Katie O'Malley is a free-spirited, artsy, red-haired beauty who is about to graduate from Columbia University. But when her parents, John and Mary O'Malley, die in a tragic plane crash, Katie's life becomes very complicated. First, she learns the plane crash was no accident; her uncle paid someone to tamper with the fuel gauge. And, she certainly didn't expect to lose her heart to the handsome young priest, Andrew Jackson, who comforted her during her time of loss and grief. Nor did she expect to have her feelings returned by the good father. A file in her father's desk reveals the biggest surprise of all and leads her from New York City to the Outer Banks of North Carolina. As she searches for answers, Katie wonders if her father's hidden past will be the key to the future she has always longed for. Will Father Andrew Jackson leave the life of a priest and follow his heart back to her? Or will Katie find a new love in the sleepy little village of Buxton, North Carolina?--page 4 of cover. Everyday, around the world, women who work in the Third World factories of global firms face the idea that they are disposable. Melissa W. Wright explains how this notion proliferates, both within and beyond factory walls, through the telling of a simple story: the myth of the disposable Third World woman. This myth explains how young women workers around the world eventually turn into living forms of waste. Disposable Women and Other Myths of Global Capitalism follows this myth inside the global factories and surrounding cities in northern Mexico and in southern China, illustrating the crucial role the tale plays in maintaining not just the constant flow of global capital, but the present regime of transnational capitalism. The author also investigates how women challenge the story and its meaning for workers in global firms. These innovative responses illustrate how a politics for confronting global capitalism must include the many creative ways that working people resist its dehumanizing effects. The hypnotic and gritty ninth Mitch Roberts Crime Novel. "Roberts lay in the dark, his mind running clocklike in nearly perfect and meaningless circles. On the floor beside his single bed was a leather suitcase bound by three leather straps, secured with a beautiful brass lock. He had packed the night before, five pairs of jeans, some hiking and fishing shorts, a pair of moccasins, one suit and a single dress shirt, assorted socks and underwear, two ties, now slightly soiled, his shaving kit and utilities, several paper novels, including most of Beckett in Pan editions, a Glock 9mm pistol stripped into six sections, each section well oiled and wrapped in heavy newspaper, each wrapped part then twined inside black plastic. He had broken down his rod and reel and had stored them in an olive-green carrying case, all of it ready for the long flight to Miami." After a long stay abroad and a love affair that fell apart, Mitch Roberts is headed home. Back to his ranch, his horses and maybe, to being a private eye again. But if Roberts is looking forward to an uneventful life, he has farther to go than a return to southern Colorado. His problems start when a beautiful flight attendant suggests he meet her for a drink at her favorite bar in a stopover in Miami. The bar's parking lot, however, comes equipped with two thugs who knock Mitch out, take his passport, credit cards, and every cent in his pocket, and drive off in his rental car. Desperate, Mitch calls the only person he knows in Miami, a former college acquaintance named Bobby Hilliard, a rather sleazy character who has made a lot of money in questionable ways, and is now an art dealer. When Mitch finds the seductive flight attendant at the man's mansion, he is quick to realize he has been set up. But an offer of a sorely needed big fee tempts him, and he accepts a job offer from Hilliard. Hilliard's agent, sent to Haiti with money to buy a large number of Haitian paintings has disappeared. Mitch's job is to find the agent and buy paintings to replace those that were lost. But Haiti is dismaying. Police officials openly scoff at Mitch. He is sickened by the tropical heat and by the atmosphere of poverty, fear and paranoia. When Mitch finds that the agent has been murdered he does what he must, aided only by a Haitian guide, poor but educated, and a loyal man with whom Mitch travels the country.
