**The Camper Book** Jan 03 2021 The Camper Book will captivate all those who dream of waving good-bye to the rat race from the window of their own moveable home, be it a camper, RV, travel trailer, camper van, or tiny camper. Not just for placid retirees anymore, camper culture has sprung up among simplicity-seeking millennials, retro-loving "glampers," sports and movie stars, aging hippies, contract workers, "road-schoolers," and others. Award-winning journalist Dave Hoekstra hit the road in his own custom camper van, named Bluebird, to explore the history, culture, subcultures, and future of camper life. Traveling and talking his way through US campsites, RV parks, landmarks, and communities, Hoekstra draws out revealing stories from all walks of life—from Americans who are downsizing material goods while upsizing spiritual pursuits to RV enthusiasts such as Grammy-winning singer-songwriter John Prine and Chicago Cubs manager Joe Maddon. A modern-day Studs Terkel, Hoekstra provides a delightful mix of oral history, in-depth reporting, and practical information, while photographer Jon Sall's beautiful color photographs illuminate the unique people, places, and rigs that typify camper life.

The Selma of the North Nov 13 2021 Between 1958 and 1970, a distinctive movement for racial justice emerged from unique circumstances in Milwaukee. A series of local leaders inspired growing numbers of people to participate in campaigns against employment and housing discrimination, segregated public schools, the membership of public officials in discriminatory organizations, welfare cuts, and police brutality. The Milwaukee movement culminated in the dramatic—and sometimes violent—1967 open housing campaign. A white Catholic priest, James Groppi, led the NAACP Youth Council and Commandos in a militant struggle that lasted for 200 consecutive nights

and provoked the ire of thousands of white residents. After working-class mobs attacked demonstrators, some called Milwaukee the Selma of the North. Others believed the housing campaign represented the last stand for a nonviolent, interracial, church-based movement. Patrick Jones tells a powerful and dramatic story that is important for its insights into civil rights history: the debate over nonviolence and armed self-defense, the meaning of Black Power, the relationship between local and national movements, and the dynamic between southern and northern activism. Jones offers a valuable contribution to movement history in the urban North that also adds a vital piece to the national story.

*Cry Freedom* Oct 24 2022 The true story of the friendship between Steve Biko, charismatic leader of the Black Consciousness Movement in South Africa, and Donald Woods, liberal white editor of the Daily Dispatch

**Asking for Trouble** Aug 30 2020

**Cry freedom** Nov 25 2022 The unforgettable friendship of two unforgettable men. The tension and terror that is present-day South Africa is powerfully portrayed in director Richard Attenborough's sweeping story of black activist Stephen Biko (Denzel Washington) and a liberal white newspaper editor who risks his own life to bring Biko's message to the world. After learning of apartheid's true horrors through Biko's eyes, editor Donald Woods (Kevin Kline) discovers that his friend has been silenced by the police. Determined not to let Biko's message go unheard, Woods undertakes a perilous quest to escape South Africa and bring Biko's tale of courage to the world. The riveting, true story offers a stirring account of man at his most evil and most heroic.

*The Nashville Way* Mar 05 2021 Among Nashville's many slogans, the one that best reflects its emphasis on manners and decorum is the Nashville Way, a phrase coined by boosters to tout what they viewed as the city's amicable race relations. Benjamin Houston offers the first scholarly book on the history of civil rights in Nashville, providing new insights and critiques of this moderate progressivism for which the city has long been credited. Civil rights leaders such as John Lewis, James Bevel, Diane Nash, and James Lawson who came into their own in Nashville were devoted to nonviolent direct action, or what Houston calls the "black Nashville Way." Through the dramatic story of Nashville's 1960 lunch counter sit-ins, Houston shows how these activists used nonviolence to disrupt the coercive script of day-to-day race relations. Nonviolence brought the threat of its opposite—white violence—into stark contrast, revealing that the Nashville Way was actually built on a complex relationship between etiquette and brute force. Houston goes on to detail how racial etiquette forged in the era of Jim Crow was updated in the civil rights era. Combined with this updated racial etiquette, deeper structural forces of politics and urban renewal dictate racial realities to this day. In *The Nashville Way*, Houston shows that white power was surprisingly adaptable. But the black Nashville Way also proved resilient as it was embraced by thousands of activists who continued to fight battles over schools, highway construction, and economic justice even after most Americans shifted their focus to southern hotspots like Birmingham and Memphis.

