Sequel to: Moments asunder / by Dayton Ward. Merlin is  
poisoned by the sorceress Nimueh and Arthur seeks the only  
antidote that can save him - but the prince is walking into a trap...  
Before the Dominion War and the decimation of  
Cardassia...before the coming of the Emissary and the discovery  
of the wormhole...before space station Terok Nor became Deep  
Space 9™...there was the Occupation: the military takeover of an  
alien planet and the violent insurgency that fought against it.  
Now that fifty-year tale of warring ideologies, terrorism, greed,

secret intelligence, moral compromises, and embattled faiths is at last given its due in the three-book saga of Star Trek's Lost Era... A seemingly benign visitation to the bountiful world of Bajor from the resource-poor Cardassian Union is viewed with cautious optimism by some, trepidation by others, and a calculating gleam by unscrupulous opportunists. What begins as a gesture of compassion soon becomes something very different. Seen through the eyes of participants on both sides -- including those of a young officer named Skrain Dukat -- the personal, political, and religious tensions between the Bajorans and the Cardassians quickly spiral out of control, irrevocably shaping the futures of both worlds in an emotionally charged and unforgettable tale of treachery, tragedy, and hope. As the Federation and Cardassia Prime celebrate their strengthening ties and the Cardassian ambassador to the Federation arranges a glittering diplomatic reception, forces who oppose the alliance prepare to make their move. "Based upon Star Trek created by Gene Roddenberry." Re-issue of the 40K classic on Sisters of Battle In the grim nightmare future of the 41st millennium, the Sisters of Battle stand between humanity and damnation. From the elite Seraphim warriors to the berserk Sisters Repentia, they are the strong arm of the Ecclesiarchy, bringing the Emperor ' s justice to the enemies of mankind. When dangerous psychic heretic Torris Vaun escapes from her custody, Seraphim Miriya is disgraced in the eyes of her fellow sisters and superiors. Following Vaun ' s trail to the planet Neva, Miriya takes her sisters in pursuit and, along with Hospitalier Sister Verity, starts her investigations. When they uncover a terrifying plot that could threaten the future of the Imperium, is Miriya ' s and Verity ' s faith strong enough for them to triumph? After many decades, if not centuries, of neglect of fine food and high-level restaurants in Britain, we are seeing a massive explosion of interest in food,

cooking, and dining out. Christel Lane's book charts the process of this transformation and examines top contemporary restaurants and their chefs. *The Cultivation of Taste* presents a comparative study of Michelin-starred restaurants in Britain and Germany, focusing on two countries without an indigenous haute cuisine but which nevertheless have developed internationally reputed fine-dining sectors, and comparing their development to the fine-dining culture in France. Written from a sociological perspective, chefs are portrayed as part of a complex network, in their relationships with their employees, their customers, gastronomic critics, suppliers of food, and even their financiers. It will appeal to academics in the areas of economic and cultural sociology, and those with an interest in small entrepreneurial firms and their work relations, but also to all those who have an interest in fine-dining restaurants and the chef patrons at the centre of them. The book draws on a large number of interviews with renowned chefs, diners, and Michelin inspectors to provide an unprecedented insight into what goes on in Michelin-starred restaurants—what makes their chefs tick, intrigues their critics, and beguiles or annoys their customers. Restaurants are viewed not simply as businesses but as cultural enterprises that shape our taste in food, ambience, and sociality.

