Haematology Nursing is a comprehensive handbook, with a nursing focus, on the care and management of patients with haematological disorders. Divided into four sections, the first provides an introduction to haematology, looking at haemopoiesis, immunology and genetics. Section Two covers non-malignant haematology, including anaemia, haemoglobinopathies and haemochromatosis. Section Three explores the pathophysiology, care and management of myeloproliferative and lymphoproliferative disorders, including leukaemia, myeloma, and lymphoma. The final section provides information on various nursing care interventions, including blood transfusion, venous access devices, and palliative care. Aimed principally at nurses working in a variety of settings including haematology/oncology wards, medical/haematology wards, specialist bone marrow transplant centres, and community settings, **Haematology Nursing** is an essential and much-needed reference guide. This fascinating selection of photographs traces some of the many ways in which Moreton-in-Marsh has changed and developed over the last century. 'A gold mine of gossip with a cast of thousands' **GUARDIAN** The unexpurgated diaries of one of the greatest, most talented, and wittily flamboyant characters of the 20th century - with a new introduction by Stephen Fry 'Compulsive reading' **SUNDAY TIMES** '19th February 1956.

A A Milne has died. Lord Beaverbrook has not ... Larry is going to make a movie of The Sleeping Prince with Marilyn Monroe, which might conceivably drive him round the bend' '28th February 1960 Princess Margaret has announced her engagement to Tony Armstrong-Jones ... He looks quite pretty, but whether or not the marriage is entirely suitable remains to be seen.' Noel Coward was a renowned actor, dramatist, director - and star. His incredible zest, versatility and unrivalled wit are revealed in these diaries, with a cast of characters ranging from The Beatles to the Queen, Churchill to Marilyn Monroe. Touching, funny and revealing, THE NOEL COWARD DIARIES is a superb account of one of the greatest entertainers of all time. More and more people working in public services have to do research on top of their main jobs. This can include workplace research, such as evaluation, audit, training needs analysis or satisfaction surveys, or research for a professional development qualification such as diploma, master's degree or PhD. Unlike most how-to books that treat research as if it exists in isolation, this book will show you how to juggle research, work, family, and social life. Based on interviews with practitioners from health, education, social care, criminal justice, government and the third sector, as well as the author's extensive experience, it provides a wealth of practical information and tips to save you time, effort and stress. This book is for anyone in the public or third sector, an independent research organisation or academia, who wants to know how to do research on top of their main job and still have a life. The book is supported by a companion

website, containing additional materials for both students and lecturers, which is available from the link above. A collection of brilliant poems written by people working on the frontline of the Covid-19 pandemic All revenues received by HarperCollins directly from sales of this ebook will be donated to NHS Charities Together for their Covid-19 appeal. This book is intended as a supplement to Common Worship Pastoral Services which provides liturgies for use in ministry to the sick – distribution of communion, emergency baptism, laying on of hands and anointing. Many hospital chaplains find their services are needed in other acute situations and often by people who have no church connection or knowledge of religious language. Here chaplains need to improvise. This practical volume draws on the experience of numerous clergy and chaplains and provides tried and tested liturgies in accessible language for a wider range of occasions. Prayers are included for - occasions surrounding birth: thanksgiving, baby blessing and naming, emergency baptism, prayers for a stillborn child - healing rites: communion, anointing, laying on of hands, confession and reconciliation - marriage in hospital, blessing of a civil union, affirmation of a relationship - prayers for every stage of a hospital stay – on receiving a diagnosis, before an operation, when life support is withdrawn - occasions surrounding the death of infants, children and adults 'I am a junior doctor. It is 4 a.m. I have run arrest calls, treated life-threatening bleeding, held the hand of a young woman dying of cancer, scuttled down miles of dim corridors

