Cain, Steven A. Wasserman, Peter V. Minorsky, Jane B. Reece. Second edition. [2016]. Sets the standard for introducing the field of comparative politics. This text begins by laying out a proven analytical framework that is accessible for students new to the field. The framework is then consistently implemented in twelve authoritative country cases, not only to introduce students to what politics and governments are like around the world but to also understand the importance of their similarities and differences. Written by leading comparativists and area study specialists, *Comparative Politics Today* helps to sort through the world's complexity and to recognize patterns that lead to genuine political insight. MyPoliSciLab is an integral part of the Powell/Dalton/Strom program. Explorer is a hands-on way to develop quantitative literacy and to move students beyond punditry and opinion. Video Series features Pearson authors and top scholars discussing the big ideas in each chapter and applying them to enduring political issues. Simulations are a game-like opportunity to play the role of a political actor and apply course concepts to make realistic political decisions. The new Fourth Edition of *Ecology* maintains its focus on providing an easy-to-read and well-organized text for instructors and students to explore the basics of ecology. This edition also continues with an increasing emphasis on enhancing student quantitative and problem solving skills. The authors also revised and strengthened key pedagogical features of *Ecology*, examples of which are called out from the sample pages shown. A new Hone Your Problem Solving Skills series has been added to the set of review questions at the end of each chapter. The questions expose students to hypothetical situations or existing data sets, and allow them to work through data analysis and interpretation to better understand ecological concepts. Additional Analyzing Data exercises have also been added to the existing collection on the Companion Website. These exercises enable students to enhance their essential skills sets, such as performing calculations, making graphs, designing experiments, and interpreting results. 0321932838 / 9780321932839 Campbell Biology in Focus & Modified MasteringBiology with Pearson eText -- Access Card Package Package consists of: 0321813804 / 9780321813800 Campbell Biology in Focus 0321903331 / 9780321903334 Modified MasteringBiology with Pearson eText -- ValuePack Access Card -- for Campbell Biology in Focus 0321989570 / 9780321989574 Campbell Biology & New Mastering eText Value Pack Access Code Package consists of 0321775651 / 9780321775658 Campbell Biology 0321935314 / 9780321935311 Modified MasteringBiology with Pearson eText -- ValuePack Access Card -- for Campbell Biology Never HIGHLIGHT a Book Again!
