Viking Myths and Sagas Jan 03 2021 Written in consultation with leading academics.

Mystery Story Technique for Writers Aug 10 2021 Do you love mystery stories, such as the Sherlock Holmes stories and those of Edgar Allan Poe and Agatha Christie? Do you ever yearn to be a good writer of mysteries? Carolyn Wells was a prolific author of mystery novels. In this detailed book, she teaches the history, types, principles, devices, plots, and structures of mystery writings. This is virtually a miniature course in creative writing of the mystery story. Originally published in 1913, this was the first full-length book in English about mystery and detective fiction. Still valuable as an instruction manual after over a century, Well's wisdom and critical acumen brought to this volume has enabled millions of mystery writers world-wide to discover and dissect what makes a successful mystery story. This edition was created by popular request to enable any beginning or established author to improve their skills by studying quality editions of classic bestselling fiction. [Get Your Copy Now](#)

[From Eden to Exile](#) Aug 22 2022 Eric H. Cline uses the tools of his trade to examine some of the most puzzling mysteries from the Hebrew Bible and, in the process, to narrate the history of ancient Israel. Combining the academic rigor that has won the respect of his peers with an accessible style that has made him a favorite with readers and students alike, he lays out each mystery, evaluates all available evidence—from established fact to arguable assumption to far-fetched leap of faith—and proposes an explanation that reconciles Scripture, science, and history. Numerous amateur archaeologists have sought some trace of Noah's Ark to meet only with failure. But, though no serious scholar would undertake such a literal search, many agree that the Flood was no myth but the cultural memory of a real, catastrophic inundation, retold and reshaped over countless generations. Likewise, some experts suggest that Joshua's storied victory at Jericho is the distant echo of an earthquake instead of Israel's sacred trumpets—a fascinating, geologically plausible theory that remains unproven despite the best efforts of scientific research. Cline places these and other Biblical stories in solid archaeological and historical context, debunks more than a few lunatic-fringe fantasies, and reserves judgment on ideas that cannot yet be confirmed or denied. Along the way, our most informed understanding of ancient Israel comes alive with dramatic but accurate detail in this groundbreaking, engrossing, entertaining book by one of the rising stars in the field.

Yoga Consciousness in Ancient Mystery Religions Jul 21 2022 Yoga Consciousness in Ancient Mystery Religions provides a fascinating new perspective on some traditional fairy tales that we all thought we knew. We are taught from an early age that these stories can give us useful guidance for life, even if they seem obscure. Tony Butcher shows us how to unravel the meanings, drawing on the ancient teachings of the mystery schools and, in particular, the teaching of Maharishi Mahesh Yogi. The first section of the book takes us through the philosophy behind it all, originating in the writings of Thoth (also known as Hermes), upon which ancient Egyptian teaching was based. Transcendence, various states of consciousness and the Yoga Sutras all pave the way towards enlightenment and freedom from the bonds of the material, earthly world.

The Technique of the Mystery Story Jul 09 2021 The ideal guide for the new mystery writer, or for all lovers of the genre. Includes indepth analysis of writers of the calibre of Conan Doyle, Poe and Rinehart.

Our African Unconscious Aug 30 2020 • Examines the Oldawan, the Ancient Soul of Africa, and its correlation with what modern psychologists have defined as the collective unconscious • Draws on archaeology, DNA research, history, and depth psychology to reveal how the biological and spiritual roots of religion and science came out of Africa • Explores the reflections of our African unconscious in the present confrontation in the Americas, in the work of the Founding Fathers, and in modern psychospirituality The fossil record confirms that humanity originated in Africa. Yet somehow we have overlooked that Africa is also at the root of all that makes us human--our spirituality, civilization, arts, sciences, philosophy, and our conscious and unconscious minds. In this extensive look at the unfolding of human history and culture, Edward Bruce Bynum reveals how our collective unconscious is African. Drawing on archaeology, DNA research, depth psychology, and the biological and spiritual roots of religion and science, he demonstrates how all modern human beings, regardless of ethnic or racial categorizations, share a common deeper identity, both psychically and genetically--a primordial African unconscious. Exploring the beginning of early religions and mysticism in Africa, the author looks at the Egyptian Nubian role in the rise of civilization, the emergence of Kemetic Egypt, and the Oldawan, the Ancient Soul, and its correlation with what modern psychologists have defined as the collective unconscious. Revealing the spiritual and psychological ramifications of our shared African ancestry, the author examines its reflections in the present confrontation in the Americas, in the work of the Founding Fathers, and in modern Black spirituality, which arose from African diaspora religion and philosophy. By recognizing our shared African unconscious--the matrix that forms the deepest luminous core of human identity--we learn that the differences between one person and another are merely superficial and ultimately there is no real separation between the material and the spiritual.

