battle Royale on a temporary basis). The Disneyland Book of Lists offers a new way to explore six decades of Disneyland® history. Hundreds of fascinating lists cover the past and present and feature everything from the park's famous attractions, shops, restaurants, parades, and live shows to the creative artists, designers, characters, and performers who have made Disneyland® the world's most beloved theme park. Inside the pages of this fun- and fact-filled book you will find: • 13 of Walt Disney's Disneyland® Favorites • 32 Signs and Structures Reminding of Disneyland's® Past • A Dozen Scary Moments on Disneyland® Attractions • 47 Disneyland® Parades • 18 Secrets in the Haunted Mansion • 30 Jokes from the Jungle Cruise • 25 Special Events You May Not Have Heard Of • 15 Urban Legends • 123 Celebrity Guests • 26 Attractions and Exhibits with the Longest Names • 11 Movies Based on Disneyland® Attractions • A Dozen World Records Set at Disneyland® In addition to lists created by author Chris Strodder (The Disneyland® Encyclopedia), the book will include lists from celebrities, Disneyland® experts and historians, Disneyland® Imagineers and designers, and other current and former Disneyland® employees. People have been making lists since Biblical times (think Seven Wonders of the Ancient World, compiled 2,100 years ago), and to this day various top tens, hit parades, and bucket lists chronicle every aspect of our lives. But until now, no book has used lists to categorize all the diverse elements in Disneyland®. Fun, fascinating, factual, and sixty years in the making, The Disneyland® Book of Lists is the only Disneyland® book of its kind.