wanting to sob with sheer exhaustion, forgotten to eat, forgotten to drink, drawn on every fibre of strength that I possess to keep my patients safe from harm.' How does it feel to be spat out of medical school into a world of pain, loss and trauma that you feel wholly ill-equipped to handle? To be a medical novice who makes decisions which - if you get them wrong - might forever alter, or end, a person's life? To toughen up the hard way, through repeated exposure to life-and-death situations, until you are finally a match for them? In this heartfelt, deeply personal account of life as a junior doctor in today's health service, former television journalist turned doctor, Rachel Clarke, captures the extraordinary realities of ordinary life on the NHS front line. From the historic junior doctor strikes of 2016 to the 'humanitarian crisis' declared by the Red Cross, the overstretched health service is on the precipice, calling for junior doctors to draw on extraordinary reserves of what compelled them into medicine in the first place - and the value the NHS can least afford to lose - kindness. *Your Life in My Hands* is at once a powerful polemic on the systematic degradation of Britain's most vital public institution, and a love letter of optimism and hope to that same health service and those who support it. This extraordinary memoir offers a glimpse into a life spent between the operating room and the bedside, the mortuary and the doctors' mess, telling powerful truths about today's NHS frontline, and capturing with tenderness and humanity the highs and lows of a new doctor's first steps onto the wards in the context of a health service at breaking point -

and what it means to be entrusted with carrying another's life in your hands. 'Eloquent and moving' - Henry Marsh
'There have been many books written by young doctors... but none comes close to Clarke's' - Sunday Times
'From the very heart of the NHS comes this brilliant insight into the continuing crisis in the health service. Rachel Clarke writes as the accomplished journalist she once was and as the leading junior doctor she now is - writing with humanity and compassion that at times reduced me to tears.' - Jon Snow, Channel 4 News
'Dr Clarke has written a blockbuster, a page-turner, a tear-jerker. This is a "from-the-heart" front-line account of the human cost of the wanton erosion of a magnificent ideal - healthcare free at the point of need, funded through public taxation, available to all - made real in the UK for near 70 years. It is a love-song for the wonderful National Health Service that has embodied - to an extent equalled nowhere in the world - the principle that healthcare is not a commodity but a great duty of state.' - Prof. Neena Modi, President of the Royal College of Paediatrics and Child Health
'A powerful account of life on the NHS frontline. If only Theresa May and Jeremy Hunt could see the passion behind the people in the NHS, they might stop treating them as the enemy, and understand that without them we don't have an NHS worth the name.' - Alastair Campbell
The bestselling, beloved writer of romantic comedies like *You've Got Mail* tells her own late-in-life love story in her "resplendent memoir," complete with a tragic second act and joyous resolution (Adriana Trigiani, bestselling author of *The Good Left Undone*). Delia Ephron

had struggled through several years of heartbreak. She ' d lost her sister, Nora, and then her husband, Jerry, both to cancer. Several months after Jerry ' s death, she decided to make one small change in her life—she shut down his landline, which crashed her internet. She ended up in Verizon hell. She channeled her grief the best way she knew: by writing a New York Times op-ed. The piece caught the attention of Peter, a Bay Area psychiatrist, who emailed her to commiserate. Recently widowed himself, he reminded her that they had shared a few dates fifty-four years before, set up by Nora. Delia did not remember him, but after several weeks of exchanging emails and sixties folk songs, he flew east to see her. They were crazy, utterly, in love. But this was not a rom-com: four months later she was diagnosed with AML, a fierce leukemia. In *Left on Tenth*, Delia Ephron enchants as she seesaws us between tears and laughter, navigating the suicidal lows of enduring cutting-edge treatment and the giddy highs of a second chance at love. With Peter and her close girlfriends by her side, with startling clarity, warmth, and honesty about facing death, Ephron invites us to join her team of warriors and become believers ourselves. A "Most Anticipated Book of 2022" by TIME, Bustle, Parade, Publishers Weekly, Boston.com A "Best Memoir of 2022" by Marie Claire A "Best Memoir of April" by Vanity Fair Ask anyone to tell you about the most memorable meal of their life and they won't give you a chronological playback of what they ate; they'll tell you about how that meal made them feel. Whether it's a last-minute dinner with neighbours, a family feast or a