YHWH Feb 28 2023 Introduces the Bible to young readers by presenting revised versions of popular biblical stories from the Old Testament.

Eros and Psyche Jan 27 2023

World Stories Retold for Modern Boys and Girls Dec 02 2020

Old stories re-told Jun 08 2021

The Greek Myths Apr 06 2021 The Greek Myths contains some of the most thrilling, romantic and unforgettable stories in all human history. From Achilles rampant on the fields of Troy, to the gods at sport on Mount Olympus, from Icarus flying too close to the sun, to the superhuman feats of Heracles, Theseus and the wily Odysseus, these timeless tales exert a fascination and inspiration that have endured for millennia. There are few people as steeped in the Ancient World as Robin and Kathryn Waterfield, and in their hands the heroism, humour, mystery, sensuality and brutality of the Greek Myths are brought brilliantly to life.

Out of the Depths Mar 05 2021

The Ancient Mysteries And Modern Masonry Sep 11 2021 This interesting compilation of lectures was delivered to a Unitarian and Masonic

congregation by the well known Charles Vail; a political, social, and religious figure, also a Mason, among other things. The topics vary from lecture to lecture; the brief history of Freemasonry, the symbols it employs, their meaning, and the older, sometimes pre-Christian traditions intertwined with the same. With plenty of remarks on the Knights Templar and other intriguing topics, Vails' work is one of the best of its kind.

The Dreamer Awakes Apr 18 2022

The Technique of the Mystery Story Nov 13 2021 Do you love mystery stories, such as the Sherlock Holmes stories and those of Edgar Allan Poe and Agatha Christie? Do you ever yearn to be a good writer of mysteries? Carolyn Wells was a prolific author of mystery novels. In this detailed book, she teaches the history, types, principles, devices, plots, and structures of mystery writings. She gives advice to would-be authors of this genre, including ghost and riddle stories as well as detective and crime mysteries. This authoritative work begins with a justification of mystery as a legitimate literary art form, with numerous quotations from authorities. Then proceeding systematically through her topics, she explains and illustrates the mystery-writing craft with excerpts from mystery works and quotations of literary critics and notable authors. The lover of mystery will find many authors and stories cited and excerpted in this book, which would be a good resource for finding more material to satisfy the reader's thirst for the genre. Aspiring authors will find insights through the critical eyes of this successful mystery author and of the many authors whom she quotes. This is virtually a miniature course in creative writing of the mystery story.

The Book of Mysteries Mar 25 2020 New York Times Best Seller! 1500 5-Star Reviews! From the author that brought you NEW YORK TIMES best selling books *The Harbinger*, *The Mystery of the Shemitah*, and *The Paradigm* selling over 3 MILLION copies Imagine if you discovered a treasure chest in which were hidden ancient mysteries, revelations from heaven, secrets of the ages, the answers to man's most enduring, age-old questions, and the hidden keys that can transform your life to joy, success, and blessing...This is *The Book of Mysteries*.

The Lost Giant Dec 14 2021

Yeshua Mar 29 2023 *Yeshua - The King, The Demon & The Traitor* takes readers back to witness the life of one man whose birth changed the course of history forever. With vivid descriptions and historic details, these stories clothe the characters with flesh and bone, laughter and tears, love and pain, excitement and anger. The scenes and settings paint the ancient world with the grit and dust of Palestine alongside the opulence and decadence of the Roman Empire. Throughout it all, these stories honour the truth of the ancient book from which the narratives were drawn. *Yeshua* will captivate the imagination of a generation that is perhaps more familiar with Hogwarts and Mt Olympus than Galilee and Jerusalem with these retellings of stories from the world's all-time bestselling book.