While the war rages on across the galaxy, for many on the Throneworld of Terra it exists only in rumour and hearsay. But in the course of her daily duties, humble adept Katanoh Tallery discovers evidence of a conspiracy within the Administratum - surely, this can only be the precursor to a traitor attack on the Solar System itself! Fleeing into the shadows, she soon finds herself at the mercy of the mysterious Knight Errant Nathaniel Garro. Will this stalwart defender of mankind be her saviour, or her executioner? The second omnibus featuring two novels about the Blood Angels chapter of space marines Contains the

books *Black Tide* and *Red Fury*, plus two short stories continuing the story of a unit in the Blood Angels chapter of the space marines *Poisoned Chalice* chronicles the fateful end of the federal Progressive Conservative government in Ottawa. In a day-by-day account of an election campaign seemingly doomed to disaster *Poisoned Chalice* covers the strategy, tactics and political machinations that drove the Conservative campaign from the point of view of someone on the bus. The great debate is over. The human race has rejected the idea of retreating to Earth and that the Broa will continue to overlook them—at least for a few more generations. Instead, the World Parliament, by a 60-40 vote, has decided to throw the dice and go for a win. Brave words echo in Parliament Hall as members declare a victory inevitable. While plans for war mount on Earth, Mark and Lisa Rykand face grave danger as spies in enemy territory. The Broa have begun to scrutinize these strange two-legged interlopers and question their intentions. It's only a matter of time before their identities are revealed. But the Rykands' mission is key to securing a victory. With the number of forces favoring the enemy by roughly a million to one, Earth will need all the help they can get... "One simple act, and the troubles of the United Federation of Planets have grown darker overnight. The mystery behind the heinous terrorist attack that has rocked the Federation to its core grows ever deeper, and William Riker finds himself beset by rumors and half-truths as the U.S.S. Titan is ordered back to Earth on emergency orders from the admiralty. Soon, Riker finds himself drawn into a game of political intrigue, bearing witness to members of Starfleet being detained--including people he considered friends--pending an investigation at the highest levels"--Page 4 of cover. "Based on Star Trek and Star Trek: the next generation created by Gene Roddenberry." A sensational short story collection in the expansive universe of HALO, the New

York Times bestselling series! Launch once more into galaxy-spanning conflict and legendary heroism...shards of an ever-expanding journey where human and alien alike find their finest hours in facing their greatest challenges. These scattered stories span untold millennia, from the age of the ancient custodial race known as the Forerunners...to the aftermath of the Covenant's bloody war against humanity...and even the shocking events surrounding the resurrection of the mysterious Guardians. Halo: Fractures explores mythic tales of bravery and sacrifice that blaze brightly at the very heart of the Halo universe. Featuring electrifying works from such acclaimed authors as: Tobias Buckell • Troy Denning • Matt Forbeck • Kelly Gay • Christie Golden • Kevin Grace • Morgan Lockhart • John Jackson Miller • Frank O'Connor • Brian Reed • Joseph Staten • James Swallow

Times change. The truth never does. Once again, Lord Dalton's Team is sent out on a rescue mission, but this time the fate of innocent children rests in their hands. The TEAM Versus the Poison Chalice is an exciting adventure story that combines ancient mystical forces and modern-day intrigue, taking characters and readers to glamorous hot spots throughout the world. On this, the Team's second mission, Greg, Nigel, and Milo are forced into the world of the supernatural. A rogue monsignor and his mother superior are being manipulated by dark forces. Together, they are led by those forces to kidnap impoverished children from South American countries. The children are to be the foundation for their newly-formed gospel and church. It falls to the Team to try and rescue the children. A priest, who is much more than he appears to be, will guide them. Together, they trek across the jungles of Peru to the deserts of Egypt. The priest is known to the Team as Father Joseph Bastone. They believe that he has been sent by the Vatican to corral the monsignor and nun before they can do anymore harm. But Bastone's mission is far

more encompassing than they can imagine. As the Team makes their moves, they are shadowed by a protégé of Bastone's, a young, well-educated woman named Chloe Case. She comes from a well-established and wealthy family. An unfortunate incident in her youth led her to become a mercenary, and she is as deadly as she is beautiful. Chloe's orders are to haunt the Team and evaluate their tactics as they run their rescue operation. When she is finished observing the Team, she is to report her findings to Bastone. Unbeknownst to the loner within Chloe, Bastone has plans for everyone to work together as one Team on future assignments. As the final struggle approaches, the Team will fight global anarchy by blending their passionate faith with style and purpose.