casual summer picnic, Sophie Hansen has done the thinking for you and designed menus featuring 120 recipes that are simple, tasty and perfect for sharing. She also includes ideas for creating a memorable atmosphere for any gathering, large or small, plus advice on how to embrace shortcuts to take the pressure off, so you can focus on enjoying the good times rather than stressing in the kitchen. In *Good Company* is filled with all the recipes and inspiration you need to encourage you to throw open your doors and invite people in, because there's never been a better time to bring people together. 'Pediatric Palliative Care', the fourth volume in the 'HPNA Palliative Nursing Manuals' series, addresses paediatric hospice, symptom management, paediatric pain, the neonatal intensive care unit, transitioning goals of care between the emergency department and intensive care unit, and grief and bereavement in paediatric palliative care. 55,000 biographies of people who shaped the history of the British Isles and beyond, from the earliest times to the year 2002. A listing of medical practitioners registered with the General Medical Council. Includes England, Scotland, Wales, and Northern Ireland. Data includes name, address, degrees, colleges, appointment, memberships, and publications. Also contains information on United Kingdom hospitals, NHS trusts, and boards of health. Shortlisted for the Costa Biography Award 'What a remarkable book this is; tender, funny, brave, heartfelt, radiant with love and life. It brought me often to laughter and - several times - to tears. It sings with joy and kindness' Robert Macfarlane From the Sunday

Times bestselling author of *Your Life in My Hands* comes this vibrant, tender and deeply personal memoir that finds light and love in the darkest of places. As a specialist in palliative medicine, Dr Rachel Clarke chooses to inhabit a place many people would find too tragic to contemplate. Every day she tries to bring care and comfort to those reaching the end of their lives and to help make dying more bearable. Rachel's training was put to the test in 2017 when her beloved GP father was diagnosed with terminal cancer. She learned that nothing - even the best palliative care - can sugar-coat the pain of losing someone you love. And yet, she argues, in a hospice there is more of what matters in life - more love, more strength, more kindness, more joy, more tenderness, more grace, more compassion - than you could ever imagine. For if there is a difference between people who know they are dying and the rest of us, it is simply this: that the terminally ill know their time is running out, while we live as though we have all the time in the world. *Dear Life* is a book about the vital importance of human connection, by the doctor we would all want by our sides at a time of crisis. It is a love letter - to a father, to a profession, to life itself. This user-friendly textbook offers students an overview of each aspect of the marketing process, explored uniquely from the value perspective. Delivering value to customers is an integral part of contemporary marketing. For a firm to deliver value, it must consider its total market offering – including the reputation of the organization, staff representation, product benefits, and technological characteristics – and benchmark this

against competitors' market offerings and prices. Principles of Marketing takes this thoroughly into account and ensures that students develop a strong understanding of these essential values. The book also looks in detail at the impact of social media upon marketing practices and customer relationships, and the dramatic impact that new technologies have had on the marketing environment. Written by a team of experienced instructors, Principles of Marketing is an ideal companion for all undergraduate students taking an introductory course in marketing. The Oxford Textbook of Palliative Social Work is a comprehensive, evidence-informed text that addresses the needs of professionals who provide interdisciplinary, culturally sensitive, biopsychosocial-spiritual care for patients and families living with life-threatening illness. Social workers from diverse settings will benefit from its international scope and wealth of patient and family narratives. Unique to this scholarly text is its emphasis on the collaborative nature inherent in palliative care. This definitive resource is edited by two leading palliative social work pioneers who bring together an array of international authors who provide clinicians, researchers, policy-makers, and academics with a broad range of content to enrich the guidelines recommended by the National Consensus Project for Quality Palliative Care. This is not a book about how to be posh. We have some slightly bigger issues to deal with these days. We've all got a million things to do and are constantly connected to millions of other people all doing a million other things, so the faster we get things

done the better, right? Wrong. Among all the busyness and confusion it seems we've forgotten a few of the basics in life, like the ability to treat one another with respect, dignity and some fucking good manners. Enter Simon Griffin, author of *Fucking Apostrophes*. From the entry-level stuff like saying please, thank you and sorry; manspreading on public transport and double-lane queuing at airports, to those that require just a little bit more thought, such as correct urinal protocol in public toilets, making tea rounds in the office and online public displays of affection, Simon imparts rules and advice to living life in a way that makes it just a bit better for everyone. With some liberal use of rude words thrown in to emphasise the point. With chapters on driving, social media, the environment, getting on with your neighbours, and the best manners for a trip to the cinema, this is the perfect gift for a manners enthusiast, or those in need of a gentle (but swearsy) nudge in the right direction.