**Trouble with Lichen** Jan 23 2020 A "sharp, amusing story" (*The Guardian*) about the fountain of youth and its implications for women's rights, by one of the twentieth century's most brilliant—and neglected—science fiction and horror writers, whom Stephen King called "the best writer of science fiction that England has ever produced." "It was a genius move for John Wyndham to center an age-slowng narrative on women, who are still today pressured to remain youthful-looking forever, or succumb to social invisibility. . . . Wyndham was uniquely gifted at skewering humankind's foibles while maintaining a shred of hope that our better angels would prevail."—Kate Folk, from the introduction What if humans discovered the secret to prolonged life? Francis Saxover and Diana Brackley, two biochemists investigating a rare lichen, separately discover that it has a remarkable

property: It slows the aging process almost to a halt. Francis, realizing the horrifying implications of an ever-youthful wealthy elite, decides to keep his findings a secret. But the younger and more daring Diana sees an opportunity to overturn the male status quo and free women from the career-versus-children binary—in short, a chance to remake the world.

The Fires of Jubilee Apr 25 2020 “A penetrating reconstruction of the most disturbing and crucial slave uprising in America’s history.” —New York Times The definitive account of the most infamous slave rebellion in history and the aftermath that brought America one step closer to civil war—newly reissued to include the text of the original 1831 court document “The Confessions of Nat Turner” The fierce slave rebellion led by Nat Turner in Virginia in 1831 and the savage reprisals that followed shattered beyond repair the myth of the contented slave and the benign master, and intensified the forces of change that would plunge America into the bloodbath of the Civil War. Stephen B. Oates, the celebrated biographer of Abraham Lincoln and Martin Luther King, Jr., presents a gripping and insightful narrative of the rebellion—the complex, gifted, and driven man who led it, the social conditions that produced it, and the legacy it left. A classic, here is the dramatic re-creation of the turbulent period that marked a crucial turning point in America's history.

When Casey, battered and bruised, falls at Emma's feet, she is duty-bound to help him. What happens next is something Emma never expected. Hattie Married three months before the war and now a widow, Harriett McBride can either give up and sell her ranch or fight for the life she and her husband came west to build. With the help of a friend and a stranger, she must stop the one who threatens all she holds dear. When Hattie is faced with an unexpected choice, will she bury her heart on the battlefield forever or find a way to love again? Briley Far from home and with no family left, Briley Donaghue answers an advertisement from a rancher seeking a wife in Montana Territory. She arrives in Crooked Creek to find an empty cabin, a letter from her fiancé, and too many unanswered questions. Alone and uncertain, Briley forges a new life in an unfamiliar land. Clara No longer willing to allow society's opinion to influence her life, Clara Stowe sought a change, and what better place than the frontier. With her young daughter by her side, she embarks on an unexpected undertaking to the Montana Territory. With grit and determination, they arrive in Crooked Creek to shape the life Clara had always dreamed of and honor the memory of the one they lost.

*This Nonviolent Stuff'll Get You Killed* Apr 18 2022 Visiting Martin Luther King, Jr. at the peak of the civil rights movement, the journalist William Worthy almost sat on a loaded pistol. “Just for self-defense,” King assured him. One of King's advisors remembered the reverend's home as “an arsenal.” Like King, many nonviolent activists embraced their constitutional right to self-protection—yet this crucial dimension of the civil rights struggle has been long ignored. In *This Nonviolent Stuff'll Get You Killed*, civil rights scholar Charles E. Cobb, Jr. reveals how nonviolent activists and their allies kept the civil rights movement alive by bearing—and, when necessary, using—firearms. Whether patrolling their neighborhoods, garrisoning their homes, or firing back at attackers, these men and women were crucial to the movement's success, as were the weapons they carried. Drawing on his firsthand experiences in the Southern Freedom Movement and interviews with fellow participants, Cobb offers a controversial examination of the vital role guns have played in securing American liberties.