About the Author The TEAM Versus the Poison Chalice is the second book in a six-series collection of adventure stories written by author Gary Gerold. A dedicated family man, Gerold resides in New York with his wife, Tricia, and their two children. Some are broken by circumstances. Some are born to break others. Meet Petunia, the most powerful psychic the Coalition has ever seen, and decide for yourself who she 'll become. When a spy attacks Guardian Station Alpha, Forest is forced to use her greatest psychic asset. But Petunia comes with trouble, and the costs might be too high. For there 's a problem. Petunia has been content to play the Coalition 's game all these years. Then she meets him. Zane. The cadet with a hero complex and a secret even bigger than hers. When the station is attacked and Petunia 's past starts to leak out like blood, Zane gets closer. Because ultimately, there will be no keeping these two apart. Kindred spirits, the galaxy has kicked them down for too long. But no one can stay down forever. So tune in and watch Petunia rise like a star. .... Star 's Control follows a powerful psychic and an enemy spy fighting a secret alien invasion. If you love your space operas with action, heart, and a splash of romance, grab

Star ' s Control Episode One today and soar free with an Odette C. Bell series. Star ' s Control is the 16th Galactic Coalition Academy series. A sprawling, epic, and exciting sci-fi world where cadets become heroes and hearts are always won, each series can be read separately, so plunge in today. New edition of the Blood Angels Omnibus that was ISBN 9781844165599 The game starts now. Zane has shown his cards, and he wants one thing. To get off the station – to leave it all behind. But will Petunia follow? The Coalition has taken everything from her – including her moral worth. But it takes a true monster to turn their back on others when in need. And Petunia will prove one thing to everyone. She was never – and never will be – what they want. She isn ' t a killer. But there is a killer out there. And as the truth behind this mess starts to unravel, it draws Petunia and Zane further in, closer to the truth, and closer to an end that threatens all. .... Star ' s Control follows a powerful psychic and an enemy spy fighting a secret alien invasion. If you love your space operas with action, heart, and a splash of romance, grab Star ' s Control Episode Three today and soar free with an Odette C. Bell series. Star ' s Control is the 16th Galactic Coalition Academy series. A sprawling, epic, and exciting sci-fi world where cadets become heroes and hearts are always won, each series can be read separately, so plunge in today. Seven years have passed since a catastrophic explosion on the Klingon moon Praxis touched off a chain of events that would result in the assassination of the reformist High Chancellor Gorkon, and the eventual creation of the historicKhitomer Accords. Now, as part of the ongoing efforts to undo the disastrous fallout from the destruction of Praxis and with the help of aid supplies from the United Federation of Planets, reconstruction is in progress, and after years of slow going hindered by political pressures and old prejudices, headway is at last being made. But the peace process begun by

theKhitomer Accords is still fragile just as the deadly plans of what is believed to be a hard-line Klingon isolationist group violently come to fruition. Yet the group thought responsible for the deadly attack has been dormant for decades, and its known modus operandi doesn't match up to the manner of the strike. And further investigation leads to an unexpected revelation connected to the Gorkon conspiracy of 2293, and in particular one disgraced and very familiar Starfleet lieutenant.... A world-renowned economist offers cogent and powerful reflections on one of the great avoidable economic catastrophes of the modern era The economic crisis in Greece is a potential international disaster and one of the most extraordinary monetary and political dramas of our time. The financial woes of this relatively small European nation threaten the long-term viability of the Euro while exposing the flaws in the ideal of continental unity. "Solutions" proposed by Europe's combined leadership have sparked a war of prideful words and stubborn one-upmanship, and they are certain to fail, according to renowned economist James K. Galbraith, because they are designed for failure. It is this hypocrisy that prompted former finance minister Yanis Varoufakis, when Galbraith arrived in Athens as an adviser, to greet him with the words "Welcome to the poisoned chalice." In this fascinating, insightful, and thought-provoking collection of essays--which includes letters and private memos to both American and Greek officials, as well as other previously unpublished material--Galbraith examines the crisis, its causes, its course, and its meaning, as well as the viability of the austerity program imposed on the Greek citizenry. It is a trenchant, deeply felt commentary on what the author calls "economic policy as moral abomination," and an eye-opening analysis of a contemporary Greek tragedy much greater than the tiny economy of the nation itself. Poisoned Chalice chronicles the