Eros and Psyche Nov 25 2022 An excerpt from the PREFACE: THE story of Eros and Psyche reflects the religious life of classic antiquity more strongly than any other book, poem, or epic, not excepting the works of Hesiod and Homer. The Theogony of Hesiod tells of the origin of the gods and invests them with definite shape; Homer introduces them as actors in his grand epics; but the popular tale of Eros and Psyche reflects the sentiment with which the gods were regarded, and describes the attitude of man toward the problems of life, especially that problem of problems — the mystery of death and the fate of the soul in the unknown beyond. The orthodox Greek religion consisted in the performance of certain rites, which were administered by the priests in the name of the state for the public benefit. Neither faith nor morality was required; the sole thing of importance was to accord to the gods their due, according to established tradition, and thus to fulfil the duties men owe to the invisible powers, upon whose beneficence their welfare depends. But the performance of sacrifices and other ceremonies left the heart empty ; they were conducted in a perfunctory way by persons duly selected according to descent or station in life and were kept up simply from fear that some deity might be offended by the neglect. The people, however, demanded the satisfaction of the religious cravings of the heart, and this resulted in the origination of a new

religious movement based on the new thoughts imported from Thrace, Egypt, Chaldea, Phoenicia, and Syria, and finding at last definite expression in the mysteries and secret teachings of Orpheus, Dionysos, and other deities.

Enchanting Tales of the Ancient World Apr 25 2020 Book One Greek Mythology: Enchanting Tales of The Ancient World It is an age of deities and legends, a time where impossible heroes battle monsters and beasts to protect humanity. From the gloomy tale of Prometheus to the many labors of Hercules, 'Greek Mythology: Enchanting Tales of the Ancient World' is an epic journey into the core of Greek mythology. Each tale is selected to fascinate your mind and entice you to envision an era when gods and heroes stalked the earth. These timeless stories have been told and retold through the ages without losing their significance. Now it is your turn to share in the time of great adventure. A new world awaits. Book Two Celtic Mythology: Enchanting Tales of The Ancient World Journey back into the distant past to a land rich in myths and legends. A time when magic prevailed and mystery lurked among the shadows. 'Celtic Mythology: Enchanting Tales of the Ancient World' is an awe-inspiring anthology of stories encapsulating the rich culture and traditions of the Celts. Many have passed since the first telling of these tales, yet they continue to resonate from one generation to the next. Now, brace yourself as you delve into the mysteries contained within.

Retelling Stories, Framing Culture Jun 27 2020 What happens to traditional stories when they are retold in another time and cultural context and for a different audience? This first-of-its-kind study discusses Bible stories, classical myths, heroic legends, Arthurian romances, Robin Hood lore, folk tales, 'oriental' tales, and other stories derived from European cultures. One chapter is devoted to various retellings of classics, from Shakespeare to "Wind in the Willows." The authors offer a general theory of what motivates the retelling of stories, and how stories express the aspirations of a society. An important function of stories is to introduce children to a cultural heritage, and to transmit a body of shared allusions and experiences that expresses a society's central values and assumptions. However, the cultural heritage may be modified through a pervasive tendency of retellings to produce socially conservative outcomes because of ethnocentric, androcentric and class-based assumptions in the source stories that persist into retellings. Therefore, some stories, such as classical myths, are particularly resistant to feminist reinterpretations, for example, while other types, such as folktales, are more malleable. In examining such possibilities, the book evaluates the processes of interpretation apparent in retellings. Index included.

Mysteries in History: Ancient History Jan 23 2020 Challenge students to explore several important unexplained events that helped shape history. Students use primary source materials, posters, and simulations to find clues and to make informed decisions about these events. There are no right or wrong answers. These real-life mysteries encourage students to research, think, debate, and form conclusions.

The Technique of the Mystery Story May 07 2021 The Technique of the Mystery Story Carolyn Wells - Do you love mystery stories, such as the Sherlock Holmes stories and those of Edgar Allan Poe and Agatha Christie? Do you ever yearn to be a good writer of mysteries? Carolyn Wells was a prolific author of mystery novels. The Ancient Egyptian Prayerbook Feb 16 2022 A collection of translated prayers, hymns and rituals from hieroglyphic texts in honor of the ancient

Egyptian gods and goddesses.