**Robert the Bruce** Dec 14 2021 Discover the remarkable life of Robert the Bruce...Robert the Bruce is one of the most iconic figures of Scottish history. Born in Scotland's desperate hour of need, Robert stepped forward to answer the call. **Black Hawk Down** Jun 27 2020 Late in the afternoon of Sunday, 3 October 1993, 140 elite US soldiers abseiled from helicopters into a teeming market neighbourhood in the heart of the city of Mogadishu, Somalia. Their mission was to abduct two top lieutenants of a Somali warlord and return to base. It was supposed to take them about an hour. Instead, they were pinned down through a long and terrible night in a hostile city, fighting for their lives against thousands of heavily armed Somalis. When the unit was rescued the following morning, 18 American soldiers were dead and more than 70 badly injured. The Somali toll was far worse - more than 500 killed and over 1000 injured. Authoritative, and insightful, *Black Hawk Down* is a minute-by-minute account of modern war.

**I Write what I Like** May 27 2020 On 12th September 1977, Steve Biko was murdered in his prison cell. He was only 31, but his vision and charisma - captured in this collection of his work - had already transformed the agenda of South African politics. This book covers the basic philosophy of black consciousness, Bantustans, African culture, the institutional church and Western involvement in apartheid.

*Cry Freedom* Apr 30 2023 Based on the screenplay from Attenborough's movie *Cry Freedom*, this is John Briley's portrait to make headlines today. Steve Biko, leader of the Black Consciousness Movement, was killed for his beliefs; Donald Woods risked everything including his life to make them known. The friendship they formed was torn apart by the terrible reality of apartheid.

*Cry Freedom* Mar 29 2023 They said Steve Biko was a man of violence; then why did he talk of peace? They said he wanted revolution; so why did he talk of friendship? They said he died of hunger; why was his body broken and bruised? This is the story of a man's fight with the government of South Africa. It is the story of all people who prefer truth to lies. It is the story of all people who cry 'Freedom', and who are not afraid to die.

**Stokely** Feb 04 2021 From the author of *The Sword and the Shield*, this definitive biography of the Black Power activist Stokely Carmichael offers "an unflinching look at an unflinching man" (*Daily Beast*). Stokely Carmichael, the charismatic and controversial Black activist, stepped onto the pages of history when he called for "Black Power" during a speech one Mississippi night in 1966. A firebrand who straddled both the American civil rights and Black Power movements, Carmichael would stand for the rest of his life at the center of the storm he had unleashed. In *Stokely*, preeminent civil rights scholar Peniel E. Joseph presents a groundbreaking biography of Carmichael, using his life as a prism through which to view the transformative African American freedom struggles of the twentieth century. A nuanced and authoritative portrait, *Stokely* captures the life of the man whose uncompromising vision defined political radicalism and provoked a national reckoning on race and democracy.

**Asking for Trouble** Dec 22 2019 Screenplay for a motion picture released in 1987 as *Cry freedom*, directed by Richard Attenborough.

**Biko - Cry Freedom** Jan 27 2023 Subjected to 22 hours of interrogation, torture and beating by South African police on September 6, 1977, Steve Biko died six days later. Donald Woods, Biko's close friend and a leading white South African newspaper editor, exposed the murder helping to ignite the black revolution.

**The Republic of Rock** Oct 12 2021 In his 1967 megahit "San Francisco," Scott McKenzie sang of "people in motion" coming from all across the country to San Francisco, the white-hot center of rock

music and anti-war protests. At the same time, another large group of young Americans was also in motion, less eagerly, heading for the jungles of Vietnam. Now, in *The Republic of Rock*, Michael Kramer draws on new archival sources and interviews to explore sixties music and politics through the lens of these two generation-changing places--San Francisco and Vietnam. From the Acid Tests of Ken Kesey and the Merry Pranksters to hippie disc jockeys on strike, the military's use of rock music to "boost morale" in Vietnam, and the forgotten tale of a South Vietnamese rock band, *The Republic of Rock* shows how the musical connections between the City of the Summer of Love and war-torn Southeast Asia were crucial to the making of the sixties counterculture. The book also illustrates how and why the legacy of rock music in the sixties continues to matter to the meaning of citizenship in a global society today. Going beyond clichéd narratives about sixties music, Kramer argues that rock became a way for participants in the counterculture to think about what it meant to be an American citizen, a world citizen, a citizen-consumer, or a citizen-soldier. The music became a resource for grappling with the nature of democracy in larger systems of American power both domestically and globally. For anyone interested in the 1960s, popular music, and American culture and counterculture, *The Republic of Rock* offers new insight into the many ways rock music has shaped our ideas of individual freedom and collective belonging.

