Buick Oct 09 2020 The early post war Buicks retained early-40s styling but this had changed by 1950. These years were very successful years even if the products were not always at the leading edge of technology, performance or styling. The Dynaflo automatic transmission was ordered on some 85% of all new Buicks by 1951 although the overhead-valve V8 was not introduced until 1953. After the chrome-and-fins era in 1958 the early 1960s produced some well proportioned cars. In this compilation of road tests, driving impressions, specification and performance data, and model introductions the cars covered are: Dynaflo Buicks, 50-series Super, Roadmaster 41, Super Riviera V8, Century, Century Special, Roadmaster Special, Special Estate Wagon, Century Hardtop, Limited, Invicta, Electra, Electra 225, Le Sabre, Special, Skylark, Wildcat.

Buick Muscle Portfolio 1963-73 Sep 19 2021 Amongst the wide range of Buick cars built in this period there were some muscle cars for the enthusiast. These were the cars that added glamour to the Buick name. From being front-runners in the late 1960s emissions controls and tightening safety regulations gradually emasculated these cars in the early 1970s. The oil crisis of 1973-4 finally killed off the muscle car genre altogether. This book is a compilation of road and comparison tests, driving impressions, model introductions and performance data. Models covered are:- Skylark Special, Wildcat, Electra 225, Super Wildcat, LeSabre 400 Sport CoupT, Skylark Gran Sport, Riviera Gran Sport, GS400, California GS, GS430, Stage 1 GS400, GS455, GS455 Stage 1, GS350, GSX455, GSX455 Stage 1, Centurion, Century Regal.