"*Winged Words*" Or *The Truth Re-told* Nov 01 2020

The Ancient Mysteries and Modern Masonry Mar 17 2022 In the early ages occult knowledge was taught openly, as the sciences are taught in our colleges to-day. But in the course of time many allowed their selfishness to rule and so abused their power that it became necessary to withhold such knowledge from the unworthy. This was the condition of religious affairs when the Mysteries were necessarily established by the King-Priests of the Divine Dynasties, in the early days of Atlantis.-from "The Origin of the Mysteries" Though the author cannot, alas, "lift the veil from the secrets of the Order," 32nd-degree Freemason Charles H. Vail endeavors to lead the curious toward a more complete understanding of the ancient knowledge of the eternal truth of the universe of which the Masons are the keepers. From the great antiquity of Masonic symbols and traditions to the formation of the organization with their perpetuation as its goal, this 1909 book is an intriguing glimpse inside one of the most secretive fraternities in existence. It is required reading for those fascinated by arcane wisdom and secret societies.

Wisdom of the Mythtellers - Second Edition May 19 2022 Mythtelling: the ideas and emotions of the Earth expressed through stories—stories distilled from millennia of treading warily in nature, rather than undertaking to rearrange her furniture. *Wisdom of the Mythtellers* uncovers four kinds of ancestral dream-mapping: Native Australian, Native American, Celtic, and Greek.

Book Review Digest Feb 22 2020

Lost Cities & Ancient Mysteries of South America Oct 24 2022 Rogue adventurer and maverick archaeologist, David Hatcher Childress, takes the reader on unforgettable journeys deep into deadly jungles, windswept mountains and scorching deserts in search of lost civilizations and ancient mysteries.

The Lost Giant, and Other American Indian Tales Retold Dec 26 2022 "The Lost Giant, and Other American Indian Tales Retold" by Violet Moore Higgins. Published by Good Press. Jung in Contexts Jul 29 2020 This is a unique collection of the most important essays on Jung and analytical psychology over the past two decades. The essays place Jung, the man and his work, in three important contexts: historical, literary and intellectual.

The New Psychedelic Revolution Oct 12 2021 A bold exploration of modern psychedelic culture, its history, and future • Examines 3 modern psy-culture architects: chemist Alexander “Sasha” Shulgin, mycologist-philosopher Terence McKenna, and visionary artist Alex Grey • Investigates the use of microdosing in extreme sports, the psy-trance festival experience, and the relationship between the ego, entheogens, and toxicity • Presents a “History of Visionary Art,” from its roots in prehistory, to Ernst Fuchs and the Vienna School of the Fantastic, to contemporary psychedelic art After the dismantling of a major acid laboratory in 2001 dramatically reduced the world supply of LSD, the psychedelic revolution of the 1960s appeared to have finally run its course. But the opposite has actually proven to be true, and a psychedelic renaissance is rapidly emerging with the rise in popularity of transformational festivals like Burning Man and BOOM!, the return to positive media coverage of the potential benefits of entheogens, and the growing number of celebrities willing to admit the benefits of their own personal use. Along with the return of university research, the revival of psychedelic philosophy, and the increasing popularity of visionary art, these new developments signify the beginning of a worldwide psychedelic cultural revolution more integrated into the mainstream than the counterculture uprising of the 1960s. In his latest book, James Oroc defines the borders of 21st-century psychedelic culture through the influence of its three main architects-- chemist Alexander Shulgin, mycologist Terence McKenna, and visionary artist Alex Grey--before illustrating a number of facets of this “Second Psychedelic Revolution,” including the use of microdosing in extreme sports, the tech-savvy psychedelic community that has arisen around transformational festivals, and the relationship between the ego, entheogens, and toxicity. This volume also presents for the first time a “History of Visionary Art” that explains its importance to the emergence of visionary culture. Exploring the practical role of entheogens in our selfish and fast-paced modern world, the author explains how psychedelics are powerful tools to examine the ego and the shadow via the transpersonal experience. Asserting that a cultural adoption of the entheogenic perspective is the best chance that our society has to survive, he then proposes that our ongoing psychedelic revolution--now a century old since the first synthesis of a psychedelic in 1918--offers the potential for the birth of a new Visionary Age.

