From the author's preface: "This book was conceived four years ago, almost to the day, at a time when I was teaching fiddle and mandolin in New York City. It was my idea then, with my students in mind, to compile a book of the most often played, most important and most interesting fiddle tunes from the various Celtic and North American traditions. The tunes were chosen by cataloging a large number of recordings by tune title. A tally was taken to find out which had been recorded most often. This established a foundation of material that could not be left out. To this list I added the names of other pieces which had not been recorded as frequently, but which I knew were played regularly and with respect. I admit to sprinkling the collection with a few lesser known tunes which happen to be personal favorites, but I am sure they will hold their own when placed next to the old war horses of the fiddler's repertoire. . . . Although I started out with my students in mind this book has turned out to be the book that I've always wanted and I hope that it will serve the advanced player as well as the beginner." The world's premier method for learning modern plectrum style guitar, time-tested and proven successful in building the theoretic and technical foundation needed to play in any style. All seven grades of this method are written in standard notation only to encourage better sight reading. In Grade 1, the student guitarist will learn to play solos, duets, scales, and chords in the keys of C, A minor, G and E minor. Even in Grade 1, the student is already exposed to the chord/melody concept of guitar performance. A supplementary study book entitled Grade 1 Studies, two different play-along CD recordings (pop version and traditional), and a DVD are available. the companion recordings feature Tommy Flint and William Bay playing in split-track format, with the solo parts performed on the right channel, and the accompaniment or second duet parts played on the left. the student can play along with the full recording, or tune out either channel and play the missing part.