fateful end of the federal Progressive Conservative government in Ottawa. The Progressive Conservative Party sought to remake itself by choosing the first woman prime minister in Canadian history, but failed to heed the lessons of Meech or Charlottetown. Their strategy nearly worked. By the time the election was called, the Tories were neck and neck with Jean Chrétien ' s Liberals. Then it all fell apart. This book, published exactly one year after the event, tells how and why it happened. It gives a day-by-day account of an election campaign seemingly doomed to failure. It covers the strategy, tactics and political machinations that drove the Conservative campaign from the point of view of someone "on the bus." Read the strategy memos given to Kim Campbell. Listen in on her election-night phone call to Jean Chrétien. Relive Kim Campbell ' s campaign from one end of the country to the other. More than just that, *Poisoned Chalice* asks fundamental questions about how one of the founding political parties of Canada could come to such an ignominious state. Does the Progressive Conservative Party have a future? Has it been overtaken for good by Reform? This book takes the reader back to the seeds of the Tories ' defeat, from the constitutional debate and referendum, to the Conservative leadership race that never was, to Kim Campbell ' s shining summer, to the electoral devastation of just two seats. Examines the introduction of grape juice into the celebration of Holy Communion in the late 19th century Methodist Episcopal Church and reveals how a 1,800-year-old practice of using fermented communion wine became theologically incomprehensible in a mere forty years This work examines the introduction of grape juice into the celebration of Holy Communion in the late 19th century Methodist Episcopal Church and reveals how a 1,800-year-old practice of using fermented communion wine became theologically incomprehensible in a mere forty years. Through

study of denominational publications, influential exegetical works, popular fiction and songs, and didactic moral literature, Jennifer Woodruff Tait charts the development of opposing symbolic associations for wine and grape juice. She argues that 19th century Methodists, steeped in Baconian models of science and operating from epistemological presuppositions dictated by common-sense realism, placed a premium on the ability to perceive reality accurately in order to act morally. They therefore rejected any action or substance that dulled or confused the senses (in addition to alcohol, this included “ bad ” books, the theatre, stimulants, etc., which were all seen as unleashing unchecked, ungovernable thoughts and passions incompatible with true religion). This outlook informed Methodist opposition to many popular amusements and behaviors, and they decided to place on the communion table a substance scientifically and theologically pure. Grape juice was considered holy because it did not cloud the mind, and new techniques—developed by Methodist laymen Thomas and Charles Welch—permitted the safe bottling and shipment of the unfermented juice. Although Methodists were not the only religious group to oppose communion wine, the experience of this broadly based and numerous denomination illuminates similar beliefs and actions by other groups.

An original novel based upon the explosive new Star Trek TV series on CBS All Access. Lieutenant Saru is a Kelpien, a member of a prey species born on a world overrun by monstrous predators...and a being who very intimately understands the nature of fear. Challenged on all sides, he is determined to surpass his origins and succeed as a Starfleet officer aboard the USS Shenzhou. But when Saru breaks protocol in order to prove himself to his crewmates, what begins as a vital rescue mission to save a vessel in distress soon escalates out of control. Forced into a command role he may not be ready for,