The Outpost Jul 29 2020 The basis of the film starring Orlando Bloom and Scott Eastwood, *The Outpost* is the heartbreaking and inspiring story of one of America's deadliest battles during the war in Afghanistan, acclaimed by critics everywhere as a classic. At 5:58 AM on October 3rd, 2009, Combat Outpost Keating, located in frighteningly vulnerable terrain in Afghanistan just 14 miles from the Pakistani border, was viciously attacked. Though the 53 Americans there prevailed against nearly 400 Taliban fighters, their casualties made it the deadliest fight of the war for the U.S. that year. Four months after the battle, a Pentagon review revealed that there was no reason for the troops at Keating to have been there in the first place. In *The Outpost*, Jake Tapper gives us the powerful saga of COP Keating, from its establishment to eventual destruction, introducing us to an unforgettable cast of soldiers and their families, and to a place and war that has remained profoundly distant to most Americans. A runaway bestseller, it makes a savage war real, and American courage manifest. "The Outpost is a mind-boggling, all-too-true story of heroism, hubris, failed strategy, and heartbreaking sacrifice. If you want to understand how the war in Afghanistan went off the rails, you need to read this book." -- Jon Krakauer

**To Save a King** Sep 30 2020 After growing up in small-town Hearts Bend, Tennessee, Gemma Stone set off to Hollywood to make her mark in the world. **The Warmth of Other Suns** Jul 09 2021 NATIONAL BOOK CRITICS CIRCLE AWARD WINNER • NEW YORK TIMES BESTSELLER • In this beautifully written masterwork, the Pulitzer Prize-winner and bestselling author of *Caste* chronicles one of the great untold stories of American history: the decades-long migration of black citizens who fled the South for northern and western cities, in search of a better life. From 1915 to 1970, this exodus of almost six million people changed the face of America. Wilkerson compares this epic migration to the migrations of other peoples in history. She interviewed more than a thousand people, and gained access to new data and official records, to write this definitive and vividly dramatic account of how these American journeys unfolded, altering our cities, our country, and ourselves. With stunning historical detail, Wilkerson tells this story through the lives of three unique individuals: Ida Mae Gladney, who in 1937 left sharecropping and prejudice in Mississippi for Chicago, where she achieved quiet blue-collar success and, in old age, voted for Barack Obama when he ran for an Illinois Senate seat; sharp and quick-tempered George Starling, who in 1945 fled Florida for Harlem, where he endangered his job fighting for civil rights, saw his family fall, and finally found peace in God; and Robert Foster, who left Louisiana in 1953 to pursue a medical career, the personal physician to Ray Charles as part of a glitteringly successful medical career, which allowed him to purchase a grand home where he often threw exuberant parties. Wilkerson brilliantly captures their first treacherous and exhausting cross-country trips by car and train and their new lives in colonies that grew into ghettos, as well as how they changed these cities with southern food, faith, and culture and improved them with discipline, drive, and hard work. Both a riveting microcosm and a major assessment, *The Warmth of Other Suns* is a bold, remarkable, and riveting work, a superb account of an “unrecognized immigration” within our own land. Through the breadth of its narrative, the beauty of the writing, the depth of its research, and the fullness of the people and lives portrayed herein, this book is destined to become a classic.

Learning in the Museum Dec 02 2020 *Learning in the Museum* examines major issues and shows how research in visitor studies and the philosophy of education can be applied to facilitate a meaningful educational experience in museums. Hein combines a brief history of education in public museums, with a rigorous examination of how the educational theories of Dewey, Piaget, Vygotsky and subsequent theorists relate to learning in the museum. Surveying a wide range of research methods employed in visitor studies is illustrated with examples taken from museums around the world, Hein explores how visitors can best learn from exhibitions which are physically, socially, and intellectually accessible to every single visitor. He shows how museums can adapt to create this kind of environment, to provide what he calls the 'constructivist museum'. Providing essential theoretical analysis for students, this volume also serves as a practical guide for all museum professionals on how to adapt their museums to maximize the educational experience of every visitor.