The Setian May 27 2020

Retelling the Story Dec 22 2019 Is the typical didactic sermon still an adequate vehicle for communicating essential biblical truth? In this provocative and enlightening volume, Larry Lange contends that story sermons are a far more effective way to proclaim the Good News in a modern world that largely communicates through narrative-driven multimedia spectacle. The powerful stories in the Bible don't need to be turned into morals or ideas to convey the gospel. But because they were composed in a radically different cultural context, they may require additional explanation or interpretation to make them relevant for contemporary audiences. So how can a preacher add narrative elements to these stories without diminishing their dramatic impact or changing their meaning? *Retelling The Story* outlines an innovative process for retelling biblical stories that utilizes fictional elements and contexts yet remains faithful to the scriptural text. Several creative and homiletical issues are comprehensively examined, and six sample sermons are included to illustrate various aspects of this process at work. Inject exciting new life into the old, old story with this primer for developing dramatic sermons that touch hearts and minds and souls. Lange's book is very well connected to recent homiletical literature, is well researched, deeply biblical, and creatively challenging. Parish pastors will benefit from this clear and brief presentation of biblical retelling. Richard A. Jensen Carlson Professor of Homiletics emeritus Lutheran School of Theology at Chicago Larry Lange and his wife, Julie Wrubbel-Lange, serve as the pastors of Grace Lutheran Church in Green Bay, Wisconsin. Lange is a graduate of Carthage College (B.A.), the University of Wisconsin-Milwaukee (M.A.), the Lutheran School of Theology at Chicago (M.Div.), and the Association of Chicago Theological Schools (D.Min.).

Star Mounds Feb 04 2021 *Star Mounds* is a full-color illustrated study of the precolonial monuments of the greater Ohio Valley, woven together with over fifty "medicine stories" inspired by Native American mythology that demonstrate the depth of the knowledge held by indigenous peoples about

the universe they lived in. The earthworks of the region have long mystified and intrigued scholars, archeologists, and anthropologists with their impressive size and design. The landscape practices of pioneer families destroyed much of them in the 1700s, but, during the first half of the 1800s, some serious mapmaking expeditions were able to record their locations. Utilizing many nineteenth-century maps as a base—including those of the gentlemen explorers Ephraim Squier and Edwin Davis—author Ross Hamilton reveals the meaning and purpose of these antique monuments. Together with these maps, Hamilton applies new theories and geometrical formulas to the earthworks to demonstrate that the Ohio Valley was the setting of a manitou system, an interactive organization of specially shaped villages that was home to a sophisticated society of architects and astronomers. The author retells over fifty ancient stories based on Native American myth such as "The One-Eyed Man" and "The Story of How Mischief Became Hare" that clearly indicate how knowledgeable the valley's inhabitants were about the constellations and the movement of the stars. Finally, Hamilton relates the spiritual culture of the valley's early inhabitants to a kind of golden age of humanity when people lived in harmony with the Earth and Sky, and looks forward to a time when our own culture can foster a similar "spiritual technology" and life-giving relationship with nature.

Personal Harmony Sep 23 2022 This book totally defines your true nature: how to get in touch with it, and be guided in your life through it. Your True Nature is that part of you that is above conditioning, reaction and confusion. It is pure. It is your real potential. To the degree that we can be honest with ourselves, cut the rhetoric and separate our emotions from our truth, is the degree to which we can live authentically and in peace with life. The cost of separating ourselves from nature is being recognised. The human cost of separating people from what is true and natural within them is becoming unquestionable. Our respect for humanity as a global family means we are returning to respect nature. This is inseparable from the quality of the environment we live in, both internal to ourselves and external in the world at large. Knowing yourself, your True Nature, is a great contribution to this quest for a better life and a better world. This work invites you to look beyond the conditioning of your culture, your corporation and your family to find what is REAL within you. It invites you to explore your True Nature.

The Ancient Legends Retold Vortigern Sep 30 2020 'My name is Vortigern ... 'Generations before Arthur's birth, a British warlord looks back on his life: his rise from humble roots to shake the thrones of a dying empire; his stand against chaos amid the aftermath of Rome; his struggle with the greedy, embittered princes of church and kingdom; his loves and his losses, and his last encounter with his own mysterious destiny, on a mountain where the world we know is beginning to take shape before his eyes. Vortigern's voice speaks from the heart of a forgotten darkness, telling a story of courage and cowardice, glory and crime, tragedy and treason.