Saru is caught between his duty and the conflicting agendas of two antagonistic alien races. To survive, he will need to seek a path of peace against all odds, and risk compromising the very ideals he has sworn to uphold... With no way back, Zane and Petunia must see this through to the end. Hand in hand, heart in heart, they will forge a path forward through every mystery and danger. It won't be easy. Astrid and Xav will fight them. And they're just the beginning. The psychic forces from beyond the Milky Way will grow in power. For they want one thing: everything. Can Petunia and Zane save the Coalition? Or is it finally time for this great empire to crumble under its own weight and fears? .... Star's Control follows a powerful psychic and an enemy spy fighting a secret alien invasion. If you love your space operas with action, heart, and a splash of romance, grab Star's Control Episode Four today and soar free with an Odette C. Bell series. Star's Control is the 16th Galactic Coalition Academy series. A sprawling, epic, and exciting sci-fi world where cadets become heroes and hearts are always won, each series can be read separately, so plunge in today. An original e-novel from the Original Series universe! The Enterprise-E arrives in unclaimed space for a rendezvous with the Starfleet science vessel Newton. Jean-Luc Picard and his crew have been ordered to assist the Newton with the final phase of its current mission—a mission that brings Picard face to face with something he never thought he would see again: the phenomenon known as the Nexus. Less than twelve years after it left the Alpha Quadrant, the Nexus ribbon has now returned. Tasked to track and study the phenomenon as it re-entered the galaxy, the specialist science team on the Newton discovered that the orbital path of the Nexus has been radically altered by the actions of the rogue El-Aurian Tolian Soren—taking it deep into the territory of The Holy Order of the Kinshaya, one of the key members of the Typhon

Pact. Starfleet Command is unwilling to allow the Kinshaya—and by extension, the Typhon Pact—free access to what is essentially a gateway to anywhere and anywhen, as a single operative could use the Nexus to change the course of galactic history.... The Starship Titan continues on her outward voyage of discovery. Ranging farther and farther from Federation space, Captain William Riker and the crew look forward to living Starfleet's mission: seeking out new life, discovering new civilizations. Striking a "sandbank" -- a spatial distortion -- the Titan is knocked out of warp, her crew shaken up but uninjured. Titan has stumbled across a battlefield, and floating in it, shattered and in pieces, are the remains of a ship. Searching for survivors, they discover the ship never had a crew. The away team removes the computer core, looking for answers. Once the device is restored, it becomes clear this is not just a computer, but a thinking, reasoning artificial intelligence. It identifies itself as SecondGen White-Blue, and it comes from a civilization composed entirely of sentient computers. Eons ago these artificial intelligences were charged to be the first line of defense against The Null -- a destructive force so all-consuming that generation upon generation have waged unending war trying to find a way to beat back this terror. Captain Riker offers to assist them, but years of war have left the AIs distrustful and suspicious, especially of organics. The tide of the battle is turning, and The Null is winning. Set free, it will destroy everything in this system and then, unchecked, spread its mindless destruction into the heart of the Federation. William Riker, former first officer of the USS Enterprise in Star Trek: The Next Generation, takes command of the new USS Titan in this white-knuckled adventure perfect for longtime and new Star Trek fans. After almost a decade of strife against foes such as the Borg, the Cardassians, the Klingons, and the Dominion, the United Federation of Planets is at the dawn of

a new era. Starfleet is renewing its mission of peaceful exploration, diplomacy, and the expansion of knowledge. Among the starships spearheading that endeavor is the USS Titan, commanded by Captain William T. Riker and manned by the most biologically varied and culturally diverse crew in Starfleet history. But their mission does not begin according to plan. In the wake of Star Trek: Nemesis, Praetor Shinzon, slayer of the Romulan Senate, is dead. The power vacuum created by his demise has put the Romulan Star Empire, longtime adversary of the Federation, at the brink of civil war. Competing factions now vie for control of their fragmenting civilization, and if the empire should fall, that entire area of the galaxy may destabilize. To restore order to the region, Titan's long-anticipated mission of exploration is delayed as Starfleet assigns Riker to set up power-sharing talks among the Romulan factions. But even as the first tentative steps are taken toward building a new Romulus, the remnants of the Tal Shiar, the dreaded Romulan intelligence service, are regrouping behind the scenes for a power play of their own. With no other help available, Riker and the Titan crew become the last hope to prevent the quadrant from falling into chaos.

