Presenting the complexities of doing planning work, with all its attendant moral and practical dilemmas, this rich ethnographic study analyses how places are made through stories of four diverse public and private sector working environments. The book provides a unique insight for educators, students and researchers into the everyday lives of planners and those in associated built environment occupations. This exceptional account of the micro-politics of a knowledge-intensive profession also provides an excellent resource for sociologists of contemporary work. The authors use team ethnography to push the methodological frontiers of planning research and to advance organisational ethnography into new areas. Our New 2020 Planner Is Here! This guide aims to provide a cost-effective method to customise a leave planner and roster so that both manager and staff have a high visibility or transparency of leave availability even before and during leave projection stages. The following are the salient features of the planner: # Staff can project his leave and makes changes anytime and anywhere using computer or smartphone # It shows real-time changes made by other team members simultaneously even while in the process of any editing that might be going on # Staff can have a good overview - in terms of the leave availability on different dates # Entire staff team are able to view the planner at any given time, however, the editing of the cells and rows feature will be disabled unless given edit permission # Manager can review the editing history made by all staff # Manager can set up alert to auto-highlight leave clashes # Manager can freeze certain portion of the planner once staff projection period ends Who is this guide aimed at? This guide is designed for managers or team-leaders who are assigned to take charge of staff leave planning and approval duties. By integrating information technology and human psychology, this book helps people managers create a shared leave projection platform for advanced leave planning for the team colleagues. As good people manager, we always aim at achieving a win-win situation - ensuring smooth running of the operational unit as well as meeting staff personal needs in terms of leave taking. Through years of observation, I came to realise leave clashing among staff is one of the key operational problems which creates negative impact on working relationship among team members. A lot of time has been spent on handling and tackling leave related issues which indirectly affects the overall productivity. I have been studying and searching both intensively and extensively for a cost-effective way to facilitate the handling /management of staff leave projection and allocation. However, most off-the-shelf human resource or roster planning software are usually catered for local computer installation requirement. Most are not fully transparent in the sense that they are designed for manager use instead of providing online shared access for other staff. Lacking in flexibility of customization, ready-made software(s) is also unlikely to suit the actual need of your unit. In addition, the cost of the afore mentioned software(s) could prove to be too exorbitant for a small department in terms of justifying budget planning. All these pre-existent issues and shortcomings have inspired me to find a "solution," thus developing a DIY system to help managers, departmental heads or anyone involved in tackling this managerial challenge became my utmost priority. In the following chapters, I will walk you through the steps in how to create an online leave planner which can be made accessible by members of your staff. I hope you will find this book purposive, concise and practical in bringing in benefits to you and your team! Your companion for writing your next vacation trip and preparation before you leave. This book is specifically for working operations managers across the broad range of business types that deploy fleet and product via a myriad of service types. It is applicable to businesses with small medium to large fleets in haulage, 3PL, and any service business operating a depot structure. The book is less about theoretical concepts – although specific references point to theories including Lean, continuous improvement, net promoter score, and balanced scorecard – but is essentially a practical guide applying worked examples and generic templates regarding the core ten activities that are critical to achieving service and profit expectation in any depot, route-based business deploying fleet. Every working manager – front-line to COO – will identify with and grasp that these are fundamental areas and that, if improvement can be sustained, will deliver better service to customers and enhanced profit in both local and business levels. The key areas examined are: People management Fleet management Route scheduling Optimisation of non-productive (on-depot) time Driver debrief Customer service and complaint management and measurement Key

"Don't you dare tap your home equity!" says one money expert. "Home equity line rates are at all time lows," the other expert says. Who are you supposed to believe? Does this sound familiar to you? If so, The One-Minute Financial Planner is for you. Written to bridge the gap arising from a school system lacking in sound money management principles, The One Minute-Financial Planner is filled with useful truths and actionable, easy-to-implement steps that will help make any reader more financially confident. Divided into six general segments, the articles inside the book will help you address misconceptions about dozens of situations that arise every day, whether it's using a stop-loss order for your biggest stock position or figuring out if your revocable living trust does everything you want it to. The One-Minute Financial Planner is practice, not theory. Written by a practicing financial planner with over six years' experience at two major Wall Street firms, it breaks down the complex world of finance into sixty common misconceptions people have about investing, planning, and

retirement. Best of all, each topic is short, clear, and ends with several real-world, right-now things you can do to improve your financial literacy. Got a minute? Spend it with the One Minute Financial Planner. Your financial well-being may depend on it. ?The Whitborough Novels is an alternative situation comedy based in a fictional seaside resort similar to Scarborough and Whitby. Whitborough is as large as both towns combined. WYCK'D YOU is the penultimate book in the first series which follows the fortunes of four very different groups of people trying to cope with the consequences of coming into contact with a treasure 'blessed' with two curses. It's discovery and dissemination have caused an enormous amount of mayhem, but the protagonists are now coming to the realisation that it is probably in their best interests to re-bury it. However, they must now try to bring all the pieces back together again. WYCK'D YOU is the struggle to bring these pieces back together again. The book is dedicated to J.R.R Tolkein, a friend of author's Grandfather, Alfred Charles, who was a member of Tolkein's Viking Club whilst they were both teaching in Leeds. When you become a ward or unit manager, sister or charge nurse, your responsibilities change and you need a very different set of skills compared to your previous roles. You are now required to manage a team of staff with a set budget and are responsible for maintaining an environment in which people can work well. This book will help you to: Identify your responsibilities and best approaches as a manager to provide patients with a high standard of care through your staff; Read through examples, suggestions and tips following a highly practical approach; Manage your staff, time and budget; Create a positive work environment; Features: Completely updated and revised content written by well-known authors with extensive experience in the field; New sections on responsible use of social media, working with different generations in the workplace; how to make an impact, taking care of yourself etc. Leading teams in the context of enduring financial and staffing constraints Part of the A Nurse's Survival Guide series.