Ronnie Barker was one of our most respected and best-loved comedy actors and here, in this fascinating biography, Richard Webber delves deep in to the heart of Barker's life and career, peppering his narrative with original and incisive memories from some of Barker's closest contemporaries, including Ronnie Corbett, Michael Palin and Barry Cryer. Star of the much-adored comedy classics *Porridge*, *The Two Ronnies* - one of the most successful and long-running television comedy shows ever on British television - and *Open All Hours*, Ronnie Barker was universally admired by the public and industry insiders alike. From his early days writing for and performing skits

on The Frost Report right up to his retirement in 1988, he lit up television screens across the country with his wonderful gift for comedy and his remarkable skill for character acting. Beyond his performances on the stage and screen, Barker was also an accomplished comedy writer, providing many of the sketches and songs for The Two Ronnies and contributing material to a number of other television and radio shows. And despite his retirement he retained pole position in the public's affection, returning to the screen in 1999 to team up with his erstwhile comedy partner and great friend Ronnie Corbett for a Two Ronnies night on BBC1, followed by a BAFTA tribute in 2004 and a final appearance on television in 2005 on The Two Ronnies Christmas Sketchbook. Effortlessly funny, universally adored and an actor and writer responsible for some of Britain's best-loved and most-respected comedy, Ronnie Barker was a true comedy legend. Here he's brought to the page in winning style as he's remembered by those who best loved and knew him.

Clinical Case Studies for the Family Nurse Practitioner is a key resource for advanced practice nurses and graduate students seeking to test their skills in assessing, diagnosing, and managing cases in family and primary care. Composed of more than 70 cases ranging from common to unique, the book compiles years of experience from experts in the field. It is organized chronologically, presenting cases from neonatal to geriatric care in a standard approach built on the SOAP format. This includes differential diagnosis and a series of critical thinking questions ideal for self-assessment or

classroom use. This handbook offers a practical, thorough approach to the clinical practice of palliative care. Adding North American authors to its roster of UK contributors, the third edition of this award-winning book addresses important changes in the evidence base of palliative care, as well as an emphasis on end-of-life community-based care. It features new chapters on dementia and advance care planning, a simplified lymphoedema discussion, and an ongoing commitment to providing essential guidance for physicians, nurses, and all primary care providers involved in palliative care in hospital, hospice, and community settings.

When T.J. Wray lost her 43-year-old brother, her grief was deep and enduring and, she soon discovered, not fully acknowledged. Despite the longevity of adult sibling relationships, surviving siblings are often made to feel as if their grief is somehow unwarranted. After all, when an adult sibling dies, he or she often leaves behind parents, a spouse, and even children—all of whom suffer a more socially recognized type of loss. Based on the author's own experiences, as well as those of many others, *Surviving the Death of a Sibling* helps adults who have lost a brother or sister to realize that they are not alone in their struggle. Just as important, it teaches them to understand the unique stages of their grieving process, offering practical and prescriptive advice for dealing with each stage. In *Surviving the Death of a Sibling*, T.J. Wray discusses:

- Searching for and finding meaning in your sibling's passing
- Using a grief journal to record your emotions
- Choosing a grief partner to help you through tough times
- Dealing with insensitive

remarks made by others Warm and personal, and a rich source of useful insights and coping strategies, *Surviving the Death of a Sibling* is a unique addition to the literature of bereavement. Now back in print, Mrs. Caliban is “totally unforgettable” (The New York Times Book Review) and “something of a miracle” (The New Yorker) In the quiet suburbs, while Dorothy is doing chores and waiting for her husband to come home from work, not in the least anticipating romance, she hears a strange radio announcement about a monster who has just escaped from the Institute for Oceanographic Research... Reviewers have compared Rachel Ingalls’ *Mrs. Caliban* to King Kong, Edgar Allan Poe’s stories, the films of David Lynch, *Beauty and the Beast*, *The Wizard of Oz*, *E.T.*, Richard Yates’ domestic realism, B-horror movies, and the fairy tales of Angela Carter—how such a short novel could contain all of these disparate elements is a testament to its startling and singular charm. This book, drawn from the award-winning online Oxford Dictionary of National Biography, tells the story of our recent past through the lives of those who shaped national life.