Coroner Sir John investigates a series of attacks on wealthy women in this tense, pacy instalment in the Crouner John medieval mystery series, set in twelfth-century England. 1194. The well-born ladies of Exeter are under attack. First, Christina Rifford, the daughter of a rich merchant, is raped. Then, just months before her marriage, Lady Adele de Courcy is found dead in one of the poorest areas of the city. The common factor is Godfrey Fitzosbern, the local silversmith. Despite his own suspicions, county coroner Sir John de Wolfe is determined to protect Godfrey from the women's vengeful families. Until, that is, he can find proof of the man's guilt. Aided by his mistress Nesta, and hindered by his social-climbing wife Matilda and her power-hungry brother, Sheriff

Richard de Revelle, John slowly begins to put the pieces together. But a final, brutal act of violence makes John question everything he ' s discovered so far . . . It's been said that for any event, there are an infinite number of possible outcomes. Our choices determine which outcome will follow, and therefore all possibilities that could happen do happen across countless alternate realities. In these divergent realms, known history is bent, like white light through a prism -- broken into a boundless spectrum of what-might-have-beens. But in those myriad universes, what might have been...is what actually happened. A Less Perfect Union: More than a hundred years after the Terra Prime movement achieved its dream of an isolationist Earth, humanity is once again at a fork in the river of history...and the path it follows may ultimately be determined by the voice of a single individual: the sole surviving crewmember of the first Starship Enterprise.™ Places of Exile: Midway through Voyager's journey across the galaxy, Captain Kathryn Janeway and Commander Chakotay must choose whether to brave a deadly war zone or abandon their quest for home. But an attack by Species 8472 cripples the ship, and the stranded crew must make new choices that will reshape their destinies...and that of the Delta Quadrant itself. Seeds of Dissent: Khan victorious! Almost four centuries after conquering their world, genetically enhanced humans dominate a ruthless interstellar empire. But the warship Defiance, under its augmented commander, Princeps Julian Bashir, makes a discovery that could shake the pillars of his proud civilization: an ancient sleeper ship from Earth named the Botany Bay. This “ well-researched, nuanced ” study of the rise of social media activism explores how marginalized groups use Twitter to advance counter-narratives, preempt political spin, and build diverse networks of dissent (Ms.) The power of hashtag activism became clear in 2011, when #IranElection served as an

organizing tool for Iranians protesting a disputed election and offered a global audience a front-row seat to a nascent revolution. Since then, activists have used a variety of hashtags, including #JusticeForTrayvon, #BlackLivesMatter, #YesAllWomen, and #MeToo to advocate, mobilize, and communicate. In this book, Sarah Jackson, Moya Bailey, and Brooke Foucault Welles explore how and why Twitter has become an important platform for historically disenfranchised populations, including Black Americans, women, and transgender people. They show how marginalized groups, long excluded from elite media spaces, have used Twitter hashtags to advance counternarratives, preempt political spin, and build diverse networks of dissent. The authors describe how such hashtags as #MeToo, #SurvivorPrivilege, and #WhyIStayed have challenged the conventional understanding of gendered violence; examine the voices and narratives of Black feminism enabled by #FastTailedGirls, #YouOKSis, and #SayHerName; and explore the creation and use of #GirlsLikeUs, a network of transgender women. They investigate the digital signatures of the “ new civil rights movement ” —the online activism, storytelling, and strategy-building that set the stage for #BlackLivesMatter—and recount the spread of racial justice hashtags after the killing of Michael Brown in Ferguson, Missouri, and other high-profile incidents of killings by police. Finally, they consider hashtag created by allies, including #AllMenCan and #CrimingWhileWhite.