*Identifying the Culprit* Feb 16 2022 Eyewitnesses play an important role in criminal cases when they can identify culprits. Estimates suggest that tens of thousands of eyewitnesses make identifications in criminal investigations each year. Research on factors that affect the accuracy of eyewitness identification procedures has given us an increasingly clear picture of how identifications are made, and more importantly, an improved understanding of the principled limits on vision and memory that can lead to failure of identification. Factors such as viewing conditions, duress, elevated emotions, and biases influence the visual perception experience. Perceptual experiences are stored by a system of memory that is highly malleable and continuously evolving, neither retaining nor divulging content in an informational vacuum. As such, the fidelity of our memories to actual events may be

compromised by many factors at all stages of processing, from encoding to storage and retrieval. Unknown to the individual, memories are forgotten, reconstructed, updated, and distorted. Complicating the process further, policies governing law enforcement procedures for conducting and recording identifications are not standard, and policies and practices to address the issue of misidentification vary widely. These limitations can produce mistaken identifications with significant consequences. What can we do to make certain that eyewitness identification convicts the guilty and exonerates the innocent? Identifying the Culprit makes the case that better data collection and research on eyewitness identification, new law enforcement training protocols, standardized procedures for administering line-ups, and improvements in the handling of eyewitness identification in court can increase the chances that accurate identifications are made. This report explains the science that has emerged during the past 30 years on eyewitness identifications and identifies best practices in eyewitness procedures for the law enforcement community and in the presentation of eyewitness evidence in the courtroom. In order to continue the advancement of eyewitness identification research, the report recommends a focused research agenda. Identifying the Culprit will be an essential resource to assist the law enforcement and legal communities as they seek to understand the value and the limitations of eyewitness identification and make improvements to procedures.

Progressive Museum Practice Jun 20 2022 Preeminent museum education theorist George E. Hein explores the work, philosophy, and impact of educational reformer John Dewey and his importance for museums. Hein traces current practice in museum education to Dewey's early 20th-century ideas about education, democracy, and progress toward improving society, and in so doing provides a rare history of museum education as a profession. Giving special attention to the progressive individuals and institutions who followed Dewey in developing the foundations for the experiential learning that is considered best practice today, Hein demonstrates a parallel between contemporary theories about education and socio-political progress and, specifically, the significance of museums for sustaining and advancing a democratic society.

**Black Nationalist Thought in South Africa** Feb 22 2020 This book maintains that South Africa, despite the official end of apartheid in 1994, remains steeped in the interstices of coloniality. The author looks at the Black Nationalist thought in South Africa and its genealogy. Colonial modernity and coloniality of power and their equally sinister accessories, war, murder, rape and genocide have had a lasting impact onto those unfortunate enough to receive such ghastly visitations. Tafira explores a range of topics including youth political movement, the social construction of blackness in Azania, and conceptualizations from the Black Liberation Movement.

**Steve Biko** May 19 2022 During the mid-1960s to the late 1970s, black college students in South Africa became frustrated with apartheid, Bantu education policy, Bantustans, white liberal organizations, and European-branded Christianity. Their anger with white nationalism under apartheid caused them to mobilize, rise up, and fight against systemic oppression for their liberation. The timing was pregnant with purpose for the new generation of leaders to rise since the ANC and PAC were banned, creating an aboveground silence amongst black anti-apartheid revolutionaries. The reader will be lured into the struggle, blood, loss, tears, and victories of blacks fighting against apartheid in South Africa. Readers will learn about the ideology and way of life adopted by black youth known as black consciousness. The book analyzes how students became so devoted in their beliefs and application of the tenets of black consciousness that it was likened to the gospel message. It describes how the teachings of black consciousness were used as psychological weapons of war to liberate the minds of blacks, white liberals, and the white apartheid regime. The primary focus of this book is on the life, message, and journey of BC's preeminent leader, Steve Biko, who led the radical movement along with his colleagues to empower his people and encourage the nation to seek and possess truer humanity. His message takes center stage while his life takes several unexpected turns as the system hunts him down. However, the most controversial yet

surprising component of this work would be the comparison of Biko's life and death with Jesus's life and death at Calvary—from the cradle to the grave. Though Biko was not necessarily a professed Christian, his life's work and message make chilling parallels to the life of Jesus Christ, which are captured here. This book is bound to awaken the soul and mind of the reader as they become raptured in the intersectionality of race, justice, and faith.