The third original novel in the electrifying The Next Generation/Deep Space Nine crossover event! THE NEEDS OF THE MANY Despite heroic efforts by Thirishar ch ' Thane, the Andorian species is headed for extinction. Its slow march toward oblivion has reached a tipping point, one from which there will be no hope of return. THE NEEDS OF THE FEW With countless lives at stake, the leaders of Andor, the Federation, and the

Typhon Pact all scheme to twist the crisis to their political gain—at any price. THE NEEDS OF THE ONE Unwilling to be a mere bystander to tragedy, Doctor Julian Bashir risks everything to find a cure for the Andorians. But his courage will come at a terrible cost: his career, his freedom . . . and maybe his life. Falling through the stars, the second volume in the decade spanning epic Stars Trilogy builds upon the themes expounded in The Sky full of Stars, where the Gaian threat is now neutralised, and North America reigns supreme. Although not quite. In the free trade enclave of the Vancouver Republic built from post catastrophe Vancouver, Vancouver Island and Seattle, free traders branch out to the stars. Blockade running becomes the new career option for disgraced pilots like Richard Windsor. Colonies and bases abandoned during the Gaian war openly and covertly secede. Deals are made, Presidents assassinated, and ruthless assassins stalk an exile for his epigenetically altered live DNA. This is the galaxy of the Stars Trilogy, where mankind is the alien, and the universe the prize. After a devastating terrorist attack, the U.S.S Titan is ordered back to Earth, where Captain Riker witnesses the subsequent hunt for the perpetrators, which involves the interrogation of Starfleet personnel at the highest levels. Before the Dominion War and the decimation of Cardassia...before the coming of the Emissary and the discovery of the wormhole...before space station Terok Nor became Deep Space 9™...there was the Occupation: the military takeover of an alien planet and the violent insurgency that fought against it. Now that fifty-year tale of warring ideologies, terrorism, greed, secret intelligence, moral compromises, and embattled faiths is at last given its due in the three-book saga of Star Trek's Lost Era... A seemingly benign visitation to the bountiful world of Bajor from the resource-poor Cardassian Union is viewed with cautious optimism by some, trepidation by others, and a calculating

gleam by unscrupulous opportunists. What begins as a gesture of compassion soon becomes something very different. Seen through the eyes of participants on both sides -- including those of a young officer named Skrain Dukat -- the personal, political, and religious tensions between the Bajorans and the Cardassians quickly spiral out of control, irrevocably shaping the futures of both worlds in an emotionally charged and unforgettable tale of treachery, tragedy, and hope. The comic character Marvelman (and Miracleman) has a fascinating - and probably unique - history in the field of comics. His extended origin goes all the way back to the very beginnings of the American superhero comics industry, and it seems likely that his ongoing story will stretch on well into the future. It involves some of the biggest names in comics. It's a story of good versus evil, of heroes and villains, and of any number of acts of plagiarism and casual breaches of copyright. Poisoned Chalice wades into one of the strangest and thorniest knots of all of comics: the history of Marvel/Miracleman and still unsolved question of who owns this character. It's a story that touches on many of the most remarkable personalities in the comics industry-Alan Moore, Neil Gaiman, Todd McFarlane, Joe Quesada and more-and one of the most fascinating in the medium. The story of Marvelman touches on the darker places of comics history, springing from the prehistory where greed ruled the day; it's a complex tale that others have attempted to untangle, but there has never been as thorough or as meticulous a study of it as this book. The complete Star ' s Control series. Follow Petunia and Zane in a battle for each other in this four-book boxset. Some are broken by circumstances. Some are born to break others. Meet Petunia, the most powerful psychic the Coalition has ever seen, and decide for yourself who she ' ll become. When a spy attacks Guardian Station Alpha, Forest is forced to use her greatest psychic asset. But Petunia comes with

trouble, and the costs might be too high. For there ' s a problem. Petunia has been content to play the Coalition ' s game all these years. Then she meets him. Zane. The cadet with a hero complex and a secret even bigger than hers. When the station is attacked and Petunia ' s past starts to leak out like blood, Zane gets closer.
